Filed with the clerk of district court and clerk of Independent School District 564 Thursday afternoon was a contest of the March 5 school bond election. The notice of contest set forth four divisions of points and grounds as a basis for the contest and was signed by eight voters of the district.

According to law, a contest of an election must be filed with the court within 10 days after the canvass of the ballots. The district court judge then has 30 days in which to hold a hearing on the petition at which hearing the petition at which hearing the petitioners must provide testimony to substantiate their claims.

Points and Grounds

The petition makes the following claims:

"That the questions submitted in the notice and ballots were not in compliance with the requirements of Chapter 475.59, Minnesota Statutes Annotated;

"That among the votes counted in said special election were numerous ballots which were illegal ballots in that the persons casting such ballots were not qualified to vote in said election under the laws of the State of Minnesota;

"That among the votes counted in said special election were numerous ballots which were illegal ballots in that there was a failure to comply with the laws of the State of Minnesota pertinent to such absentee voting;

"That in said special election the ballots cast both Yes and No were incorrectly counted and tabulated by the persons impowered and charged with the duty of counting said ballots and the canvass report made of the ballots was erroneous and a recount of said ballots will show that Questions 1 and 2 were defeated in said election."

Board Discussion

At a special meeting of the school board Thursday afternoon for discussion of 1963-64 salaries with representatives of the local education association, the contest petition was also discussed by the board. L. W. Rullen, school district attorney, and T. G. Evensen & Associates, bonding consultants, have been notified of the contest by school officials.

DESTROYED in a fire which razed a 36x50 barn on the Roger L. Barnes farm near Oklee late Saturday night were 35 head of Holstein cattle and young stock, five goats and two pigs. Believed caused by an electrical spark, the fire was fed by 600 to 700 bales of hay stored in the barn. In the above photo, taken Sunday morning, only the smoldering remains of the barn are left. The barn was about eight years old with insulated, double-wall construction and a corrugated steel roof. The Times acknowledges the news tip from Mrs. Orlando Chervestad, a former rural correspondent, who called in the information on the fire Sunday morning.

Goodridge Man Wins Event on Buttermaking

Chet Traaseth, Bagley Cooperative Creamery Co., Bagley, Wednesday was named winner of the 36th annual efficiency contest for buttermakers conducted by Land O'Lakes Creameries, Inc., Minneapolis.

In winning the individual butter sweepstakes, Traaseth had a score of 99.84. Second place went to Kenneth Schmidt, Rock Ridge Dairy Co-op, Dresser, Wis., with a score of 99.82.

Third was Basil McGowan, Minnesota Cheese Producers Association, Pine Island, Minn., with 99.-818; fourth was Herbert Holmgren, Upsala Co-operative Creamery Association, Upsala, Minn., with 99.-816 and fifth was Gordon Anderson, Farmers Co-operative Creamery Association, Goodridge, with 99.815.

The cheesemaker sweepstakes award went to Myron Kuhn, Lincoln Center Co-operative Dairy, Marshfield, Wis.

The awards were presented at the annual managers and operators conference in Minneapolis by Ben Zakariasen, manager of laboratory and field service for Land O'Lakes.

District No. 20 in Wisconsin was awarded the Land O'Lakes trophy for the district having the highest average score for butter making. The district's score was 99.63. Vernon Buss, Dresser, is district director, and John Bille is field manager.

35 Head of Cattle Die in Farm Fire

Thirty-five head of Holstein cattle perished in a fire Saturday evening which destroyed a 36x50 farn on the Roger L. Barnes farm about 10 miles south of Thief River Falls on highway 59 and nine miles east. Five goats and two pigs were also lost in the fire which was intensified by between 600 and 700 bales of hay stored in the barn.

Completely destroyed by the flames, the barn was about eight years old with insulated, double-wall construction, concrete floor and corrugated steel roof. The loss to the building was estimated by Barnes at about $4,000. Loss of cattle and youngstock and other livestock was estimated between $6,000 and $7,000 with part of the total loss covered by insurance.

The Barnes family was asleep when the fire started shortly before midnight Saturday. Flames were noted by two men driving by the farm and the Oklee fire department was called to the scene. Firemen were unable to do anything but contain the fire to the barn and save nearby buildings. Ten head of beef cattle in another building were saved.

Having worked for a heating contractor in California until two years ago, Barnes was forced to seek other means of making a living when an eye disease caused the complete loss of vision in one eye and a major portion of the vision in the other. He was in his second year of farming in the Oklee community.

Mr. and Mrs. Barnes have four children, two boys and two girls, with the eldest in second grade.

Bank Debits Here Rise 15 Per Cent During February

Bank debits in Thief River Falls in February registered a gain of 15 per cent over February, 1962, compared to an average gain for all Minnesota cities of 11 per cent, the Minneapolis Federal Reserve Bank reported Saturday. Bank debits, which totaled $6,772,000 here, are considered an accurate gauge of business activity. Among other Northwest towns, Crookston showed a drop of nine per cent, East Grand Forks a drop of two per cent, Bemidji, up six per cent, and Detroit Lakes up five per cent.

546 Registered for Luther League Convention Here

Trinity, Zion Churches To Host Northern Minn. Conference March 30, 31

Registration has closed for the Northern Minnesota District Luther League convention to be held March 30 and 31 at Trinity and Zion Lutheran churches in Thief River Falls. More than 500 young people have registered to be in attendance with local registration open until Wednesday.

Paul Anderson, youth director at Trinity church, noted that 546 registrations have been received with between 450 and 500 expected from outside the immediate area. Housing will be provided by members of Trinity, Zion and First Lutheran churches in this city and churches in St. Hilaire and Holt. Each member will be called within the next two days in a special appeal for room.

Luther Leaguers from the immediate area who will not require overnight housing are reminded to register as soon as possible and not later than Wednesday. A Fergus Falls church is sending 41 delegates, another church in that city is sending 23, a Virginia congregation has registered 30 and one at Hibbing has registered 20.

Persons furnishing sleeping quarters will also be requested to provide a breakfast for the Leaguers on Sunday morning. Persons not contacted by phone, but who have room available are asked to call Mrs. Arnold Gunderson or Mrs. Rudy Sagmoen or the Trinity or Zion church offices.

Prenatal Classes Again Offered

NW Hospital Staff To Conduct Four Sessions

Prenatal classes for expectant parents have again been scheduled at Northwestern hospital and both prospective mothers and fathers are invited to take part in the four once-a-week sessions.

Subjects of interest to expectant parents will be presented, even if the addition to the family will not be the first child. Medical and nursing staff of the hospital will provide the instruction for the classes.

Due to Lenten services in area churches, the date on letters originally sent out through local clinics has been changed. First session of the course will begin Tuesday, March 19, rather than Wednesday, March 20, and will be held at 7:30 p. m. in the hospital dining room.

Local Boys Rescue Playmate from Possible Drowning

Dale Schantzen Saved When Friends Form a Human Chain on Monday

Quick thinking and action by three Thief River Falls Cub Scouts averted what could have been a tragedy last Monday when they rescued a playmate from possible drowning. The mishap occurred near what is called "Owen's Hill", the swampy area southwest of the intersection of the airport road and Nora street.

Dale Schantzen, son of Mr. and Mrs. Lawrence "Si" Schantzen, slipped into open water where discharge water from the city's filtration plant empties into the slough. Estimates on water depth range from eight to 12 feet deep.

Three playmates formed a human chain and pulled the boy to safety and he suffered no ill effects from his misadventure. The boys were Scott Olson, son of Mr. and Mrs. Robert Olson; Danny Beadle, son of Mrs. Evelyn Beadle and Steven Sorenson, son of Mrs. John Brennan.

Police Chief Elton Commings commended the boys on their quick thinking and rescue work, but noted that the mishap should be a reminder of the unsafe condition of ice as spring approaches. Parents are again warned to keep their youngsters away from the river and other ice-covered water areas.

A. Leonard Ness Marries Veda Foust in Arizona

Miss Veda O. Foust, Tucson, Ariz., and A. Leonard Ness, also of Tucson, were united in marriage February 21 at an evening wedding which took place at the General Baptist Church of that city. Rev. Oakley used the double-ring ceremony. Altar decorations were white stock and pink carnations.

Mr. Ness is the son of Mr. and Mrs. O. T. Ness of Holt, and his bride is the daughter of Mr. and Mrs. Loy E. Foust, Drasco, Ark.

The bride chose the hand-woven white silk for her wedding gown while she was on a tour of Italy. The gown was styled in a two-piece sheath effect, with a cummerbund and soft gathers in the skirt. Her hat was of the same material and was veil-trimmed. The bridal bouquet was of white carnations.

Attending her was Alyce Martin of Morenci, Ariz. Attired in an aqua street length dress, with a short jacket, she carried white carnations.

Attending the groom as best man was Charles S. Pennington of Clifton, Ariz.

The bride is a graduate of State teachers' college at Conway, Ark. She attended the University of Arizona, where she did graduate work, and taught in Morenci, Ariz., prior to coming to Tucson. At present she is employed as a teacher of elementary education in the Amphi-theater school district in Tucson.

Mr. Ness graduated from Newfolden high school, St. Cloud State college, where he received his bachelor of arts degree, and the UND where he received his masters degree. He was a member of Pi Omega Pi and at present is an instructor in business education at Flowing Wells high school, Tucson.

They are at home at 3521 Geronimo, Tucson.

At home at 2124 Garfield Ave. S. in Minneapolis are the Philip Dale Busch's (nee Sharon Loretta Nelson) who were married recently in this city.

Mrs. Busch is the daughter of Mr. and Mrs. Norton Nelson. Mr. Busch is the son of Mrs. Mary Busch of Rugby, N. D.

Their marriage took place at *Trinity Lutheran Church of this* city with Rev. Harold Peterson officiating. Attendants were Nelda Nelson and Dennis Nelson of rural Thief River Falls, sister and brother of the bride, respectively.

Following the ceremony, a reception was held at the bride's parental home with close friends and relatives of the family attending.

Mrs. Busch, a 1959 graduate of Lincoln high school, is employed at the U. S. Army Reserve headquarters in Minneapolis. Her husband is a graduate of Rugby high school, Rugby, N. D. and is employed at Arrow Tank and Engineering Co., Minneapolis.

Chat & Chew Group Meets At R. DuChamps

The Chat and Chew Homemakers club met March 13 at the home of Mrs. Robert DuChamp, with Mrs. Sheldon Joyner presiding over the meeting, and reading of the Homemakers Creed by Mrs. Elrosia Anderson. A short business session was conducted. Miss Geneva Overum gave a report on "Planning," which was presented at the Extension Home Councillors district conference at the courthouse meeting room on February 26.

The evening's topic was "Arrangements". Introducing the topic was Mrs. Wilma Holmes, who told of the care required in selecting color combinations, the cutting and care of flowers for most effective arrangement. Mrs. Elfreda Anderson showed containers for effective display of flowers, and gave the principles of flower arrangement. The members then made arrangements of their own, using flowers and dry materials brought by Mrs. Holmes and Mrs. Anderson. Lunch was served by Mrs. Chester Aubol and Mrs. Bob DuChamp to round out the evening.

The next meeting of the club will be at the home of Beverly Holm, with Marian Williams assisting as hostess.

Square Dance Festival At McIntosh March 23

The McIntosh Squares will sponsor a spring festival of square dancing on Saturday, March 23. This special event, known as the "Heather Ball," celebrates the third year of activity for the North Star Twirlers. The dance will be held at the high school gym at McIntosh at 8:30 p. m., with Norman Cross of Milnor, N. D. calling. All experienced square dancers are invited to attend.

This gala event will have a Scottish theme, with special decorations, dances by a local Scottish highland group, and group singing of Scottish songs. Free lunch will be served to all dancers.

The Twirlers have as their regular caller Al Gerdis of Grand Forks, N. D. At present, the club has a membership of 20 couples. A beginners class of 26 couples is taking weekly lessons. This class will graduate April 27, at which time there will be a special graduation dance.

Rudy Landmans Observe Golden Wedding March 10

Honoring the Rudy Landmans of St. Hilaire on their 50th wedding anniversary were approximately 85 friends and relatives who attended open house at the American Lutheran Church in St. Hilaire on Sunday, March 10.

Preceding the luncheon and social hour was a program emceed by Merle Rafteseth and in which Mrs. Harry Winter of this city presented a reading, songs were sung by Ronald Tollefson and Linda, and by a trio composed of Connie Cords, Linda Tollefson and Margie Vik; and Rev. Lawrence Winter prompted the marriage vows which were subsequently repeated by the honored couple. Fred Landman, a brother of Mr. Landman, who served as best man at the wedding fifty years ago, was present also at the observance.

The corsage which Mrs. Landman received was of miniature yellow roses and white carnations, and Mr. Landman was given a boutonniere of yellow carnations.

Table centerpiece was an arrangement of yellow roses and white carnations, which was presented in the couple's honor by members of Circle one, of which Mrs. Landman is a member. Two anniversary cakes were featured, the large of which, a two-tiered cake, was topped by a golden 50th anniversary emblem, white bells edged with gold, and with gold leaves.

Attending the guest book was Mrs. Fred Landman; Mrs. Robert Swanson and Mrs. Tony Paulson of Climax, poured, and Mrs. V. G. Brink and Mrs. Anna King cut the cake. Circle one provided and served the delightful lunch. The couple received mainly gifts of money.

The Landmans come to Thief River Falls by horse and shay to be married 50 years ago. Shortly after the wedding, they moved to Canada, but lived there only briefly before returning to make their home on the farm homesteaded by Mrs. Landman's father, four miles west of St. Hilaire.

They are the parents of three children, Olive Mae of Minneapolis; Marlyce, of Rice Lake, Wis., and Roy of Thief River Falls. There are also 10 grandchildren.

KITCHEN KARNIVAL

Features from the kitchen of

MRS. ROBERT PARNOW

Without a doubt, every woman enjoys a recipe which can be counted upon to come through with a perfect product each time she uses it. This recipe, another winner in the Seed and Feed show, is a favorite of Mrs. Parnow for just that reason; she says she has not had a failure with these cream puffs to date. And they're versatile, as well, as they can be filled at serving time with a variety of different fillings, so you can use the ingredients at hand. Suggested fillings are strawberries and whipped cream or ice cream, and any number of cooked puddings in almost unlimited variation. Let your own imagination run riot!

CREAM PUFFS

- ½ cup butter
- 1 cup boiling water
- 1 cup flour
- ¼ teaspoon salt
- 4 eggs

Melt butter in water. Add flour and salt all at once, and stir, cooking constantly until mixture forms a ball that doesn't separate. Cool slightly. Add eggs, one at a time, beating well after each egg is added, until the mixture is smooth. Drop in a greased cooky sheet, 2 inches apart. Make them any size you want. Bake 450 degrees for the first 15 minutes, then for 25 minutes longer at 325 degrees.

The Parnows farm near Goodridge. They have three children, all of them musically-inclined. Robert Jr. is 12 years old, and in the seventh grade. He plays trumpet. Marie, 10, is a fifth-grader, and plays the piano. Fredrick, 8, is in third grade, and is learning to play the flutophone. They all attend school in Goodridge.

Mrs. Parnow much enjoys cooking, and does a great deal of sewing. She has entered the wool-sewing contest 4 times, and has done well. She is busy with church work and 4-H work; both she and her husband are 4-H leaders for their second year. She says that it keeps them busy, but that they enjoy having young people around, adding that it keeps them young, as well.

The Library Corner

by Virginia Gjernes

It has been said — several million times — "Necessity is the mother of invention." Not much use to argue that — but did you ever stop to realize the axiom hits the nail on the head when it comes to your public libraries?

Hundreds of years ago, when only a few persons were learned enough to read and write, books were precious articles (they still are). Before the printing press, volumes were written by hand. . . long, laborious, tedious work. Since only a few could read, these hand-scribed, bound manuscripts were loaned only to the few who could make use of them. A library card was unneeded and unknown.

When the printing press came into being, books became more plentiful, but still expensive, and more individuals were educated and consequently could comprehend written as well as spoken words. Since few had the wherewithall to purchase such expensive objects, those with the most money naturally had the most books. They loaned their books to those who could make use of them — but still nary a library card changed hands. A hand shake and a "thank you" was all that was needed.

Along came laws and taxes and one thing and another, and lo and behold the "Public Library" was born — and a library card became the best investment an individual could make. Practically speaking, it didn't cost a dime! It was there for the asking! What a privilege! What a great step forward—the borrower didn't have to be a personal friend of the lender in order to have the pleasure of reading!

All you needed was to live in the vicinity, sign your name on a slip, and you were the proud possesor of a "library card". . a passport to anywhere. . a ticket to the greatest shows on Broadway; a calling card admitting you to the drawing rooms of the most celebrated, famous and infamous; a ballot at a murder trial, a front row pew in the audience of the greatest philosophers. There are not many investments that cost you nothing down, nothing a day and give you the wole world!

Every day is "Sale Day" at your public library. . every day, except Sunday you get the bargain of your life. . .the whole world for absolutely nothing.

Your library card. . .that little pasteboard oblong with a tiny piece of metal attached can bring you money, information, recreation, education and peace of mind and friendship.

You, the borrower, receive all these advantages. . .and no disadvantages. Speaking of advantages, those borrowers who are a "Committee of One", and your sole purpose seems to be that of choosing a play, or a playlette, for a group to produce, your library has received some brand new volumes.

One, entitled, "One-Act Dramas and Contest Plays", compiled and edited by Lawrence M. Brings, contains well-written short plays with a minimum of cast members. It is an excellent selection for one confronted with a group of older teen-agers or adults.

John Murray, a 1950 award winner, is one of our country's formost writers of one-act plays for teen-agers. His new book, "One Act Plays for Young Actors", is comprised of a collection of farces, comedies, mysteries and dramas, enacted with casts including males and females. Those with larger groups to consider when selecting materials for production, will welcome this new volume.

Another book, compiled and edited by Lawrence M. Brings, is "Rehearsal-less Skits and Plays". The volume contains forty-seven different choices and each requires little, if any, rehearsal time on the part of the actors and actresses.

"The Modern Skit and Stunt Book" is an excellent source for those interested in producing short, cleverly written productions with a minimum of costuming and rehearsal time.

By the way, see you Saturday at "Miss Bertha's Storytime". . . . that's at one o'clock. . .right after lunchtime.

Dale Ottelie is visiting in Richfield at the home of his sister, Mrs. Gladys Hamerness.

State Bar Clarifies Deduction for Taxes

(This is the thirteenth in a series of articles on income taxes made available as a public service by the Minnesota State Bar Association, Public Relations Committee.)

The taxes most commonly deducted on your federal return are state income taxes, real estate taxes, personal property taxes, automobile license taxes, state gasoline taxes, sales taxes and state cigarette taxes.

While the ordinary real estate tax is deductible, special tax assessments which are levied against your property are not deductible if they are for improvements such as streets, sewers or sidewalks which increase the value of your property.

The taxes listed above which you may deduct on your federal return are either imposed directly upon you or are treated as being imposed upon you by the tax law. However, taxes which are included in the price of the items you buy, but which are not imposed directly upon you, are not deductible. Included in this category are such items as alcohol and certain tobacco taxes. In addition, federal law does not permit the deduction of federal income taxes paid, social security taxes paid for yourself or for your domestic employees, inheritance taxes, hunting license fees and dog tag fees. None of the federal excise taxes on personal expenditures such as those on automobiles, jewelry, furs, theater admissions, luggage, cosmetics, telephone, air, rail or bus tickets, gasoline, tobacco and wine are deductible on your federal return.

The Minnesota tax on gasoline is 5 cents per gallon. Gasoline taxes immposed vary from state to state. The deduction for gasoline taxes should, of course, be based upon the specific number of gallons purchased in Minnesota and in other states. However, where this computation is impossible due to inadequate records, you can often arrive at a reasonable approximation of your gasoline taxes paid by determining the number of miles you drove your car in each state, dividing this figure by the number of miles you drive per gallon, and then by multiplying the number of gallons used by the tax per gallon in the various states where you used your car. The same method of determining tax can be used where you made purchases and paid a state sales tax. For example, you would approximate state sales taxes paid by determining the amount of your income subject to tax which you spent in a state where a state sales tax is imposed and by multiplying this figure by the percentage of tax imposed on each dollar of purchases subject to tax.

The Minnesota cigarette tax is 7 cents per package, and is imposed directly upon the consumer. In computing your deduction for the cigarette tax, multiply the number of packages of cigarettes which you purchase per day times 7 cents and multiply the product by 365. You can probably arrive at a reasonable approximation of cigarette taxes paid by determining the number of packages of cigarettes which you smoke per day.

All of the above taxes are also deductible on your Minnesota return except for the Minnesota cigarette tax, state income taxes and real and personal property taxes on property located outside the state of Minnesota. Certain federal taxes such as excise taxes on telephone and telegraph service, transportation, club dues, safe deposit boxes, and social security taxes on domestic help can also be deducted. However, excise taxes such as those imposed on the sale of jewelry, liquor, tobacco, and other articles where the tax is not imposed directly upon you are not deductible.

On your Minnesota return, you are also entitled to deduct federal income taxes paid during 1962. However, if you have income which is included in your Federal return but is not included in your Minnesota taxable income, you must apportion your Federal income tax paid between income taxable in Minnesota and income not taxable in Minnesota in arriving at the amount of federal income taxes deductible on your Minnesota return.

of, receive and care for medical and non-medical evacuees arriving in the county;

5. Mobilize and move manpower and equipment upon order of the Mobile Support Area headquarters or as required within the county;

6. Provide warnings for fallout hazards through two local monitor stations;

7. Receive and care for Civil Defense forces assembling in the county;

8. Control and furnish all classes of supply located in the county;

9. Keep the public supplied with their physical and spiritual needs and informed of the general situation;

10. Exercise operational control over all Civil Defense forces engaged in relief of attack conditions in the county or other area if so ordered by the Mobile Support Area commander.

County Civil Defense directors have full authority to command and control all Civil Defense forces within their areas of responsibility to permit them to carry out missions assigned by the Mobile Support Area commander. This authority includes both fixed and mobile support.

Various services organized under the county directorship are outlined in the survival plan and their various duties explained. These services include the following:

Communications, economic requirements and controls, engineering, fire and rescue, fiscal administration, headquarters, health, medical and special weapons defense, intelligence, legal, manpower, mortuary, operations, police, public affairs, radiological defense, religious affairs, supply, transportation, welfare and shelter management.

More Load Limits on Trunk Routes

Continued high temperatures have made it necessary for the Minnesota Highway Department to restrict in accordance with "The Proposed Load Restriction Map for 1963", the trunk highways in Zone 3, Tuesday, March 19. This will include all trunk highways north of Highway 12 from the east border to the west boundary and north to and including highways 48, 23, 52 79 and 55.

Load restrictions will also be placed in effect in Zone 4, Wednesday, March 20. This will include all highways north of the north boundary of Zone 3 and will include Highways 210, 10, from Duluth to Moorhead.

Posted signs govern the restrictions on each section of highway. Paved roads or those not subject to restrictions are limited to legal axle weights by zones as restrictions become effective.

IT SEEMS THAT A NEW DISEASE which must be contagious is spreading across the state. Unlike respiratory ailments or influenza, there is no medical cure for this particular ailment. Believed to stem from mental disorder, it originated with a single case and now has the common term of Recount Fever.

The unfortunate situation created by the close gubernatorial race, which resulted in a contested election and a recount of the ballots which is apparently proving successful, seems to have had considerable effect on the public. Our local special election for sale of school bonds, which carried by a 168-vote majority on March 5, has now been contested in a court action initiated by eight voters of the district.

It was noted in this column last week that sour grapes would have hung heavy on either side of the vine as a result of the bond issue balloting. It is now apparent that the grapes are being pressed, and it is to be assumed that bitter fruit will yield a distasteful product.

Reaction to defeat in the election is a human and natural one. In cases where personal feelings were quite high, those feelings were bound to be hurt. Yielding to the animal instinct to strike back when hurt is somewhat against the common and accepted laws of civilization. This same instinct was exercised by "Yes" vote sympathizers in petitioning for another election following defeat of the issue on the first vote last year. That move was also in bad taste.

It is to be remembered that a 168-vote majority in a total of 3,202 ballots cast is a substantial plurality. It is different from the governor's race where the number of ballots cast was many times this figure. In other words, the room for margin of error is much smaller in the smaller number of ballots cast locally. To be effective, a recount would have to change 168 ballots. This is a large number in an election of this scope.

Contesting the local election is unfortunate for several reasons. Perhaps the greatest unfortunate circumstance is the possible financial loss to the school district. Legal procedures in a contest of this nature take time. The bond-selling and construction programs will necessarily be delayed while this legal machinery is in operation.

Bonding consultants for the district have informed the board that the bond market at this time is favorable. The board called for bids to be opened April 17. In all likelihood this can not now be accomplished. Interest on bonds may well increase while this legal question is being settled. Such a situation could well result in a loss to the district of many thousands of dollars due to the inability of the board to sell when the market is favorable.

Other unfortunate circumstances of an election contest such as has been presented are further rifts in community unity and reflections on the integrity of the election judges, school officials and local citizens. Once a seed has been planted, there is nothing to do but wait for it to grow. Taxpayers in the district may now only wait and hope that this waiting will not be an expensive period of idle time.

CHAMBER L.I.F.E.

Living-Industry-Farming-Education

By Rolly Larson
Manager Chamber of Commerce

Unless the weather does an abrupt about-face, the winds of March are upon us. To follow, using the same premise, are the balmy rains of April. Along with April comes the Income tax filing date. As this date approaches, there will undoubtedly be some members who will contact us in regard to the deduction of membership dues. Someone will surely quote from page 7 of the instructions, that a gift (contribution) to a Chamber of Commerce cannot be deducted.

This is true: CONTRIBUTIONS TO CHAMBERS OF COMMERCE ARE NOT DEDUCTIBLE.

The Internal Revenue Service does make it clear, however, that Chamber of Commerce dues, when reported as a business expense, are deductible.

Here is the ruling and the language that we should use in interpreting the deductibility:

"Membership fee or dues paid by individuals and corporations to a Chamber of Commerce or board of trade are deductible from gross income as a business expense, provided the membership is employed as a means of advancing the business interests of the individual or corporation."—Office Decision 421, Internal Revenue Service.

Chamber of Commerce dues are not contributions. They are an investment in the growth and development of the community. If you report your dues as a contribution you will find that it will be disallowed. Better use the right language.

Certainly the Chamber is advancing the business interests of any member in Thief River Falls. Please report your dues as a business expense and do yourself a favor.

As a sidelight to this matter, one could say that this is just another good reason why anyone might well consider becoming a paid member of the Chamber. Even Uncle Sam considers Chamber membership to be an investment in the future of Thief River Falls, so why don't you? You have more at stake in the future growth and development of Thief River than anyone.

Each of us can help the future too, if we Shop and Trade Where Bargains Are Made, Here in the Heart of Northwest Minnesota, Thief River Falls.

School Election Contest Given To School Board

(Continued from page 1)

the Evensen company reaffirmed the legality of the questions submitted to the voters, posting of notices and ballot printing. There is no question of compliance with state law as alleged in the petition, the bonding firm said.

Burden of Proof

L. W. Rullen told the Times on Friday that the burden of proof rests with the petitioners and that they must offer evidence to the court hearing that there is sufficient error to change the result of the election. If bond is posted to cover the costs, a recount of the ballots can be held.

Hearings on the petition will be held at a special term of district court or at the regular spring term of court which will begin in Thief River Falls on April 8. If a recount is ordered, a panel of judges will handle the task. One member of the panel would be appointed by the court and one each by the school district and petitioners.

Signing the petition were James Walker, Odin Hanson, Erwin Muzzy, Kenneth Olson, LaVerne Randorf, Henry Buen, Alfred Johnson and J. W. Ruane. The law firm of Erie and Erickson in Crookston is handling the case for the contestants.

Alfred Hallstrom, Pioneer of Black River, Interred

Funeral services for Alfred G. Hallstrom, 74, lifetime resident of Black River area, who passed away Thursday, March 14, at Northwestern hospital, were held today at the Black River Lutheran church. Rev. Marvin Carlson officiated, assisted by Otto Baker. Burial was made in the church cemetery. Sinding's Funeral Chapel was in charge of arrangements.

Mr. Hallstrom was born March 5, 1889, in Polk Centre township in the county formerly known as Polk. He attended rural school in Polk Center township. The Northwest School of Agriculture at Crookston and business school in Thief River Falls. He lived his entire life on farms in the Black River Area.

He was united in marriage to Amanda Johnson on June 22, 1921 at the residence of C. E. Naplin of Polk Centre township. Mr. Hallstrom served the Fire Insurance Co. as treasurer; was past director of St. Hilaire Co-op Creamery; was treasurer of Black River township.

Survivors include his wife, Amanda; one daughter (Evangeline) Mrs. Jesse Hull of Longmont, Colorado; one son Wilbur of Red Lake Falls; three brothers and two sisters: Harold of Okalahoma; Henry of Thief River Falls; Martin of St. Hilaire; Mrs. Edla Egbers of Seattle, Wash.; Mrs. Hulda Sandberg of Vancouver, B. C., Canada; and six grandchildren.

A daughter and a sister preceded him in death.

Services Held for Mrs. Petra Berge, Erskine Pioneer

Funeral services for Mrs. Petra Berge, 94, pioneer resident of the Erskine community, who died Sunday, March 10, were conducted last Wednesday afternoon from the Grace Lutheran church in Erskine, with the Rev. P. E. Onstad officiating.

Born in Toten, Norway, July 4, 1869, she came to the United States in 1881, and was married in 1887 to Ole T. Berge, who died in 1906.

She is survived by a daughter, Mrs. Mabel Van Hise of Billings, Montana; four sons, Albert of Thief River Falls, Dr. David of Moorhead, Norman of Minneapolis, and Roy of Gonvick; and five grandchildren and nine great grandchildren. Her eldest son, Theodore, and five brothers and sisters preceded her in death.

Walfred A. Ahola, Former Grygla Man, Dies In West

Walfred A. Ahola, formerly of the Grygla community, passed away after a long illness on March 11 in San Diego, Calif. He was the son of the late Mr. and Mrs. Matt Ahola who homesteaded in Malcolm from 1909 on, and the brother of William Ahola of Grygla. The funeral took place in National cemetery, Calif. and burial was in Mt. Hope cemetery.

Born in Calumet, Mich., on Dec. 16, 1903, he attended the local schools. He worked for the auto industries in Detroit, Mich. for many years, and since 1948 was a commercial fisherman, operating his own fishing vessel.

In addition to his brother in Grygla, Mr. Ahola is also survived by the following brothers and sisters: Hilda Ward of Toronto, Ont., Can.; Elma Henry of Willows, Calif.; Martha Greer of Woodland, Wash.; John, of Lake Worth, Fla.; Edwin M., Royal Oak, Mich., and Carl R. of San Diego, Calif.

Mrs. Ralph Galbraith and son John of Hibbing were weekend guests last week at the home of Mrs. Galbraith's mother, Mrs. Victor Robarge and at the Julian C. Lendobeja home.

Income Tax Returns for State Due Apr. 15

Rolland Hatfield, Minnesota tax commissioner, this week released the following information for taxpayers required to file state income tax returns by April 15:

Filing Requirements: A single individual if his gross income is in excess of $750. Married individuals if the combined gross income of husband and wife exceeds $1,500 in which case, the entire income of both husband and wife must be included in either a joint return or separate returns. Nonresident individuals employed in Minnesota, or who receive income from property situated in this State, or from a trade or business conducted within this State, if the gross income meets the filing requirements.

Individuals who have been subjected to state withholding, but whose earnings are less than the filing requirements, should file a return on regular income tax return forms to obtain refunds.

Generally, under state law, the tax is less when separate returns are filed. However, this is not always the case; therefore, it is suggested that a computation of the tax be made both ways to determine which method produces the least tax. However, the Minnesota income tax law does not provide for a split-income method of computing the tax as does the federal law.

Individual taxpayers whose returns indicate a tax due in excess of the amounts withheld and paid on declarations of estimated tax, must pay the balance due in full with the return. The remittance should be made payable to the Commissioner of Taxation and a separate remittance should accompany each return.

1962 individual income tax returns must be filed with the Department of Taxation, Income Tax Division, Centennial Office Building, St. Paul 1, Minnesota by midnight, April 15, 1963.

Taxpayers who have had amounts withheld or have paid on declarations of estimated tax in excess of amounts due, are urged to file their returns as early as possible so that the refunds can be processed promptly.

A declaration of estimated tax is required for the calendar year 1963 if the taxpayer expects to have gross income sufficient to meet the filing requirements and the income includes more than $200 not subject to withholding. The declaration of estimated tax is due to be filed by April 15, 1963. However, no declaration is required if the estimated tax, less the amounts to be withheld for the entire taxable year, is expected to be less than $20. The forms for filing the declaration are available from the Minnesota Department of Taxation, Withholding Unit, Centennial Office Building, St. Paul 1, Minnesota.

If a person has had Minnesota income tax withheld from their wages, the proper copy of the withholding statement should be attached to the return. If a person has filed a declaration of estimated tax for the year 1962, the receipt form M-16, should be attached to the return, together with the name card sent to the taxpayer with the blank income tax forms.

Myrtle Johnson Rites Held Here This Afternoon

Myrtle Johnson, a resident of this community for many years, died on Thursday, March 14 at Northwestern hospital at the age of 57.

Funeral services were held this afternoon in the Green Funeral chapel, with Rev. Harold Peterson officiating, and interment being made in Greenwood cemetery.

Myrtle Johnson was born December 14, 1905, at Ada. In 1914 when she was nine years of age, she moved with her family to Akeley, Minn., where she received her education and attained womanhood.

In 1925, the family moved to Marshall county, settling on a farm in Excel township, where they lived until moving to a farm in the Town of North, Pennington county. She has made her home there since that date.

She is survived by one sister, Mrs. Mae Lundberg of this city, and by two brothers, Edward Johnson and Harry Johnson, both of rural Thief River Falls.

Preceding her in death were her parents and four sisters.

Dr. Carl Mellby, Brother of Late TRF Doctor, Dies

Dr. Carl A. Mellby of Northfield, retired St. Olaf college professor, died Friday in Northfield at the age of 94. He was the brother of the late Dr. O. F. Mellby of Thief River Falls. After receiving his doctor of philosophy degree from the University of Leipzig in Germany in 1900, he joined the St. Olaf faculty, continuing there until his retirement in 1959.

IN SESSION with the Health and Welfare committee of the Minnesota House of Representatives is Andrew Skaar, left, representing Pennington and Red Lake counties. At right is Rep. M. K. Hegstrom, St. James, committee chairman, and at center is Rep. Robert Christensen, St. Paul. The committee has been given more than 40 bills for consideration during the present session.

At State Legislature

Rep. Skaar Hears Health And Welfare Testimonies

Room No. 3 in the basement section of the State Capitol, St. Paul, on any Tuesday morning is invariably crowded to capacity. Seated at a long table placed in the center of the room are 25 members of the House of Representatives. Occupying several rows of chairs which ring the table are spectators who listen in rapt attention.

It is here that the House Health and Welfare Committee considers legislation of a very vital nature to the citizens of Minnesota. More than 40 bills have been dropped in the laps of the committee since the session began. Many more are to come.

"It is our job to concern ourselves with the health and welfare of the people of our state," said Representative Andrew Skaar, Thief River Falls. "This we endeavor to do conscientiously and judiciously".

Looking back over very busy weeks of study and hearings Representative Skaar said he considers the committee's endorsement of a bill to increase the number of daytime activity centers for mentally retarded children throughout the state as a much needed step toward assisting these youngsters.

The measure provides grants-in-aid to counties, municipalities and non-profit corporations, or any combinations thereof, to assist them to establish and operate activity centers locally for mentally retarded children, and adults too. It encourages the use of private funds to augment the money provided by the state.

"The recruiting of private financial support carries with it an opportunity for interested individuals to play an active part in training these children," Representative Skaar said. "This is a very desirable feature of the bill".

An application could be filed with the Minnesota Commissioner of Public Welfare for assistance. The centers would not only provide daytime activity, treatment and training, but also would furnish counselling service to parents of retarded youngsters.

This plan was tried out for the first time in 10 communities under a pilot program authorized by the legislature two years ago. "It proved to be an outstanding success," Skaar said.

Another bill endorsed by the committee would implement the Kerr-Mills medical aid program in Minnesota. Like the daytime activity center bill, favorable action was given the Kerr-Mills bill after public hearings and committee discussion of the proposal. Both of these bills have been re-referred to the Appropriations Committee which must pass on the requests for funds.

The Kerr-Mills bill would make federal aid available to persons over 65 who are faced with the expense of a catastrophic illness but who usually are able to meet their normal living expenses. State-county funds would provide the balance.

The Health and Welfare Committee, Skaar said, is called upon to consider a wide range of matters concerning public health.

One bill would put the clamps on the very dangerous practice of glue-sniffing by misguided thrill-seekers by penalizing both the user and the seller of this material. A similar approach is advocated in a bill directed against the drinking of cough syrup containing codeine.

Also on the committee's agenda are proposals to redefine certain economic poisons and devices commonly used by the public — such as preparations for killing bugs and rodents. One of the objectives of such legislation, Skaar said, is to see that these preparations are properly labeled as a warning to the public and to require that instructions for using them are clearly stated.

The committee invites the testimony of biologists, toxicologists and medical doctors to help its members reach an objective decision. Despite this expert advice, Skaar said, "In the final analysis, we must make our own decision".

Skaar said he is always anxious to receive any suggestions or comments by residents of Pennington and Red Lake counties. He may be addressed at the State Capitol Post Office, St. Paul.

Teachers Vote To Retain '63 Salary Schedule

(Continued from page 1)

ity," stated Alan Adams, chairman of the local education association. "Considering this unfortunate situation, we are willing to give up our request for a pay raise, believing that a raise might not be in the best overall interests of education at this time.

"We have voted this in the face of several conflicting factors. In view of the status of teacher salaries as compared to those of other professions generally; the unfavorable salaries of local teachers as compared to those in similar systems in particular, we feel that a significant increase for next year would have been desirable and proper.

"Teacher salaries are going up almost everywhere. Our schools will find it increasingly difficult to retain and attract competent teachers. This, in turn, is almost certain to affect adversely the quality of instruction in our schools in the future," he concluded.

Schedule Adopted

The schedule adopted calls for a starting salary of $4,500 for first year teachers with four years of college training. Equalization of increments will take place for teachers with four years or more of experience and four or five years of training. These will vary from $25 to $100 annually for the teachers involved to make increments equal. Depending upon the turn-over in teachers for the coming term, the increased cost to the district has been estimated at $3,000 to $4,000.

Top rung of the school salary ladder is $7,200 for teachers with five years of training and 12 years or more of teaching experience.

"We feel that the action of the teachers in voluntarily retaining their present salary schedule is to be commended," stated Lloyd Howick, chairman of the board of education. "In the past we have had excellent working relationships with our teachers and this cooperative effort by the faculty indicates that they are more than willing to appreciate the problems we face in total operation of the district."

Roll call voting on the salary schedule showed Howick, Morris Owen, Robert Bredeson, John Burtness, Howard Hoel and Rufus Olson in favor of the schedule with K. Russell Anderson abstaining from the vote.

base only one school is lower and at the top maximum salary Thief River Falls ranks lowest of all 23.

Crookston, the nearest school of comparable size, reports a minimum $100 above the local schedule and a maximum $400 higher with almost identical fringe benefits.

Forty-four schools of all sizes in Minnesota have reported new salary schedules for the next year with increases averaging $168 at the base minimum and $310 at the base maximum. Included in this group is Goodridge with a $100 across-the-board increase giving *its faculty a beginning base pay* of $4,600 or $100 above the Thief River Falls starting salary. Roseau reports a new schedule ranging from $150 to $270 above the local schedule.

Local Officials Attending State Welfare Meeting

2,000 Persons at Annual Conference Being Held in Minneapolis Hotel

Discussing the theme, "Community Service to Strengthen Family Living", over 2000 persons are meeting at the 70th annual Minnesota welfare conference in Minneapolis at the Leamington Hotel March 17 through 20. The meeting was opened with an address by Senator Hubert Humphrey on Sunday evening. In attendance from this city are Don. L. Olson and Mrs. H. O. Chommie, welfare board members; and Ralph T. Hunt, executive secretary; and Burton Kvernevig, case worker.

Current welfare concerns on the national and local scenes are being featured during the 3½ day forum. Included for discussion are such widely diverse subjects as manpower legislation, the Indian citizen, Protective Payments in A. D. C., the Peace Corps, and work relief and retraining.

"The program for the conference is bound to interest the county commissioners throughout the state said Roger J. Wolfe, Kasota, president of the conference. A county commissioner himself, Wolfe pointed out, "With so much national discussion on the handling of aid to dependent children, we have included much of real interest in work with dependent children in the conference programming."

Highlight for county welfare boards will be the traditional Welfare Board day Tuesday, with the commissioners hearing Lt. Governor A. M. Keith at noon, followed by a closed meeting for discussing questions raised through a questionnaire circulated earlier.

Four at Plummer On A Honor List

Freshman Class Leads Scholastic Placement

Four students at Plummer high school gained the A honor roll for the fourth six-weeks period with ninth grade students leading the scholastic list. Freshmen placed two A honor students and seven B students on the list for a total of nine, one more than the eight honor students in grade 11.

Grade 9: A — Gary Carpenter and Arnold Schjeldrup; B—Robert Carlson, Karen Eskeli, Marie Frolland, Jolayne Greenwald, Larry Juneau, Patty Parr and Christine Polizenski;

Grade 10: B—Laura Klein, Lucille Delage, Faith Clausen and Scharlene Carlson;

Grade 11: B—Carol Sorenson, Sheryl Revertz, Elaine Linder, Dennis Hyde, Cheryl Heupel, Cheryl Hanson, Jill Erickson and Donna Cardinal;

Grade 12: A—Cherie Ydstie; B—Mary Delage, Sharon Greenwald and Dennis Wilkens.

Soo Line Credit Union To Meet

Election of two directors and six committeemen will be held when the Soo Line Employees' Credit Union annual meeting is held Tuesday at 7:30 p. m. in the Eagles hall in Thief River Falls.

Reports will be made by the officers of the organization and a proposed amendment to the by-laws will be presented for voting. The amendment would provide for the election of the credit and supervisory committees on a staggered-term basis in order to provide for better continuity of experience on these two committees.

A smorgasbord lunch will be served and a social hour will conclude the evening's program.

Many Fined for Display Failure On License Tabs

Municipal Court Busy Monday With Vehicle License Law Violators

Failure to display 1963 auto license tabs was the cause for a number of appearances in Thief River Falls municipal court in Thief River Falls before Judge Stanley N. Mortenson last week. Several other traffic violations were also noted in the court proceedings.

In highway patrol cases, Arthur Olson of Oklee, John Pahlen of Euclid and Arnold Christensen of Thief River Falls were each fined $10 with $5 suspended on charges of failure to display 1963 license tabs. Jarrett Lish, city, was fined $15 for illegal use of tabs and $10 for failure to register vehicle for 1963 and Duane Thornten, Twin Valley, forfeited bond of $15 for not having a muffler on his car.

Police cases included the following with violators fined $10 with $5 suspended for not having 1963 tabs: Ronald Kvikstad, city; Ormond Johnson, rt. 2; Bryant Ulseth, city; Lloyd Crown, city; Kermit Maidment, Goodridge; George Hendrickson Jr., Strandquist; Laura Nadeau, Oklee; and Donald M. Olson, city. James Sherack, city, was fined $10 for not having 1963 tabs and Lambert Gratzek, Argyle, forfeited $10 bond for failure to display 1963 tabs.

Other cases included Marland Kloety, city, no chauffeur's license, accident involved, fined $25 with $10 suspended; Edward J. Johnson, city, violate restrictions of chauffeur's license, fined $25 with $10 suspended.

In the only sheriff's department case, Olaf H. Olson, Oklee, was found guilty of disorderly conduct after trial and was fined $25.

Police Report Traffic Mishaps Last Thursday

Break-in, Short-Change Artists Investigated During Week's Work

Two traffic accidents were reported by the Thief River Falls police department last week, both happening on Thursday and both on Atlantic avenue. Total damage to the four vehicles involved was estimated at $340 and one citation was issued.

At about 9 a. m. on Thursday a car driven west on Eighth street by Mrs. Shirley Hemmestvedt, city, was struck by a car driven by James Grissnow, rt. 2, Frazee, and travelling north on Atlantic avenue. About $145 damage was done to the Hemmestvedt car and $120 to the Grissnow vehicle with Grissnow tagged for failure to yield the right-of-way. He appeared in municipal court, pleaded guilty and was fined $25 with $10 suspended.

At about 2:15 p. m. a semi-trailer truck driven by Alfred Hamburg, city, was making a left turn onto Atlantic avenue from a private driveway and collided with a pickup driven by Godfrey Carlson, rt. 1, TRF. About $10 damage was done to the truck and $65 to the pickup with no tags issued.

Two other incidents were also investigated by the department. Stamps were taken from a desk at a break-in at Farmers Grain and Milling company Friday night and two short-change artists gained $10 in cash from a local store and attempted short-change tactics at two other local business places.

R. Jorgenson Wins Chevrolet Honor

Local Man Is Runnerup In Three-state Contest

The title of No. 1 Chevrolet service manager and "customer's man" for the tri-state area including North Dakota and parts of South Dakota and Minnesota goes to an Alexandria, Minn., man, the company announced in Detroit, Michigan.

Named top-ranking dealership service manager for Chevrolet's Fargo zone on the basis of his performance the past year is Donald Gullickson of Alexandria Motor Co., Alexandria, Minn. Runners-up, in order, were: Roy Jorgensen, Northern Chevrolet, Inc., Thief River Falls, Minn.; James Metcalf, Minnesota Motor Co., Fergus Falls, Minn.; Cal Howey, Sanders Chevrolet Co., Watertown, S. D.; and H. A. Jacobsen, Davis Chevrolet Co., Bismarck.

In recognition of this accomplishment, Gullickson has been named zone president and the other men vice presidents of the company's honorary "Only the Best Club." The five top men and others who gained membership to the club are to be honored at a zone recognition meeting.

The men were top scorers for their zone in a nationwide program conducted by Chevrolet to determine the highest ranking retail service managers for 1962. Grading was on the basis of customer satisfaction and other key phases of everyday dealership service operations.

'850 to Graduate from Minnesota 'U' Saturday Evening

March Commencement Rites to Be Addressed by Wisconsin 'U' Head

Fred Harvey Harrington, president of the University of Wisconsin, will address approximately 850 graduates at University of Minnesota commencement exercises at 8:30 p. m. Saturday, March 23, in Northrop Memorial auditorium. His topic will be "Can We Save the World?".

The March commencement marks the conclusion of the winter quarter.

President Harrington will be introduced at the commencement exercises by President O. Meredith Wilson, who will speak briefly on behalf of the University of Minnesota and will confer graduate and undergraduate degrees and certificates of completion for Reserve Officers Training Corps graduates.

The invocation will be given by the Reverend James Boren, director of the Presbyterian center on the University campus.

Edwin L. Haislet, executive director of alumni relations, will speak for the University of Minnesota Alumni association.

A prelude concert, beginning at 8 p. m., will be played by the University Concert Band Ensemble under the direction of Bandmaster Frank Bencriscutto. The Frances Miller Brown Memorial Bells in the auditorium will be played from 7:45 to 8:15 p. m. by Daniel W. Chrozempa, carillonneur, senior in the college of science, literature and the arts.

Admission to commencement exercises will be by guest card only.

Nine-tenths of the serious controversies which arise in life result from misunderstanding, result from one man not knowing the facts which to the other man seem important, or otherwise failing to appreciate his point of view."
—Louis D. Brandeis

The New Code

Whatever the results of the re-count of the recent school election may be in terms of the bond issue, we are sure the re-examination will serve a useful purpose by pointing up some of the shortcomings of the new statute under which this election was conducted. Most of the complaints we heard before and after the election had to do with the handling of absent voter ballots, and these complaints can be attributed in part to defects in the election code that was adopted in 1959 especially for school elections.

Prior to that time, as we understand it, school elections were conducted under the same rules that applied to other elections. The departure from some of the provisions in the general law that were safeguards to secrecy was not in the public interest, and the new code should be amended, if not repealed. Our re-count may be helpful in pointing up some the these shortcomings and the need for a return to better election practices.

Time to Reconsider

A new approach to the problem of providing adequate facilities for higher education in the state, by establishing a state system of junior colleges, is meeting with considerable support and must be looked upon as a probable solution, in part at least, for the need. A bill that has been introduced in both houses of the legislature would establish a state board of junior colleges, with authority to establish nine new junior colleges thruout the state. At least three of the nine would be located in the metropolitan area, indicating that one of the purposes of the plan would be to relieve the pressure on the University of Minnesota and encourage the development of that institution as a senior college and graduate school.

This proposal has special significance for Thief River Falls, which has been recognized in several surveys as the junior college location that would best serve a large area of northwestern Minnesota. The most recent of these surveys conducted by the Minnesota Commission on Higher Education, in a study of all of the needs of higher education in Minnesota, made the following recommendation:

> "It was found that six new regional junior colleges would bring the largest practical number of college-age youth within commuting distance of college opportunity. The six most promising sites, in terms of potential enrollment, are: Alexandria, Fairmont, Fergus Falls, Montevideo, Thief River Falls, and Willmar. An alternative group of six locations would serve almost equal numbers of youth: Alexandria, Detroit Lakes, Granite Falls, International Falls, Pine City and Thief River Falls."

It is significant that in northwestern Minnesota Thief River Falls was both the first and second choice. While a new survey would not be bound by the findings of one that was conducted more than a decade ago, the old recommendation certainly would strengthen our position if the proposed plan for junior college expansion is adopted.

In commenting on the proposal the St. Paul Pioneer Press makes this observation:

> "In addition to providing strong direction for a junior college in Minnesota, the proposal also recognizes the need for close ties with local communities in meeting the specific academic and vocational needs of an area to be served by a new junior college. A citizens advisory board would be set up to consult with the state junior college board on matters of curriculum guidance—particularly in the field of adult and vocational education.
>
> "The new system would not disturb the existing colleges—it would provide a separate system—but the state junior college board would be authorized to buy or lease existing junior college facilities if usable.
>
> "The junior college system needs to be expanded. It seems clear that unless the state takes a major role in this area, the expansion necessary to meet the educational requirements of our mushrooming college age population will not come in time or will not be adequate. Local communities are in no position to do the job alone."

The reference in the above comment to adult and vocational education is especially important to us because we already have a vocational school. State school officials recognize the desirability of having junior colleges and vocational schools located near each other, and we have been encouraged to believe that the proper solution for our building need at this time would be to build a new vocational school in a location that also would be suitable at some future time for a junior college. That, we have been assured by men whose opinions we respect, would be the common sense solution for our present problem.

The present increased interest in junior college expansion justifies us at this time to reconsider our entire expansion program. If we go forward with the program in its present form, without further study of the overall problem, and ignoring probable developments that we should take into consideration, we are very likely to regret our disregard for the community's best future interests.

Rolvaag Elected

The final ruling on disputed ballots in the election contest for Governor increased Karl Rolvaag's lead over Governor Anderson to 91 votes. The ruling by the three-judge panel sets up the final totals as Rolvaag 619,842 votes to 619,751 for Andersen.

That should settle the argument and Rolvaag should be declared elected and assume his responsibilities at once. The Republicans have challenged the validity of the recount but that challenge should be set aside promptly by the Supreme Court. The three judges who have presided over the contest were named by the Supreme Court and the Supreme Court should support them in their decisions. The challenge by the Republicans is obviously for the purpose of delaying justice and does not merit serious consideration.

Let's cut out the nonsense and settle down to a sober recognition of the facts.

Beyond the Peak

Official figures on employment during the month ending February 15 indicated a slight increase in unemployment. But during that period there was a substantial increase in total employment, a record high for the period.

It is well to be concerned about those who are unemployed but it is comforting to know that total employment is up. The administration prefers to emphasize the bad report, probably because that may be used to justify a huge increase in government spending. It is quite obvious that every effort is being made to create a peak of activity during the campaign year of 1964. The President then, in campaigning for reelection, would be able to point to the record prosperity he had created.

That might fool the voters but our guess is that more people are becoming less interested in peaks. They have learned that beyond the peak there inevitably is a depression, and that a gradual rise to a stable level is much better for everyone, than a series of ups and downs.

A Warning

(St. Paul Pioneer Press)

Two small children in Milwaukee, in different households, died in a two-week period from over-dosages of aspirin given them by adults.

One victim was 19 months old, the other 28 months old. Both had been suffering from colds. They were given small does of aspirin every few hours over a period of several days. The cumulative effect was fatal poisoning.

Milwaukee doctors have issued public warnings to parents. They report that aspirin accounts for one-third of all accidental poisonings in the United States, probably because so many people consider it harmless. When medicinal drugs are involved, caution is always called for.

Adult Delinquency

(Don Brown in Waseca Herald)

We read and hear so much about juvenile delinquency these days but so little about other delinquency which is a factor in prompting the young people to act the way they do. We are writing about adult delinquency.

No person or group of persons has a corner on it but it is quite general—so general in fact that we wonder who is to cast the first stone.

Parents and ministers and school teachers and youth movement leaders are trying their best to teach young people to be law abiding citizens. The good work they do is handicapped by others, even by some of these groups, every time that they openly flaunt and violate the law.

We were influenced in writing this editorial by one who made a recent motor trip, intent on living up to the letter of the traffic laws. In doing so this driver was amazed at the number of motorists who whizzed by in great excess of that speed regulations. An even greater hazard was observed in the reckless and foolhardy manner in which fast drivers passed in "no passing" zones.

We happen to be one of those not convinced that fast driving constitutes the traffic danger attributed to it. Nonetheless, such a belief is no excuse for utter disregard for the speed laws. It is no excuse for setting such a poor example to youth.

Knowing that respect for the law is of utmost importance in a democracy we cannot but condemn ourselves along with others for occasionally setting such a poor example.

THE ANDERSEN LETTER

from

Gov. Elmer L. Andersen

Help Give Minnesota a New Dimension.

Last week I outlined the justification for bond issue investment in natural resources. With interest at less than 3% per cent and values going up at 4 per cent we should not delay acquiring for public use recreational properties rapidly vanishing from the market.

I firmly believe that Minnesota recreational land values are going *to not only increase, but multiply* in the years ahead. You can still buy land in Minnesota's beautiful north country for anything from $8 to $30 an acre. In not many years it will be many times that. We need to protect the public interest now so future generations of children will find outdoor experiences available of the type that mean so much today.

What Would the Bond Issue Buy?

The proposal is to invest $55 million in ten years, a little over $10 million in the next two years.

Here are major items in the ten year program:

1. Acquire 50,000 acres ($1,000,000) in southeast Minnesota's Hardwood Forest. Reasons are to provide erosion control, increase recreational opportunities and tourist industry possibilities.
2. Add 200,000 acres ($3,750,000) and 36 parks to the State park system.
3. Provide $5,000,000 for 50-50 matching with counties and municipalities for acquisition and development of local parks.
4. Wetlands, spawning areas, and public access acquisition is provided for by $8,750,000. Natural spawning areas are disappearing as are wetlands — and we need much more public hunting ground.
5. The program includes $2,500,000 for development of watersheds in the Soil Conservation District Program.
6. For reforestation of state lands, tree planting aid to counties and forest roads to open up areas for use and enjoyment, a total of $4½ million is provided.
7. To develop present and newly acquired state park land an investment of $9.8 million is included. This includes camp sites, water, sanitary facilities, other provision for use and enjoyment by everyone.
8. For wild life and fisheries management — water control structures, food and cover planting, habitat development, $2.8 million.
9. Youth work camps to provide healthy outdoor summertime work opportunities for young people, $3,000,000.
10. To complete topographic mapping of the state, aerial photography, hydrologic studies and water research — all essential to long-range planning - $12.7 million is included.

These are but the highlights of a program that has had the most careful development and study.

If this could be approved at this legislative session and get underway it would be a substantial contribution to economic activity, it would return the richest dividends over the years in personal enjoyment by you and your family; and be a big factor in accelerating tourist activity.

Please let your legislator know of your interest, write letters to your newspaper, encourage editorial support, discuss it at organizational meetings. It won't happen by itself — it needs your strong support.

Enact Law Calling for Seat Belts on New Cars in 1964

Bill Passed in State Legislature Now Awaits Signature of Governor

A bill requiring seat belts in all new cars sold in Minnesota after Jan. 1, 1964, was passed by the state legislature Thursday and sent to the governor for his signature.

The senate passed the bill, 44 to 20, after making several changes in the version approved earlier by the house.

With no discussion, the house accepted the senate amendments and passed the measure, 106 to 11.

The bill requires installation of seat belts on all new cars within 30 days after registration with the state. It also provides that new cars sold in Minnesota after the beginning of next year must have anchorage units for belts for the front seat.

Three senators spoke against the bill. They were Sens. Jerome V. Blatz, Bloomington Conservative; Paul Thuet, South St. Paul Liberal, and Michael McGuire, Montgomery Liberal.

They objected that government overreaches when it forces persons who do not want to use seat belts to buy and install them.

Speaking for the bill as a needed safety measure were Sens. Karl Grittner, St. Paul Liberal, Leo Mosier, Minneapolis Liberal, and Walter Franz, Mountain Lake Conservative.

To Present Film on Retarded Tuesday

Advisory Group's Study Shown at Legion Club

Minnesota's program for the mentally retarded — what is being done now and what should be done in the future — is the subject of "The Darkest Side," a film which will be shown at a meeting of the American Legion and auxiliary to be held 8:00 p. m. Tuesday, March 19, at the Legion club room. The public is invited.

The film reports the results of a study by the Governor's Advisory Committee, appointed by Governor Elmer L. Andersen a year ago, which also submitted a written report.

The film takes the viewer on a visit to Minnesota's three major institutions for the retarded, as well as to day activity centers and other community programs for the retarded. It was produced and edited by WCCO-TV with a grant from the Nevin Huestad Foundation for Handicapped Children, St. Paul.

"This film represents an unique effort to bring the results of the Advisory Committee's study to the attention of the general public," said Mrs. Chester Swanson, auxiliary president. "We hope that the citizens of the Pennington county area will take this opportunity to see the film and to gain better understanding of the problems in this field".

Bemidji Defeats TRF to Win Regional Title

The Bemidji Lumberjacks, exhibiting a consistent brand of basketball, and showing strength off the backboards, defeated the Thief River Falls Prowlers, 73 to 57, to win the Region Eight basketball title in the tourney that was concluded at Grand Forks on Saturday night. Coach Bun Fortier's Bemidji team will represent Region Eight in this week's state high school tournament in Minneapolis, and will meet Anoka of Region Four in a first-round game at 3:30 p.m. on Thursday.

In a preliminary game played Saturday night, the Fosston Greyhounds defeated the Lake Bronson Braves, 61 to 50, to earn third place.

In the championship tilt, the Prowlers kept pace with the Lumberjacks throughout much of the first period. With Paul Klungness, and Tommy Lindberg scoring six points apiece, and with Bob Olson contributing a field goal and John Aune adding a field goal and a free throw, the Prowlers held a 17 to 15 lead with two minutes of the period to play. In that two-minute period, Bemidji's Jerry Suman scored a pair of field goals and Jack Warford added a field goal, giving the Jacks a 21 to 17 lead.

In the second period, with Suman continuing to play a superb brand of basketball, and with the Jacks notching free-throw points with monotonous regularity, Bemidji outpointed the Prowlers, 17 to 12, and left the floor at the intermission holding a 38 to 29 lead.

The Prowlers opened the second half by turning on a scoring flurry that brought the locals within five points of the Lumberjacks, 40 to 35. Lindberg hooked a shot into the west basket. Suman, on Klungness' fourth personal, added a Bemidji point. Klungness drove in to the west basket for a layup, scoring a field goal, but he was called for charging after the basket was made, and left the game on personals with 5:53 to play in the period. Marv Hanson converted the point on Klungness' personal. Bob Olson scored from the left corner, slicing the Bemidji lead to five points. Bill Rabe recovered a rebound and dropped in a field goal, but Rich Nelson lofted in a Prowler field goal, and the locals were still alive.

Warford and Dennis Aguiar scored Bemidji field goals, and after Olson had notched a Prowler free throw, Rabe and Hanson scored field goals for the Jacks. The Prowlers, refusing to yield to the pressure, scored three quick field goals late in the period, with Jensen, Aune, and Lindberg hitting the west basket, again paring the Bemidji lead to five points, 53 to 48. Free-throw points boosted Bemidji's lead to 56 to 49 as the period ended. The Prowlers' Rick Jensen left the game on personals in the final minute of the period.

After Olson had scored a Prowler field goal to open the final period's action, Bemidji, on four field goals and a pair of free throws, scored ten points to take a commanding 66 to 51 lead. And although five minutes of play remained, Bemidji controlled the tempo of the game and maintained that lead to win by a 73 to 57 score.

Sales of Savings Bonds Are $8,250 Here in February

J. M. Roche, Pennington county chairman, today reported that purchases of E & H bonds during February amounted to $8,250. This was 17.4 per cent higher than for the same month last year.

Total E & H sales for Minnesota were $5,955,805, bringing total for the year to $12,217,071 for 18.5 per cent of the state quota.

February sales in neighboring counties were: Marshall, $30,975; Roseau, $17,343; Polk, $39,731; and Red Lake, $2,062.

There are now nearly 23,000,000 Americans who are 4-H Club alumni. The National 4-H Club alumni recognition program annually honors former members whose accomplishments show effective community leadership, public service and aid.

Keeping Score with "Huck" Olson

Not a One Man Team

The Bemidji Lumberjacks are by no means a one-man team, but it was largely through the efforts of one player, Jerry Suman, that coach Bun Fortier's team from District 29 was able to score a convincing 73 to 57 win over the Prowlers in the Region Eight finals on Saturday night.

Suman, a gangly six-foot six-inch youth with a physique that is reminiscent of Ray Cronk, was a "take charge" guy for the Jacks during the first half of the finals game. In the first period, the angular forward looped three field goals and three free throws into the west basket, and in the second period he continued that pace, getting another three-basket cluster and three free throws. Suman picked up his third personal foul late in the second period, and coach Fortier removed the rangy senior from the lineup; but the Jacks were able to maintain the momentum that Suman's play had set.

Suman scored three of his first half field goals on drive-ins, and added the other three on rebounds. Jerry came back into the game in the second half, and added a pair of field goals and six free throws to his point total and finished the game with the high-point honors, 21.

Prowlers Make Strong Bid

The Prowlers made a strong bid for the regional title, and but for an epidemic of fouls, which forced a reshuffling of the offensive pattern, coach Jack Junker's second half attack might have overtaken the Jacks. To lose Paul Klungness early in the third period removed the speediest of the Prowlers from the lineup. And when Rick Jensen left the game, late in the third period, another of the Prowlers' speedsters left the game. And there isn't a team better able to nurse a lead during the latter stages of the game than Bemidji, and with the handicap of pair of regulars on the sidelines the Prowlers' fourth-period hopes were dimmed.

And so it is the end of another season of basketball for the Prowlers and while they have the heartaches of Saturday night's loss, those aches will disappear and they will realize that they accomplished much this past season. And it is with regret that the Prowler basketball fans say goodbye and good luck to the squad's seniors — John Aune, Tom Lindberg, Paul Klungness, Steve Mittelstadt, and Jerry Erickson.

The Sioux: Hockey Champions

Coach Barry Thorndycraft's North Dakota Sioux, by a 6 to 5 score, defeated Denver University in the finals of the NCAA hockey tournament played in Boston on Saturday night. In a first-round game on Thursday night, the Sioux had scored an 8 to 2 win over a highly-regarded Boston College sextet.

In addition to winning the national hockey college championship the Sioux had five of their players named to the all-tournament squad. Al McLean, named the tourney's most valuable player, Dave Merrifield, and Don Stokaluk were selected as forwards, and Don Ross and George Goodacre were named as defensemen.

And the Sioux added further honors as three of the team's squad were selected to the 1963 western All-American college team. Ross, Merrifield, and McLean were chosen. Joining the three Sioux on the western squad are Louis Nanne of Minnesota at defense, Bill Staub of Denver and George Hill of Michigan Tech at forwards, and Gary Baumann of Michigan Tech as goalie.

It is not surprising to see Don Ross, the former Roseau Rams player, gaining these national honors. Don, a burly 205-pounder, is a junior and has another year of college play. It is reported that Ross may be asked to tryout for the 1964 United States Olympic hockey squad, and it appears that the talented blue-liner is receptive to the idea.

Falls Speedway Ass'n. Holds Interest Meet

To increase interest in the coming racing season, a general information meeting of the Falls Speedway association will be held Wednesday at 8 p. m. in the Fireside room of Noper's Motel. Movies on racing at the local track and in Alaska will be shown and lunch served. All interested persons are invited to attend the meeting.

Bemidji and Anoka Compete in State Tourney 1st Round

Bloomington, Marshall, Austin, Cloquet, Wells, Sauk Centre Also Entered

The eight-team field for the Minnesota state high school basketball tournament was completed on Saturday night when champions in five regions were named. Gaining berths in this season's state tourney as a result of regional finals victories on Saturday night were Bemidji, Bloomington, Cloquet, Marshall, and Sauk Centre. These five teams will join Austin, Wells, and Anoka, teams which had gained state tourney berths earlier in the week.

Saturday night's regional finals found Bemidji defeating Thief River Falls, 73 to 57, for the Region Eight title; Bloomington edging Delano, 42 to 40, for the Region Five crown; Sauk Centre, with a come-from-behind effort, defeating Wheaton, 59 to 48, for the Region Six championship; Cloquet defeating Chisago City, 83 to 56, for the Region Seven title; and Marshall defeating Granite Falls, 52 to 47 for the Region Three berth.

The state tournament will begin play on its three-day run on Thursday afternoon, March 21, in the Williams Arena on the University of Minnesota campus in Minneapolis. The first-round pairings on Thursday are as follows: 2:00 p. m. — Austin, Region One vs. Marshall, Region Three; 3:30 p. m.— Bemidji, Region Eight vs. Anoka, Region Four; 7:30 p. m. — Cloquet, Region Seven vs. Bloomington, Region Five; and 9:00 p. m. — Wells, Region Two vs. Sauk Centre, Region Six. The semi-finals are slated for Friday night, with the championship finals being billed for 9:00 p. m. on Saturday.

Sports Show Set for Minneapolis

Annual Event to Open in Auditorium March 29th

An all-time record of 92 travel-vacation booths will display their attributes at the Northwest Boat, Sports and Travel Show at the Minneapolis Auditorium, March 29 April 7. Thirteen states, five Canadian provinces and the Northwest Territory are represented. For the first time the province of Ontario heads the list with 23 booths, one more than the state of Minnesota.

The Sports show will feature the largest display of boats, motors, trailers and marine accessories in the upper midwest. Over 75,000 square feet of space will be occupied by exhibitors of the marine industry.

More space than ever before will be used by camping trailers, travel trailers, tents, pick-up coaches and camping equipment. These exhibits will occupy over 45,000 square feet of space.

As always, the Sports Show will be climaxed by the 15-act stage show, twice daily at 3:30 and 9:30 p. m., featuring internationally famous entertainers.

The doors will open at 6 p.m., Friday, March 29th and at 1:00 p. m. every day thereafter.

1st Round Play in Region Tourney

Thief River Falls, with an awesome display of scoring prowess, and Bemidji, with near complete control of the boards, scored convincing first-round victories on Friday in Region Eight high school basketball tournament play at Grand Forks. The Thief River Falls Prowlers turned back the previously unbeaten Lake Bronson Braves of District 32, 89 to 64; and Bemidji, with a strong second half, defeated Fosston of District 30, 64 to 38.

The Prowlers, hitting at a remarkable 75 per cent in the first period, sped away to a 24 to 12 lead over coach Jerry Furuseth's Lake Bronson club.

In the second period, while the Prowlers slackened somewhat in their field goal percentages, coach Jack Junker's club outpointed the Braves, 20 to 10, to take a 44 to 22 lead at the intermission. Late in the second period a five-goal scoring burst, with Paul Klungness, Rick Jensen, Bob Olson, John Aune, and Ken Larson's tip-in, "resolved" the game.

The Prowlers, in the third period increased their lead over the Braves to 69 to 38; and it was only in the final period, when the game was no longer in doubt, that the every-trying Braves outpointed the locals, having a six-point bulge, 26 to 20.

A feature of the game, though, was the scoring effort of Lake Bronson's junior center Alan Anderberg. The smooth-moving center racked up 16 field goals and 9 free throws for a 41-point effort, setting a new Region Eight individual scoring record.

In the second game on Friday night's bill, the Bemidji Lumberjacks, after being held to a 25 to 24 score at the intermission, took control of the game in the second half and pulled away to a 64 to 38 win. In the third period, the Jacks outpointed the Fosston club, 19 to 8; and in the final period, Fosston could garner but six points as coach Fortier's club tallied 20. Lanky Jerry Suman paced the winning Jacks with a 21-point performance, and in addition turned in a stellar game off the boards.

Wildlife Week Is Now in Progress

Theme is Control of Chemical Pesticides

Wildlife Week, an event which actually promotes the interests of the general public, is being observed throughout Minnesota this week, March 17-23.

According to Roger Preuss, noted Minnesota artist of wildlife and state chairman of the campaign, Wildlife Week in the past has alerted Minnesotans to the need for preservation of several valuable wild birds and animals, the need for conservation of wetlands which benefit both the citizen and his wildlife neighbors, to the advisability of considering wildlife and recreation in public land management policies, and to the disgrace of water pollution in Minnesota and throughout the nation.

Theme of the 1963 observance, sponsored by the National Wildlife Federation and the Minnesota Conservation Federation, is "Chemical Pesticides are Poison — Handle with Care". It is altogether too easy to let the relatively uncontrolled distribution and use of poisons go unchecked. "Steps must be taken to protect the state's heritage of fish and wildlife", Preuss said.

A soil test, when properly made, can help eliminate most of the guesswork in soil fertility management.

Two days following a Sunday plea for housing, facilities were available for housing 627 out-of-town delegates.

Local Displays Erected

National Wildlife Week Is Observed

"Chemical Pesticides Are Poison —Handle with Care" is the theme for National Wildlife Week which started Sunday across the nation. A number of local displays are being arranged by the Pennington County Sportsmen's club and Agassiz National Wildlife Refuge with the latter also having programs in a number of area schools.

Promotion of the observance has been undertaken by the National Wildlife Federation. The week was first proclaimed by President Roosevelt in 1938 and serves to focus public attention on the importance of natural resources conservation and to spotlight specific conservation problems.

Positive steps which can be taken to reduce the dangers of potent chemical poisons to man and wildlife are being emphasized. As outlined by the National Wildlife Federation they include the following:

(1) Don't use a chemical poison unless it is definitely established to be needed and the method of choice. (Alternatives include pest-resistant strains of crops, various biological and environmental controls, sanitary procedures, etc.)

(2) Don't use the pesticide unless it is registered for the purpose intended and directions for its safe use are clearly understood. (When in doubt, ask local county extension agent, health officer, or State Department of Agriculture official about it.)

(3) Don't use the pesticide unless the selected chemical is known to be effective against the pest, least harmful to wildlife, and of shortest life. Avoid chemicals which tend to accumulate in the soil.

(4) Don't use the pesticide on more than the minimum area re-

Load Limits Take Effect Here Mar. 25

Higher temperatures along with spring break-up has made it necessary for the highway department to place seasonal load restrictions in effect in zone 5 on Friday, March 22. Zone 5 is bounded on the south from Wisconsin line to the North Dakota border by highways 39, 210 and 10 and on the north by highway 2 from Duluth to Erskine and highway 59 to the Canadian border.

Load restrictions will also be placed in effect in zone 6, in which Thief River Falls is located, Monday, March 25. Zone 6 is bounded on the south by highways 2 and 59 from Duluth to Canadian border and includes all highways north of 2 and east of 59 to the Canadian border. This means that all roads in the proposed load restriction map for 1963, will be in effect.

Posted signs govern the restrictions on each section of highway. Paved roads or those not subject to load restrictions are limited to legal axle weights by zones as restrictions become effective.

Band Concert To Be Held April 2 At Lincoln High

Annual concert of the Lincoln high school junior and senior band will be held Tuesday, April 2, at 8 p. m. in the high school auditorium. Tickets are now on sale from band members at 50 cents each. John K. Moum, instrumental music instructor at the school, is directing the concert.

A variety of numbers will be played in the concert, including "Titus" by Mozart, "Great Gate of Kiev", selections from the Broadway production "Land of Milk and Honey", and a saxophone quartet number based on "Swing Low, Sweet Chariot" and entitled, "Swing Low, Sweet Saxes".

Pennington GOP Convention Set Monday, April 1

She added that committees to arrange details, including securing a speaker, were selected Tuesday at a meeting of the county GOP committee.

Improvement of Ruffy Brook Topic of Hearing Mar. 26

Hearing Scheduled in District Court Room In TRF, Starting at 10

A hearing of interest to property owners along the Ruffy Brook area pertaining to improvement of the channel of Ruffy Brook has been set for Tuesday, March 26, at 10 a. m. in the district court room in the court house in Thief River Falls.

The hearing has been called by the Red Lake Drainage and Conservancy District before district court. Representing the Conservancy District will be Stanley Mortenson, secretary.

The way has been cleared for the Ruffy Brook and Lost River improvement projects through permissive legislation enacted recently by the state legislature whereby the counties of Clearwater, Red Lake and Polk may issue bonds to provide local participation funds for the projects. The Corps of Army Engineers has made the preliminary surveys and estimates of the cost of the projects.

At the hearing in Thief River Falls all affected property owners will be given an opportunity to hear the viewers' reports and be heard on their objections, if any. The project involved on Ruffy Brooks begins where the brook empties into the Clearwater River and continues upstream a distance of 3.7 miles.

Peace Corps Test Offered Saturday

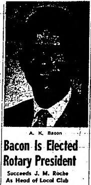
Tests May Be Taken at T. R. Falls Post Office

Placement tests for U. S. Peace Corps Volunteers will be given Saturday in 823 cities across the nation, according to Douglas Kiker, chief of the public information division of the Peace Corps. Locally tests will begin at 8:30 a. m. at the Thief River Falls post office.

More than 5,000 successful applicants are now at work in 45 countries in Asia, Africa and Latin America or completing training for their overseas assignments. The number of volunteers has increased 78 per cent since last June 30 and a similar increase is expected this year.

Peace Corps opportunities cover hundreds of different kinds of jobs in education, agriculture, health, construction and community development. Interested persons who have not yet filled out a questionnaire may take the test on a space-available basis, then complete the questionnaire after the test. Questionnaires are available at post offices and should be completed and sent to the Peace Corps before the test if possible.

Tests will also be given April 27 and June 8, but officials said applicants can be considered for more projects if they qualify for training in June by taking the March 23 test. All applicants must be U. S. citizens who are at least 18 years old. There is no upper age limit and married couples without dependent children may qualify for the same project.



A. K. Bacon

Bacon Is Elected Rotary President

Succeeds J. M. Roche As Head of Local Club

A. K. Bacon was elected president of the Thief River Falls Rotary club at the annual meeting of the organization held Monday noon at the Elks club rooms. He succeeds J. M. Roche in that position.

Other officer elected were Marvin Lundin, vice president; Harold Storhaug, secretary - treasurer; Wallace Tunberg and Kenneth Onken, directors.

Three county 4-H club members presented the program which was introduced by Elmer Benson. Bruce Howick gave a demonstration on elementary gunsmithing, Robert McCrum presented the talk which won him district honors in the 4-H radio speaking contest; and Nancy Newton gave a dairy foods demonstration.

Benson announced that the next meeting's program would be a discussion of the National Farm Organization by an NFO organizer from Hibbing.

Form Committee on School Issue

Dahlquist Named to Head Group Wednesday Night

A group of citizens who are sponsoring the contest of the school bond election, organized Wednesday evening as the Committee for Better Education. Officers elected are W. E. Dahlquist, chairman; Bert Vigen, vice chairman; Mrs. Alfred M. Johnson, secretary and Dake Ayers, treasurer.

A finance committee consisting of James Walker, chairman, and Odin Hanson and Henry Buen was named and Mrs. Agnes Israelson was elected chairman of publicity. Contributions will be solicited throughout the district to meet the costs of the contest which are estimated at about $1,000.

The committee will maintain its headquarters in Walker's office in the Elk's building and the office will be operated on a regular schedule by volunteer workers.

Members of the committee met Wednesday afternoon with Leonard Erickson, Crookston attorney, who has been retained to represent them in the contest.

MOVING to its new location at Farmers Co-op Grain and Seed association on the north edge of the city, this elevator filled Main avenue Tuesday morning. Charles Kotaska, manager of the cooperative, noted that the 25,000 bushel elevator will be located north of the present elevator. Annexed to it this summer will be a 26x30 seed plant for cleaning and bagging operations and a 26x60 warehouse. Some anxious moments were experienced by the mover, Elmer C. Johnson of Warren, when one of the supporting beams cracked as it was being moved. At last report this morning the elevator was again moving to its new location from the former site just south of Lincoln high school.

Final Ruling in Governor Race Is Due Friday

Three-judge Panel Holds Rolvaag Has 91-vote Advantage

The final and official declaration of the gubernatorial recount panel probably will be made Friday, one of the three-judge board said Wednesday.

Judge Leonard Keyes, a member of the special panel which is overseeing the recount, said there would be "no substantive" changes in its announcement naming former DFL Lt. Gov. Karl Rolvaag to succeed Republican Gov. Elmer L. Andersen.

"I hope it won't go into next week," he said. "We'll get right to it." Friday would be his best guess for the official declaration, he said.

The panel attested a 91-vote lead for Rolvaag Tuesday and turned down a motion by attorneys for Republican Gov. Elmer L. Andersen that the recount findings be thrown out.

The attorneys argued that the recheck of ballots was no more valid than the November tabulation by the State Canvassing Board which had shown Andersen the victor by 142 votes.

Presiding Judge J. H. Sylvestre said there was unanimous agreement by the panel on nearly 4,000 disputed ballots which came before them and said all three jurists adhered to the verdict for Rolvaag.

Andersen has 10 days in which to decide if he wants to appeal the recount decision to the Minnesota supreme court. He could waive the period, allowing Rolvaag to be seated next week.

Townships Slow in Filing Results of Mar. 12 Voting

City Receives 9 Bids On Garbage Collection

TEMPTATION to try some of the new spring hat styles was too strong for the committee planning the Northwestern Hospital auxiliary luncheon and style show yesterday. The auxiliary's annual event will be held Saturday at the American Legion club rooms with the luncheon at 1 p.m. and the style show to follow. Mrs. R. J. Dryden fits one of the hats on Mrs. Gordon Dow while Mrs. Gunder Legvold holds another frilly creation. In the foreground are some of the children's hats to be modeled. The public is invited and reservations may be made with Mrs. J. J. Womack.

Building Permits Approved Tuesday Total $858,000

Nine bids from persons interested in providing city garbage collection service on a lease basis were opened at the regular meeting of the Thief River Falls city council on Tuesday evening. Bids ranged from $15,444 to $40,000 for the collection per year and from $6,000 to $8,500 for purchase of equipment. The bids were tabled pending investigation and interviews with bidders.

Building permits totaling $858,000 were also approved with the largest permit being given to Northwestern hospital for an addition in the amount of $849,000. Also approved were permits to Ihle Insurance agency for an addition to an office building at 319 LaBree av. N. at a cost of $8,000 and to James Parkins for a domestic garage at 940 Knight av. N. at a cost of $1,000.

Arthur "Manny" Forsberg appeared on behalf of Fred Forsberg & Sons, Inc., and presented a petition to vacate part of Hughes avenue north of the Forsberg plant. He stated that the company planned a building expansion of 110x78 feet to be used for research development and testing. This expansion would extend across the end of Hughes avenue which has presently been used primarily as a plant parking area.

Included in the petition to vacate property is a request to vacate 4½ feet of right-of-way along Conley avenue north from Hughes street for a distance of 100 feet with this space to be used to bring the new addition in line with the present plant. A hearing was called for Tuesday, April 30, at 7:30 p. m.

Feasibility Report

Following the acceptance of a feasibility report from D. H. Stewart, city engineer, the council called for a hearing on April 9 at 7:30 p. m. for street improvements and related work on the west side of the city.

This project includes surfacing as follows: Arnold and Duluth avenues from Sixth to Eleventh street; Arnold avenue to Duluth on Seventh, Eighth, Ninth, Tenth and Eleventh streets; State avenue from Third to Sixth stret; Fourth street from Arnold avenue to the Great Northern tracks; and Fifth street from State to Kinney avenues.

Specifications were adopted for advertising for bids for a new police patrol car with bids to be

Hospital Auxiliary Holds Style Show

Fashion is going to ladies' heads this spring — especially for the annual Northwestern Hospital auxiliary style show which will feature hats at this year's luncheon. The 10th anniversary of the founding of the auxiliary will be observed at the event to be held Saturday at 1 p. m. in the American Legion club rooms.

Styles are distinctively different and enticingly exciting this year, the auxiliary committee reports, and should put all attending in the mood for Easter shopping. Local women will model the hats with head-piece styles for the younger generation to be modeled by children of auxiliary members.

Local stores cooperating with the auxiliary by furnishing hats include the following with models listed for each:

Elaine's — Mrs. James Disse, Mrs. Glenn Anderson and Mrs. James Walker;

Fashion Shop — Mrs. Kendall Gustafson, Mrs. Justus Larson and Mrs. Jarvis Prichard;

Junior Shop — Jacki Sinding, Pam Sinding, Jeffry and John Dagg;

Larson's Style Center — Mrs. Leonard Hanson, Mrs. G. A. Belto and Mrs. J. W. Ewing;

Penney's — Mrs. Earl Dagg, Mrs. Leland Steen, Mrs. Fred Sorenson, Karen Dagg and Cam Peterson;

S & L Store — Mrs. James Nepper, Kathie and Sally Nepper and Mrs. Lester Vigness.

Tax Collections in Pennington Co. Fall Behind 1962

Collections of taxes for the first two months of 1963, comprising mostly personal property taxes, showed a slight decline from the figure for the corresponding period of 1962. County Treasurer Ellsworth Jorgenson reported collection this year of $308,186, including $6,972.14 in transmission line taxes, compared with $314,442.66 collected last year to March 1.

Goodridge Lions To Sponsor Fire Safety Program

Demonstrations on fire prevention and fire safety will be given at a public meeting on fire afety to be held Wednesday, March 27, at 8 p. m. in the village hall in Goodridge. The program will be presented by Patrick Barry, deputy state fire marshall in Thief River Falls, and Roy Langevin, local fire chief, and is sponsored by the Goodridge Lions club.

Also to be discussed at the meeting will be a system of mapping and numbering the farms in the area for fire protection.

An additional feature of the program will be a demonstration on mouth-to-mouth rescue breathing presented by James Wilson, manager of Northwestern Bell Telephone company in Thief River Falls. Wilson will demonstrate through the use of Resusci-Annie, a life-size manikin with built-in breathing apparatus which makes it necessary to follow real-life procedure in the artificial respiration technique. A short movie on rescue breathing will also be shown.

Following the meeting lunch will be served by the fire department. Goodridge Lions urge all interested persons in the area to attend the informative meeting.

2 LHS Musicians In All-State Band

Two Lincoln high school musicians will be among 150 of the finest high school musicians in the state to play for the Northern Division of Music Educator's National conference to be held March 30 in Minneapolis, according to John Moum, local band director.

The Minnesota All-State band is comprised of students selected by audition and is the same group which played for the Minnesota Education association convention this fall. Participating from Thief River Falls will be Jerry Erickson, trumpet, and Ron Kvikstad, drums.

Pre-school Health Roundup Slated by Local PTA'S Mar. 30

Birth Certificates Are Needed for Annual Event at Washington School

Parents are reminded of the pre-school roundup which will be held Saturday, March 30, at the Washington school from 9 a. m. to 4 p. m. under the sponsorship of the local PTA groups.

All children who are five years old on or before Sept. 1, 1963, and who will be entering kindergarten in the fall are invited to attend. All rural kindergarteners and children who will begin school for the first time this fall must attend the roundup.

Invitations were mailed out this week, but new residents together with rural residents and others in the community who may not receive an invitation are urged to attend the roundup anyway.

Children unable to attend or those not receiving invitations are asked to call Mrs. Merle Lindberg at MU 1-1536 or Mrs. Margaret Race at MU 1-1336.

The child's birth certificate must be presented at the roundup if possible. This can be obtained at the clerk of court's office in the county where the child was born. A hospital birth certificate will not be accepted.

It has been requested that parents come to the roundup prepared to give information as to when their children have had their shots, and also other health information.

Diane Bjerke and Eldon Vigstol Exchange Vows

At a March 10 wedding in St. John's Lutheran Church of this city, Miss Diane Bjerke became the bride of Eldon Vigstol. The double-ring ceremony was performed by Rev. A. C. Seltz.

Mrs. Vigstol is the daughter of Mr. and Mrs. J. H. Bjerke of rural Thief River Falls, and the bridegroom's parents are Mr. and Mrs. Nels Vigstol of Plummer.

Floor baskets of white gladioli and pink carnations flanked the altar, with lighted tapers providing the altar setting. Organist Mrs. Sherman Idso accompanied soloist Kenneth Fortier of Warroad, as he sang, "O Happy Home," and "Oh, Perfect Love."

The bride, given in marriage by her father, chose for her attire a floor-length gown of silk organza, with silk chiffon overlay. Lace-embroidered appliques, trimmed the scoop neckline and the front and back of the full skirt which was detailed with side pleats caught by a bow in the back. The bodice was fitted, and the sleeves terminated in points over her hands. Her fingertip veil of silk illusion was attached to a wreath of seed pearls and lilies of the valley. She wore pearls, a gift of the groom. Her bouquet was of pink roses and white carnations in a cascade arrangement.

Matron of honor was Mrs. Lee Vigstol of Minot, N. D., and bridesmaids were Jan Blsek of Minneapolis, and Viola Scott of Thief River Falls. They were given gold bracelets as gifts from the bride. Their gowns were of aqua acetate and featured full skirts and rounded necklines which came to a V in back, where they were accented by a self-fabric rose and attached sash which fell to the hemline. The waistlines were detailed with cummerbunds. The attendents wore white, wrist-length gloves, white heels, and headbands of the same fabric as their gowns, and accented with roses of the same material. Their bouquets were of pink and white carnations in cascade arrangement.

Flower girl Sandy Cote, the bride's cousin, wore a floor-length dress of white acetate and a matching headpiece, and carried a basket trimmed with white carnations and baby pink roses.

The groom was attended by his three brothers, Lee Vigstol as best man and Richard and Russell Vigstol as groomsmen. The men of the bridal party wore black tuxedos. The groom's silver cuff links were a gift of the bride. Boutonnieres were of white carnations. Ushering duties were performed by Donald Pederson and by Don Bjerke, brother of the bride. They wore black suits.

Ringbearer Steven Vigstol carried a pillow of white embossed satin.

The bride's mother wore a two-piece dress of navy blue, while the groom's mother wore a two-piece dress in brown and white check. Their corsages were pink roses and white carnations.

About 130 guests were received at the reception which followed the ceremony. The three-tiered bridal cake was topped with a miniature bride and groom, with a background of pink flowers. Table decorations were aqua and white tapers, and pink roses in single vases. At the guest book was Darla Bjerke, sister of the bride; and Mrs. Duncan Bjerke, Audrey, Elaine and Brunell Sorenson displayed the gifts, while Lonna Boltz served punch. Mrs. O. H. Bjerke poured, Mrs. Olga Leach cut the cake, and Mrs. Martha Casavan served ice cream. The latter three ladies were aunts of the bride.

In charge of the kitchen were Mrs. Reuben Lawson and Mrs. Gail Rux. David and Daniel Vigstol were waiters at the head table, while Mrs. Vivian Carlson and Mrs. Doris VeVea served coffee to the guests.

Guests attending from out of town were from Brooks, Stephen, Plummer, Euclid, Red Lake Falls, Warren, Karlstad, Minneapolis, Strandquist, New Brighton, Coon Rapids, and East Grand Forks, Minn., and Grand Forks, Minot, Mayville, Montpelier, and Brocket, N. D.

The couple honeymooned briefly in Fargo, Detroit Lakes, and Bemidji. For travel, the bride wore a 3-piece knit suit of white and beige, and a corsage of pale orange carnations.

Eagles Aux. Holds Dinner On Unit's 13th Anniversary

Eagles auxiliary of Thief River Falls celebrated the 13th anniversary of its institution on Monday night, March 18, beginning with a 6:30 dinner prepared by Tillie Carlson and Dorothy Poolman, and served by the members of the men's aerie 2368. In attendance were approximately 150 members, of whom 22 were from East Grand Forks, 18 from Crookston, eight from Fargo, and seven from Hallock. Guests of honor were past-grand madam president, Lois Nelson of the Fargo auxiliary; Elizabeth Schmidt, state vice-president, Crookston; and Myrtle Tjon, state outside guard, East Grand Forks.

Dinner was followed by a business meeting presided over by madam president Ella Larson, A letter was read from Bill Allison, in which he expressed his appreciation for the birthday gift given him, and the sponsorship of the auxiliary of his year at Home on the Range.

Several other notes were read, and brief talks were given by Lois Nelson, Elizabeth Schmidt, Myrtle Tjon, other visiting members, and local past-presidents and charter members. The Hallock auxiliary extended an invitation to their 5th anniversary celebration, to be held there April 27.

Prizes were won by Lois Nelson, Fargo; and Helene Eckhart of the local auxiliary, and a half-year's dues were won by Ida Teigen, president of the Fargo auxiliary and local members Muriel Steinhauer, Loretta Helle and Dolly Davidson. Helene Eckhart and Dolly Davidson were in charge of entertainment.

After a social hour, coffee and birthday cake were served. The three-tiered cake, decorated in white, yellow and blue, was a gift from the local Eagles aerie. The tablecloth on which the cake was displayed was presented by Olga Larson and Ella Patznick, local Mothers of the Year in 1961 and 1962 respectively. Floral gifts were received from Detroit Lakes and Hallock auxiliaries.

The next meeting will be April 1.

Newfolden Pupils Win In Sub-Dist. Speech

Newfoldn high school nosed out Karlstad 53 to 52 for the trophy awarded at the Central Sub-District 32 speech festival held at Middle River last Thursday. Eleven of the 14 Newfolden contestants received "A" ratings and seven of the Nordic contestants were selected to represent the Sub-District at the District 32 speech festival to be held at Karlstad on Tuesday, March 26.

Scoring for the team award at a Speech Festival is made on the basis of 4 points for an "A", 3 points for a "B", 2 points for a "C", etc. Other schools involved and point totals were: Greenbush, 48; Lake Bronson, 30; and Middle River, 26. Karlstad had the most contestants with 15 followed by Newfolden with 14, Greenbush with 13, Middle River with 10 and Lake Bronson with 9. Mrs. May Larson is the Newfolden speech and dramatics coach.

Competition in the speech festivals is divided into eight categories: Serious Interpretation, humorous Interpretation, Original Oratory, Memorized Oratory, Discussion, Extemporaneous Speaking, Extemporaneous Reading, and Story Telling. Only two contestants can advance from the sub-district to the district in each division.

Newfolden swept two of the divisions, Serious Interpretation and Memorized Oratory. Dorothy Garthus and Patricia Sourdif won in the first of these two divisions, while Sharon Nelson and Jan Sabo won in the latter division. Other winners who will represent Newfolden in the District Festival are Mona Tanheim, Humorous Interpretation; Jonathon Dyrud, Discussion; and Vernon Olson, Extemporaneous Reading.

Five contestants from Greenbush, three from Karlstad and one from Lake Bronson were picked to compete in the district festival.

Other contestants entered in the Sub-District speech festival from Newfolden and their ratings were: "A" — Karen Sannes, Emilie Carlson, Karen Mortenson and Linda Nyvall; "B" — Kenneth Anderson, Karen Thompson and Orlette Melvie. One contestant from Newfolden to the Sub-District, Lester Bakke, was sick and could not attend. Two years ago Newfolden won both the Sub-District and District speech festivals.

A three-day circuit convention of Jehovah's Witnesses will be held in Thief River Falls the third weekend in April, according to R. H. Wetenkamp, presiding minister of the Thief River Falls congregation.

The assembly is expected to draw approximately 600 delegate ministers to attend the sessions at Lincoln high school.

W. G. Patterson, circuit supervisor of Jehovah's Witnesses for northern Minnesota, and D. G. Bourne, district supervisor representing the world Headquarters of Jehovah's Witnesses in Brooklyn, N. Y. are coming to Thief River Falls for the gathering, Wetenkamp revealed.

Purpose of the assembly, according to Wetenkamp, is to provide advanced Bible instruction for Jehovah's Witnesses and others attending to enable them to apply Bible principles more fully to their everyday lives.

"Jehovah's Witnesses carry on an intensive Bible education program at the local level in the community," Wetenkamp stated. "Our coming together in assembly is not for the practicing of ritual, but is to gain a deeper knowledge of Bible instruction as well as methods of sharing that information with others.

"An additional feature of our assemblies," Wetenkamp said, "is the encouragement received from a period of intensive Christian fellowshipping."

Marshall County To Hold Third Polio Clinics

Marshall county will hold its third oral polio clinic on Sunday, March 31, according to Carlyne M. Raymond, county public health nurse. Vaccine for Type III polio will be given at the same nine locations in the county as the first two clinics.

School children must again bring a registration form home to be filled out and brought with them to the clinic attended. Everyone in the county over six weeks of age is eligible to receive the vaccine, whether or not they received types I and II on January 13 and February 14.

Grand Forks Coin Club Plans Show

The Grand Forks Coin club will hold its first annual Red River Valley Coin show Saturday, March 30, at the Grand Forks city auditorium from 9:00 a. m. until 10:00 p. m.

The show will feature displays of old and scarce United States, Canadian and foreign coins, as well as a coin auction beginning at 2:00 p. m.

Several dealers will be present buying, selling, and appraising coins.

BIRTHS

Mr. and Mrs. Donald Appell, St. Hilaire, boy, March 19, 9 lb. 13 oz. Mark Jay.

Mr. and Mrs. Jerry Skjerven, Plummer, girl, March 19, 7 lb. 13 oz.

Mr. and Mrs. Duane Skoglund, Holt, girl, March 20, 6 lb. 6 oz.

Public Opinion

It was disheartening to hear that Thief River Falls stores will not remain closed from 1:00 til 3:00 on Good Friday so employees may attend the Good Friday services. We are not all Catholics and have our services in the morning.

Is the real reason to inconvenience shoppers, or is it that we might lose some profit?

After the suffering Christ endured on the cross that Good Friday to save us, we ought to hang our heads in shame that a couple hours profit or inconvenience would be more important than honoring Him.

Is it any wonder that Godless communism takes such strides in our world today?

An Egg is an Egg is an Egg

You can't improve on a good egg, mild in flavor with a delicate white and upstanding golden yolk. Its flavor blends with almost any food, but is particularly enchanced with butter.

Eggs are so good in themselves that they hardly need any embellishments. But variety is welcome when they're eaten as often as they are during Lent or when prices are low.

Here are two new egg dishes to try for your lunch or supper this week. Both are delicious with toast or a vegetable like asparagus or a crispy-skinned baked potato.

Eggs in Brown Butter

2 tablespoons butter
4 eggs
salt and pepper
1 teaspoon vinegar
1 tablespoon chopped parsley or chives.

Melt 1 tablespoon butter in a medium-size skillet. Add eggs, sprinkle with salt and pepper; fry to desired stage. While the eggs are frying, heat the other tablespoon of butter in a separate pan until it turns a deep golden brown color. Remove from heat and stir in vinegar. Remove eggs to a warm plate. Pour the brown butter over the eggs and sprinkle with parsley or chives.

Use tarragon vinegar if you have it, or add a pinch of tarragon to the butter-vinegar mixture.

Egg Puff

1½ cups milk
2 tablespoons butter
¾ teaspoon salt
¼ teaspoon pepper
6 eggs
parsley

Heat milk and butter in upper part of double boiler. Meanwhile, add seasonings to eggs and beat very light. Add hot milk and combine thoroughly. Pour into upper part of double boiler and cook over gently simmering water for 30 minutes. Do not overcook.

Serve on warm plates by scooping out enough for each serving with a large spoon. Garnish with a sprig of fresh parsley or a dash of the dried herb.

Note: Put pan to soak in warm water as soon as possible!

Mrs. Craig To Attend State Music Meeting

Mrs. Vera B. Craig, director of public school and vocal music at the Newfolden community school, will leave on Thursday, March 28, to attend a joint meeting of the MENC and Minnesota Music Education association to be held in Minneapolis on March 29, 30, and 31.

She will be accompanied by Mark Calson and Sharon Nelson, Newfolden high school students who are members of the Minnesota All-State Chorus which will present a concert on Saturday evening, March 30, under the direction of Paul J. Christiansen, director of the Concordia college choir at Moorhead. This is the same chorus which presented a concert at the Minnesota Education association convention in Minneapolis last fall.

North Central Earns $534,000 Profit in '62

Hal N. Carr, North Central president, announced today in the airline's annual report that the company earned a net profit of $534,000 on record revenues of $27,160,000 during 1962. "This is the largest profit in our 15-year history," Carr said.

The Minneapolis - St. Paul-based carrier also continued to lead the nation's 13 regional airlines in volume of passengers and cargo carried during the year.

"The record profit was earned after returning $316,000 in excess profits to the federal government under the class mail rate — the second consecutive year the company reached this profit-sharing position through efficiency of operation and an intensified cost control program."

North Central again set the pace for the regional airline industry by carrying 1,123,393 passengers. Cargo volume increased 13 per cent over the 1961 record, made by North Central. The 25,346,000 lbs. of cargo, including air express, freight and mail, carried in 1962 was over seven per cent ahead of the second-ranking regional airline.

The company also maintained an excellent operating performance record. Of the 15,000,000 miles scheduled in 1962, 99 per cent were completed; and 81 per cent of the 189,000 flight arrivals were on time. This is recognized as one of the most outstanding performance and on-time records in the entire airline industry.

North Central has a perfect 15-year safety record and, every year of its operation, has been awarded a citation by the National Safety Council. Since starting scheduled service in 1948, the airline has carried 7,500,000 passengers and flown 1,210,000,000 passenger miles without a single fatality or injury to passengers or crew members.

The airline serves 90 cities in 10 states and Canada over a 7,000-mile route system.

Council Opens Bids on Garbage Collection Tues.

(Continued from page 1)

opened at the regular meeting on April 16.

Accept Resignations

Resignations were accepted by the council from Oscar Arndison at the city sewage disposal plant and Russell Lane at the municipal liquor store. A transfer of Leland Enge from the water plant to the sewage plant was also approved. The council also approved payment of $3,947.80 as its share of the county poor relief for 1962.

Roy Jensen was granted a three-year lease on surplus city land near the dump grounds at a price of $2 per acre per year. Northwestern Bell Telephone company was given permission to bury cable on Eighth street between Knight and State avenues and an application for cigarette license by Thelmar Tveten at the Stewart Hotel was approved.

John Jorgenson Jr. appeared before the council in regard to appraisal of his land for airport extension. He believed his land was valued inequitably with other land appraised and also noted that he could be forced to forfeit $26 per acre if the land was taken out of the ASC program. Action on the matter was tabled for further study.

A letter from H. J. Pluth, 210 Crocker av. S., was read to the council, requesting the city to consult with the Soo Line railroad in regard to installing signal lights at the First street grade crossing. Mayor Orin Green was requested to contact the railroad in regard to such signals.

Communications were received from Roy Arneson, negotiator for Local 664 of the Municipal Drivers and Helpers Union, informing the council of the group's acceptance of a health insurance policy and expressing concern over the future employment of city employees who might be affected if the city collection of garbage is handled on a franchise basis.

Approval was also given to the Mayor's re-appointment of S. A. Honebrink and Clifford Bjorkman to the airport commission and the appointment of George Rockstad to succeed Stanley Pladsn. All terms will expire December 31, 1964.

MORE THAN 100 teachers, principals and superintendents from area schools attended an area in-service training workshop on reading Tuesday evening at Washington elementary school in Thief River Falls. Instructor for the session was Dr. Merton Andresen, director of student teaching at Ellendale State college, Ellendale, N.D. The session was voluntary for all persons concerned with no requirement for attendance or credit received. More than 40 local elementary teachers attended in addition to school personnel from Greenbush, Badger, Warren, Goodridge, Plummer, Red Lake Falls, McIntosh, Hallock and several other communities.

quired for control.

(5) Don't use more of the pesticide than is absolutely necessary to meet the control objective. Be sure no areas receive a double dose.

(6) Don't use a carrier, in which the pesticide is mixed, which is toxic to wildlife.

(7) Don't use the pesticide during the main spring migration and nesting periods of birds. Apply at seasons of the year when wildlife damage will be least, such as during the winter, and at the beginning of a dry period rather than before a rain.

(8) Don't use the pesticide without adequate supervision to insure that all precautionary measures are taken.

(9) Keep sprayed livestock out of pond areas.

(10) Store pesticidal materials in original labeled containers placed out of reach of children, pets and irresponsible people.

(11) Dispose of empty containers by burying or other methods so they pose no hazard to humans, animals, or valuable plants.

PREPARING for the Newfolden high school band concert to be presented Friday at 8 p.m. in the Newfolden community school gymnasium are the band members pictured above. Left to right are Leon Elseth, Terry Strandquist, John Rokke and Jerry Strandquist. The 43-piece band is under the direction of Dennes Borman. Music will range from light classical style to "Music Man" highlights to Latin numbers to popular and march music. A unique duet with Warren Sagstuen on trumpet and Hjalmer Lofstrom on drums will also be presented. The concert is free to the public.

Annual Convention Held at Newfolden Tuesday

The Marshall County Democratic-Farmer-Labor convention was held in Newfolden, Tuesday, March 19. Birger Andeen, Argyle, was re-elected county chairman, and Mrs. Albert Durand, also of Argyle, as county chairwoman. Vice chairman is Oscar Rokke, Newfolden, and vice chairwoman Mrs. John Bergeron, Argyle. Also re-elected was Phillip Labine, Argyle, as secretary-treasurer. Oscar Rokke was elected as delegate to the state central committee.

Bob Prickett, Middle River, acted as convention chairman.

Other positions filled included those on the executive committee. Elected were Andrew Efterfield, Walter Larson, Hilbert Hedquist, all of Argyle; Harry Engin, Holt; and Prickett.

March 26 Set as Date for Plummer Creamery Meeting

Patrons' equities in Plummer Cooperative Creamery association will be distributed at the annual meeting to be held Tuesday, March 26, at 1:30 p. m. in the Plummer hall, according to Oscar Lunke, secretary.

Annual report of operations will be given and directors for three-year terms will be elected to fill the expired terms of E. F. Erickson and Anthony Scheifert. A free lunch will be served at the close of the meeting.

Muzzy Holstein Is High Producer

Augenguile Sovereign Noelle, a five-year-old Holstein cow owned by James R. Muzzy, Thief River Falls, produced 14,400 lbs. milk and 710 lbs. butterfat in 305 days.

The University of Minnesota supervised the weighing and testing of production as a part of the official breed improvement programs of The Holstein-Friesian Association of America.

In announcing the new record, a spokesman for the national Holstein organization said that it compared to the average cow's annual output of 7211 lbs. of milk containing 270 lbs. of butterfat.

Maude Johnson, Former Local Teacher, Dies

Miss Maude Johnson, a music teacher in the local schools for a number of years, and a resident of Red Wing since 1937, died in the Red Wing hospital recently.

Funeral services were held from Christ Episcopal Church in that city, with the Rev. Monroe Bailie officiating. Burial will be in the Oakwood cemetery in the spring.

Miss Johnson was born in Frontenac, Minn., the daughter of Hans and Garinon Johnson, and when a young girl, moved to Red Wing with her family. They operated the Goodhue County farm for many years.

A graduate of Red Wing high school, she also attended the Chicago school of Music, and taught school in Thief River Falls and in Marshall for some time. Retiring in 1937, she returned to Red Wing and there served as choir director of Christ Episcopal Church until 1945. She was also a member of the Junior Guild of that church.

Survivors are several nieces and nephews.

Mrs. Thea Olson, Former Resident, Dies In Mpls.

Mrs. Thea K. Olson of Minneapolis, mother of Mrs. Jake O'Hara of this city, died in Minneapolis on her 77th birthday, March 11.

Funeral services were held March 14, from the Knaeble Funeral Home of that city, and interment was at Crystal Lake cemetery.

Mrs. Olson resided here at one time, but moved to Minneapolis with her husband upon his transfer there in 1924. He preceded her in death, June 12, 1959.

Survivors are two daughters, Mrs. Jake (Marie) O'Hara of this city and Mrs. I. J. (Hilda) Bobendrier of Minneapolis; four grandchildren; 16 great-grandchildren; two sisters, Mrs. Gurina Iverson of Thief River Falls, and Mrs. Betsy Monroe of Hibbing.

ODDITY in the world of gardening is this duck-shaped Pontiac potato grown by Mrs. Hattie Lanska in her garden at 324 Arnold av. S. in this city. All winter the potato had been kept on a cupboard shelf because of its unusual shape. A short time ago the tuber began to sprout, with the sprouts coming in most appropriate places as evidenced by the above photo. With the exception of slicing off the bottom to make a flat rest for the potato, Mrs. Lanska has merely let the potato take its natural course.

Library Friends Approve Changes In Constitution

Changes in the constitution of the Friends of Carnegie Public Library in Thief River Falls were made at a meeting of the organization Tuesday. The changes place the fiscal year from September 1 to August 31 instead of April 1 to March 31 and set the annual meeting date in May rather than April.

Also discussed by the group were plans for National Library Week which will be held April 21-27 with Mrs. Marshall Hankerson and Mrs. Douglas Stewart in charge of downtown displays and the annual flower show to be held this summer.

The organization has also ordered a steel stack for books which will be donated to the library when it arrives. Annual meeting of the Friends of the Library will be held early in May when officers will be elected for the coming year.

7 Traffic Cases Tried Monday in Municipal Court

Seven cases, all dealing with traffic violations, were tried in Thief River Falls municipal court Monday before Judge Stanley N. Mortenson. Two other cases were dismissed and one plea of not guilty was entered.

Highway patrol cases included Earl Marquis, Goodridge, and Frank Lynch, rt. 3, Red Lake Falls, each fined $10 with $5 suspended for failure to display 1963 license tabs; Calvin King, Gatzke, fined $25 for no driver's license; and Duane Jesperson, rt. 1, Plummer, fined $25 for driving over the centerline.

Police cases included Stanley Flattum, city, forfeited $10 bond for failure to display 1963 license tabs; and Floyd Holzknecht, city, fined $15 on a charge of driving too fast for conditions, accident involved.

Lincoln PTA To Have Discussion On Scholarships

Designed to answer questions on testing, student loans and scholarships, a panel discussion will highlight the monthly meeting of the Lincoln high school Parent and Teacher association Monday at 8 p. m. in the school auditorium.

Appearing on the panel will be Richard Edlund, senior high school principal; John Ziegler, senior high school counselor; and representatives from Concordia college (a private school) and Bemidji State college (a state school).

Especially encouraged to attend are all parents of students in the 11th grade this year and other persons interested in having their children attend college in the future.

Borman Will Attend Music Meet in Mpls.

Dennis L. Borman, director of instrumental music at Newfolden high school, will attend a one-day meeting of the Minnesota public School Music League in Minneapolis on Saturday. He is president of the District 32 Music Educators for the present year.

In this capacity, Borman is the secretary of the District 32 Music Committee which has Roy J. Anderson, Stephen, as chairman, and Elmer Doran, high school principal at Greenbush, as the other member.

Purpose of the meeting is to further consider the absorption of the Minnesota Public School Music League into the Minnesota State High School League. A preliminary meeting on the state level was held last fall to set up a committee to work toward accomplishing this amalgamation.

Acreage Limits Taken Off Sugar Beets Again in '64

Congressman Odin Langen had high praise Saturday for the Agriculture Department announcement that there will be no acreage restrictions on the 1964 crop of sugar beets. "It's good news for Red River Valley beet farmers," said Langen, "who will now be able to expand acreage as plant expansion progresses in the area."

Langen noted that this order makes unrestricted plantings possible for two years in a row, "which should encourage existing sugar plants to expand facilities and make it possible for new plants to get on a firm footing."

"With no acreage restrictions," predicted Langen, "the Valley will establish a production history that will be of value in the years to come, even if restrictions are reimposed in the future."

4-H CLUB NEWS

New Solum 4-H

The New Solum 4-H club held its meeting at the Roy Copeland home February 21. Loris Relerson, president, presided over the meeting. Roll call was answered by naming a movie star.

Mrs. Bert Kron explained the requirements for the Favorite Food Show held March 9 at the city Auditorium.

Mrs. Hjalmer Aaseby talked about the sewing project. A meeting for the girls enrolled in sewing was held at the Aaseby home Wednesday evening.

These dates were given to be placed on your calendar to be remembered: Share the Fun contest and plays, week of April 22; Conservation Camp, June 5-8; Health Camp, June 9-13; Dairy Day, June 11; Crookston Club Week, June 17-21; Junior Leadership Conference, June 25-28.

Program included group singing, reading by Linda Aaseby, project talks by Sandra Dahl, Judy Relerson and Karen Kron; demonstration by Harvey Lambert; jokes by Keith Kron and a reading by Harley Lambert. The next meeting will be on March 21 at the Emil Hellquist home.

The Roy Copeland and Percy Hagen families served lunch.

Star 4-H

President, Claire Ann Dahlen called the Star 4-H meeting to order on March 11, 1963.

Discussed was a group picture of 4-H members and leaders. It was also decided to clean the school house after the April meeting. Play and Share-the-Fun was also talked about.

Sandra Holen and David Solberg gave project talks. LaVonne Holen and Terry Wells gave interesting demonstrations. Also mentioned was the death of T. A. Erickson, the first 4-H leader of Minnesota.

For the program which was given by the Robert Parnow family, Mrs. Holen gave a reading on "Farming". The girls judged dress and Mrs. Parnow gave helpful hints and advice. Mr. Robert Parnow worked with the boys on ropework, such as tying knots.

Games were led by Mrs. Alvin Fjeld which all members enjoyed. The Mayor Holen family served lunch. For our lunch we enjoyed "Grahamcracker Bars" made by LaVonne Holen. She gave a demonstration on these bars, which were very good.

Our next meeting will be April 8, 8:15 p. m.

State Cage Tourney to Start Today at 2

The 51st annual Minnesota state high school basketball tournament will begin play this afternoon, Thursday, on the Williams Arena court on the University of Minnesota campus in Minneapolis.

The tourney gets under way with the Austin vs. Marshall game at 2:00 p. m. At 3:30 p. m. the Bemidji Lumberjacks, champions of Region Eight, will play the Anoka team of Region Four. Thursday evening's sesion will find Cloquet of Region Seven playing Bloomington of Region Five at 7:30 p. m.; and Wells meeting Sauk Centre of Region Six at 9:00 p. m.

Only two of the teams that competed in last season's state tourney were successful in gaining berths in this season's tournament. Coach Lloyd Stussy's Wells squad and coach Ben Trochil's Cloquet club are the only returnees.

Western Auto To Sponsor Miniature Racing Contest

Western Auto store in Thief River Falls is the official headquarters for the 1963 Ford-Aurora grand national model motoring competition. The national miniature racing contest is for entrants who compete with scale model, electric-powered cars on an indoor course that is extremely tricky.

Everyone is eligible for the competition which opens Friday at 7 p. m. at Western Auto. Contestants are asked to register before the opening race and may practice on the official course anytime during store hours beginning today. Racing will be held every Friday night for eight weeks.

The eight weekly winners will compete in a store run-off on May 17. The winner will receive a championship trophy and will be eligible to compete in the state finals. The national grand champion will receive a 1963 Thunderbird sports roadster.

Further details on the contest are available at the local sponsoring store.

1,500 Acres More Wetlands Bought

Another 1,500 acres of wetlands have been approved for purchase under Minnesota's Save the Wetlands Program, the Conservation Department announced. A report from the department's section of game said the projects are located in six different counties and will cost $94,000 when purchased. The areas will be added to the 115,000 acres previously acquired under the program. The program has a primary goal of 250,000 acres.

Preliminary Deer Hunt Bag Reported

94 Deer Reported to Date Taken North of T. R. Falls

Hunting in Minnesota's nine day deer zone brought success to a high percentage of hunters, according to checks made by conservation department game managers.

A total of 2,189 hunters reported taking 1,505 deer for a success ratio of 68 per cent. Koochiching county was once again the hot spot. The county sportsmens club, which was assisting game managers on the survey, reported a phenomenal success of 76 per cent among 890 hunters interviewed.

One border resort catering to deer hunters reported 70 hunters taking 68 deer. Hunters from Thief River Falls reported taking 94 deer north of that city and said they saw 82 moose while in the field.

Five major state-owned wildlife management areas produced a total of 1,006 deer, with 216 of these being taken from the Mille Lacs wildlife area.

Final state-wide totals will not be available until all hunter report cards have been tallied and the annual post card survey has been completed.

Annual Meeting of Curling Club Slated Monday

Annual meeting of the Thief River Falls Curling club will be held Monday evening at the Eagles club rooms in this city. A social hour will begin at 6:30 p. m. with the dinner to be served at 7:30 p. m. Tickets are available at a cost of $1.25 each.

Three directors will be elected for two-year terms with the terms of Charlie Smith, Russ Embury and Herbert Hartje expiring. Directors with one more year to serve on the board include Justus Larson, president; Kenneth Liden, treasurer; and Curtis Johnson, director. Officers will be elected by the board at a reorganizational meeting.

Keeping Score with "Huck" Olson

They Paid the Penalty

That was a well-coached Lake Bronson team that Jerry Furuseth brought down to the Region Eight cage tournament last week. The team, boasting an unbeaten record as it carried the hopes of District 32, was staffed by some talented basketball players.

But the Braves dropped the two games they played in the tourney, losing a first-round game to Thief River Falls, 89 to 64, and to Fosston in a third-place game, 61 to 50. *And these losses, perhaps, could* be the result of Lake Bronson's comparatively "easy" schedule in competing solely in District 32.

It's not the first time that a team has come down from District 32 carrying an unbeaten record into Region Eight tournament play, and then being beaten. Several years ago the Kennedy Rockets, with the Sonju twins, Wayne and Lyndon Langen, Louie Deere, and Gary Olstad, were unbeaten until the regional, and then were sidelined, once by Thief River Falls, and once by Bemidji.

Coach Furuseth realizes that the District 32 champions were handicapped by the fact that the squad did not meet out-of-district teams. It's not a simple matter to arrange a schedule that will carry the team against a "big" school and on a "big" court. The schedules are drawn up a year or two in advance, and the District 32 team coaches cannot foresee an unbeaten season and so they bring their teams into the regional tourney untested against A-one competition.

Coach Furuseth, with such players as forwards Wally and Leland Sele, and center Alan Anderberg returning for next season's play, intends to make very effort to schedule two or three games with teams in Districts 31, 30, or 29. And would like to play a game or two on the Bemidji State or Concordia college courts.

And speaking of Anderberg, that 41-point total that he scored against the Prowlers in the Braves first-round game, must have established a Region Eight scoring record. I have checked through my scoring sheets, and Anderberg's mark of sixteen field goals and nine free throws is a record.

Honors for Jerry

An air mail letter from Harvard University's office of sports information states that center Jerry Jorgenson and defenseman Dave Johnston have been named to receive Harvard's two highest hockey awards.

Jorgenson, who moved into center for Gene Kinasewich and Bill Fryer on a line that sparked the Crimson's nine-game winning streak that closed out the season and carried it to the Eastern title, is the winner of the Donald Angier Hockey trophy. This award is made each year to the player showing the greatest general improvement during the course of the season.

Jerry, a senior, closed out his college hockey career this season, and he earned his third hockey letter as a member of coach Ralph Weiland's Harvard varsity squad.

A Season's Single Game Record.

Dale Glass, a member of the Farmers Union Oil team in the Service bowling league, set a single game record on Monday night when he racked up a 279 game. And he came within a pin of marking up a perfect game.

Dale, bowling on the Family Bowl's number five and six lanes, put together nine consecutive strikes. On his tenth try, Dale left the three-pin standing. He cleared that for a spare, and then added a strike for his 279-pin game.

Who But the Richardsons?

The famed Ernie Richardson rink of Regina, Sask. won the Scotch Cup curling series in the four-rink tournament that was concluded in Scotland on Friday night. It marked the fourth time that the Richardson rink had won the series. The Canadians, who competed against rinks from the United States, Sweden, and Scotland, posted a mark of five wins and one loss. And the lone loss was a 7 to 6 defeat by the Mike Slyziuk rink of Detroit, Mich.

And, according to the news reports, the Americans had the Richardson rink all set for a defeat in their second match, too. One shot decided it in the ninth end. With Richardson leading, 8-6, U. S. skip Mike Slyziuk had only to tap out a wide open Canadian rock to count four with his last stone and take a stranglehold on the cup. He was heavy and very narrow and as the Canadians counted one the Americans were counted out, losing the match, 13-6.

On the local curling scene, the seasons will officially come to a close on Monday evening, March 25, when the local club holds its annual meeting and banquet at the Eagles club. 7:30 p. m. is the hour set for the commencement of the festivities.

It takes about 60,000 blue corduroy jackets each year to satisfy the demands of FFA members throughout the nation.

Solon Says Property Taxes for Schools up 353 Pct. Since 1946

Warning that expenditures for education in Minnesota may be getting out of hand and require "hold the line" treatment by the state legislature was sounded today by Rep. Roy E. Cummings of Laverne, veteran Rock county legislator.

Cummings cited a survey he has conducted in conjunction with state tax and education departments shows expenditures for schools, including state and federal aids and school property taxes.

The survey, he said, disclosed that between 1946 and 1961, a 16-year period, the number of pupil units in Minnesota public schools *rose 70 per cent. At the same* time, property taxes for school purposes alone rose 353.3 per cent; school aids from the state rose 508 per cent with federal aids rising 1,225.2 per cent.

Where in 1946, there were 440,822 pupil units; school property taxes totaled $40,846,663, state aid totaled $21,549,265, and federal aids, $542,604.

In 1961, there were 756,154 pupil units. State aids amounted to $131,121,128, property taxes for school purposes totaled $205,117,157 and federal aids went to $7,190,843.

"During this entire period," Rep. Cummings said, "the taxable value of all property in the state rose but 63.1 per cent — from $1,304 million in 1946 to $2,197 million in 1961. This is why there has been such a large increase in the percentage of taxes levied on the local property owners."

Rep. Cummings' survey showed that the average net cost per pupil for both capital outlay and maintenance rose sharply, as well.

In 1946, the capital outlay for each pupil unit was $14. In 1961, it had risen to $164 per pupil unit, an increase of 1,071.4 per cent.

"Where we may be able to increase state aids a little in this session, I feel we have reached the time when we should strive to hold the line as much as possible," Rep. Cummings said. "Some 65 to 70 per cent of our people cannot increase their income as fast as we are increasing our spending."

NEWFOLDEN SOLDIER ENDS COMBAT TRAINING MAR. 22

Army Pvt. Richard A. Ellingson, son of Mr. and Mrs. Arthur Ellingson, Newfolden, will complete eight weeks of advanced individual infanty training at Fort Polk, La., March 22. Ellingson is receiving instruction in combat techniques and in firing the M-14 rifle and M-60 machinegun, two of the Army's newest infantry weapons. The 18-year-old soldier entered the army in November 1962. He is a 1962 graduate of Newfolden high school.

U.S. Chamber Hits Savings Bond Sale by Chain Letter

Treasury Department and Better Business Bureau Both Condemn Practice

The endless chain savings bond scheme which swept the country a few years ago has reappeared and again is being promoted as a get-rich-quick lure to fool the gullible, Roland K. Larson, executive secretary of the Thief River Falls Chamber of Commerce, warned local residents today that this sales plan is in violation of both postal fraud and lottery laws.

Larson also cited the National Better Business Bureau, with which the Chamber is affiliated through membership, as stating that, although participants in the chain letter scheme may think they are doing the government a favor, the United States Treasury Department strongly disapproves of the sales of savings bonds through such unlawful methods.

Typical Letter

A typical savings bond endless chain letter, Larson explained, lists the names and addresses of 11 people, and is sold person-to-person. An individual desiring to participate, pays the person whose name appears at the bottom of the list an $18.75 bond, and is required in the presence of the seller, to mail another $18.75 bond to the first name on the list. The new participant then makes two copies of the letter and sells it to two other people. The participant is told that when his names reaches the top of the list, he will receive bonds totaling $38,400.

The Treasury Department has condemned use of savings bonds in chain schemes, as essentially get-rich-quick endeavors, which do a distinct disservice to the savings bond program.

High Record Set in January by AAA for Service Calls

The winter of 1962-63 set an all-time record for the number of emergency road service calls handled by AAA automobile clubs, Hugh M. Craig, executive secretary of the Minnesota AAA, said today.

The motoring organization official reported that during the worst of the sub-zero cold wave last January AAA clubs in Minnesota averaged 15,000 service calls each day. The Auto Club of Minneapolis alone handled 5,000 service calls daily and the St. Paul Club more than 1,000 each day during the cold wave.

The majority of calls were for battery failure, Craig said, and when the rush for service was on, . . "executives and employees from all departments pitched in to man switchboards during the emergency which we call 'Operation Zero.'"

Farm Land Prices in Upward Trend in 1962

After two years of relatively little change, Minnesota land prices resumed a slight upward trend in 1962, according to agricultural economists Dale O. Solum and Philip M. Raup at the University of Minnesota.

The increase for the state as a whole was two per cent — still small in comparison to the average of 8 per cent annually from 1953 through 1959.

Activity in the land market has been at a low level for several years and continued low in 1962. Fewer than 3 per cent of the farms changed hands through voluntary sales during the year — a rate of turnover 25 per cent below the 1959 level, according to U. S. Department of Agriculture estimates.

The biggest increase in activity was in number of farms transferred through inheritance and gifts, with 10.4 such transfers per 1,000 farms in 1962, compared to 7.7 for 1961.

Forced sales, such as foreclosures and tax sales, were at the lowest level since 1954.

The 1962 average price per acre is estimated at $150, or $3 above the previous year. This is compared with $155 in 1960, $147 in 1958, $126 in 1956 and $113 in 1954.

The estimates by Solum and Raup are based on a questionnaire returned by 904 respondents throughout the state—farm real estate dealers, bankers, farm loan agents, lawyers and others with knowlege of the local farm real estate situation.

Average land prices by regions of the state were: Southeast, $192; Southwest, $250; West Central $138; East Central $99; Northwest, $104 and Northeast, $69. Considering the period since 1940, the greatest percentage increases in land values have been in the western and southern regions.

Since 1955, however, the greatest increases have occurred in the Northeast and Central regions.

What was the intended use of farm land by buyers? About 49 per cent of the farms sold in 1962 were bought by purchasers who intended to operate the land as self-contained units and who owned no other farms. More than 40 per cent of the sales were to operating farmers who already owned other farms. Investor buyers accounted for the remaining 11 per cent of the sales.

Credit financing reached a new high in 1962 of 81 per cent of all Minnesota farm sales. This proportion has been rising steadily since 1957, when 73 per cent of farm purchases involved credit financing.

Land contracts in 1962 remained the most important credit instrument in most of the state; however, use of mortgages increased for the first time since 1942. For the state as a whole, 42 per cent of the sales were financed by land contract, 39 per cent were mortgage sales and 19 per cent were for cash.

The increased popularity of the land contract reflects a widespread trend throughout the Midwest. This form of financing in 1962 was used in more than half the land transfers of Minnesota and Wisconsin and in more than 40 per cent of those in Iowa, North Dakota and South Dakota.

The economists say the mortgage is favored by farm expansion buyers, reflecting their superior asset position in comparison to operating farmers who own no other land. The investor buyer, however, tends to prefer a land contract or a cash sale, in that order, over use of the mortgage.

Higher Coverage on Federal Crop Insurance in '63

Barley, Flax, Wheat Crops Covered In Pennington County, Drotts Reports

Higher coverage and improved benefits on Federal Crop Insurance are available to Pennington county *farmers on their 1963 crops*, according to David Drotts, Federal Crop Insurance agent for the county.

In this county the crops eligible for the U. S. D. A.'s "All Risk" Federal Crop Insurance during the coming crop year are, barley, flax and wheat.

The higher FCIC coverage in Minnesota this year includes a 20 to 30 per cent increase in wheat protection, and a 30 to 60 per cent increase in soybean coverage. Last year, corn protection was increased from 20 to 35 per cent and the dollar selections against the guaranteed bushel coverage went up in many counties.

A Harvest Bonus is included in All-Risk Federal Crop Insurance coverage for the first time this year. This new bonus indemnity means extra dollars for farmers when the crop is harvested, but still falls below the guarantee on his Federal Crop Insurance policy.

Information and applications are available from Drotts in his Federal Crop Insurance office in Thief River Falls.

State Employment Total above 1962

21,000 More Workers In February Than Year Ago

Nonfarm employment in Minnesota in February was at a level almost twenty-one thousand above that for February, 1962, it was reported today by Frank T. Starkey, commissioner of the department of employment security. However, the figure of 957,500 employed last month represented a decline of 5,500 from January.

There were seasonal losses over the month of 900 workers in manufacturing, 2,800 in construction and 3,400 in trade. Within the manufacturing group small employment changes among the durable goods categories balanced out to virtually no net change. The manufacturing loss was concentrated in the food industry as the end of the sugar refining season resulted in layoffs for 1,400 workers; however, gains in apparel, paper and printing categories partially offset that decline.

All types of trade activity, except food and automotive establishments, showed seasonal losses in employment. Continued post-holiday losses were especially heavy at department and apparel stores, Starkey said.

Production workers in Minnesota's manufacturing industries earned an average of $103.99 per week in February, a drop of $.42 from January. This decline was occasioned by a two-tenths of an hour reduction in the workweek as hourly earnings remained virtually unchanged over the month at a $2.57 average, he said.

Unemployment in Minnesota rose slightly to 117,600 persons in February compared to 115,600 the previous month and 114,300 a year ago. The rate of unemployment reached 8.3 per cent in February compared to 8.2 per cent in January and 8.2 per cent a year ago.

The reading of newspapers, according to speech authorities, is one of the greatest aids to the increasing of one's vocabulary.

Editorials . . .

"Expanding productivity — up to now—has given Americans leisure undreamed of even a generation ago. But far too many of us do not know how to use that leisure in a creative, meaningful way.—The incidence of mental illness and alcoholism, the prevalence of divorce and juvenile delinquency, or insatiable appetite for tranquilizers, all suggest we have a lot to learn about the simple art of living."

Charles E. Beck

Spring is Here

Today brings the beginning of a new Spring and the end of an old Winter—by the calendar. We know from long experience that the calendar, in itself, has little authority in these matters. In terms of weather the calendar is almost as undependable as the daily forecaster. But at any rate we now are in that season of new hope to which we all have looked forward for many weeks. Hope springs eternal—especially in the Spring.

Lamprey Control

The sea lamprey, which had nearly exterminated lake trout in the Great Lakes, is now being exterminated by a process developed by the Bureau of Commercial Fisheries, a branch of the Department of Interior's Fish and Wildlife Service. A recent report issued by the Wisconsin conservation department states:

> "In July of 1961 there was a rapid drop in sea lamprey predation to a level 95 per cent below the 1960 rate. This low level continued through August and September. The drop in sea lamprey scarring was accompanied by a noticeable improvement in the average size and weight of lake trout coming into the commercial catch."

That is good news for many sportsmen, a large number of commercial fishermen, and all of us for whom the lake trout was available in the food stores. The chemists and scientists who finally have succeeded in such a predator-control program, after more than a decade of experiments, deserve our thanks.

That Electoral College

A resolution has been introduced in both houses of the Legislature memorializing Congress to call a convention to propose an amendment to the Constitution to provide for the election of president and vice-president by a direct vote of the people rather than by states through the electoral college. The resolution should be adopted.

There probably was justification for an electoral college and the vote by states when our nation was organized. Distances were great and travel was slow. Other means of communication did not exist, and assembling the election results within the states and delivering them to the national Capitol required much time.

In some areas the voters didn't know for months which of the candidates had been elected, and, under the circumstances, it was well to have an agency, made up of elected representatives of each state, to settle controversies if some unusual problem should develop.

There no longer is a need for such an agency and the electoral college should be abolished.

Easy Credit

In a recent press interview, Representative Robert Taft, the new Congressman-at-large from Ohio, made a few interesting observations on personal and public debt. He said:

> "Outstanding consumer credit, or instalment credit, continues to rise year after year, and now stands at about $60 billion.
>
> "If workers and householders want to mortgage their future income with such instalment credit, they are not likely to be shocked when the Government goes into deficit financing.
>
> "Perhaps what we need most is a return to personal fiscal morality."

Did young Taft mean that going into debt is an evil? The answer probably would be both yes and no! He evidently was thinking in terms of excessive debt. Many things that are good in moderation become bad with overindulgence.

Easy credit does encourage foolish spending, and for us as individuals, as well as for units of government at all levels, credit probably is too easily obtained. It is much easier to live within our means when we must pay cash. Easy credit is costly in several ways.

Latin American Headache

President Kennedy is meeting with a group of representatives of Latin American countries this week to discuss economic and political problems. If he does'nt promise more economic aid our southern neighbors will not like him. And if he does promise more economic aid we are not going to like him.

The Alliance for Progress has little progress to report. The past year has been a bad year for most of South and Central America. Most of the countries lack stable government, discouraging the investment of private capital.

During 1962 American investors withdrew from Latin America 40 million dollars more than they put in, in contrast to a rate of net investment which averaged 300 million dollars a year during the 1950s. And wealthy Latin Americans have been sending their money abroad where it will be safe, instead of investing it in their own countries. The general situation is not good and in some respects it is dangerous.

The National Observer is skeptical about the future under the Alliance for Progress program. It states:

> "Latin America's doubts about the Alliance for Progress will not be dispelled by the rhetoric certain to come out of President Kennedy's trip next week to Costa Rica. For what the Latins want most now are dollars, not words.
>
> "They've gotten plenty of both in the first year-and-a-half of the program's existence. Disbursements by the United States, which has pledged $10 billion for economic development over 10 years, already have reached the annual rate of $1 billion. Yet results have been negligible. Colombia, tabbed as a "showcase" for the Alliance, complains that it has nothing to show. Brazil, plagued by inflation, threatens to turn to the Soviet bloc for additional aid, Chile grumbles about red tape in the Alliance program.
>
> "Patience, counsels President Kennedy; it's a long road and the journey has only just begun. It is, indeed, a long road but the faltering start of the Alliance raises doubts that massive doses of outside aid is the way to proceed, for the program promises more than it can deliver."

Just What Ails Us?

The President and his economic advisers seem unable to adjust themselves to the possibility that the economy might get along fairly well without their meddling and tinkering. As they see it, making the country prosperous requires crafty leadership from the White House, and they are fighting a furious battle now with an enemy that does not exist. From Barron's Financial Weekly we get the following reaction:

> "From the topmost echelons in Washington of late has poured a sudden torrent of economic gloom and doom. Addressing a symposium of the nation's bankers, the President himself last week argued strongly for tax reduction by raising as an alternative the grim spectre of recession.
>
> "Two days later Treasury Secretary Dillon, while backing nervously away from any forecast of a slump this year, insisted that the chances for a downturn would be enhanced, and its impact intensified, if Congress failed to act promptly.
>
> "At Miami Beach, the perennial leaders of the AFL-CIO flatly predicted that unless Mr. Kennedy asks for, and gets, a more massive slash in taxes than he has yet requested, "America is headed for another recession this year." "

A doctor once told us that most of our physical ailments would take care of themselves if we gave nature half a chance, and that probably would be true for our economy too. Our complex economic system does require some regulation, everyone will agree, but there is such a thing as too much regulation, just as there is such a thing as too much medicine. To whatever extent our economy may be weak, that weakness, is due in part to the many pills and panaceas that have been prescribed by political quacks.

We like these concluding suggestions by Barron's:

> "The groundswell of optimism among the well-informed, of course, by no means suggest that the U. S. is on the road to Utopia. Business can boom, as everyone should know by now, without solving, or even easing, all the nagging difficulties that beset the nation. On the international front, mounting U. S. prosperity inevitably will worsen an already adverse balance of payments. At home, it is all too likely to speed the upward spiral of wages, and thus increase the number of jobless.
>
> Such troubles are persistent and real. Yet Washington manages to ignore them even as it rivets its eyes on the mirage of recession. That the latter threat has been averted the Administration, it appears, will be the last to learn. For its experts, too exuberant about the outlook a year ago, today are clearly too bearish. Perhaps Mr. Kennedy and his advisers ought to take a closer look at the state of the nation."

Tax Deductions for Losses and Bad Debts

(This is the fourteenth in a series of articles on income taxes made available as a public service by the Minnesota State Bar Association, Public Relations Committee.)

Losses arising from bad debts and casualties can be used to reduce your taxable net income, both on your federal and Minnesota returns. The two types of losses, however, are treated differently your tax return.

You are entitled to a deduction on your tax return when a debt owing to you becomes worthless. Such bad debts normally arise from loans where the person to whom you have loaned the money is clearly unable to repay the loan. The difficult problem is proving that the debt is worthless and became worthless in the year for which you desire to take the deduction. A typical debt which is not worthless is a loan to a relative who, although perhaps able, does not find it convenient to repay the debt.

Where you can show that no reasonable possibility exists that a debt can be collected and also that this situation developed finally in the taxable year, the amount of the non-business bad debt is treated on your tax return as a short-term capital loss. This means that, rather than taking the amount of the debt as an itemized personal deduction, you must offset it against other capital gain income appearing on your return and, following the rules discussed with regard to other capital gains, the debt can be deducted in the taxable year only to the extent that it does not exceed your capital gains received during the year and an additional amount of $1,000. Where the debt does exceed this amount, you are entitled to carry the excess forward for a five-year period against other capital gains, as discussed previously.

Individual taxpayers are also entitled to show as capital amounts lost which arise out of sales of property held for the production of income. Losses on worthless securities such as stocks or bonds owned by you which become worthless during the taxable year are capital losses. While is is difficult to prove that securities have become worthless, you can often rely on such events as liquidation or bankruptcy to show the worthlessness of stocks and bonds. In computing your "holding period" with respect to such worthless securities in determining whether the capital loss is short-term or long-term, such securities are deemed to have been "sold" on the last day of the taxable year. Thus, for example, if you purchased securities on or before June 29, 1962, and the securities became worthless during the taxable year, such securities would be deemed to have been sold on December 21, 1962, and you would be considered to have sustained a long-term capital loss. On the other hand, if such securities were purchased on or after June 20, 1962, your holding period for such securities would be deductible as a short-term capital loss. In either event, the deductibility of such losses is subject to the rules governing the deductibility of all capital losses discussed in a previous article. However, you are allowed to deduct as an ordinary loss (which, therefore can be deducted from any kind of income) the amount lost on the sale of depreciable property such as a house or apartment building which you held for rental to others. You are not entitled to deduct losses resulting from the sale of your personal residence.

For the deductions discussed herein, the amount of your deduction will be the cost to you of the asset reduced, where applicable, by any reduction in your basis by such factors as depreciation taken on the asset in prior years.

Capistran Earns Navy Promotion

Norman O. Capistran, recruiter in charge of the U. S. Navy recruiting branch station, Thief River Falls, has recently benn notified by the Chief of Naval Personnel of his selection to permanent appointment Master Chief Boatswain's Mate. The Master Chief was advanced to the top (E-9) grade as a result of Navy-wide competitive examinations in August of 1962. The rating—Senior Chief Petty Officer (E-8) and Master Chief Petty Officer (E-9) were authorized by the 1958 amendment to the Career Compensation Act.

Chief Capistran, whose home town is Crookston, enlisted in the Navy in 1941 and has remained on continuous active duty.

Little Change in '62 U.S. Tax Forms

Taxpayer Now Must Give Social Security Number

Many taxpayers are becoming needlessly concerned about the changes recent tax legislation might make in requirements for preparing 1962 individual federal income tax returns, according to George O. Lethert, district director of the Internal Revenue Service.

Individual taxpayers will find that the form is little changed from last year, Lethert said. Practically the only change is the necessity to list their social security number on returns even if they haven't done so before. This number, which will serve as their tax account number, should also be given to any corporation or savings institution paying them dividends or interest.

Business taxpayers will find two principal changes on their 1962 returns, Lethert said. These are in regard to the new rules on computation of depreciation and investment credit. Details on these changes are contained in Document No. 5050, Depreciation, Investment Credit, Depletion and Amortization, which is available at no charge at all local Internal Revenue offices.

Lethert said that the changes Congress made last year in travel and entertainment expenses will not affect 1962 returns. The changes will, however, affect the records kept by taxpayers during the current year to substantiate deductions claimed for these items on 1963 returns.

A booklet describing suggested record-keeping procedures, Document No. 5049, Travel, Entertainment and Gift Expenses, is also available at local offices of the Internal Revenue Service.

State Heart Assn. Has Scholarships

April 15th Is Deadline for Filing Application

Jesse E. Edwards, M. D., president of the Minnesota Heart Association urges all high school students eligible under the association's 5th annual high school scholarship program to send in their applications as soon as possible.

Application blanks for high school students were mailed to every high school in Minnesota in Mid-January. Scholarships are awarded on a competitive basis to junior and senior high school students who have expressed an interest in pursuing a career in the health sciences.

Candidates who are selected will have an opportunity to work for a two month period with outstanding investigators at either the University of Minnesota Medical School or at the Mayo Foundation in Rochester during the summer of 1963.

Applications must be postmarked no later than April 15, 1963 and notification of scholarship awards will be made by April 30th, or shortly thereafter. A committee composed of representatives from the University of Minnesota Medical School and the Mayo Foundation make all selections. The interest and ability of the applicant are the only factors taken into consideration by the selection board.

Any questions about the scholarship program should be addressed to Robert G. Tuttle, Program Director, Minnesota Heart Association, 1821 University Ave., St. Paul 4, Minnesota.

Highway Dept. Is Selling Maps of All 87 Counties

A service offered citizens of Minnesota by the Minnesota highway department about which many persons may be unaware is the supply of county maps available for sale to anyone who desires them.

The maps for all 87 counties are made by the department and reproduced by ozalid process on durable paper. They show all roads, indicating jurisdiction and surface type, railroads, lakes, rivers, reservations, farms and many types of buildings. They are available in two sizes, 36" x 56" at 60 cents per sheet and 18" x 28" at 45 cents per sheet. It is estimated the department sells about 13,000 of these maps a year.

The county maps in addition to the numbered county roads carry a legend which explains the symbols of many other designations on the maps, such as structures, boundaries, drainage, educational and correctional institutions and similar features. A similar map is available for the metropolitan area of St. Paul and Minneapolis.

The sale of these maps is noncommercial and the charge is made to offset the expense of printing. Persons who wish to order are advised to send money in advance to Financial Services Section, State Highway Building, St. Paul 1, Minn. Maps for the larger counties come in several sheets, so the area desired should be indicated when ordering.

Duluth Arrowhead Span Free of Tolls

Bridge Bought Jointly by Minnesota and Wisconsin

For the first time since 1926, motorists and truckers were waved through the toll gates free of charge on the Arrowhead bridge between Duluth and Superior on March 11.

This significant event was the culmination of negotiations which were finally completed when the states of Minnesota and Wisconsin jointly purchased the bridge from the Arrowhead Bridge Corporation for $200,000. State representatives were Paul R. Staffeld, deputy commissioner of highways for Minnesota, and Harvey Grasse, chairman of the Wisconsin Highway commission. Roland C. Buck received the checks as president of the bridge corporation.

The 2,200-foot, jackknife lift bridge was designed by the Shetzer Rolling Lift Bridge Company of Chicago and built in 1926. It carries U. S. route 2 over St. Louis Bay between Duluth and Superior.

Removal of the Arrowhead toll now leaves only two toll bridges remaining in the state, at Baudette and at International Falls.

No Butter Cookie Contest This Year

Dairy Industry Group Announces Cancellation

Minnesota Dairy Indutry Committee officials announced Friday that there will be no Spring Butter Cookie Contest this year.

The contest which had been open to Northwest homemakers for nine consecutive years was cancelled in 1962 at the request of St. Paul city health officials who expressed concern over the incidence of infectious hepatitus, a food-borne disease.

MDIC Manager Lew Conlon said health officers had made a similar request this year, for the same reason, and that consequently the contest will not be held.

Cookies entered in the contest each year were distributed to patients of Twin Cities area hospitals and shut-ins at other institutions.

"In spite of the fact that the contest was cancelled last year, we've had a surprising number of inquiries as to whether the contest was to be resumed this year," Conlon said. "Much as we would like to reinstitute this event — which came to mean a great deal to many persons — we will, of course, accede to the request of our health departments."

The contest was sponsored jointly by MDIC and the Minnesota Creamery operators and managers' Association.

Billy Graham Film Shown Mar. 23 in Newfolden School

Evangelist Billy Graham fulfills an ambition of many years as he tells the fascinating story of ancient "Jerusalem", in World Wide Pictures' newest film release which will be shown in Newfolden at 8 p. m. Saturday, March 23, in the school auditorium. The feature length motion picture was filmed in Eastman color by the same company whose film document of the Graham Team's 1960 African itinerary, "Africa on the Bridge", won an American Film Festival Golden Reel Award.

Two Scholarships Given by Masons

Fergus Falls & St. Paul Students Win $500 Awards

Kristie Ann Kvernstoem, Dalton, and David Allen Petrie, St. Paul, were awarded the first annual Masonic public school scholarships by Harvard B. Olson, grand master, in ceremonies at Masonic *Temple, St. Paul, during the fraternity's* annual meeting Wednesday, March 20.

Miss Kverstoen is the daughter of Mr. and Mrs. Otto Kvernstoen, Route 1, Dalton, a few miles southeast of Fergus Falls, where she is a high school senior. Petrie, son of Mr. and Mrs. Chester J. Petrie, St. Paul, is a senior at St. Paul's Harding high school. Selected from among several thousand contestants in Minnesota high schools, both of the two winners receive $500 toward their continuing education.

In the impressive award ceremony Grand Master Olson was joined by Dr. Ruffus A. Putnam, superintendent of Minneaolis schools and chairman of the Masonic scholarship committee, each making one presentation.

The award citation explains that "In sponsoring these scholarships, Masons of Minnesota emphasize the importance of the unique privileges and benefits of the public school system in the United States in perpetuating and improving our form of government and our way of life. Citizens living in a democracy must be well informed to intelligently exercise the right to vote and to appreciate its great significance."

4-H clubs in the United States boast 2,285,592 members ranging in age from 10 to 21 years. Of the total enrolled, 979,562 are boys; 1,306,030 are girls.

NO PLACE TO GO

All dressed up, the expression goes, and no place to go. These boys are hardly "dressed up." But the rest of the description fits them perfectly.

They are two of the millions of American children who are growing up WITHOUT A CHURCH. Boys with the God-given right to grow up in faith . . . with the American right to worship God freely according to the dictates of their own conscience. But someone hasn't understood their rights.

Parents who make no provision for their children's religious education are, in effect, robbing these children of the most precious heritage of every American. Grownups who, by the tell-tale example of indifference, encourage boys and girls to emulate the Godlessness that the Iron Curtain seeks to foster are undermining the spiritual substance of our nation.

No more serious problem faces America today than the children who on Sunday morning in a land of churches have no place to go.

Honestly, now, are *you* creating the problem—or helping to conquer it?

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

NFO Dairy Marketing Plan Termed Unsound

Representatives of Land O'Lakes Discuss Plan Here Thursday

Operators and directors of more than thirty creameries in the Thief River Falls area attended a meeting at the Eagles Hall Thursday afternoon to hear the dairy industry's position on the National Farmers Organization plan for increasing the return to the dairymen for their product.

The meeting was called by the Northern Co-op Council, an organization of creamery managers, and the speakers were Carl Mattson, membership supervisor of Land O'Lakes Creameries, Inc., and Dr. Gordon Sprague, serving that organization as economist.

Mr. Mattson explained the contracts offered by the NFO to individual producers as members of the organization, and to the processors of dairy products. He reviewed both contracts, pointing up what he considered to be dangerous grants of authority to the NFO by affiliation as members and as processors.

He stated that the attempt to force higher prices for beef and hogs by the NFO plan of withholding had failed because it made no provision for the disposition of surplus products. A temporary increase in prices was followed by a much weaker market as the livestock that had been withheld created a supply that the market could not absorb. The loyal members of the movement, those who had refused to sell when the market was up, were the unfortunate losers, he stated.

Mr. Mattson pointed out that withholding dairy products would be much more difficult because they are perishable.

Dr. Sprague argued that the market price for dairy products promised by the NFO is unrealistic. He reviewed the records showing the price trends for butter and butter substitutes over a period of years. Price fluctuations resulting from wars, when butter prices were greatly increased, caused sharp declines in butter consumption and sharp increases in consumer acceptance of the substitutes. In recent years the price-spread between butter and oleo has been so great that it has

Evenson to Retire at O-M Elevator

John Wold Is Appointed Manager of Local Plant

John Evenson, long time superintendent of the Osborne-McMillan Elevator company terminal operations at Thief River Falls, will retire on April 1 after having completed 28 years of service with O & M.

John Wold will assume the management of both the terminal and merchandise plants under a reorganization of the company's entire Thief River Falls operation. Wold has been with O & M in various capacities since 1950.

Pending his eventual retirement, Carl Gjernes, who has been manager of the merchandise plant, will continue with the company under a realignment of responsibilities.

Air Force Explains Sonic Boom Claims

Information in regard to filing claims for damage believed caused by sonic booms has been received by the Thief River Falls Chamber of Commerce from 1st. Lt. Anthony W. Pineck, claims officer at the Grand Forks Air Force Base. This information was requested by the Chamber of Commerce in board action last week.

"We are sorry to learn that proprietors in downtown Thief River Falls have experienced difficulties allegedly resulting from sonic booms," Lt. Pineck states in his letter. "We assure you and the proprietors in question that the United States Air Force shares their aversion to sonic booms and that neither the property of these proprietors or the city of Thief River Falls has or ever will be the target of such booms.

"Air Force studies have shown that a sonic boom will not generate over-pressures of sufficient intensity to cause shattering of automobile windshields, structural damage such as cracks in brick walls, driveways, concrete foundations, roofs and other major structural elements. Therefore the Air Force does not recognize such damage as the probable results of a sonic boom regardless of the altitude of aircraft involved," the officer added.

". . .if the proprietors in question feel that they have valid and legitimate claims against the United States, it is suggested that each individual, company or corporation communicate directly

Reseal Program Has Been Extended

Agriculture Department Approves Continuance

Patrick W. Culkins, manager of the Pennington County Agricultural Stabilization and Conservation Service office, announced today that a reseal and an extended reseal program has been authorized by the United States Department of Agriculture.

Under this program 1962 wheat, barley, and oats can be resealed for one year. 1961 barley and oats presently under reseal can be extended for one year. 1960 wheat now resealed can be extended for another year, and 1959 wheat resealed in 1962 could be resealed for one more year.

Culkins said that 1961 wheat was resealed for 2 years in 1962. Therefore no reseal program was necessary on the 1961 wheat crop, because it was already resealed until March 31, 1964. He pointed out that any producer who resealed his 1961 wheat crop for two years could deliver the 1961 crop after March 31, 1963 if he desired to do so.

Rev. Paul Biegner to Serve St. John

Sebeka Pastor to Succeed Rev. A. C. Seitz in April

In the morning service at St. John Lutheran church Sunday the Rev. A. C. Seitz announced that the Rev. Paul Biegner of Sebeka has accepted the call as new pastor of St. John Church in Thief River Falls and of Redeemer Church in Plummer.

The Rev. Biegner, thirty years of age, is a graduate of Concordia Theological Seminary, St. Louis, Missouri, and has served three congregations at Sebeka, his first charge in the ministry, since 1957. Pastor and Mrs. Biegner and two children plan to move to Thief River Falls late this month.

The Rev. Seitz will continue his work here till April 17 when he and Mrs. Seitz will move to Brainerd where the Rev. Seitz will be in residence as full-time president of the Minnesota North District of the Lutheran Church - Missouri Synod.

Red Lake Outlet Gates Partially Closed on Friday

Morris Owen, superintendent of utilities, reports that the gates at the Red Lake outlet were partially closed Friday and the flow from the lakes will be reduced until the run-off is completed. He was told by the St. Paul offices of the Corps of U. S. Engineers this morning that the lake level is still .7 ft. above normal and will be lowered to that normal level as fast as the channel will take the water without flooding.

The flow of water has increased here, Owen states, and one gate and two spillways have been opened. The ice is out of the river at Highlanding.

Oak Grove Choir Sings at Luther League Conclave

670 Delegates Register for Convention Hosted by Trinity and Zion

Appearance of the Oak Grove high chool choir from Fargo, N. D., has been assured for the Northern Minnesota District Luther League convention to be held Saturday and Sunday in Thief River Falls. The choir will be presented in concert open to the public at the Lincoln high school auditorium at 8 p. m. on Saturday with a free-will offering to be taken.

Registration for the event, at which Trinity and Zion Lutheran churches will be hosts, now totals 670 persons, according to Paul Anderson, Trinity youth director. Delegates will be housed in private homes of Trinity and Zion congregation members Saturday evening.

Registration will begin at 9 a. m. Saturday with the first session set for 10:30 a. m. at Trinity church. The main business session, at which officers will be elected, will be held at 2 p. m.

Rev. Calvin Storley will lead Bible Study at Trinity church at 9 a. m. Sunday and a combined worship service for delegates and members of the host congregations will be held at 10:20 a. m. at Lincoln high school gymnasium. Rev. Nelson Trout will be the speaker at the combined service.

Work on Valley Home Progresses

Progress on constuction of the new Valley Home in Thief River Falls is ahead of schedule and plans remain intact to occupy the building on June 1, according to Waldo Christensen, chairman of the Valley Home Society board.

Accoustical tile is now being placed in the rooms, painting has been virtually completed and doors are being finished and hung in place, Christensen said. Furniture is being ordered in anticipation of using the home for the aged early in June.

Jury List for April Term of Court Drawn

Date on Which Panel Will Be Called to Be Set Tuesday, April 2

A petit jury panel of 40 names, including 22 men and 18 women, was drawn last week in the office of Clerk of Court Henry Storhaug for duty in the April term of Pennington county district court.

Judge Gordon McRae of International Falls will preside over the term, which will open with the call of the calendar Tuesday, April 2. At that time a date will be selected for the jurors to report for duty. The list of cases scheduled for trial will be released later, Storhaug said.

Of the jurors selected, 19 are from Thief River Falls and 21 from other sections of the county. City jurors include Mrs. Elgin Loeffler, Arthur Kling, Harold H. Anderson, 507 Tindolph av. S.; Mrs. Harry Dahl, Leslie Paetznick, George Mackenroth, Mrs. M. R. Levorson, Mrs. Rodney Max, Roy Landmann, R. J. Looker, Mrs. Randall Noper, Neal S. Fox, R. S. Eldevik, Clayton O. Carlson, Mrs. S. A. Honebrink, Leonard Furuseth, Clarence Dietz, Mrs. Arthur Hamilton and Mrs. Lawrence Bjorkman.

Chosen from the rural areas are Alton Skallet, Mayfield; Mrs. Fred Wilde, Kratka; Henry Hesse, Black River; Arnold Austinson, North; Clarence Howard, Bennie Svanjord and Clarence Ellingson, Highlanding; Mrs. Ed Wik and Mrs. Thorstein Walseth, River Falls; Mrs. Leonard Johnson, Anton Kotrba and Oscar Nerhus, Star; Mrs. Lyle Mandt, Deer Park; Mrs. Harry Hanson and Mrs. Olaf Olson, Hickory.

Also Mrs. Lloyd Johnson, Rocksbury; Chester Wood and Mrs. Charles Sorenson, Norden; Harry Sigerud, Reiner; Sidney Hemmestvedt, Kratka; and Mrs. Leonard Melin, Polk Centre.

Goodridge Men Given Sentences In Dist. Court

Marvin Hutchinson, 23, and Gerald Wayne, 22, both of Goodridge, were given probationary sentences when they appeared recently at 9th District court in Warren. Both were charged with third degree burglary in several Marshall county break-ins, and both pleaded guilty to the charges.

Judge Gordon L. McRae sentenced the two men to the state reformatory at St. Cloud but placed them under probation. Hutchinson of Joseph W. Brooks, Crookand was placed under the supervision of Joseph W. Brooks, Crookston, state probation officer. Wayne made restitution of $612.04 but was permitted to return to California to join his family and return to work in that state.

School Election Recount Will Be Held Wednesday

ROMANS were imitated Saturday evening at the annual Latin club banquet held in the Lincoln high school cafeteria. Posing for the above photo were Vicki Goulet, John Hunt and Elerine Olsen. The students were seated on pads around a low table for the event in typical Roman style with decorations adding to the atmosphere. Other photos from the banquet will be published with further information in the Thursday edition of the Times.

Judge Will Hear School District Motion Thursday

Court order from Judge Gordon McRae of Ninth District Court is expected tomorrow in regard to the contest of the March 5 school bond election in School District 564. It is expected the order will set the recount date for Wednesday of this week at 2 p. m. with a hearing to be held Thursday at 1 p. m. at the District Court chambers in Warren.

The Thursday hearing at Warren has been set to permit the District Judge to hear a motion by the school district asking that the contestants be required to indemnify the school district against any losses that might be incurred as a result of the contest. The results of the recount of ballots on Wednesday will not be considered at this hearing.

L. W. Rullen, school district attorney, and Leonard Erickson, attorney for the contestants, conferred last week to draft provisions for the recount order. This suggested order, as agreed upon by the attorneys, has been sent to the District Judge for revelw and signature or amendment.

According to law, petitioners for a recount have 10 days from the date of canvassing of ballots to file a notice of contest. The District Judge then is required to hold a hearing within 30 days of the date of canvass. Since the election was held March 5, the latest date at which a hearing could have been held would be April 5. The hearing date of March 28, Thursday falls within the 30-day period set by law.

Inspectors Named

Inspectors of ballots for the recount have been named. C. W. Rodekuhr was named by the board of education as its representative in the recount with Mrs. Alfred M. Johnson selected by the contestants. The third member of the group as agreed upon by the opposing factions will be Paul Roy.

Procedure to be followed in the recount will be set forth in the court order from Judge McRae. Warren was selected as the site for the hearing since it is convenient for the District Judge and attorneys Rullen of Thief River Falls and Erickson of Crookston.

The March 5 election was on a two-part ballot in which the board of education asked authorization to sell bonds in an amount not exceeding $1,195,000 for a new junior high school and not to exceed an additional $300,000 for a new elementary school and improvement of existing facilities. A total of 3,202 ballots were cast with a margin of 168 votes favoring each of the two questions.

The notice of contest was filed with the clerk of district court and clerk of the school district March 14 and set forth four divisions of points and grounds as a basis for the contest. The notice of contest was signed by eight voters of the

Rolvaag Taking Governor Office

KARL F. ROLVAAG

After four and one-half months of uncertainty following the November election, a three-judge panel selected to supervise a vote recount ruled Friday that Karl F. Rolvaag, DFL aspirant for governor of Minnesota, had been elected by a margin of 91 votes over his opponent, Republican incumbent Elmer L. Andersen, completing his first term.

Governor Andersen, who had continued in office pending the outcome of the recount, stated Saturday afternoon that he would not appeal the panel's finding, but that he would turn the office over to Rolvaag today.

After Rolvaag has been sworn into office, Andersen said, his staff will remain on hand a few days to assist Rolvaag's staff in making an orderly transition.

Andersen said the narrowness of Rolvaag's margin meant that "actually, no one can know for sure who had the most voter support last Nov. 6," since more than 1,300 ballots were thrown out.

He attributed his loss to DFL accusations of construction irregularities on Interstate Hwy. 35 near Hinckley, Minn. The charges touched off the most acrimonious issue of the campaign.

Rolvaag said yesterday he expected to take the oath of office Monday but was unsure who would swear him in or where. He said plans for an inaugural party were being made.

The governor-elect said he would ask legislative leaders to be allowd to deliver an inaugural message to a special joint session of the legislature on Tuesday or Wednesday.

Collection Stolen At St. Bernard's

Theft of the collection following six o'clock mass at St. Bernard's Catholic church in Thief River Falls has been reported to the Thief River Falls police department. Rev. Keough Patnode, pastor of the congregation, reported that the theft occurred about 7:15 a. m. with the amount taken undetermined. The case is under investigation by the department.

Expectant Parent Class Continues

Second meeting in a series of four sessions for expectant parents will be held Tuesday, March 26, at Northwestern hospital cafeteria. Hygiene and diet will be the topic of discussion.

The first class session was held last Tuesday with a good attendance, hospital officials report, and any persons interested are invited to attend the remaining three classes. The course is bing taught by hospital and medical staff members.

Swanson Brothers Join in Unique Farm Partnership

Chester Swanson Handles the Hogs

Lenord Swanson Checks the Chickens

Donald Swanson Develops the Dairy

by Marvin Lundin
City Editor

Three brothers southwest of Thief River Falls have parleyed a desire for farming and diversified interests into a unique partnership operation. Operating as Swanson Brothers Farm, Chester 36, Lenord 34 and Donald 30, support their families with hog, egg and dairy operations on three quarter-sections of land.

While each of the brothers specializes in his particular field of work, they combine work on the various operations, own machinery as a partnership, make investments according to group decision and divide the profits equally. The eldest of seven sons of the late George C. Swanson, the three men operate three-quarters of a section of land located about four miles south and two miles west of Thief River Falls.

Hold Meeting To Form SPEBSQSA

Promoted by Local Men Barber Shop Vocalizing

Preliminary plans for formation of a local chapter of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America were made at a meeting held Friday evening at the James Nepper home in Thief River Falls.

A committee under the chairmanship of James Nepper was named to form initial plans for organizing. April 16 was set as a tentative date for a public orientation meeting. The session would be conducted by the Paul Bunyan chapter of Bemidji and the Greater Grand Forks chapter of Grand Forks, N. D.

Included in the evening program would be music demonstrating and explaining the activities of a barber shop chorus group. Any persons interested in joining the SPEBSQSA are encouraged to contact Nepper and the public will be invited to the orientation meeting. Final plans will be announced at a later date.

Attending the meeting Friday were Nepper, Dr. Edward Nelson, Herbert Dill, Justus Larson, Ormond Johnson, James Carlson, Bryant Ulseth and David Wefald.

Nancy Stucy Is Bride of Carl Teigland of G. Forks

The Oak Park Lutheran Church of Oklee was the setting for the February 23 wedding which united in marriage Nancy Annette Stucy and Carl Gene Teigland, both of Grand Forks, N. D. Rev. Herbert Larson officiated at the 3 p. m. double-ring ceremony before an altar decorated with white mums and carnations with pink sweetheart roses, and lighted candelabra. Approximately 100 relatives were in attendance.

Parents of the bride are Mr. and Mrs. Malcolm Stucy of Oklee, and Mr. Teigland is the son of Mr. and Mrs. James Teigland of Grygla.

Miss Gloria Teigland was at the organ for the traditional music. Mrs. Robert Smeby accompanied Gloria and Carol Teigland, also sisters of the groom, in their vocal rendition of "Together Life's Pathway We Tread," and "Oh, Perfect Love."

To the strains of Lohengrin's Wedding March, the bride entered on the arm of her father, by whom she was given in marriage. Her ballerina length gown of white satin, tulle and lace, was detailed with a scalloped neckline trimmed with sequins and pearls. The bodice was fitted, and the sleeves were long, terminating in points over her hands. The bouffant skirt was of three tiers edged with wide Chantilly lace. Her elbow length veil fell from a crown of pearls and crystals. She carried a crescent cascade bouquet of white roses and white carnations with a touch of red carnations. Her jewelry was a matched set of pearl necklace and earrings, which were her gift from the groom.

Faye Stucy of Oklee was her sister's only attendant. She wore a red satin street-length dress fashioned with a neckline squared in the front and tapering to a V in the back where it was accented with a bow. The dress was fashioned with a bell skirt. Miss Stucy wore a matching circular veil which was attached to a bowed clip hat of satin. Her costume was accented with white accessories. She wore a cultural pearl cross pendant, a gift of the bride, and carried a cascade bouquet of white carnations.

Sheldon Teigland of Grygla was his brother's attendant. Ushers were Earl Halvorson of Goodridge, an uncle of the bride, and Wallace Teigland of Waukeegan, Ill., a brother of the groom. All men in the wedding party wore dark business suits and white carnation boutonnieres.

The bride's mother chose a dress of taffy boucle with beige accessories, while the mother of the groom wore a navy blue crepe dress with matching accessories. Both wore corsages of pink sweetheart roses with pale pink feathered carnations. The bride's grandmother, Mrs. Nellie Halvorson of Goodridge, was also presented with a corsage similar to those worn by the mothers of the couple.

A reception was given by the bride's parents in the basement of the church following the ceremony. Hostesses were Mrs. Louis Mandt, Mrs. Adolph Peterson, Mrs. Clarence Howard, and Mrs. Herbert Lundeen.

A three-tiered bridal cake decorated with red roses and topped topped with a miniature bride and groom, was baked by Mrs. John Nelson. It centered the bridal table and was flanked by an arrangement of cut flowers and white candelabra. Mrs. Earl Halvorson of Goodridge, and Mrs. Lester Halvorson of Grand Forks, both aunts of the bride, poured, while Mrs. Kenneth Stucy, Oklee, another aunt of the bride, and Mrs. Clayton Ostby of Minneapolis, sister of the groom, cut and served the cake. Mrs. Percy Halvorson, Goodridge, the bride's aunt, and Mrs. John Smeby of Grygla, the groom's sister, served the ice cream.

At the guest book was Mrs. Milton Sandsmark of Grygla, aunt of the bride, while Miss Kathy Switzer, a university roommate, and Miss Ruth Ehrle of Milnor, N. D., a university friend of the bride, arranged the gift table. Mrs. Ronald Fore of Oklee and Mrs. Laurel Wittman of Warren, cousins of the bride, and Patty Ostby of Minneapolis were waitresses.

Guests attending were from Minneapolis, Fargo, and Grand Forks, N. D.; Moorhead, Trail, Goodridge, Grygla, Oklee and St. Hilaire.

For going away, Mrs. Teigland chose a mint green wool suit with white accessories.

The bride is a 1961 graduate of Bethany Lutheran college of Mankato and will graduate in August from the University of N. D., after completing her internship in medical technology.

Mr. Teigland is a 1961 graduate of NSMC of Toledo, Ohio, and is presently employed at Senger's Piggly Wiggly Supermarket in East Grand Forks, where the couple will be making their home.

Girl Scout Troop No. 87 Guests on Operation Airlift

Approximately half of Girl Scout Troop 87 were guests of Operation Airlift on a Saturday flight to Grand Forks, N. D. Boarding the North Central Airlines plane here that morning, they had lunch at the airport lunch room there, and were taken on a tour of the airport and into the control tower by airport personnel.

With leader Mrs. Donald D. Olson, and with Mrs. Clarence Knutson assisting, the following girls enjoyed the trip: Kathy VeVea, Marlene Jorgenson, Janice Kauppila, Margaret Fox, Susan Knutson, Nicolette Kloubec, Ruth Ann Lafrenz, Lois Olson, Joyce Dalzell, Jill Berry, and Kathy Helm. Later, they were brought home by car. Providing transportation for the trip back were Mr. and Mrs. John Jorgenson and Dr. Ralph Helm.

The remainder of the troop will be taken on a similar trip next Saturday.

LDA Has Meeting at Silver Creek Church

Regular monthly meeting of the Silver Creek - Silverton LDA was held on Tuesday evening, March 19, at the Silver Creek Lutheran Church. Donna Fuller conducted the business meeting. Women in the Bible were named in answering roll call.

The upcoming Mother-daughter banquet slated for May was the main topic of discussion. "Daughters of the King, all Radiant Within" was the theme selected for this year's luncheon.

Ruth Torgerson gave devotions and the Bible study was led by Judy Kaushagen. Offering meditation was read by the president. The remainder of the evening was devoted to working on the Mother's Day projects. Mrs. Gordon Kaushagen served lunch.

The April meeting is set for Tuesday, April 16 at the church, with Mrs. Ed Berggren as hostess.

Miss Avis Mosbeck To Wed Maynard Kiefat

Engagement of Miss Avis Mosbeck to Maynard G. Kiefat is announced by her mother. Miss Mosbeck is the daughter of Mrs. Joseph Mosbeck and the late Joseph Mosbeck of this city. Her fiance is the son of Mr. and Mrs. William Kiefat of Aneta, N. D.

Miss Mosbeck is employed by Lazy Sue Foods, Inc., Minneapolis, and Mr. Kiefat is with the Minneapolis Rubber Company, St. Louis Park.

The wedding will take place in the Zion Lutheran Church of Minneapolis on June 29.

Deborah Rooker Given Party on Birthday

A birthday party was given at the Vernon Rooker home on Sunday, March 17, in honor of their daughter Deborah's third birthday. Those attending were Mr. and Mrs. F. J. Srnsky and Sheri of St. Hilaire; Mr. and Mrs. Elmer Rooker, Janeen and Jimmy of East Grand Forks, and Mr. and Mrs. James Rooker of Rosewood. Sending a gift but unable to attend were the Jack Srnskys of St. Hilaire. Debbie was the recipient of many nice gifts.

Meeting of Newcomers To Be Held Wednesday

Newcomers club will meet on Wednesday evening, March 27, at 8 p. m. in the meeting room of the courthouse. Hostesses for the evening will be Mrs. Donald Breiland and Mrs. Larry Zenner. Following the serving of lunch will be a social hour.

Another invitation is being extended to new residents of the city to join the Newcomers as a means of getting acquainted. Information may be obtained from Mrs. Howard Hagen, MU 1-1645.

Zehlians Entertained At Art Forsbergs Jr.

Zehlian Art Club's meeting was held on Friday night, March 21, at the home of Mrs. Art Forsberg, Jr. In addition to the regular members there was also a guest present. She was Mrs. Gary Forsberg.

Encaustic art and oil painting occupied the group for the greater part of the evening. After a social hour which followed, the hostess served lunch.

The next meeting will be at the James Disse home on April 4.

Kathleen Hamilton Airline Stewardess

Miss Kathleen Hamilton, daughter of the Art Hamiltons of this city, received her wings upon graduation from stewardess' school in Chicago, Ill., last week. The intensive training period covered four-and-a-half weeks. Miss Hamilton, with United Airlines, will be based in Chicago.

Mary Ann Thompson To Be Wed To M. McEnelly

Mr. and Mrs. Amos L. Thompson of Grygla announce the engagement of their daughter, Mary Ann, to Michael O. McEnelly, son of Mr. and Mrs. Oliver McEnnelly of Goodridge. An April wedding is being planned.

Falls Square Dancers Continue Activities

Representing the Falls Squares at the Heather Ball in McIntosh Saturday evening, March 23, were Messrs. and Mmes. Ray Jude, Roy Owen, Ray Ulferts, Gordon Johnson, Denny Inman, Godfred Svir, and Leonard Bushaw.

The same night, the following were in attendance at the Greenbush square dance: Messrs. and Mmes. Quentin Jones, Bob Benke, Herb Hartje, Norman Capistran, and Chris Saustad.

Caller at McIntosh was Norman Cross of Milnor, N. D., while Ed DeLap of Thief River Falls called at Greenbush.

Round dance class will meet Tuesday evening, March 26, at 8 p. m. in the city auditorium.

Preparations are under way for the 9th annual Spring Swing to be given by the Falls Squares next Saturday, March 30, details for which will be aired over KTRF on Wednesday morning when Sylvia interviews Mrs. Verna Noper, wife of the Falls Squares president.

St. Bernard's Guild Met Thursday Night

Regular meeting of the St. Bernard's Guild ladis was held on Thursday night, March 21 in the church social rooms. Presiding at the meeting, in the absence of Mrs. Ames Pederson, president, was Mrs. J. J. Womack. The meeting opened with prayer.

Regular business matters were discussed, and the matter of the annual May Day dinner was decided upon, with the members voting to cancel the event for this year.

The April meeting will be April 18.

"The Formosan Hour" Will Be Shown TLCW

The general meetings of Trinity Lutheran Church Women will be Wednesday evening and Thursday afternoon of this week, March 27 and 28. World Missions will be emphasized by showing a movie, "The Formosan Hour", the story of an escapee from Communist China who became a Christian missionary. Special music will be featured, and a nursery provided for pre-schoolers on Thursday.

Film on Retarded To Be Shown Here

"Into the World", a movie telling what is being done to help the estimated 100,000 retarded children and adults in Minnesota, will be shown at the regular meeting of the Pennington-Red Lake Association for Retarded Children to be held Thursday, March 28, at 8 p. m. in the Thief River Falls city auditorium.

Included in the film will be activity at special day care center, special classes in public schools, an experimental project designed to develop new teaching and training techniques and a state institution giving vocational training, rehabilitation and job placement. Coffee will be served following the meeting.

SPRING STYLES

in women's hats were shown at the hospital auxiliary style show held Saturday at the American Legion club rooms. Models pictured clockwise from lower left are Mrs. Kendall Gustafson, Fashion Shop; Mrs. James Disse, Elaine's; Mrs. Leland Steen, Penney's; Mrs. Lester Vigness, S & L; and Mrs. Gene Belto, Larson's Style Center. About 120 people attended the show with 35 charter members of the auxiliary presented with ribbons in honor of their services. A total of 64 hats from cooperating stores were modeled in the show. A luncheon preceded the style show to assist in defraying expenses of the annual event. Mrs. Gordon Dow was chairman of the auxiliary committee.

KITCHEN KARNIVAL

Features from the kitchen of

MRS. JOHN KOTASKA

A fine finish to the recipes received from winners in the Feed and Seed show is this Angel Face Cookie recipe. The reasoning for so naming them is unknown to us, but if we could venture a guess it would be that the kids will look as blissful as the blithe spirits the cookies are named after, when they see the cooky jar filled with these. And Mom won't be tired out after making them, because they're that easy! Butter gives them that unsurpassed flavor that will make them a favorite of your family's, we venture to guess.

ANGEL FACE COOKIES

1 cup butter
½ cup white sugar
½ cup brown sugar
1 egg
1 teaspoon soda
1 teaspoon cream of tartar
½ teaspoon salt
1 teaspoon vanilla
2½ cups flour

Mix in order given. Roll in balls. Dip first in water, then in sugar, and bake in a moderate (350 degree) oven.

Mrs. Kotaska's husband is a grain buyer for the Farmers Co-op Grain and Seed association. They are the parents of seven children: Victoria, 14; John, 13; James, 11; Catherine, 9; Theresa, 3; Mary Ann, 2, and Joseph, 6 months.

Cooking takes up a good part of the homemaking hours of any woman with a family of this size. As if that were not enough, Mrs. Kotaska enjoys sewing, and says that she sews nearly all the clothes for her children. How she can find time for hobbies escapes us, but she has them: knitting and crocheting. And entering baking contests she finds challenging, and fun. Rewarding, too, we might add. Especially when she comes up with a winner such as this one proved to be.

The Library Corner

by Virginia Gjernes

Fortunate indeed are those who have mastered the ABC's of self-learning for they are to be envied! Fortunate indeed are those who have discovered their library for they are to be congratulated!

Your library can come up with the known facts on almost any subject you care to mention and though it is, generally speaking, humanly impossible for anyone to know everything there is to know—it is certainly worth the effort it takes to try! There is so much knowledge about every subject and so little time to acquire it, individually, it is comforting to know there is a place to go where knowledge is at your fingertips, where information unlimited is available and where the tuition is free-for-the-asking, no scholarship necessary and no report cards are filled in and passed out at the end of the term.

It is fun and stimulating to find out "what, why, where and when", especially when you can do it on your own time and at no expense with the help of your public library, librarians and when the sources are newspapers, booklets, magazines, general books and reference books.

Knowledge — the world is full of it and your librarians can help you acquire it for the librarians are guardians of the treasures — the books containing knowledge.

Learn to take advantage of your public library — it is yours, established for you and maintained by you for your pleasure, for your "Information Center" on subjects of interest to you. Explore your library if you haven't done so and call upon an experienced guide, your librarian, to lend you to the mountains of material available to you.

New books — always there are new books awaiting you at your library. Now the juvenile section shelves will be a bit more crowded, fortunately, because of a whole boxfull delivered recently. The latest additions are published by the Encyclopedia Britannica Press and cover just about any subject you can mention, up to twenty!

The volumes are durably bound and attractively covered and the contents are devoted exclusively to one individual's efforts in a particular field. In other words, the books are biographical in nature and though slanted at the teen-age reader the text is interestingly presented, the content of each book is exceptionally well-written and holds the interest of most adult borrowers.

The subjects include "Vanquishing Yellow Fever — Walter Reed"; "Striving to be Champion — Babe Didrikson Zaharias"; "Making Poems for America — Robert Frost"; "Informing a Nation — Horace Greeley"; "entertaining the World — P. T. Barnum"; "Conquering Antarctica — Richard E. Byrd"; "Advancing the Electronic Age — Lee de Forest"; and "Creating New and Better Plants — Luther Burbank".

Each presents a subject of interest to most readers, as you can see. There are more, though, such as "Living Architecture — Frank Lloyd Wright"; "Rallying a free People — Theodore Roosevelt"; and "Around the World Underwater with Captain Edward L. Beach" Each volume is, of course, authored individually and by writers well acquainted with the subject being presented.

Others available are "Remaking Modern Fiction — Ernest Hemingway"; "Exploring the Sky and Sea — Auguste & Jacques Piccard" (that book covers two of them, you see); "Forging an Empire — Queen Elizabeth"; and Mark Twain is presented in "Writing About the Frontier". The life of Mathew Brady is outlined in "Photographing History" and John Marshall is the hero of "Fighting for Justice". John James Audubon's love of nature is the subject of "Painting America's Wildlife", while Horace Mann's principles are presented in "Educating for Democracy" and "Soldier of Peace — Dag Hammarskjold" is a memorial to the great peacemaker.

And something else new, of interest to young and older borrowers — expecially those interested in the ABC's of self-learning — is a new Atlas of the World, published also by Britannica Press and containing facts and figures by the scores.

Remember to remind your first, second and third graders of the treat in store for them at their library Saturday at 1:00 — directly after lunch, you know—"Miss Bertha's Storytime." Such a delightful way for them to spend an enjoyable, educational and inspirational half-hour. The Girl Scouts will be present this Saturday too, just as they were last time. . . so—see you Saturday at "Storytime".

In the meantime, aren't you glad you've discovered the ABC's of self learning and aren't you glad you know the doors of your library open into corridors leading to anywhere and everywhere and everything in the constantly changing world — whether it be yesterday's, today's or tomorrow's.

HAPPY HOMEMAKING

by Laura Duerst

PENNINGTON COUNTY HOME AGENT

We had a card from the two 4-H leaders, Mrs. Charles Svendsgaard, Mavie, and Mrs. Clarence Arneson, Rocksbury, who are attending the 4-H interstate leaders forum in Washington, D. C., this week. They are enjoying the trip tremendously and said they are basking in 70 degree temperatures.

Spring has sprung there too!

Fashion is somewhat being talked about these early spring days.

1963 spring fashions offer as much variety as the spring weather. This variety is shown in contrasts. Some waistlines are rising while others are dropping very low; still others are lifted in front and dip low in back. The silhouette may be spare and skinny or full and flowing.

Coats for spring accent surface interest. The mohairs, for example, are bulky in styling, but can give a sheer and wispy effect in either clipped or looped fabric. Surface interest also appears in a rustic, homespun effect. Uneven threads give the rough appearance of straw. But if the coat is fitted or a tunic style, smooth texture is preferred such as gabardine, serge or broadcloth.

Probably the most noticeable change this spring is the styling in suits. Suit jackets go to any length this spring. The jacket may stop at the hip, the wrist, the finger-tips or it may be tunic length. These longer jackets add to the slim look with a very slim skirt, natural shoulders, longer slim set-in sleeves and narrow lapels or no collars.

Another new look in suits is the sweater or pullover effect. These casual, easy-to-wear suits often have a concealed back opening or front closing. Necklines might be scarves or cowled and skirts are pleated or eased. Shirt influences show up in suits as a middy top or a fisherman's smock, which is a jacket eased onto a curved shoulder yoke, or a polo top with a two or three-button tab opening. Sleeveless suits hit the fashion scene this spring, too.

Dress styles span the scene from the shift or skimmer to the fullness of a pleated tennis skirt. Sleeves are "in" this spring for most dress styles.

Public Opinion

Editor the Times:

I read with interest your public opinion column in last Thursday's Times. I do not know the reason for changing the store hours on Good Friday, but I want you to know that we Catholics are not the originators of this change. Our services on Good Friday commence at 12 noon and last for approximately one and one half hours. I see no good reason for any change in store closing hours. Various neighboring towns are closed all day on Good Friday.

14 LHS Students In District 31 Speech Contest

Fourteen Lincoln high school students will be entered in the District 31 speech contest to be held Saturday, March 30, at Warren high school. Local participants and their categories of speaking include the following:

Mary Bennes and James Ranum, storytelling; Robert Benson, extemporaneous reading, poetry; Trudy Waale, extemporaneous reading, prose; Clark Dyrud and Gretchen Larson, humorous interpretive; Fred Evenson and Kenneth Larson, memorized oratory; Luann Johnson and Arlene Joppru, serious interpretative; Brooks Mosture and Nancy Newton, discussion; Katherine Mousley and Linda Thorkelson, extemporaneous speaking.

FRILLS and ribbons make Easter bonnets things of joy for little girls, as shown by this group of models at the hospital auxiliary style show held Saturday at the American Legion club rooms. Left to right in the front group are Sally and Kathy Nepper, daughters of Mr and Mrs. James Nepper, and Jacki Sinding, daughter of Mr. and Mrs. Sig Sinding. In the back row are Karen Dagg, daughter of Dr. and Mrs Sarl Dagg; Pam Sinding; and Cam Peterson, daughter of Mr and Mrs. Norman Peterson.

MODELS at the hospital auxiliary style show displayed mixed emotions about the whole procedure Saturday John (left) and Jeff Dagg, sons of Dr. and Mrs. Earl Dagg, modeled the new look in boys' hats from the Junior Shop, and it's easy to tell which of the two enjoyed the chore the most.

Mentally Retarded Get Circus Trip

Pennington-Red Lake Ass'n. Provides Funds

A trip to the Shrine Circus for patients — young and old — from Minnesota's institutions for the mentally retarded was made possible this month by contributions from local chapters of the Minnesota Association for Retarded Children.

Pennington - Red Lake Association for Retarded Children, along with other associations throughout the state, helped make possible an afternoon of fun for 705 adults and children, many of whom had not been outside a state institution for years.

Attending the circus in Minneapolis were 350 patients from Faribault State school and hospital; 200 from Cambridge State school and hospital; 100 from Owatonna State school; and 55 from Lake Owasso Children's Home.

"Retarded children and adults need the fun and joy of these trips just as much as normal children do," said Mrs. Morris Odegaard, president of the Pennington-Red Lake association. "That is why we use some of the money we raise during our fund drives each year for projects like these. All who contributed to our organization helped make this possible."

GOP Fund Raising Dinner Slated at Hallock April 2nd

About 600 Republicans from the northwest corner of the state will gather Tuesday, April 2, at the Hallock high school for the annual Republican fund raising dinner beginning at 6:30 p. m.

Ticket sales chairmen in Roseau county are Archie Lee of Roseau and Helmer Thompson of Greenbush; in Marshall county, Neil Mattson of Warren; and in Kittson, Mrs. Charles Hanson of Kennedy.

Moorhead College Band Places First in Winnipeg Event

The Moorhead State college concert band of 86 pieces, under the direction of Arthur Nix, won first place in the Grade A open class band division of the 45th annual Manitoba music competition and festival held March 15 in Winnipeg.

Scoring 90 out of a possible 100 points, the band received one of the highest ratings given in to band division of the festival. The two-week festival, which included both instrumental and vocal competition, is the largest music contest held in the British Commonwealth.

The Winnipeg Festival climaxed a three day spring tour by the band which included high school appearances in Hawley, Thief River Falls, Lake Bronson, Kennedy and Elmwood High School in Winnipeg.

Season High of 67 Degrees Is Noted Saturday

Temperatures soared to 67 degrees Saturday to reach the highest reading of the spring season. Snow cover has virtually disappeared in the area with the exception of drifts and shaded areas. Scattered reports of preliminary field work have been heard from the Stephen and Warren areas.

High and low temperatures the past several days include 42 and 10 on Thursday, 50 and 31 on Friday, 67 and 30 on Saturday and 56 and 31 on Sunday with a low last night of 27 degrees.

The forecast calls for variable cloudiness and cooler temperatures but mostly fair today, tonight and tomorrow. Highs are expected to be in the 40's today with lows of 22 to 28 degrees tonight. Northerly winds at 10 to 20 miles per hour today will diminish tonight.

Egg Price Outlook Is Better for This Year

Fewer egg-type chicks in 1962, fewer layers early this year and better egg prices ahead — those are highlights of the situation and outlook for the egg producer.

A report compiled by W. H. Dankers, extension marketing economist at the University of Minnesota, shows that number of egg-type chicks hatched by commercial hatcheries of 1962 was 5.2 per cent lower in the U. S. and 11.2 per cent lower in Minnesota, compared with 1961.

Dankers points out that a reduced number of egg-type chicks necessarily means a reduction in layers. For the first two months of 1963, the average number of layers in Minnesota was slightly over 14.5 million, compared to slightly over 16.5 million in the same months of 1962. That is an 11.8 per cent drop.

The rate of lay (eggs per hen) has continued at a good level in Minnesota. In January, 1963 it was a bit higher than in January, 1962 and in February it was about the same as the year before. However, with the smaller number of layers, egg production in Minnesota for the first two months of 1963 was 537 million, down about 11.7 per cent from the 608 million level in the same two months of 1962.

Demand for eggs has changed very little. With the situation remaining about the same and with a reduction in egg production, the result is a somewhat more favorable price situation to producers.

Prices for eggs received by producers in Minnesota in the latter part of 1962, and in the first few months of 1963, were three to four cents per dozen above the same months the year before.

Dankers adds that effect on prices is much more dependent on the balance between supply and demand for the nation as a whole, and not just the situation within the one state. While the egg-type chick hatch was down sharply in Minnesota, the drop was about half as much — 5.2 per cent — in the United States as a whole.

Indications are that the number of egg-type chicks hatched by commercial hatcheries in 1963, for laying flock replacements, may be somewhat larger than in 1962, according to Dankers.

Swanson Bros. Form a Unique Partnership

(Continued from page 1)

Donald is married to the former Cerise Lee of Grygla and lives in the house on the home farm. He has three daughters. Chester is married to the former Janet Peterson of Thief River Falls, lives in a trailer house on the home farm and has an adopted son. Lenord is married to Marcie Elseth of Newfolden, lives in a house the brothers built about a mile east of his brothers, and has a son and two daughters.

For about eight years Chester worked for Ranum Construction company in this city, and his knowledge of carpentry and concrete work has been a big factor in the development of the farming operation. When there is building to be done, the brothers make the plans and handle their own construction. Lenord handles the bookkeeping required for the partnership and the operation has its records analyzed by the farm management course of the area vocational technical school.

Laying Hen Flock

Perhaps the most interesting portion of the three-phase operation is the egg production plant at the Lenord Swanson farm. A total of more than 8,000 Hi-Line hens are kept at the farm where modern mechanization makes it possible to handle that number by hiring only one person. Mrs. George (Katharine) Swanson, the boys' mother, works about six hours a day in the egg packing room — collecting, washing and packing eggs.

The laying flock began four years ago with the construction of a slat-floor house. This 42x90 building houses 3,000 hens with wire mesh divisions for 400 hens in separate pens. Roll-away nests are used at the center of the house, permitting the eggs to be picked along a center aisle with the use of an cart.

Floor of the house is constructed on ½ x 2 inch slats set on edge, one inch apart, in four-foot square sections. These sections are mounted on a 2x6 board framework and elevated 30 inches above the concrete floor of the house. Droppings fall through the slats, resulting in a clean pen for the birds and making it necessary to clean the house only once a year when a new laying flock is started.

Build New House

Last year a house 164x32 was built for a cage operation just south of the slat-floor house. This building houses 5,040 birds in wire cages and permits a closer check on production. Both houses use self-feeder and self-waterer apparatus with feed tanks and augers for feeding and a pressure system from the farm well for water. A third house is maintained for raising day old chicks to production age as a replacement flock.

Hens are kept in production for 14 months and then the entire flock is replaced. At the end of their production cycle the hens are sold to a packing company.

Both houses are insulated and ventilated with blowers. No heat is required in either one with the exception of a gas space heater in the egg room of the new house. This house has a conveyor system which brings the eggs into the packing area and a cooler for storing up to 170 cases of 30 dozen eggs each.

At the peak of production the hens will produce about 17 30-dozen cases per day. Eggs are sold through the quality egg program of Land O'Lakes Creameries, Inc. and are picked up at the farm each Monday morning for shipment to New Richland. Last year daily production was 68 per cent -meaning that 68 of each 100 hens were laying an egg a day. This year Lenord hopes to hit 70 per cent.

"Even with this many hens you have to keep a pretty close check on production," Lenord said. "If one hen out of 100 quits laying, that means a one per cent drop in the production of that unit. We furnish the oats for the feed which is mixed with concentrate and corn in Thief River Falls and hauled to the farm in bulk for our feed tanks."

Raise Feeder Pigs

Since starting in farming just a short time ago, Chester Swanson has taken over the management of the brood sows and feeder pig operation on the farm. He has about 40 sows of Yorkshire and Hampshire breeds and will have one Hampshire and one Yorkshire boar for cross-breeding.

Swansons converted a 55x24 chicken house by putting in a new concrete floor, septic tank and pens. The built 12 farrowing crates from one-inch pipe and inch rod last year. These creates ar 6' 6" long by 28 inches wide and designed so that a sow can not turn around in them. An 18-inch creep area for small pigs is provided on either side of the crates with heat lamps used in these areas.

During the first year the litter average was 7½ per sow. "Right now I am aiming for an average of nine and won't be satisfied with less than that," Chester said. "And when I can average nine I suppose I won't be satisfied with less than 10."

In addition to the farrowing house, the farm has five sow houses, two small buildings used for weaning and shelters in the pasture during the summer when hogs can be outside. Part of the large building near the egg plant is used for small pigs when it is not in use for raising chicks. The pigs are marketed at about 40 pounds to the Wisconsin Feeder Pig Marketing Cooperative which makes regular pickups in this area.

Dairy Cow Herd

Youngest of the three brothers, Donald operates the dairy herd at the farm. At present he has 32 cows with 24 milking and about 60 head of calves. Milk is sold on the Grade B program to the St. Hilaire Cooperative Creamery association.

This summer the Swansons plan to build a 12x16 milk house for their 300-gallon bulk tank and qualify for Grade A production. Unless the St. Hilaire Creamery goes on a Grade A program, the sales will likely have to be switched to Thief River Falls.

Last year the herd of grade Holsteins averaged about 325 pounds of butterfat. Artificial breeding through Curtiss Breeders Service is being used to up-grade the production. A few head of cattle are purchased from time to time but most of the replacement stock is raised on the farm.

With a 70x32 barn, Donald plans to keep a constant milking herd of 38 cows with a loose housing area for dry cows and feeders. This will be built this summer and will include a self-feeder with lean to shelters on either side. In addition to calves from the dairy herd, the Swansons purchase a few calves at the local sales barns which they raise as feeders. Some of the calves will be roughed through the winter for replacement or later sale.

"Last year we gave most of our attention to the egg operation," Chester said. "This year we are going to put in most of our work on the dairy." Ambition, enthusiasm, optimism and hard work are all visible in the unique partnership. — Swanson Brothers Farm.

HOUSING for the laying flock at the Swanson Brothers Farm southwest of Thief River Falls is of two types. This picture shows the slat-floor building which has been in use four years. Feeders are filled from overhead augers and self-waterers are also provided. The slat floor is a series of four-foot square sections mounted on 2x6 framework. Each section has half-inch slats, two inches wide, set on edge one inch apart. The floor is mounted 30 inches above the concrete floor, making cleaning necessary only once a year. Birds use the nesting boxes at right and eggs are picked on a cart from a center aisle. This view shows half of the house. A second house for 5,000 hens in a cage operation was built last year.

PRODUCTION is the key word at the Swanson Brothers Farm located about seven miles southwest of Thief River Falls. In one phase of the operation, more than 8,000 Hi-Line hens are kept busy producing eggs which are marketed through the Land O'Lakes quality egg program Mrs. Lenord Swanson, whose husband supervises the laying flock operation, is shown at right with Mrs. George C. (Katharine) Swanson, Lenord's mother, at the right. Wives of Chester and Donald Swanson, partners with Lenord in the farm, also assist with the egg picking, washing and packing. Less than half a day's production is shown in the above Times photo.

NFO Dairy Plan Termed Unsound By Land O'Lakes

(Continued from page 1)

brought about a steady decrease in butter consumption per capita and an increase in oleo consumption per capita.

Half of our dairy output today is marketed in the form of fluid milk, he said, but one-fourth of the total is still marketed as butter. Any substantial increase in the price of butter would result in a substantial decrease in consumer demand, and the industry would suffer. If the cost of manufacturing milk were increased to $5 a hundred pounds, the retail price of butter, at the National average, would be $1.25.

Dr. Sprague favored a change in the government's price support program for the dairy industry. Leading dairy organizations throughout the country are asking for a direct payment plan to the producer. This would permit a lower market price for butter and a better return for the producer, he said, stating that such a plan would cost substantially less than the present price support program.

Merle Rafteseth, manager of the St. Hilaire Creamery and president of the Northern Co-op Council, opened the meeting and called upon Marian Augustine, district director of Land O'Lakes, to introduce the guest speakers.

Rodney M. Jensen Accident Victim In California

Rodney M. Jensen, 40, son of Mr. and Mrs. Conrad A. Jensen of Greenwood Blvd. in Thief River Falls, died Saturday evening in California as a result of injuries received in a traffic accident. Details of the mishap are not available.

Mr. and Mrs. Jensen left Thief River Falls at noon today to attend the funeral which will be held Friday at 2 p. m. in Redondo Beach, Cal.

Rodney Jensen was a graduate of Lincoln high school and had been employed in this city at Hartz Wholesale and the Hartz grocery store. He was married to the former Audrey Bruggeman and she survives with five children. A complete obituary will be published at a later date.

Mrs. Alex Wing, Once of M. River, Dies At Spokane

Mrs. Alex Wing, a resident of Middle River for many years and recently a resident of Spokane, Washington, passed away at Spokane on Friday evening, March 22, at the age of 89 years.

Funeral services for Mrs. Wing will be held on Friday, March 29 at the Green Funeral Chapel at 2:00 p. m. Reverend Snipstead will officiate and interment will be in Middle River.

A complete obituary will be in Thursday's edition of the Times.

Services For Mrs. Albert Anderson Held Here Today

Mrs. Albert Anderson, a native of this community, passed away Friday, March 22, at Northwestern Hospital at the age of 71 years.

Funeral services were held this afternoon in the Mission Covenant Church, with Rev. Edlor Langager officiating and interment in the Greenwood Cemetery. Green Funeral Home was in charge of arrangements.

Amelia Anderson was born on June 6, 1891 in Sanders Township, Pennington County, where she attended school and grew to womanhood.

On July 7, 1914 she was united in marriage to Albert Anderson. After their marriage they farmed in Black River Township until 1940 when they retired and moved to Thief River Falls, where they have since made their home.

Mrs. Anderson was a member of the Mission Covenant church for many years and was very active in church work.

She is survived by her husband Albert; one son, Raymond Anderson, of Minneapolis; one daughter, (Merriam) Mrs. John Lodin of Pelican Rapids, Minnesota; one sister, Miss Hattie Dahlstrom of Thief River Falls; 2 brothers, Alvin Dahlstrom of Thief River Falls and Rev. Elmer Dahstrom of Harcourt, Iowa, and three grandchildren.

She was preceded in death by one son, one daughter, a sister and three brothers.

Air Force Gives Advice on Filing Damage Claims

with this office. Such communications must include a brief resume of all known facts and circumstances attending to the alleged damage, type and nature and the specific date and time of the sonic boom," he concluded.

A sonic boom is caused by shock waves which build up around an aircraft flying at supersonic speeds — normally about 702 miles per hour at sea level, an Air Force booklet states. The waves form a cone, extending back from the nose of the planes, much like the waves created by a boat speeding over open water.

The shock waves travel to the ground at the speed of sound and follow the path of the aircraft. The sound waves become audible when they slap against the surface of the earth, just as water washing against the shore can be heard. This same kind of pressure wave is created by a common thunderclap.

Under certain atmospheric conditions, the waves may reach the ground several miles on either side of the path of the aircraft. At other times the boom may not be heard at all, as atmospheric conditions may dissipate the shock waves before they reach the ground.

School Election Recount Will Be Held Wednesday

district.

At a meeting of the school board following the election, the board called for bids on bonds to be opened on April 17. It is expected that the recount petition and resulting legal action will delay the bond sale since bond buyers likely would not bid on bonds authorized in an election which has been contested.

Course in School Publications Set at Bemidji College

School publications advisers can get ink on their fingers while earning graduate credit at Bemidji State College this summer.

For the first time the college has authorized the teaching of supervision of school publications for graduate credit and through special arrangment with the industrial arts department, a companion course in printing will be offered during the same summer session.

Both courses will be taught in the second summer session which starts July 17 and ends Aug. 24. The two courses will be available for undergraduate credit also.

Included in the supervision of school publications course will be work on the year-book, newspaper, literary magazine, school publicity and school public relations. The student may pick an area of concentration for individual study.

The printing course will teach the student basic skills in composition, make-up and press-work. He may also do some work with silk screen and block printing.

Civil Defense Is Trinity Lutheran Churchmen Topic

"Civil Defense — A Christian Responsibility" will be the theme of the fellowship meeting of the Trinity Lutheran Church Men Tuesday at 7:30 p. m. in the church. Ellsworth Jorgenson, deputy director of Civil Defense for Pennington county and Thief River Falls, will be the guest speaker.

Also appearing on the program will be Donald Barron, who has completed a course of radiological aspects of Civil Defense, and Jon Metusalem, who has attended a course on public fallout shelter management.

Discussion will center around the problems and responsibilities of Trinity Lutheran church which has been designated as a public fallout shelter. Officers of the organization include Jon Metusalem, president; Peter Probasco, vice president; Bernard Myers, secretary; and Richard Edlund, treasurer.

Lloyd Nelsons Return from FU Convention

Mr. and Mrs. Lloyd Nelson of rural Thief River Falls returned last week after attending the National Farmers Union convention held in New York City. Main sessions of the convention were held in Carnegie Hall with a total of nearly 200 Farmers Union members with 16 official delegates comprising the Minnesota contingent.

Delegates reaffirmed the organization's policy calling for renewed emphasis on workable combinations of such methods as farm income - improvement payments, loans, purchase agreements and marketing premium payments.

In addition to the convention, delegates toured United Nations headquarters and visited Broadway theaters, Times Square and attractions of Manhattan Island.

Farmers Asked to Sign for Federal Cost-sharing Plan

Patrick W. Culkins, manager of the Pennington county Agricultural Stabilization and Conservation Service office, said today that producers who intend to request federal cost-shares on new spring seeding practices for 1963 should contact the county ASCS office and sign up at their very earliest convenience. He said that the 1963 Agricultural Conservation Program funds are limited and that late-signed requests undoubtedly could not be approved.

Your Minnesota Hostess

Bet you didn't know our famous "Star Spangled Banner" was composed between sips of my favorite beverage! On the morning of April 14, 1814, Francis Scott Key is said to have entered Baltimore's Old Fountain Inn with the first draft of our national anthem in his pocket. Exhausted after the battle that raged the night before at Ft. McHenry, Mr. Key called for a tall glass of beer. By the time he polished off the last draught, one of America's most important songs had been polished off, too.

Garlic-Beer Salad

Recently, I demonstrated this salad at Winsted, Minnesota's Annual Civic and Commerce Banquet. Amount of any ingredient may be varied to taste. Here's the way we like it best:

- 4 cloves garlic (peeled and well-crushed)
- 1 tsp. salt
- 3 tbsp. vinegar
- 2 tbsp. olive oil
- 2 tbsp. beer
- 1 crisp, large head of lettuce

Blend all ingredients thoroughly (except lettuce) in large bowl. Pull apart lettuce leaves. Toss with dressing in bowl. Add one fine-chopped green pepper, or flaked parsley if you like.

The TIMES

TO CITIZENS OF THE THIEF RIVER FALLS SCHOOL DISTRICT—

The Committee for Better Education represents the large group of voters in the community who believe adequate school facilities can be provided at much lower cost than the present plan calls for.

We recognize a need but we believe the plan that has been submitted in three school bond elections is wasteful and fails to provide properly for our real problems.

We are contesting the election for what we believe are good and sufficient causes. This contest is being conducted in what we believe is the best interests of the future of our community.

A contest of this kind costs money. We have raised enough money by volunteer contributions to get the contest started. We will need more if the contest is to be continued.

If you believe the contest should be continued, please express your approval by making a contribution to our committee to help cover the costs.

Your contribution, large or small, will be greatly appreciated.

Tells Who Can Vote on '64 Wheat Program

Producers who have an interest in a 1964 farm wheat acreage allotment will be eligible to vote in the 1964 wheat referendum this spring, Edward A. Johnson, chairman of the Marshall county Agricultural Stabilization and Conservation committee, has announced.

If the allotment is less than 15 acres, however, the farm operator will be asked to decide — at least 7 days prior to the referendum — whether he wants to participate as an allotment grower in 1964. If he elects to participate, this will qualify the operator and the other wheat producers on the farm to vote in the referendum. The election will be made by signing on the back of the regular allotment notice for the farm and filing it with the ASCS county office.

According to the chairman, the general rule is that each person may cast only one ballot in the referendum, regardless of the number of wheat farms in which he is interested. Exceptions to this rule are: (1) Individual members of a partnership each have a vote, but the partnership as such has no vote; (2) a person may also vote as the representative of an organization, such as a corporation (which is entitled to only one vote); and (3) a person may vote as the administrator or executor of an estate, or as a trustee or as guardian, but the persons whom he represents are not eligible to vote.

Producers who have an interest in an allotment include landowners who receive all or a share of the wheat crop or proceeds thereof, and tenants or sharecroppers having an interest in the farm acreage allotment because of sharing in the wheat crop or proceeds thereof. Special provisions apply to cases of joint ownership or operation.

Wheat growers who have some question about their eligibility to vote in the upcoming referendum on the 1964 wheat program are encouraged to discuss the matter with their ASC county committee. The referendum will be held sometime in May or June, the exact date to be announced later.

The referendum will offer limited production of wheat, a relatively high price support, and payments for wheat acreage diverted to a conservation use; or (2) no limits on production or marketings and a relatively low price support only to growers who stay within their allotments.

WHAT IS MEANT BY AFGHANISTANISM? This is the term applied to writing editorials concerning criticism of those things easy to criticize since there is almost no chance of local resentment. It is easy for a newspaper editor to condemn the actions taking place in remote areas by making surface opinions and putting them in print. It is considerably harder to state opinions when they are likely to raise the ire of local readers.

In exchange papers which we receive, there is a considerable amount of editorial comment which comes well within the lines of "Afghanistanism". All too few are the editors who will voice an opinion on local issues or stand with a minority for or against what they personally consider to be good or bad. Those who do take such editorial stands should be respected for not walking the middle of the road or taking the easy path.

While criticism of American government in some cases is "Afghanistanism" for local newspapers, an editorial in the Murray County Herald recently takes to task a national issue which is local for everyone in the nation. Since it is of local interest, I would like to share it with readers of this space.

"The greatest threat to our economic system, and to democracy of which it is a part, is the well-meaning effort to insure everyone against failure. In other words, it is the attempt to subsidize inefficiency.

"One of the freedoms inherent in a democracy is the freedom to fail as well as to succeed. Ability, conditions and timing have a great influence but whether we succeed or fail depends, largely, on the effort we put forth. 'One of our greatest economic assets,' says economist George Kline Smith, 'is the right to invest private capital in the hope of making a profit, but at the risk of losing our shirt.'

"Insuraice for the individual against failure — present aim of government planners — is the surest method for stifling incentive, the most direct road to fiiure for evryone."

SONG OF SPRING

The weather warms on streets and farms
As temperatures are rising;
The hold of frost on the trees is lost
Through Old Sol's enterprising;
The sun shines bright on the northward flight
Of the birds as winter's waning;
The snowbanks fade while children wade
And the ditches start spring draining.

Several of the local residents have reported seeing crows, which is a sign that spring cannot be too far away.

COUNTY BOARD PROCEEDINGS

OFFICIAL PROCEEDINGS, BOARD OF COUNTY COMMISSIONERS, PENNINGTON COUNTY, Minn. March 5, 1963

Pursuant to adjournment the County Commissioners met in the Commissioners' Room in the Court House at 10:00 A. M., March 5, 1963.

Members present: Hanson, Olson, Almquist, Lindberg and Tasa. All present.

Dr. Wendt, County Health Officer, met with the Board relative to problems that were presently before him. After considerable discussion Commissioner Lindberg introduced the following resolution and moved its adoption:

WHEREAS, The Public Health Officer of Pennington County has informed the County Board that a public health menace could exist from improper handling of sewage from homes that are not properly connected with adequate disposal systems, and

WHEREAS, The County Board of Commissioners and the Public Health Officer has an obligation to protect the general public from menaces to health.

NOW, THEREFORE, BE IT RESOLVED, That the Board of Commissioners urges the Public Health Officer to take the necessary inspection steps to insure proper handling of sewage disposal, and

BE IT FURTHER RESOLVED that each Town Board be reminded of its obligation to the people and to observe and report incidents where sewage is dumped directly into a public stream, ditch or other area that could endanger public health or property.

(See Minnesota Statutes 144.35, 145.01 and 145.22)

The foregoing resolution was duly seconded by Commissioner Almquist and declared carried.

The minutes of the meeting of Feb. 5, 1963, were read and approved as read.

Application for reduction of Real Estate value approved for Curtis J. Swanson on the E½NE¼ & SE¼ of Sec. 17, Town of North. Incorrect acreages used on extending values.

Application for Household exemption approved for Mrs. Lila Stephenson in Village of Goodridge.

The report of the Livestock Inspector, Dr. Frank W. Hazard, for the year 1962 was presented and approved upon motion by Tasa seconded by Lindberg and carried.

At 2:00 P. M. the Board proceeded to open bids for base and plant mix bituminous application on SA 3 from the airport road west to the end of the County Project 57-603-04, 05 & 06. The following bids were opened and read aloud:

Lynn Chemicals Inc., St. Paul	$5.29 per gal.
Agsco, Grand Forks	5.10 per gal.

Moved by Hanson seconded by Lindberg that the bid of Standard Oil Co. be accepted as the lowest and best bid and the Chairman and Auditor be instructed and authorized to enter into contract with the successful bidder. Motion carried.

Commissioner Hanson introduced the following resolution and moved its adoption:

WHEREAS, Application has been filed with the County Auditor by the Northwestern Bell Telephone Company petitioning the County Board for permission to bury telephone cable along certain County roads in Norden Township, (exact location on file in the office of the County Engineer) 24 inches below the center of the road ditch.

NOW, THEREFORE, BE IT RESOLVED: That permission is hereby granted the Northwestern Bell Telephone Company to bury telephone cable along the County right-of-way at the center of road ditches, not less than 24 inches below the bottom of the ditch; that same shall be marked at convenient and conspicuous locations to prevent damage to the cable by any future road construction; that said cable be buried at no risk to the County and that any future disturbances be the sole responsibility of the Northwestern Bell Telephone Company.

The foregoing resolution was duly seconded by Commissioner Lindberg and declared carried.

Commissioner Tasa introduced the following resolution and moved its adoption:

RESOLVED, By the Pennington County Board of Commissioners, that Joseph Seidel, County Engineer be and he is hereby authorized, in addition to the Statutory Limitations, to restrict the load limits on Pennington County roads, during the spring break up, between the limits of 3 tons per axle and 5 tons per axle, according to the conditions of each road and to 'post' the load limits accordingly.

The foregoing resolution was duly seconded by Commissioner Almquist and declared carried.

Commissioner Hanson introduced the following resolution and moved its adoption:

WHEREAS, Pennington County plans to construct County State-Aid Highway No. 9 from T. H. 219, thence East, a distance of 2.00 miles to the Southeast corner of Section 15, T154N, R40W, and

WHEREAS, Judicial Ditch No. 18 (Branch E) runs parallel to said C. S. A. H. No. 9 from T. H. 219 to the Northwest corner of the NE¼, Section 22, T154N, R40W, (Goodridge Twp.) a distance of 1.5 miles and there terminating, and

WHEREAS, It is advantageous and desirable in the construction of said C. S. A. H. No. 9 to move the location of said Judicial Ditch No. 18 (Branch E) approximately 20 feet South from its present location on that part paralleling C. S. A. H. No. 9, retaining the same original ditch grade and flattening the slopes to blend with the new road construction. Said alterations and change will not in any way effect the functioning and efficiency of said Judicial Ditch No. 18 (Branch E.)

NOW THEREFORE BE IT RESOLVED, By the Board of County Commissioners of Pennington County to instruct its County Engineer to file the plans and profiles of said C. S. A. H. No. 9, showing the contemplated changes and alterations of Judicial Ditch No. 18 (Branch E) in detail with the Clerk of District Court, who shall thereupon fix the time and place for hearing thereon and to give notice of hearing by publication as defined by Minnesota Statutes, 106.011, Subdivision 2.

The foregoing resolution was duly seconded by Commissioner Tasa and declared carried.

Marshall Takes State Cage Title

The Marshall Tigers, champions of Region Three, won the Minnesota state high school basketball championship on Saturday night when, in the final seconds of play, Dennis Schroeder dropped in a pair of free throws to give his team a 75 to 74 win over the Cloquet Lumberjacks of Region Seven in the finals game of the tournament that was concluded before a capacity crowd in Williams Arena in Minneapolis.

In winning the title, and it was the first time that western Minnesota had won the state championship, the Marshall team, playing in the upper bracket, defeated Austin of Region One, 65 to 63, in a first-round game that required an overtime period. In the semi-finals, Marshall trounced the Anoka Tornadoes of Region Four, 61 to 35.

The Cloquet, installed as a pre-tournament favorite, opened its play by defeating the highly-rated Bloomington Bears of Region Five, 82 to 67, in a first-round game. In the semi-finals, Cloquet was hard-pressed by a surprisingly strong Sauk Centre team from Region Six, winning by an 87 to 81 score.

In other first-round games, Anoka defeated the Region Eight champion Bemidji Lumberjacks, 51 to 48; and Sauk Centre, by a 64 to 58 score, defeated Wells of Region Two.

In a game to determine third place in the tourney standings, Sauk Centre, with a strong rally in the second half, edged out Anoka, 56 to 54.

In consolation first-round play on Friday afternoon, Bemidji, by a 71 to 53 score, defeated Austin; and Bloomington, by a 69 to 56 margin, defeated Wells. In the consolation finals, played early on Saturday evening, Bloomington nipped the Bemidji Lumberjacks, winning by a 43 to 42 score.

Detroit Lakes Hit by $200,000 Fire Friday Morning

Fire swept the main offices and warehouse of two heating and plumbing firms at Detroit Lakes Friday.

Fire Chief Wally Schultz said he believed damage would total around $200,000.

Struck by the blaze were Tri-State Heating Inc., and Snappy Inc., related firms which shared office and warehouse space in the 50 by 200 foot concrete block building.

Firemen responding to an alarm about 5:15 a. m. said heat was so intense when they arrived that windows were blown out. The interior of the building was destroyed. No other buildings were threatened.

No one was on duty in the building and firemen said cause of the blaze was not known.

Tri State is a wholesale company, and Snappy manufactures heating equipment, and has another building in Detroit Lakes. Leroy Anderson is president. The firms employ about 50 persons.

Americans drink more canned pineapple juice than any other noncitrus fruit juice. Fruit nectars follow as the next most popular noncitrus juice, and then grape, prune and apple.

Down Memory Lane

It was fifty years that the first state high school basketball tournament was played. And in that tournament, with sixteen teams competing and which played at Carleton college in Northfield, the Fosston Greyhounds defeated Mountain Lake, 29 to 27, to win the title.

Franklin Vikan of the Fosston "Thirteen Towns" newspaper had some reminiscences on that event. The "squad" that brought the first state championship back to Fosston was comprised of but six players, and one of these, Leo Movold, was an eighth grader and the team's lone substitute. The team members were Ralph (Curly) Movold, Ellef (Larry) Rue, Albert Hanson, Charles Wuarness, and Carl Fogelberg. Of this group only Hanson, who resides in Bemidji, and Rue, who lives in Germany and is a correspondent for the Chicago Tribune, are alive.

In their first game of the tournament, Fosston defeated Willmar, 27 to 17. In a second round game, the Greyhounds defeated Plainview, 38 to 27. And in the semi-finals, Fosston defeated Luverne, 36 to 26.

The team, which had no regular coach, had to provide their own uniforms for the tournament as a fire, which destroyed the school a few weeks previous, had burned up their equipment. The team held their practice sessions in the building that is now occupied by Clarence Offerdahl's Hartz grocery.

In those days very few fouls were called, but when an infraction was called any man on the team could shoot the free throw. Fosston's Curly Movold was the free-throw expert, and in the state tournament he made sixteen out of sixteen attempts. Movold, following graduation from high school attended North Dakota State.

Francis Stadsvold

Superintendent W. J. Hoover was listed as the team's official coach, but Francis (Doby) Stadsvold, who was attending the University of Minnesota at the time, was considered as the assistant coach.

And speaking of Stadsvold, he is perhaps the finest all-round athlete to come out of the Fosston school. Doby captained the Minnesota Gophers in 1919, the year that Minnesota won the Big Ten cage title. Later, Stadsvold coached college basketball at West Virginia; and in more recent years he was county attorney of Polk county.

It's fantastic and unbelievable to note the remarkable progress in high school basketball performance. Consider that state tourney semi-finals game between Cloquet and Sauk Centre, which was won by Cloquet, 87 to 81. That's a total of 168 points in thirty-two minutes of play! The boys are bigger, they are better coached, they have better equipment, and the competition is better balanced.

Just on the local level. The members of this season's Prowler squad cannot believe that in the early days the high school team played its varsity games in the old basement gymnasium in Lincoln high school. And in those days there was a bleacher section along the south wall, so the playing area was plenty cramped. Those were the days of the knee-guards and elbow-pads.

Of Personal Interest

A couple of Lincoln high school faculty members had more than passing interest in the state high school basketball tournament finals game between Marshall and Cloquet on Saturday night. Loren Johnson, who was given all-state tournament rating as a guard on the champion Marshall team is a nephew of J. Arthur Johnson; and Dick Boyer, a forward on the fast-moving Cloquet Lumberjacks, is a nephew of Jack Boyer.

Little Falls To Host Dist. Miss Minnesota Pageant

Connie Ekeren Entered In Pageant; Jaycees To Sponsor Contestant

Little Falls will host the district Miss Minnesota pageant to be held May 29, it was noted at a meeting of the Thief River Falls Jaycee chapter Thursday evening at the Elks club rooms. The local chapter had made a bid for the district event but Little Falls was given priority by the state organization.

Competing in the district contest, from which winners will advance to Miss Minnesota competition, will be Miss Connie Ekeren of Thief River Falls. Selected as Miss Thief River Falls at the annual Jaycees Aquacade last summer, Connie will represent the local Jaycee chapter and this community at the district event.

President Warren McIntosh also announced the appointment of James Wilson as general chairman for the 1963 Aquacade, Charles Holmquist reported on the district pageant, Silas Glere on the Salvation Army benefit dance, Ralph Foster on the state meeting in St. Cloud on May 3 and 4 and Marvin Lundin on the state Outstanding Young Farmer banquet at Ada and the membership drive.

Roland Larson presented material on an air show which could be obtained for staging this summer if local sponsorship and arrangements can be made. Considerable discussion was held with action tabled pending further investigation, a meeting of the board of directors and presentation at the next chapter meeting.

President McIntosh also reported that a nominating committee has been formed with the committee's report to be given at the first meeting in April. Election of officers for the coming year will be held on April 18 at which time nominations will be open from the floor for all offices.

Steve Myhra, former place-kicking specialist with the Baltimore Colts professional football team, was a guest at the meeting. He spoke briefly to the chapter on his football experiences and answered questions in regard to the National Football League and some of the players.

Prowler Cagers Set Records for Scoring

The 1962-63 basketball Prowlers, in playing a 23 game schedule during which they marked up sixteen victories and seven losses, set a number of scoring records.

The fast-breaking cagers of coach Jack Junker amassed a total of 1547 points in the twenty-three games, breaking the previous school scoring mark of 1353 points set by the Prowlers of 1960-61.

And the Prowlers set a new single game scoring mark when, on Feb. 22, in a game played here, the blue-and-gold defeated the Warren Ponies, 102 to 53.

The Prowlers, during the season which found the locals winning the District 31 title and reaching the finals of the Region Eight Journey, scored at a 67.2 points per game rate.

Center Tommy Lindberg, with 136 field goals and 62 free throws, was the Prowlers' high point player, racking up a total of 334 points. John Aune, with 137 field goals and 25 free throws, earned runner-up honors with 299 points. And Paul Klungness, who was last season's high point player with 224 points, had 103 field goals and 51 free throws for a 257-point total. Lindberg, Aune, and Klungness are seniors and will be missing when next season's play begins.

Defensively the Prowlers gave up 1272 points in the 23-game schedule.

Langen Bill Would Cut Federal Debt

Would Apply Reclamation Project Earnings on Debt

"When the Government makes a profit on a government-owned business, those profits belong to the people of the United States," declared Congressman Odin Langen Thursday upon introducing a bill that would provide for the application of power revenues from reclamation projects to the reduction of the public debt.

"What my bill means," said Langen, "is that revenues derived from reclamation projects will be used first to repay the costs of such projects, but once the project is on a paying basis, additional profits would be transferred to the General Treasury and would be applied only for the reduction of the public debt of the United States."

"We all recognize the value of necessary reclamation power projects," explained Langen, "but we should also recognize that profits from such projects belong to the taxpayers. Instead of turning such profits back into the Treasury, as was originally intended, they've been used in the past to support irrigation projects that not only can't pay their own way but even add to the already staggering surpluses of agricultural products in this country. Some don't even benefit the power customers served by the original project."

"Using these power profits for unsound irrigation projects is a direct form of subsidy, paid for by the American people," declared Langen, "only the figures are juggled to make it appear that they cost us nothing. My bill will put an end to this re-shuffling and dealing off the bottom of the deck. The cards will then be on the table, face up, for all to see."

One out of every seven families in the United States either has a home freezer or uses locker plant facilities, a U. S. Department of Agriculture survey revealed.

Taxes on Dividends & Retirement Income

(This is the fifteenth in a series of articles on income taxes made available as a public service by the Minnesota State Bar Association, Public Relations Committee.)

For federal income tax purposes, your dividend income is tax-free up to $50 — or up to $100 if you and your wife each received dividends of $50 or more (as where you and your wife own stocks either jointly or separately.) This exclusion must be claimed specifically on your federal return. In addition, you are entitled to a dividend credit against federal taxes equal to 4 per cent of your dividend income (that is, your dividend income minus your $50 or $100 exclusion), or 4 per cent of your taxable income, whichever is lesser.

Under the Minnesota income tax law, a taxpayer enters his federal adjusted gross income as his Minnesota gross income (with certain modifications) on his Minnesota return. Accordingly, if you received dividends and specifically claimed the $50 or $100 dividend exclusion on your federal return, you will, in effect, also receive a $50 or $100 dividend exclusion for Minnesota income tax purposes. There is, however, no dividend credit against Minnesota taxes.

The following discussion concerning the retirement income credit is applicable only to your Federal return.

A person who is 65 years of age or older or retired under a public retirement plan and who earned at least $600 per year in each of any ten years prior to the taxable year from wages, salaries or other remuneration for personal services performed, is entitled to a credit against his tax equal to 20 per cent of the first $1,524 of retirement income which he receives minus certain specified amounts. Where a husband has the required earned income, his wife can also qualify either by having worked herself or by receiving credit as his widow for the income earning years of her husband.

Retirement income consists generally of taxable pensions, annuities, interest, rents and dividends. The first $1,524 of retirement income upon which the credit is computed must be reduced by the amount of social security payments or railroad retirements pension payments received and also reduced in the case of persons between 62 and 72 years of age by one half of the amount of wages and salaries received during the taxable year between $1,200 and $1,700, plus all earned income over $1,700; if you are under 62, the credit is reduced by the amount of wages over $900.00.

If you are between 62 and 72 and receive $2,500 in retirement income as defined above, earn a salary of $1,400, and receive Social Security benefits of $500, you compute your credit by starting with the maximum retirement income of $1,524, and deducting the $500 of social security benefits received. From the net amount of $1,024 you then deduct one half the amount of wages you received in excess of $1,200, or $100. This gives you a net retirement income of $924 to which the 20 per cent credit is applied to give you a credit against your tax of $184.80.

Although you must always deduct social security benefits received against the retirement income figure, you are not required to also reduce the amount by your earned income received after you have reached 72 years of age.

If husband and wife both qualify for the retirement income credit, they can take the credit only with respect to retirement income which they individually receive. Thus, your wife cannot take a retirement income credit where she receives no retirement income in her own name.

Minnesota Masons to Enlarge Cancer Hospital at 'U' M.

290 Lodges In State to Join Forces In Campaign to Rise $1,100,000 Fund

A million dollar addition to the Masonic Memorial Hospital at the University of Minnesota was adopted as the goal for the coming Masonic year at the fraternity's annual meeting in St. Paul, Minnesota, March 21, according to Harvard B. Olson, Richfield, Grand Master, Grand Lodge A. F. & A. M. of Minnesota.

Delegates from 290 Masonic lodges voted to start a drive for $1,100,000, Olson reported, "to expand the initial 1958 gift by Masons to the University of the present hospital for care of patients with cancer and other fearsome diseases. Dedicated to God and suffering mankind, Masonic Memorial demands our continuing support at the Minneapolis medical campus where patients are treated regardless of race or creed."

Masons expect to raise the million by next March, said Edwin W. Toms, Ely, who was elected 1963-64 grand master at the two-day session to succeed Mr. Olson. "This is to be the major project of our fraternity during the year. Among our numerous charitable and civic projects, including the Masonic public school scholarships the hospital will be pre-eminent this year."

Money to build an additional two floors, including new laboratories, on the four-year-old Masonic Memorial in Minneapolis, will be raised by the fraternity's non-profit fund-raising corporation, Masonic Memorial Hospital Fund Inc., says Clyde E. Hegman, past grand master and president of the Fund. "We will enroll some 3,000 volunteers to call on local lodge members beginning in April, so that this essential addition of 50 more rooms and an entire floor of new specialized laboratories can be started in 1964."

Red Cross Service to Citizens Cited

Governor Given Annual Report of Organization

Red Cross service required by the people of Minnesota last year continued the upward trend shown annually for more than a decade, Gov. Elmer L. Andersen said this week.

Commenting on the annual state report to him by Red Cross, the governor pointed to service to the armed forces, teaching in first aid, water safety and nursing skills to demonstrate increase in all services.

"Red Cross help was needed by 13,148 men and women in the armed forces against 10,000 in the previous fiscal year. The increase was due in part to the fact that more men were called up, but stresses and strains of the times are an important factor.

"Families of service men at home have great problems caused by uncertainty and instability. They turn to Red Cross for help.

"This same stress factor reflected more positively in the teaching service. More people are realizing the importance of being prepared for emergencies because of the uncertain international situation.

Health and safety courses were completed by 79,054 persons last year, an increase of 15 per cent over the previous year. The governor noted that Red Cross now has 1427 authorized first aid instructors and 92 highway and mobile first aid units in operation.

"These trained first-aiders gave assistance in 414 highway accidents last year, saving lives and preventing deaths from injuries to many," he said.

Commencement at N.W. School Friday

75 Seniors Scheduled to Graduate on Friday

On Friday, March 29, seventy-five seniors will receive their diplomas at the 55th annual commencement exercises to be held at the Northwest School of Agriculture, Crookston. The program is scheduled for two o'clock in the afternoon and will be held in Kiehle auditorium.

Dr. T. H. Fenske, associate dean of the Institute of Agriculture, University of Minnesota, St. Paul, will give the commencement address. The Reverend Fred McCormick of Crookston will pronounce the invocation. Representing the class of '63, Carol Fehr of East Grand Forks, will give a greeting.

The three seniors who have been named as students with the highest scholastic standing in the graduating class are: Carold Ann Fehr (3.975), East Grand Forks; Beverly Shelstad (3.974), Doran; and Jacie Bornsen (3.973), Inkster, N. Dak. In addition to the three highest scholastic ranking students named, seven other students are on the scholastic list of ten highest seniors; and, in order of scholastic rank, they are: Betty J. Swanson, Arvilla, N. Dak.; Charles Lundgren, Wales, N. Dak.; Clayton Nelson, Warroad; Linda Armstrong, Hallock; Douglas Wolden, Saum; Gary Tvinnereim, Manvel, N. Dak. and Drew Larson, Crookston.

Civil Service Is Seeking Typists & Stenographers

U. S. Civil service commission announces an examination for stenographer or typist. Jobs are available with various federal agencies throughout the midwest and in Washington, D. C. Starting salaries range from $296 to $342 a month. Additional information and application forms may be obtained from the Thief River Falls post office.

First Inspection for Sheep Scabies Ended

The first stage of Minnesota's sheep scabies elimination program has been completed, according to Raymond B. Solac, extension veterinarian at the University of Minnesota.

A total of 17,821 flocks have been visited at least once by a representative from one of the agencies cooperating in the program since it began Dec. 17, 1962. All but 1,491 flocks were cleared after the initial inspection.

Following reinspection, eight flocks were diagnosed as scabies-infected and 12 were put in a "suspicious" category. The majority of the reinspected flocks had symptoms, similar to those of scabies, which were actually due to lice or keds (sheep ticks).

The infected flocks will be dipped twice and the suspect flocks one, under veterinary supervision and at no expense to the flock owners.

A second reinspection is being conducted by state and federal veterinarians of all 1491 flocks that showed any symptoms on the first round.

Cooperating in the scabies eradication program are the Agricultural Extension Service, vocational agriculture instructors, the Minnesota Department of Agriculture, the Minnesota Livestock Sanitary Board and the U. S. Department of Agriculture.

When the second reinspection is completed, results will be used by the USDA for consideration of Minnesota as a scabies-free area. Once Minnesota has such status, sheep from the state will be able to move freely into any area for any purpose.

Scabies, while a serious problem in infected flocks, is of greatest overall importance in its effect on markets. Sheep from infected areas (such as Minnesota) except those for immediate slaughter, can cross state lines without restrictions only to go to other infected areas.

Wisconsin, South Dakota, North Dakota, and Canada already have scabies-free status.

Taconite Action Committee Meets

Objective Is to Bring Industry to Minnesota

"Taconite means jobs for Minnesota," according to Wheelock Whitney, recently appointed chairman of the Taconite Action Corps (TAC) and president of the Minnesota Investment Bankers' association.

Whitney met Friday with Governor Elmer L. Andersen and Cliff Sommer, Owatonna banker, for Minnesota chairman of the Radio Free Europe Fund, and amember of TAC, to plan the organization's initial moves. The third member of the group is Donald Scott, president of Continental Sales and Equipment Co., Hibbing.

Whitney said the Govrnor had formed the Taconite Action Corps to promote taconite development in three major ways:

1. Make direct contact with industry executives across the nation to sell them on coming to Minnesota to build their taconite plants.
2. Operate as a go-between for contact between the state of Minnesota and companies which have already announced plans for taconite plants or who do so in the future.
3. Work state-wide to encourage voters to approve the taconite amendment in 1964.

Whitney said the Governor had tion Corps will also work toward job and business development in other areas.

Rolvaag Is Governor

Governor Elmer Andersen is to be commended for his acceptance of the findings of the three-judge panel that directed the election recount. As a result of his decision Karl F. Rolvaag becomes the Governor of Minnesota today. Thus ends a most unusual incident in the state's political history.

The question as to why this contest was so close no doubt has several answers. The fact that the winner came through with a majority of only 91 votes could indicate that both candidates were strong or that both candidates were weak. In this instance the narrow margin probably was due to weakness rather than strength.

Both candidates were handicapped by weak party support. The liberal Andersen did not have the confidence of the conservative elements within the party. Rolvaag was not looked upon as a possible winner by some leaders in the DFL party who had ambitions of their own.

The careers of several of our governors in recent years have been cut short because they used the governorship as a springboard to higher office rather than as an end and a responsibility in itself. Instead of concentrating on how to be a good governor, they started campaigning for the presidency. They started deciding things not by the standards of right and wrong but by the standards of public appeal and popularity.

Karl Rolvaag may turn out to be a good governor. He has presided over the Senate during the past eight years and the conservative leaders of that body speak well of his service in that capacity. He has a likeable personality and expresses himself well when he isn't hunting headlines. If he keeps his feet on the ground, concentrates on being a good governor, and doesn't develop a messiah complex, he might turn out to be one of Minnesota's better governors.

Along with our congratulations on his victory go our best wishes for success.

NFO And Milk Prices

Officials of Land O' Lakes Creameries, Inc., explained the position of that organization on the proposals of the National Farm Organization to managers and directors of creameries of the area, at a meeting held here Thursday. They expressed unqualified opposition to the NFO program as being unrealistic and not in the best interests of the dairy producers or the dairy industry.

We came away from the meeting satisfied that they had taken the right position. The Land O' Lakes organization does have a leadership responsibility to the producers they serve. The NFO seeks to increase the market value of milk nationally by signing up producers in ten Midwest states, without attempting to maintain surplus control except by dumping. Under such a program the producers of the ten Midwest states would be the losers.

In a recent issue of the St. Paul Pioneer Press, Alfred O. Stedman, retired farm editor of that publication, expressed his views effectively in a question and answer column. Here are some of the obvious facts that he stressed:

Q: What would happen if Midwest plants were forced to pay 50 per cent more than their big eastern competitors for milk?

A: Midwest dairying would lose more of its real consumer market, and have to sell more of its milk to the government.

Q: Is such danger fact or fiction?

A: It would be fact if manufacturing milk prices were jumped far higher here where the NFO is organized than outside where it is not.

Q: Is such discrimination real or a bugaboo?

A: It's real. It exists now. It could get worse.

Q: How?

A: Federal milk orders can and have been used to subsidize eastern manufacturers with lower than Midwest prices for the milk they buy. Secretnory Freeman is resisting tremendous pressure from big eastern processors to return to more of just such discrimination.

Q: How would a 60 per cent jump in Midwest prices offect that?

A: It would play against us right into eastern dairying's hands.

Q: Does the situation threaten the Midwest dairy cooperatives?

A: Farmers are being asked to sign away the co-ops' bargaining power to the NFO.

Q: Would the dairy co-ops be destroyed?

A: As a direct aim, such destruction is disavowed by NFO. But the co-ops could be knocked out in several indirect ways.

Q: How?

A: By co-op members signing over NFO as their exclusive bargaining agent. By thus letting their co-op memberships wither or die. By compelling NFO signatory co-ops to use up their resources paying over-the-market prices for milk.

Q: How could NFO milk price contracts be enforced?

A: By dumping milk, as recently near Annandale, Minn.

$304,820,940,988.87

On March 7 the federal debt was exactly $304,820,940,988.87 according to a report from one of our spies. During the next 15 months it is expected to increase another $12 billion. The annual interest cost is about $10 billion.

That is very good, but not good enough according to Presidential adviser, economist Heller. He urges that we make a special effort to build up bigger deficits and increase the debt total as fast as possible.

That is the way to prosperity, says Heller. Why didn't somebody tell us earlier in life how easy it is to become rich?

Our Neighbors Have Problems

Canadians are preparing to celebrate their centennial as a nation. Canadian history, from the period of colonization, dates back more than three centuries. The colonies, for a long period of time, were both French and British. For many years after Britain took over the French interests, the colonies retained their identity as such, and it was not until 1867 that confederation was finally achieved and the Dominion of Canada was organized.

Canada now is an independent nation within the British Commonwealth of Nations, but the Canadians are having internal difficulties. Quebec has remained basically French and has resisted Canadian integration. Now, after nearly a hundred years of confederation, there is talk of secession, and some experts are concerning themselves with the question as to whether any province has a legal right to become a separate state.

Canadians now are divided by a heated political campaign in which Canadian relations with our country figure prominently. In the overall situation there are some explosive possibilities. Now is a good time for those who speak for our country to weigh their words carefully. When under pressure it is easy to misinterpret the well-intentioned comments of friends.

In 1967 Canada, as a nation, will be a hundred years old. By that time most of the present problems probably will be resolved, and it is likely that we and our neighbors will be concerned with new matters that seem to be of pressing importance. The encouraging thing about most of our difficulties is the fact that most of them somehow eventually vanish into relative unimportance.

Our best wishes to our good neighbors for a successful and happy centennial, and a new unity that will make for continued progress.

The Arms Race

We are spending $55 billion for national defense next year because we don't trust the Communists. We must spend this huge sum to strengthen our defenses.

The Russians are spending more than they can afford for national defense because they don't trust us. They feel that they must strengthen their defenses.

The absurdity of this situation was recently pointed out by a group of American scholars who argued that we already have several times the striking power of the Communists and could well afford to ease off in our military build-up. The Christian Science Monitor was favorably impressed by their approach and commented as follows:

"Few men are sufficiently well informed and wise to comment readily on the open letter about disarmament addressed to President Kennedy by a group of scholars.

"Its intention is good. It seeks to remove a block to disarmament.

"It argues that because the United States now has "several times the Soviet striking power" (this is based on an official American statement) the Russians cannot agree to inspection which is the key to agreed disarmament. They are compelled to maintain military secrecy, it is said, in order to offset the larger American force.

"The group argues that Secretary McNamara's new counterforce strategy is both a cause and a justification for the serious nuclear imbalance between the two countries. This policy calls for a continually superior striking force which could destroy Soviet military targets and spare Soviet cities. But the "fantastic" size of American nuclear armament which stems from this policy gives the Russians their logical reason for rejecting inspection.

"The group wants the President to base his disarmament offer on a closer approach to equality in weapons, so the U.S.S.R. can abandon its secrecy and permit inspection.

"This proposal needs careful study. Comment from the President's disarmament advisers is essential."

Interesting Opinions

"The thing to do is to make so much money that you don't have to work after the age of twenty-seven. In case this is impracticable, stop work at the earliest possible moment, even if it is at a quarter past eleven on the morning of the day when you find you do have enough money."

Legis Lative Letter

from ANDREW SKAAR

STATE REPRESENTATIVE

Legislation has been introduced in both the House and Senate which would restrict the sale and ownership of automobiles in Minnesota to persons 18 years of age or older, with certain exceptions.

The authors say their bills have a definite objective, to discourage high school students from owning their own cars and thus from being detracted from their studies, from getting good marks and from finishing school.

In many communities there is a trend toward high school students acquiring their own automobiles. Some boys unquestionably feel underprivileged because others have a car and they do not. What are the results of such a situation?

Statistics obtained from checking up on 20,000 students in 30 cities prove that 29 per cent of the seniors, and 42 per cent of the juniors owning cars have failing marks.

This poor showing in school developed because as soon as a young person gets his own car his chief interest is the car, according to the survey. It is natural that a boy takes a lot of pride in his own car, but this may detract from his study habits and satisfactory grades.

If his principal concern is his car, he may end up getting a job to earn money to keep his car in operation. An automobile is an expensive things, as any adult will testify. Loss of parental control when a youngster has his own car often is another problem.

This legislation may not correct all these situations, but its authors contend that theirs is a good bill and should be adopted.

The bill does make provisions for two special circumstances. A young person who is 17 may register his own car if he has completed a driver's training course, or if he has graduated from high school. The requirement that a 17 year old must finish a driver's course should contribute to good driving habits.

One observation made about the bill is that it may stop a boy from being a social success at 16 and a failure at 21. Be that as it may, the legislation is in the hopper; and in due time may come up on the floor for adoption or rejection.

THE ANDERSEN LETTER

from

Gov. Elmer L. Andersen

Legislative progress.

A number of important measures have been passed by this 63rd session of our legislature, many more have been moving along very well. This could be one of the more productive legislative sessions in our state's history.

Passing the taconite statute and amendment is a milestone reflecting changed conditions and changed attitudes. I am tremendously relieved to know that the economic impasse in northeastern Minnesota has been broken and we can now look forward to an increase in stable employment.

A second matter of major importance was the prompt passage of the 1961 Building Bill. Some of these projects are already underway.

Agreement is very near on an unemployment compensation bill, and it may be law by the time you read this. I hope so as additions to the fund are urgently needed and other changes are overdue.

The mandatory seat belt bill is passed and now law. If everyone who was in an accident in 1961 had been wearing a seat belt, fatalities would have been reduced by 200—nearly one third. Need anyone say more? This bill was a key part of my administration traffic safety program and other parts are progressing well.

General progress on big appropriation bills which are the key to the legislature could con-3m...... clude in the normal 90 days or close to it, instead of the 120 now provided, if executive and legislative cooperation can continue.

No New Taxes, ...

No Increase in Taxes ....

When my "economic growth" budget was first released questions were raised as to the adequacy of revenue, particularly when I took into account the effect of a Federal tax cut. The picture looks better every day. At a recent meeting with Chairmen of the two tax committees, Commissioner of Taxation, Mr. Hatfield revealed that any revision in estimates would be upward. Actually it now appears that very nearly my total budget could be financed with no Federal tax cut/at all, even affecting the second year of the biennium.

When I think of the financial picture two years ago — deficit in general revenue, income tax, spending more than coming in, I'm glad I can report that the finances of our state are one whale of a lot better now than they were two years ago, and the pledge of "no new taxes, no increase in taxes" is sound.

Concern for People

Sound finances are one concern for people — but a more direct one is to make sure services are adequate. I was glad to sign a bill the other day putting the youth treatment center at Lino Lakes into operation. I am urging greater support for day care centers for the mentally retarded, a larger number of community mental health centers and more nearly adequate personnel in our state institutions.

Nothing would contribute more to the outdoor enjoyment of Minnesota by all our people than enactment of the Natural Resources program about which I have previously written. Support is growing.

Already I have signed 114 bills into law and the flow will rapidly get much larger. When your legislator gets home, let him know your position on the issues, but let him know also that you appreciate the effort he is making to do a good job for you.

River Valley . .

Mrs. Roman Radniecki

Mr. and Mrs. Engvald Christoferson were Friday evening visitors at the Oscar Lundeen home. Saturday evening callers were Mr. and Mrs. Elmer Rustan, Errol and Judy.

Thursday visitors at the Herbert Lundeen home were Mrs. Gilbert Overvold, Mrs. Louis Mandt and Mr. and Mrs. Ervin Flategaard and Toni.

Sunday evening dinner guests at the Lyle Mandt home in honor of Glen Hofstad's birthday were Mr. and Mrs. Ole Hofstad and Ione and Glen, Selmer and Tommy Hofstad and Mrs. Louis Mandt.

IN MINNESOTA

BEER IS A NATURAL

From nature's light grain comes sparkling, light beer . . . Minnesota's traditional beverage of moderation—it's light, sparkling, delicious.

And naturally, the Brewing Industry in Minnesota is proud of the more than four million tax dollars it contributes to the state of Minnesota each year—money that helps support our schools, our hospitals and our parks. In Minnesota, beer belongs—enjoy it.

670 Expected To Attend Luther League Convention

Trinity and Zion Host Dist. Event Saturday, Sunday

Reservations have been made by 670 Luther League members to attend the annual convention of the Northern Minnesota District to be held Saturday and Sunday in Thief River Falls. Most of the delegates will come from communities outside the immediate area and will be housed in homes of host congregation members from Trinity and Zion Lutheran churches.

One of the features of the two-day convention will be the appearance of the Oak Grove high school choir in a public performance on Saturday at 8 p. m. The program of music will be held in the Lincoln high school auditorium and no admission will be charged but a free-will offering will be taken.

Registration will open at 9 a. m. Saturday with the opening session at 10:30 a. m. in Trinity Lutheran church. At 10:45 a. m. Rev. Merton Strommen, director of Lutheran Youth Research, will speak. A lunch will be served at 12:30 p. m. with the business session slated for 2 p. m. at which time officers will be elected.

Rev. Nelson Trout, associate youth director in evangelism for the American Lutheran church, will speak at 3:15 p. m. and a mixer for delegates will be held at 4:30 p. m. The evening supper at 6:30 p. m. will precede the Oak Grove choir concert. Rev. Merton Strommen will speak at 9 p. m. following the concert.

At 9 a. m. Sunday a Bible study at Trinity church will be led by Rev. Calvin Storley, youth director of the Upper Midwest Region of The American Lutheran Church. At 10:20 a. m. a combined service for delegates and members of Trinity and Zion churches will be held in the high school gymnasium with Rev. Trout as the speaker. A lunch at 12:30 p. m. will conclude the convention activities.

Rev. Merton Strommen

A native of Lamberton, he attended high school and normal school there, received a B. A. degree from Augsburg college, B. Th. degree from Augsburg Theological seminary and M. A. and Ph. D. degrees from the University of Minnesota. He has been a rural school teacher, pastor in the Mora parish, college pastor at Augsburg and youth director for the Luth-

Roseau Man Buys Horejsh Electric Business in City

Elvin (Al) Saxberg of Roseau has purchased Horejsh Electric in Thief River Falls from Emil Horejsh and will operate the business under the name of Al's Electric Service. The business will consist of repairing electric motors, starters and generators and sales of new and reconditioned equipment.

Saxberg is married and has four children and expects to move to the city early in April. He has purchased the Emil Horejsh home in addition to the business property. Saxberg has 18 years experience in the electric business, the past seven years as owner of his own shop in Roseau which has now been sold.

Horejsh operated the firm in Thief River Falls for 39 years. He has not made a decision as to what he will do following the sale of his shop.

Petition for Ruffy Brook Dismissed

The petition for the improvement of Ruffy Brook in Clearwater county, which had been presented by the Red Lake drainage and conservancy district in behalf of Clearwater county, was dismissed Wednesday following a hearing conducted by Judge Lyman Brink in district court in Thief River Falls.

The court's action was based largely on the contention that the improvement project was not justified on an economic basis, since the area to be benefited would be too small in relation to the cost.

Nearly 40 objectors were present to testify at the hearing, as well as a smaller number of supporters. The court's dismissal of the petition brings to an end an action that originated in 1959 in Clearwater county.

PTA Pre-school Roundup Mar. 30

The annual pre-school roundup sponsored by the local PTA units will be held Saturday, March 30, at the Washington school gymnasium from 9 a. m. to 4 p. m.

All children who are five years on or before September 1, 1963, and who will be entering kindergarten in the fall are invited to attend. It is also emphasized that children of new residents who will be entering kindergarten or first grade this fall must call for an appointment with Mrs. Merle Lindberg at MU 1-1536 or Mrs. Margaret Race at MU 1-1336.

All rural kindergarteners and children who will begin school for the first time must attend the roundup. If a child is unable to attend, the parent should call and notify either Mrs. Lindberg or Mrs. Race.

The child's birth certificate and medical record should be brought to the roundup. The birth certificate can be obtained at the clerk of court's office in the county where the child was born. A hospital birth certificate will not be accepted. It has been requested that parents come prepared to give information as to when the child had his shots, also other health information.

At the roundup the child will be registered, a complete medical history taken, and he will be measured and weighed. He will also meet a kindergarten teacher, after which lunch will be served to the child and parent.

George Stockman, director of elementary education, will be at the roundup to answer any questions which parents may have concerning the local schools.

2 Directors Named at Annual Plummer Creamery Meeting

Anthony Shelfert and Leo Eskell Are Elected at Session Held Tuesday

A good attendance was registered at the annual meeting of the Plummer Cooperative, Creamery association Tuesday afternoon. Anthony Shelfert, president, was re-elected to the board of directors, and Leo Eskell was named to succeed E. F. Erickson. Hold-over directors are Gust Foldoe, Oscar Lunke and Gust Konickson, while Arnold Arlt is general manager.

Speakers at the meeting were Marlan Augustine, district director of Land O'Lakes Creameries; Tom Johnson, representing the American Dairy association; and John Lager, LOL fieldman, who also read the report on the past year's operations of the plant.

The report revealed that the creamery received a total of 314,112 pounds of butterfat during 1962, of which 169,003 pounds was sold in the form of milk and 144,619 pounds was made into butter.

The average net price paid for butterfat in cream, including patronage refund, was 62.20 cents, and the average net price paid for butterfat in No. 1 milk, including patronage refund, was 83.46 cents.

Newfolden Lions' "Love Laughter Night" Saturday

"The Ghost at Pumpkin Hollow", a hillbilly comedy-mystery play, will be the main attraction for the fourth annual Lions Love Laughter night to be staged Saturday at 8 p. m. in the Newfolden community school gymnasium. The entire cast, including women's parts, will be played by Newfolden Lions.

The play will be supported by several short skits including, "Romance at the Old Barn? (or the Perils of Flo & Joe)"; "Professor Cuckoo, the Crystal Gazer"; and a musical pantomime. An added feature this year will be a Newfolden Lions quartet.

Doors will open at 7:30 p. m. and tickets may be purchased from Lion members or at the door, according to the publicity committee. Tickets will be sold at 50 cents ents. for adults and 25 cents for stud-

Pennington GOP Will Hear Fertile Attorney Monday

Robert Remark, Fertile attorney, will be the guest speaker at the annual Pennington county Republican convention next Monday evening, April 1, at 8 o'clock in the downstairs meeting room in the Rex Cafe, Mrs. Robert Bredeson, county GOP chairwoman, stated today. Remark has chosen for his topic, "Why I Am a Republican". County officers also are scheduled to be elected in the business session, as well as delegates to the district and state conventions. Present officers invite all interested persons to attend the convention Monday.

Beet Growers Air Future of Organization

Minnesota-Dakota Group Will Discuss Possible Dissolution

Decision as to the future of the Minnesota-Dakota Sugar Beet Development association will be reached at a meeting of the association membership to be held Saturday at 1:30 p. m. in the Dakota Hotel in Grand Forks, N. D. Tri-County Sugar Beet Development association, of which several local men are officers, is a member of the Minnesota-Dakota group.

Recommendation on the Tri-County association's position to be presented at the Saturday meeting will be discussed at a meeting of the Tri-County board of directors Friday at 2 p. m. in the Rex Cafe in Thief River Falls. Everett Amundgaard of Thief River Falls is president of the Tri-County association.

Saturday's meeting is for all members of the county sugar beet development groups, according to C. J. Campbell, Hallock, temporary secretary - treasurer of the Minnesota - Dakota association. He said the meeting is being called meeting of the board of directors of the association which was held in Grand Forks on March 16.

At that meeting, resignations of Robert Waite and Maynard Helges, president and secretary - treasurer, were received and accepted. Arnet Weinlaeder was named temporary chairman and Campbell temporary secretary - treasurer. The resignation of the officers came with the resignation of Southern Red River Valley Beet Development association from the Minnesota - Dakota association.

Calendar for April Term of Court Is Short

Only Six Civil and Two Criminal Cases Scheduled for Trial

Six civil and two criminal cases are on the calendar of the April term of Pennington county district court, Henry Storhaug, clerk of court, announced today. He added that the order in which the cases will be heard, as well as the date on which the petit jury panel will be ordered to report for duty, will be decided when the calendar is set next Tuesday, April 2, by Judge Gordon L. McRae of International Falls, who will preside over the term.

Civil actions include those of Alvin C. Aaseby vs. Norman and David Tunheim, based on personal injuries sustained in an automobile accident, jury case; Sophie B. Vick vs. Fred Forsberg & Sons, personal injury, jury case; and John Vik vs. Fred Forsberg & Sons for damages, companion case; appeal from probate court, involving a disputed claim against the estate of Tolina Lee, court case; Manley Torgerson vs. City of Thief River Falls, property damage, jury case; Larry Ness, by Dan Ness, his guardian, vs. Jerry and Archie Johnson, personal injury, jury case.

The two criminal cases are those of the State of Minnesota vs. John A. Taylor, on a charge of driving while intoxicated; and State vs. Albert Doryea, on a charge of arson.

Several divorce cases are also scheduled to be heard.

600 Are Expected at Watchtower Sessions in TRF

Watchtower convention supervisors from many points in northern Minnesota met in Bemidji recently to confer with W. G. Patterson, New York official, regarding the assembly of Jehovah's Witnesses in Thief River Falls April 19-21. Nearly 600 delegates are expected.

W. G. Patterson, New York-based circuit supervisor of ministers, presided over the meeting. Assisted by R. C. Mullin of Hibbing, convention manager, Patterson went through a long list of needed items ranging from sound equipment to cooking utensils. Department heads discussed and coordinated their needs and resources.

Organizational and procurement work in Patterson's chief concern at this stage. Years of experience in operating conventions of all sizes, from inter-city assemblies all the way up to the largest religious conventions ever held, have evolved an efficient organizational system, Patterson stated.

School Vote Contest Is Ordered Dismissed

WINNERS of scholarships provided by the Thief River Falls Parent and Teacher Association council are Nancy Newton, left, and Gail Stromsmoe, both senior students at Lincoln hgh school. Nancy is the daughter of Mr. and Mrs. Maurice Newton of rt. 4 and will attend Concordia college in Moorhead. Her scholarshp is $250. Gail is the daughter of Mr. and Mrs. G. M. Stromsmoe, 702 Duluth av. N., and will attend Augsburg college. Her scholarship is $235. Two scholarships were made available since the 1962 selection chose not to attend college. Local PTA chapters at Knox, Washington and Northrop elementary schools, Lincoln high school and St. Hilaire school contribute toward the scholarship fund annually.

Petitioners Act On Advice from Their Attorney

Petitioners in a notice of contest on the March 5 special school election have dismissed the contest. Action came on the advice of Leonard Erickson, Crookston, attorney for the contestants, following a recount of ballots yesterday afternoon by a three-member panel of ballot inspectors.

Erickson called L. W. Rullen, school district attorney, about 10:30 p. m. yesterday and asked him to draw up a stipulation for dismissal of the contest, and stated he would sign the dismissal. As a result of the dismissal, a hearing scheduled before District Judge Gordon McRae at Warren this afternoon has been canceled. The hearing had been set to consider a motion by the district asking that the contestants be required to indemnify the district against any losses that might be incurred as a result of the contest.

In consulting with Robert A. Jensen, attorney for the district's bonding firm of Dorsen, Owen, Marquart, Windhorst and West in Minneapolis this morning, Rullen learned that it is likely the bids for sale of bonds can be opened on schedule April 17. The call for bids on $1,495,000 in general obligation bonds had been issued by the board of education prior to the filing of a notice of contest.

Recount Figures

Inspectors of ballots conducting the recount yesterday afternoon found the difference between yes and no votes to total 161. The original figure announced by the election judges was 168 votes. Ballots were tabulated according to instructions from the district judge and placed in categories according to the method of voting on individual ballots.

The recount group found 3,200 persons registered and the same number of ballots cast. A total of 1,600 ballots had yes votes on both questions No. 1 and No. 2 while 1,449 had no votes on both questions.

A total of 52 ballots had a yes vote on question 1 and no vote on question 2 while 30 ballots had a

Retail Committee Adopts Motion On Good Friday Hours

Officially adopted by the retail trade committee of the Thief River Falls Chamber of Commerce Wednesday morning was a resolution making a recommendation to merchants in the city regarding store hours on Good Friday, April 12. The action was taken following several previous meetings which produced varied reactions.

Wednesday's motion as adopted by the committee stated "that the retail trade committee recommends that the downtown businesses encourage employees to attend the church services of their choice on Good Friday and that individual merchants determine their own store hour." The resolution was adopted by unanimous vote of members attending.

Originally the committee had recommended by resolution that stores remain closed until 10:30 a. m. on Good Friday and remain open the remainder of the day. This motion was made, committee members said, on the assumption that churches in the community would hold morning services. Following tradition established in past years, however, most churches in the city scheduled afternoon services.

Rescind Action

A special meeting of the committee was held last Friday when the original decision was rescinded due to the church service schedule. The committee then recomended that all retail stores remain open all day Good Friday but that all employee desirous of attending afternoon church services be permitted to do so.

Since some merchants expressed a desire to follow past precedent and remain closed from noon to 3 p. m., the final action was taken Wednesday morning. As a result, it is expected some stores will remain open all day and some will be closed during the time of service.

The Chamber of Commerce retail committee emphasized that it is not a profit motive which makes some merchants wish to have their stores open all day. A large portion of Thief River Falls trade comes from an area outside the local church area and store owners and managers feel an obligation to provide service to these customers, a committee spokesman said.

Names Chairmen

Sub-committee chairmen were appointed at a meeting of the membership and finance committee of the Thief River Falls Chamber of Commerce held this morning at the Chamber of Commerce office. John McGinley is chairman of the committee.

Glenn Peterson was named chairman of a sub-committee to prepare a formula for assessing dues under an equalization program in 1964. A red carpet greeter program is being arranged under the chairmanship of Harold Strible and Redcoats dues collection is being organized under the direction of Jack Edmiston.

St. Bernard's To Sponsor Day of Recollection Sun.

Rev. Stanley Bourassa of East Grand Forks To Give Conferences

Giving the conferences for a Day of Recollection at St. Bernard's Catholic church Sunday afternoon will be Rev. Stanley Bourassa, assistant pastor of Sacred Heart Church, East Grand Forks.

Rev. Bourassa, a native of Minneapolis, is a graduate of St. John's University, Collegeville, where he majored in philosophy and minored in English and education. Following his graduation, he studied theology for four years at St. John's Seminary, also at Collegeville.

The Day of Recollection, followed by a banquet, is an annual affair designed to provide a formal closing to the Confraternity of Christian Doctrine program at St. Bernard's. Knights of Columbus and their wives will also take part.

The first conference will begin at 3 p. m. on Sunday and the final conference will begin at 4:30 p. m. followed by Benediction of the Blessed Sacrament. Dinner will be served at 5:15 p. m. in St. Bernard's hall.

Speakers at the dinner will be Mrs. Vincent Hunt, Red Lake Falls, who will talk on "Sacramentals in the Home", and Rev. Keough Patnode, pastor of St. Bernard's.

Lawrence Brown, president of the CCD board and general chairman of the day's proceedings, will be master of ceremonies at the dinner.

Assisting Brown on the arrangements committee are the following members of the Confraternity Board: Mr. Robert Lasha, Mrs. Iver Torfin, Mrs. Vernon Lindquist, Mrs. James Dryden, Mrs. Alan Thompson, Ronald Gerardy; Arthur Hamilton, Dr. Edward Gilbert and Rev. G. Robert Pryor.

UNDERWAY on a limited scale is preliminary work on the new addition to Northwestern hospital in Thief River Falls. Remains of the razed church are to be seen in the foreground. Present walls were being pushed in and removed on Wednesday afternoon when this photo was taken. Other work on several portions of the hospital itself are also being done as part of the over-all project. The new addition will provide convalescent nursing home care, therapy and rehabilitation departments as well as space for expansion and improvement of some present hospital facilities. Dean L. Witchter, Inc., is the contractor on the project with Bettenburg, Townsend, Stolte and Comb as the architectural firm.

Annual Spring Swing Festival on Saturday

The peak of the square dance year will arrive Saturday, March 30, for Falls Squares members when the 9th annual Spring Swing square dance festival gets under way in the city auditorium at 8 p. m. Saturday.

Invitations to square dancers in a 300 mile radius have been issued, and a record attendance is expected. Arriving couples, some in matching outfit, will be an especially colorful group, the ladies wearing new dresses brilliant with glittering braid accents and billowing skirts, and their partners wearing equally gay western type boots, shirts and trousers.

Northwest Minnesota's top caller, Lee Newton of Fergus Falls, will sing the nation's favorite square dances, call patter numbers, arrange a variety of mixers and popular round dances to please the crowd. Newton calls regularly in the Fergus Falls area, and again be included in the international square dance convention program held this year at Grand Forks, emcees the annual Winter Wonderland festival at Fergus Falls, and is in charge of contra dancing for the national square dance convention for 1963 in St. Paul. Lee, accompanied by his wife, Sylvia, has appeared regularly the past three years at the Spring Swing in this city.

Decorations in keeping with the theme of the Spriong Swing are under the direction of Mrs. Ray Jude. Morris Owen and his committee will handle registration. Randall Noper will distribute the door prizes. Mrs. Roy Oen is in charge of the lunch.

As intermission entertainment, a novelty round dance number by Mr. and Mrs. Al Bacon, Mr. and Mrs. Don Peterson, and Mr. and Mrs. Mel Simon, wearing swim suits of the Gay '90's era, will be presented about 10 p. m.

A pre-festival dinner has been arranged for all square dancers at 6:30 Saturday evening, March 30, at the Elks club room. Reservations should be made with Mrs. Noper at MUrdock 1-1387. Special events chairman, Malcolm Magnuson, has arranged the after-party for Canadian visitors and Falls Squares members which will be held at Noper's Fireside Room following the dance.

Special invitation is given to the public to attend this annual event, with free seating for spectators offered in the balcony.

Germantown Classmates Meet At Reunion Here

Mrs. Helen Bendickson and Mrs. Marie Cernousek entertained a group of friends Saturday afternoon, at the Cernousek home. Guests of honor were Mr. and Mrs. Johnnie Anderson, who were visitors here from Bellingham, Wash., where they have lived since leaving the area 23 years ago. They were former operators of a general merchandise store in Mavie.

In addition to the Andersons, the following guests were present: Mr. and Mrs. Clifford Roller, Mr. and Mrs. Art Knutson, Mrs. Sigrid Griebstein, Mrs. Barbara Horejeski, Mrs. Jessie Bakke, Mrs. Eva Markey, Mrs. Anna King, Mrs. Henry Limesand, Mrs. Gladys Hamre, Mmes. Minnie Randolph, Clara Longevan, Peder Omundson, Helen Bendickson, and Marie Cernousek.

The afternoon was spent visiting and taking pictures. The hostesses then served a buffet supper.

Many of the guests had attended Germantown grade school together some fifty years ago. Included among these former classmates were Mmes. John Anderson (Della Roller); Art Knutson (Luella Habedank); Helen Bendickson (Helen Longevan); Minnie Randolph (Minnie Ristau); Anna King (Anna Rosette); H. Limesapd (Clara Johnson); Mr. Clifford Roller; Mmes. Barbara Horejeski (Barbara Vakoch); and Marie Cernousek (Marie Vakoch). Mrs. Alex Kosanda (Lizzie Vakoch) of this city, another of the classmates, was unable to attend because of illness.

Installation Held by Eastern Star Chapter Friday

Winslow Chapter 182, Order of the Eastern Star, held installation of officers on Friday, March 22 at 8:30 p. m. at the Masonic Temple.

Installing office was Mrs. Harry Larson, PGM of East Grand Forks. Assisting her were Mrs. Alden Sampson, P. M., as marshal; Mrs. G. H. Mayer-Oakes, P. M., as chaplain; Elizabeth McIver of East Grand Forks as organist, and Mrs. Jarvis Prichard as soloist. Two selections were sung by the American Legion auxiliary sextet.

Names of officers installed are listed elsewhere in this issue, along with their pictures.

Mrs. R. H. Burrell was at the guest book. An informal reception followed the installation ceremony, with Mrs. A. J. Borry and Mrs. J. M. Roche pouring.

Rebekahs To Have Social Evening Tonight at IOOF

25th Anniversary Observed Mar. 23 By John Lovens

Mr. and Mrs. John Loven were honored on their 25th wedding anniversary Saturday evening, March 23, by a large number of relatives and friends. The festivities were held in the United Lutheran church of Gatzke. Hostesses were Mrs. Olaf Aune and Mrs. Aksel Gormsen. The church was decorated with silver and white streamers and with a 25th anniversary emblem and silver bells. The couple's table was centered by an anniversary cake in clover shape. Baked and decorated by Mrs. Olaf Aune and Mrs. Floyd Jesme, it was topped by silver bells and silver ribbon, and was a gift of a sister, Mrs. Arnold Engelstad.

Mrs. Delmar Hagen was mistress of ceremonies at the program which was presented by the following: Bernard Engevik, who led devotions; Mrs. Duane Loven, who sang a solo; Mrs. Juell Aase with a reading; the nieces and nephews of the couple, who sang; three ladies who presented a skit. Others in the program were six men with a vocal number; Mrs. Clifford Engelstad's reading of a history of the couple which was composed by Mrs. Juell Aase; Mrs. Richard Luoto's vocal solo; and group singing led by Mrs. Ervin Engevik. Presentation of gifts was made by Delmar Hagen, and the Lovens responded with thanks.

Among those attending were Roger Loven of Minneapolis, a son of the Lovens, and another son and daughter-in-law, Mr. and Mrs. Duane Loven of East Grand Forks.

Seated at the table with the Lovens were their attendants of 25 years ago, Mr. and Mrs. Henry Holte, Roger Loven, Mr. and Mrs. Duane Loven, and Lynette Holthusen. Centering the table was the anniversary cake and silver candles. Mrs. Loven and the ladies of the party received white and pink carnations and the men white boutonnieres, gifts of the couple's children. The guest book was a gift from their nieces and nephews.

The cake was cut and served by Mrs. Fred Cassentine, of Eagle Bend, sister of Mrs. Loven, and Mrs. Arvid Engeseth of Lake Park. Mrs. Arnold Engelstad, Mr. Loven's sister, and Mrs. Otto Hagen, his wife's sister, poured. Waitresses were Mavis Aune and Carole Ostby. At the guest book was Mr. Loven's sister, Mrs. Robert Thorson of Nielsville, and in charge of the gifts were Thorfin Ostby and Aksel Gormsen.

Guests were in attendance from Nielsville, Moorhead, Duluth, Emerado, N. D., Twin Valley, Lake Park, Eagle Bend, Minot, N. D., Minneapolis, Roseau, Thief River Falls, Grygla, East Grand Forks, and Middle River.

Roller, Charles Svendsgaard of Mavie, Mr. and Mrs. Pete Breznay, Mr. and Mrs. Ronnie Hamre, Mrs. Ethel Sanders, Mrs. Lillian Kainz, Leighton, Jerry and LaVern Hamre of Thief River Falls.

At the conclusion of the social evening, lunch was served by the hostesses.

The party was in the nature of a get-together of friends and former neighbors of the family when the Andersons live in Mavie prior to moving to Washington over 20 years ago. Movies of various guests and their families were shown, to recap some of the activities of the group during the absence of the Andersons. At the close of the evening, after some of the group enjoyed a card game, the hostesses served lunch.

Farewell Service For Langagers on Sunday

A farewell service for Rev. and Mrs. Eldor Langager, who have been serving the Mission Covenant church, will be held Sunday afternoon at 3:00 p. m. at the church.

Rev. Langager and family began their ministry here 5 years ago after having served in Nebraska for several years. Shortly after their arrival to Thief River Falls, the church began an extensive building program, which resulted in a new parsonage and a new church edifice on East Third St.

During the years of service to the church and community, Rev. Langager has served on the Thief Rive Falls, Ministerial association executive board, first as secretary and treasurer, and is now presently serving as the vice chairman. Rev. and Mrs. Langager have been active in the Bible camp work of the Red River Valley. They will be leaving on Monday for Traverse City, Michigan, where he will become the pastor of the Westbay Covenant Church. Rev. Arnold Folden will serve as interim pastor of the church here in Thief River Falls until a permanent pastor arrives.

Charles Holmquists Guests At Farewell

Mr. and Mrs. Marvin Lundin were hosts at their home on Sunday evening to a farewell party for the Charles Holmquists. The latter will be moving to Crookston shortly, where Mr. Holmquist will be employed as a [illegible] Sears Roebuck and Company.

The evening began with pot luck supper which was followed by a social hour.

Couples in attendance were the Holmquists, Douglas [illegible], Donavan Narveruds, Cy Carpenters, Byron Johnsons, and the Marvin Lundins.

Plummer Church Honors Rev. and Mrs. A. C. Seltz

A farewell fellowship of the membership of Redeemer Lutheran church in Plummer was held in the Plummer Hall Sunday afternoon in honor of the Rev. and Mrs. A. C. Seltz who will move to Brainerd after Easter.

Emil Malwitz, chairman of Redeemer congregation, was the master of ceremonies. Mr. Malwitz spoke for the church and presented a gift in behalf of all in appreciation. Mrs. Ray Laufman spoke for the Sunday School. Mrs. Merlin Carlson for the Ladies Aid and Eugene Meyer for the young people's Walther League. A girls' quartet sang several selections.

Refreshments were served after the program. Pastor Seltz thanked the group for their kindness, for the cooperation they have shown in the Lord's work and commended them for the fine progress they have made.

Beet Growers To Discuss Future Of Organization

(Continued from page 1)

Beet Development association was organized in 1941 as a four-county development group consisting of Pembina and Walsh counties in North Dakota and Kittson and Marshall in Minnesota. It has been kept alive on a voluntary membership basis but has now grown to represent an area including Wahpeton and Breckenridge on the south to Pembina on the north.

Some directors have indicated that they believe it would be better if the Minnesota - Dakota association was disbanded and that the individual county associations make a decision as to whether or not they should, if qualified, join Western Sugar Beet Growers directly. Others cited the vital role the association has played in the past and urged continuation as a united organization in the future.

At present the Minnesota - Dakota association is affiliated with Western Sugar Beet Growers association, and is represented on the board by directors appointed on the basis of membership. All members of county associations are encouraged to attend the meeting in Grand Forks and to voice their opinions in regard to the future of the association.

eran Free church. Winner of the Preus from Lutheran Brotherhood in 1956, he is a member of the American Psychological Association and American Personnel Guidance association.

Rev. Nelson Trout

Speaking at the Saturday afternoon session on the topic, "Let No Man Despise Your Youth", Rev. Trout will also deliver the morning sermon on Sunday. He is a graduate of Capital University and the Evangelical Theological seminary at Columbus, Ohio, and also attended Wilberforce University at Zenia, Ohio, and the University of Southern California at Los Angeles. A negro, he has served congregations in Los Angeles and Montgomery, Ala., and has held the rank of Captain in the Chaplain's Corps of the U. S. Army.

Rev. Calvin Storley

Leading hymn sings, devotions and the Sunday morning Bible study will be Rev. Calvin Storley, graduate of Oak Grove Lutheran high school in Fargo and holder of B. A. and B. Th. degrees from Augsburg college and seminary. He served parishes at Alexandria and North Heights in St. Paul before becoming pastoral advisor for youth work in the Fergus Falls district of the Lutheran Free church. He later served on the executive committee of the Luther League Federation with one term as second vice president and one as pastoral advisor.

Order Dismissal Of Contest In School Election

(Continued from page 1)

no vote on question 1 and yes vote on question 2. Twenty-one ballots had a yes vote on question 1 only and 33 ballots had a no vote on question 1 only. Six ballots had a yes vote on question 2 only and two ballots had a no vote on question 2 only.

Ten ballots were spoiled, five of which were completely blank and five of which were completely filled with both yes and no votes on both questions. Sixty-six absentee ballots were cast with two rejected by the original judges.

Conducting the recount were C. W. Rodekuhr, Mrs. Alfred M. Johnson and Paul Roy.

The two-question ballot asked authorization for the school board to sell bonds (1) in an amount not exceeding $1,195,000 for construction of a new junior high school, and (2) not to exceed an additional $300,000 for construction of a new elementary school and improve buildings and sites.

LEAVING for a new pastorate in Michigan is the Rev. Elder Langager and his family, Nathan, Margaret, and Stephen, pictured here from left to right, along with the pastor and his wife.

They have served in this community five-and-a-half years. Rev. Langager was pastor of the Mission Covenant church.

Lincoln PTA Told of Scholarships

An interesting and informative meeting of the Lincoln PTA was held Monday evening in the high school auditorium with Mrs. R. J. Dryden presiding.

The final Lincoln PTA meeting of this school year will be on April 22 and election of officers will be held. Malcolm Magnuson is chairman of the nominating committee, assisted by John Junker and Mrs. James Nepper. A PTA workshop of District 17 will be held in this city early in August, at which time the Lincoln PTA will serve coffee at noon.

Richard Edlund, senior high principal, spoke on transcripts of student files, scholarships, and student loans. He stated that "any student with ability and the desire can go to college, but he must rank in the upper third of his class to qualify in an academic college". Any interested student can obtain a college admission form from Mr. Edlund's office, but it should be filled out early as it takes time for the information to be processed.

Representatives from many colleges come to the local high school and the student should notify Mr. Edlund in order that an interview may be arranged for him. Mr. Edlund also stated that scholarships are not abundant and do not cover the complete cost of college tuition. Any interested student should take his tests early and these are available in Mr. Ziegler's office. Local scholarships offered are the PTA scholarship and the VFW scholarship from which students are picked on merit.

The senior high school guidance director, John Ziegler, suggested that students interested in obtaining scholarships should try more than one college. Applications should be sent to three or four colleges inquiring as to what is available in the way of scholarships. Mr. Ziegler gives counseling to students in the 11th and 12th grades during interviews in which he offers help by personal guidance. He stated that as this information on scholarships comes into his office, it is made into a mimeographed list which is available to students. Mr. Ziegler also keeps college catalogs in his office which the students may borrow and study.

Edward Ellenson of the financial aid department at Concordia college, Moorhead, spoke on Concordia's enrollment procedure —"rolling admissions"—whereby an admissions commission will screen an applicant before accepting him as a student. He also told how a student can get financial aid by a loan, scholarship, or by student work. He stated that the "closing college door" has had no tremendous pressure as yet, but that it can be expected in the near future as college entrance will be 20 per cent more difficult next year than it is now. Preference is given to early applicants as to dormitories, student work, loans, etc.

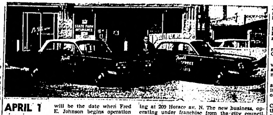
A representative of Bemidji State Teachers college, Don Stubbins, explained the method of "selective retention" used at that college. If the student demonstrates in his freshman year that he can't produce, he is eliminated at the end of that year. He said that 40 to 45 per cent of the students are eliminated at the end of the freshman year, and less than half are left at graduation in 4 years. Mr. Stubbins stated that the student must apply himself and work. A liberal attitude is held toward worthy students and the college will "go all out" to salvage students who are unable to continue because of financial reasons.

A discussion was held on the National Defense loan which is available to both young men and women. This loan can be obtained each year for four years, with 3 per cent interest after graduation. Following graduation (or upon leaving school for a period of employment) the student does not pay for one year. At the end of the second year, 10 per cent of the loan should be repaid plus the interest, etc. Parents do not have to pay for the loan even though they have signed for the student.

It was suggested that the prospective student and his family start early to investigate college possibilities. They may visit the college classes and campus during school sessions, but should notify the school office of their intended visit.

Mr. Stubbins also stated that there is a tendency to over-emphasize scholarships. Actually they amount to only 5 per cent or 10 per cent of the amount needed. He said that government loans are of more help financially.

The evening was closed with lunch served by the 8th grade mothers in the cafeteria, with Mrs. James Geisen as chairman, assisted by Mrs. Morris Owen, Mrs. Edward Holmstrom and Mrs. Fred Sorensen.



APRIL 1 will be the date when Fred E. Johnson begins operation of his cab service in Thief River Falls. With two 1963-model taxi cabs which are radio equipped, Johnson will have his office in the Hartz building at 209 Horace av. N. The new business, operating under franchise from the city council, will provide 24-hour taxi service with a rate of 50 cents per stop anywhere in the city limits. Johnson has been custodian at the area vocational school for the past six years.

ADVERTISEMENT FOR PROPOSALS

The City Council of the City of Thief River Falls, Minnesota, will receive sealed proposals for furnishing the 1963 season's supply of BITUMINOUS MATERIALS for use of the City Street Department, at the office of the City Clerk, until 7:30 P.M., April 16, 1963, at which time all bids will be publicly opened and read aloud.

The proposals shall be based on furnishing Cut-Back Asphalts, to be delivered in full carload lots with freight allowed to the Great Northern Railway Company's Power Plant spur track in Thief River Falls, Minnesota. Shipments to be made upon order of the City's Purchasing Agent. Bids shall state a firm price per gallon, measured by volume in gallons at 60 degrees fahrenheit for materials conforming to the requirements of Minnesota Department of Highways Specification 3151, for the following:

40,000 gallons (more or less) MC-3

The proposals shall be unconditional and shall be accompanied by a certified check or cashier's check in the amount of at least 5% of the amount of the proposal, payable without condition to the City Treasurer of the City of Thief River Falls, which check shall be forfeited as liquidated damages, in the event that said proposal is accepted and the bidder shall fail to enter into a contract and give a performance bond as required by law.

The City Council reserves the right to hold all bids for a period of 30 days after the date of opening bids, and to reject any or all bids, to waive any irregularities, and to award the contract as it deems to be for the best interests of the City.

Dated this 27th day of March, 1963.

Card of Thanks

We wish to express our sincere thanks to all who brought comfort and sympathy during the illness and death of our beloved wife, mother and sister. Special thanks to Pastor Langager for his visits to the hospital and words of comfort at the memorial services; to those who brought messages in song and to the ladies of the church and community for services rendered. Albert Anderson, Mr. and Mrs. Raymond Anderson, Mr. and Mrs. John Lodin, Elmer Hattie and Alvin. 1t25p

Card of Thanks

I wish to take this means of expressing my heartfelt thanks and appreciation to the staff and nurses at Northwestern hospital for wonderful care and service I received while a patient there. I especially want to thank Dr. Wendt and Anderson for their service. Also thanks to my relatives and friends who visited me and for the many cards and gifts I received. I thank you one and all and may God bless you all. Mrs. Walfred Olson. 1t26p

Card of Thanks

I wish to thank Dr. Van Rooy, Frank Harger, and the nurses at Northwestern Hospital for the wonderful care I received while I was a patient. To Rev. Headley for his thoughtfulness and all who came to visit me. Also, many thanks to those who sent flowers, gifts, and cards. Your thoughtfulness shall always be remembered and may God richly bless you.—Mrs. Christine Reek. 1t24p

Card of Thanks

I wish to express my thanks and appreciation to Drs. Pollman and Herber, all the nurses and aids, also Father Patnode for his visits, and all who sent flowers, candy and cards to me while I was at Northwestern hospital. It was all deeply appreciated by me and my family. Joe Reopelle. 1t25p

In Memoriam

In memory of Carl E. Olson who passed away March 31, 1959;

What would we give if we could say,
Hello Dad, in the same old way;
To hear his voice, see his smile,
To sit with him and chat awhile.
So you who have a father,
Cherish him with care,
For you'll never know the heartache
Till you see his vacant chair.
Sadly missed by wife, children and grandchildren. 1t25p

The pocket gopher spends most of its life in the dark, but needs no light since it has an excellent sounding system. Its whiskers and tail serve as sensitive feelers to keep it from bumping into underground walls.

There is plenty of competition for highway construction jobs. During the first half of 1960 an average of 7.2 contractors bid for each project advertised by the state highway departments.

Keeping Score with "Huck" Olson

One for the Book

Jim Muzzy, sponsor and anchorman on the Daleford Farms bowling team of the Service league, won an ABC merit patch on Monday night when, in a game against the Bob's Barber Shop team, he picked up the 7-10 split.

What made the feat somewhat humorous was the fact that Jim had to pick up this split in the tenth frame to give him a score of 129. Jim had a score of 109 in the ninth, and then he came up with the 7-10 split. He picked up this split by kicking the ten-pin off the sideboard and having the pin roll slowly across the lane and knock down the seven-pin.

The Daleford Farms team, incidentally, are in a nip-and-tuck contest for the league championship with the T & S Implement team. The Dalefords dropped three points in their match against the Bob's Barbers on Monday night, but they still gained a point on the league-leading T & S Implement who dropped four points.

Two weeks of the league schedule remain, and it could happen that the final week of play, with the T & S matched against the Dalefords, could decide the league championship. It's that close. In next week's matches, the T& S will meet the Eagles, and the Daleford Farms will bowl the Grain Belts.

That the T & S squad is becoming concerned about the threat posed by the second-place Daleford Farms team is indicated by the report I heard that Ray Thyren, general manager and coach of the T & S Implement team, had offered steak dinners to the members of the Bob's Barber Shop team if they swept their four-point series with the Dalefords. And the Barbers came close. I wonder what kind of deal Red has made with the Grain Belts for next week's match against the Jim Muzzy crew?

Junior Hockey: Canadian Style

The Fort Frances Royals and the Fort William Canadiens are engaged in a bitter series for the Thunder Bay junior hockey title. The two teams are tied with two wins and a tie in the five games that have been played, and the best-of-seven series will now be concluded at Fort William.

But it is the viciousness of the play that is remarkable. The Royals won the first game of the series, 6-2, but lost their big goal-getter, John O'Leary, when referees ruled that he had been guilty of attempt to injury in a high-sticking fracas with Lyn Margarit, Fort William defenseman. Both players drew suspensions.

In Saturday's game, the Royals lost Keith Christiansen through a spearing injury mid-way through the third period, and his loss caused the Royals to drop the game, 4-2.

Back came the Royals on Sunday, and with Christiansen playing below par, to defeat the Fort William team. Early in this game, Fort William's Gary Veneruzzo, who used a stick in a brawl with Joe Bolzan of the Royals, was tagged with another attempt to injure penalty that suspended him.

What makes this junior hockey series of interest to local fans is that the Fort Frances players involved, O'Leary, Christiansen, and Bolzan, are well-known to high school fans here. These boys played with coach Larry Ross' International Falls Broncos and have played several games against the Prowlers.

It's Been a Good Season

The ice-fishing season on Lake of the Woods is just about coming to a close, and the anglers report that this season has been one of the best in many years.

Cliff Overum, Harlan Huseth, and Mouse Efteland fished the Stony Point area on Sunday, and reported excellent fishing. The trio didn't catch any Manitoba Master Angler award walleyes, but they did fill their limits. It's questionable though if the road will remain open much longer. They took the route via Sprague and Moose lake, and they report that the pulp-hauling trucks were chopping up the road.

And Harlan reported getting a look at that 35-pound northern pike that was caught by a Greenbush, Minn. fisherman just off Reed river. The pike was thirty-six inches long, which isn't too long for a fish of that size, but the pike was, as Harlan said, amazingly "Barrel-chested". That must be the fish that Mouse lost the other week. Mouse had a tremendous strike, with the fish snapping the line and making a getaway. There have been some disparaging comments about the "fish" being a big eelpout, but Mouse, who has become an authority on fish and fishing, maintains that it was a game fish.

ELECTED officers of the Thief River Falls Curling Club at the annual banquet on Monday evening were the men pictured above. Left to right are Harlan Knutson, director; Justus Larson, past president and director; Roger Tunberg president; Kenneth Liden, secretary-treasurer, and Curtis Johnson, director. Not pictured is Lester Halvorson, director. A committee is to be appointed to study the costs and other factors of artificial ice in the curling building. A report was also given on the high school team which competed in the state high school curling bonspiel.

LUCKY or not, Wendell Olson of Thief River Falls is the proud possessor of the 18½ pound northern pike shown above. Olson hooked the fish while angling through four feet of ice on Lake of the Woods at Stony Point Tuesday. His fishing partner was "Web" Maves. What about the luck? Getting an 18½ pound fish through a hole six inches in diameter must require some.

Teaching the Blind Is Topic of Lions

Mrs. Martha Nubson Tells of Class Taught by Her

Mrs. Martha Nubson, resource teacher of the visually handicapped in the Thief River Falls schools, discussed her work Wednesday noon at the Lions club luncheon. She also supplied a commentary on colored slides shown by Mrs. Alma Lindquist, elementary school librarian, depicting various phases of the program.

Mrs. Nubson was introduced by George Stockman, elementary principal. He stated that five children currently are in the class, which is required and subsidized by the state department of education, with the department of public welfare cooperating.

Mrs. Nubson said the children receive training in reading and writing Braille, as well a art, science and other subjects, and added that the blind pupils share in physical education classes along with sighted children. Displayed at the meeting were some of the materials used in class work.

Marshall County Polio Clinics Slated Sunday

Last of a series of three Sabin oral polio vaccine clinics for Marshall county will be held Sunday, according to Mrs. Carlyne M. Raymond, Marshall county public health nurse. Cost will again be 25 cents per person receiving the vaccine but none will be refused if they can not pay this amount.

Locations in this area include Grygla school from 10:30 a. m. to 4 p. m.; Middle River school from 10:30 a. m. to 5 p. m.; Newfolden school from noon to 5 p. m.; and Warren high school from 10 a. m. to 3 p. m.

"Type III Sabin vaccine protects you and your family against type III polio only," Mrs. Raymond said, "but persons who did not take either one or both of the Types I and II vaccine at previous clinics should still take the Type III vaccine.

NFO Organizer Speaks Monday To Rotarians

Hobert Gundy, Hibbing, Tells Objectives Under Collective Bargaining

Hobert Gundy of Hibbing, organizer for the National Farm Organization (NFO), was guest speaker Monday at the noon meeting of the Thief River Falls Rotary club in the Elks club rooms. Also a guest at the meeting was Henry Knott, Red Lake Falls area dairy farmers.

Gundy cited the purpose of the organization which he said was to put farmers in a position through collective bargaining to set prices on the produce of their farms. He said that the increases in other forms of business over the past 10 years have resulted in a loss of $1,500 in buying power for the average farmers.

The organization would not enforce any contract until 60 per cent of the production in the Midwest is under NFO control, Gundy added. In reply to action by Land O'Lakes Creameries, Inc., in which the cooperative criticized the NFO, Gundy challenged representatives of the organization to an open, public discussion of the issues in question.

Following the talk, a question and answer session was held in regard to plans and objectives of the organization.

Archers Kill 519 Deer Last Sason

Number of Licenses Issued Drops over 1,500

Minnesota bow and arrow hunters enjoyed the best deer season ever during 1962, the conservation department said this week.

The record shows that archers killed 519 deer in 1962 and 490 in 1961. Hunter success also hit an all time high with 4.4 per cent of the bowhunters bagging a deer last year.

By contrast there was a considerable reduction in the number of bowhunters last season. There were 11,874 bow and arrow licenses sold in 1962 as compared with 13,370 in 1961. This marks the first reversal of an upward trend in the number of bowhunting enthusiasts which began a few years ago.

Department game officials said that weather conditions during the season were mild which archers usually find to their liking.

Morrison county where Camp Ripley is located had the greatest kill with 219 deer being taken there. Next most productive counties were Pine, Swift, Chippewa, Jackson and Murray.

Highway Department Reports on Progress of Interstate Routes

Completion of half the nation's 41,000 - mile Interstate Highway System by the end of 1964 is the goal of the Interstate program, according to a recent announcement by the U. S. Bureau of Public Roads.

The bureau expressed the hope that by the end of 1964 a midpoint in the Interstate program will be a reality in order that all states will meet the goal of assuring completion of the system by 1972.

The Minnesota highway department expects to have half its "total" work completed by the end of 1964. In addition to actual construction, total work involved engineering and right of way acquisition.

Minnesota now has 151 miles of Interstate highways open to traffic. This includes 89 miles completed to full standards and 62 miles adequate for present traffic. Total work under way involves 420 miles, with 93 miles under construction and 327 miles in process of engineering and right of way acquisition.

By the end of 1964, Minnesotans should see an additional 125 miles completed to full standards, according to highway department estimates. By 1966, with an estimated 392 miles of the 898-mile system completed, the department expects to achieve a momentum of opening nearly 100 miles of freeway each year. This will assure Minnesota's completion of the system by 1972.

At the end of 1962, Minnesota had expended or obligated $290 million in federal and state funds, or 30 per cent of the total Interstate cost estimate of $980 million.

The Highway Department has programmed an additional $182 million for construction engineering and right of way acquisition through 1964. An estimated total of $472 million, or 48 per cent of Minnesota's portion of the system total, will have been expended or obligated by the end of 1964.

At the end of 1962, the national status of the Interstate system showed $15.4 billion had been expended and obligated. This is 37 per cent of the total cost of $41 billion.

For the same ending period, 14,336 miles of Interstate freeways were open to traffic, which includes 8,915 miles completed to full standards and 3,113 miles adequate for present traffic. This is about 36 per cent of the Interstate's 41,000 miles.

In addition, construction at the end of 1962 was underway on 4,279 miles and engineering and right of way work was underway on 10,995 miles.

Road Map Reveals Odd Place Names

1963 Official Highway Map of State Available

A look at Minnesota's 1963 official highway map suggests that early Minnesotans had something more than the normal American attachment for foreign places, judging by the number of cities and towns they named for famous places around the world.

There's Canton, Ceylon, Ghent, Kilkenny, Dover, New London, Cambridge, Geneva, Cologne, New Germany, New Prague, New Ulm, New Munich, Milan, Danube, Moscow, Elba, Hamburg, Oslo, Jordan, Kingston, Nassau, Delhi, Alexandria, Bombay and many others.

There are 17 presidents on the map, including Kennedy, although all were not necessarily named for presidents. There are also 24 saints, including two St. Anthonys and two St. Charles.

And there is Clay, Stone, Marble, Steele, Pipestone, Blue Earth and White Earth, Silica and some Yellow Medicine on the state highway map.

There's Sleepy Eye and Wakemup, Sunrise, Climax, Welcome and Fertile.

There are 14 towns in Minnesota that begin with "New" and 47 that end in "ton".

Most prominent on the map are names of Indian origin. There's Waukenabo, Esquagaman, Sisseebakwet, Sissabogamah, Gabimichigami, Saganaga, Kabetogama, Pokegama, Winnibago, Watonwan, Mahnomen, Minnetonka, Minneota, many others, and Minnesota. And Wabasha, Winona, Shakopee, Red Wing, Mankato, Crow Wing, Grey Eagle, Grey Cloud and Minnehaha, to mention a few.

But from where came names like Quamba, Grygla, Fuldn, Funkley, Flom, Mizpah, Zemple, and Zumbro?

Publicity Guide Is Offered Public by Stamp Co.

Every year thousands of men and women are asked to volunteer their services as publicity chairmen of their clubs. Many find themselves appointed to a task they know little about. A newly published publicity handbook is proving helpful to thousands whose task it is to publicize the activities and projects of their organizations.

Free copies of this handbook are available to the publicity chairman of any organized group. Written requests should be mailed to The Sperry and Hutchinson Company, Consumer Information Service, 4242 West 42nd Place, Chicago 32, Ill. The 24-page guide contains step by step directions for developing good publicity techniques both in writing and then channeling club news most effectively.

$260,907 Tickets Sold for Guthrie Theatre Season

Individual ticket sales to the Tyrone Guthrie Theatre in the Twin Cities went on sale March 25. Subscription sales end on April 15 with a record of 20,139 subscribers and a total advance in the box office of $260,907. Thanks to the efforts of over 1,000 volunteer women from all over the Midwest, subscription sales have set an all-time high in commercial theatre, let alone non-profit classic repertory theatre, on this continent. Rehearsals for the two opening productions, "Hamlet," directed by Tyrone Guthrie with George Grizzard, and "The Miser", directed by Douglas Campbell with Hume Cronyn, are now rehearsing on the open stage in the theatre.

Percussionists to Give Concert at Mentor Friday

The Marching Tojans of Mentor, in collaboration with the Paul Bunyan Percussionists of Bemidji, will present a percussion concert Friday evening, March 29th, at the Mentor school gym. These two organizations will combine their talents and stage a concert including all phases of the percussive arts. Both of these musical organizations are under the direction of Miss Betty Masoner, member of the Percussive Arts Society and a leader in this area in developing percussion. She is a former instructor at the Newfolden school and member of the Thief River Falls municipal band.

Rev. Ortmann To Show Films at Middle River

Two motion pictures will be shown by Rev. Ortmann Monday at 8 p. m. in the Middle River school gymnasium. "Walk the Tight Rope" is a film on communism in Finland and "The Upper Room" is a timely Lenten movie. A free will offering will be taken and the public is invited to attend.

$6.8 Million State Road Bids Opened

Stephen Firm Low Bidder on T.H. 59 Job at $363,971

At the big contract letting held March 15 for state projects by the Minnesota highway department, apparent low bids on about $6.8 million worth of work were opened in the department's central offices in St. Paul.

Of particular interest was the much discussed Lexington bridge over the Mississippi river between Ramsey and Dakota counties, for which Industrial Construction Division of Allied Structural Steel Co., Minneapolis, was the apparent low bidder at $1,736,440. Contract for the piers was let under an earlier contract. The present work scheduled to start May 15 and be completed by November 2, 1964, is for the complete superstructure.

Another sizeable job is the concrete paving and other related work on 5.9 miles on Interstate 494 in Minnetonka, for which the apparent low bidder was Barton Construction Company, Osseo, at $1,558,147, the job to be completed within 100 working days after June 3.

Bids were taken on jobs calling for improvement of 63.8 miles in all, as well as two grade separations on TH 94 south of Ashby. Various other projects call for roadside planting, miscellaneous drainage and building removals.

Among the projects is one in Kittson county on TH 59. Grading, gravel base and plant-mixed bituminous base on 3.2 miles northwest of Lake Bronson and Halma; three bids; apparent low bidder, Roy Benson & Sons, Inc., Stephen, $363,971; work to start June 1 and be completed in 100 working days.

Job Guide for Youth Workers Is Released

"Young people must continue their education and training as long as possible to qualify for the skilled jobs of the 1960's," Secretary of Labor Wirtz said in releasing the Bureau of Employment Security's 1963-64 edition of the "Job Guide for Young Workers."

"The Job Guide will furnish young people with valuable information regarding the duties, characteristics, qualifications, employment prospects, advancement opportunities, and methods of entry for a wide variety of jobs frequently held by young people leaving high school. In addition, the publication provides practical and helpful suggestions regarding pertinent factors to be considered in making job choices."

The Guide, designed to help get young workers off to a good start in their working life, is prepared by the Bureau's United States Employment Service in cooperation with State employment security agencies. The up-to-date information contained in the 78-page booklet represents the accumulated experience and knowledge about jobs for youth gained by specialists in public employment offices in their daily contact with young workers and with employers of young people.

The Job Guide will be used by more than ten thousand high schools which have cooperative arrangements with local offices of State employment services. Under this program, counseling, testing, and placement assistance is given high school students planning to look for employment. It is estimated that close to 600,000 high school seniors will be registered by the public employment offices in this cooperative project during this school year.

Copies of the Job Guide may be purchased from the Superintendent of Documents, U. S. Printing Office, Washington 25, D. C., at 45 cents each.

"Governments tend to overstep their proper limits, to do for us what we can do far better ourselves. We must be eternally alert to ensure that independence, prudence and initiative, so important in the development of a dynamic society, do not shrivel and die when chained to the yoke of meritless conformity."

Trading With The Reds

The Western nations of Europe are increasing their trade with Russia but there is considerable concern about the kind of goods that are being exchanged. The Russians, for instance, have more oil than they need and the surplus has become an important exchange item.

Europe needs oil and purchases from Russia are increasing steadily, at cut-rate prices. In such matters the Russian price system is not related to costs, and the Russians are undercutting Western oil producer's prices up to 30 per cent. Italy is now getting 20 per cent of its oil from Russia.

In exchange for cheap oil the Russians are buying a wide range of goods outside the Iron Curtain, including ships, industrial machinery and electronics gear. Too often their trading is directed to strengthen their own economy while weakening the economy of the Western nations.

Situations of this kind do not justify a refusal of the western nations to trade with the Communists. Trade, when properly controlled, is good. Our best hope for eventual world peace lies in the field of better understanding, and we do not develop better understanding by refusing to recognize them or to trade with them.

But trade should be regulated, and toward this end the Western nations should be just as much concerned jointly about trade relations as they are about military defense.

Communist Harmony

There are differences of opinion as to whether the quarrels that have developed between Moscow and Peking are good for our side but we always feel a litle more secure when our enemies are saying nasty things about each other. For that reason we get considerable comfort from greetings across the border such as the following neighborly chit-chat broadcast by the New China News Agency recently, and beamed at Khrushchev's followers:

> "Cowardly as mice, they are scared to death. They dare not let the people of their own countries see our articles for themselves and have endeavored to impose a watertight embargo. They are even using a powerful station to jam our broadcasts to prevent people from listening.
>
> "Friends, comrades, if you are men enough, step forward, let each side in the debate publish all the articles in which it is criticized by the other side, and let the people in our own countries and the whole world figure out and judge who is right and who is wrong."

Foreign Aid Study

A committee named by President Kennedy to study our foreign aid program reported Saturday, with some constructive criticism of what is being done, along with several sound recommendations as to changes that should be made. The citizens' committee, headed by Gen. Lucius D. Clay, recommended a reduction of $1.5 billion from the $4.9 billion requested by the Administration for this year.

Following are highlights of the committee's recommendations according to a UPI report:

> In a number of countries bordering the Communist world, military forces are either too large for their missions or are over-equipped with "sophisticated" weapons. The level of U. S. Support for these forces "cannot be considered essential to the security of the free world."
>
> There have been "too many instances" of aid to countries which do no foster the free enterprise system. The United States should not aid a foreign government in projects establishing government-owned industrial and commercial enterprises which compete with existing private endeavors.
>
> While the U. S. cannot insist on molding other countries in its own image, "we should not extend aid which is inconsistent with our beliefs, democratic tradition and knowledge of economic organization and consequences.
>
> Too many aid projects, it said, have been "gifts to prove our esteem for foreign heads of state, hastily devised projects to prevent Soviet aid, gambles to maintain existing governments in power" or "leverage for political support.
>
> In insisting on stricter self-help measures as a condition of aid, the United States must be willing to "accept the consequences that in some countries there will be a less friendly political climate."
>
> Indonesia should not receive economic assistance "unless it puts its internal house in order, provides fair treatment to foreign creditors and enterprises and refrains from international adventures.
>
> In Africa, western European countries "should logically bear most of the necessary aid burden."
>
> In Latin America the United States should concentrate the Alliance for Progress on countries which adopt self-help reforms.
>
> In United Nations aid projects, U. S. contributions should not exceed the U. S. share in regular UN assessments.
>
> In many instances, the United States has been paying "excessive" prices for overseas bases.

The report recognized the need for fulfilling aid commitments already made and recommended that reductions be spaced over the next three years.

The committee had been instructed by the President to review the entire program and bring in some frank criticism of what was being done along with sound recommendations for future guidance. General Clay and his committee seem to have followed the President's instructions.

Congressional Economy

If the figures offered by the Wall Street Journal are correct, and they generally are, the House not only did not whittle down the administration's record-breaking request for a weapons appropriation but actually appropriated more than the administration had requested. By a 374 to 33 vote it added $498 million more than the Administration had requested. Says the Journal:

> "Now the Reublican leadership is reported to be a little discouraged over the results of this first test of its economy drive. Only a few days ago 20 of the party's members of the House Appropriations Committee announced a campaign to reduce Government spending by $4 billion to $6 billion, including a cut of about $3 billion from the total military budget of nearly $53 billion. Since a good many Democrats would also like to see spending reduced, why is it always such a difficult task?
>
> "As far as defense is concerned, part of the trouble stems from individual legislator's own home localities, which turn on the pressure if local defense contracts are threatened. And some Congressmen seem to make the preservation of certain weapons systems their personal cause. In any case, Congress collectively would naturally rather err on the side of voting too much for defense than too little. All that is an old, familiar story.
>
> "But what is not old and familiar is the tremendous size of the total budget confronting the Congress. The defense budget alone, for instance, has shot up $10 billion in two years. To put that rise in perspective, expenditures for the entire Government in 1940 were only a little more than $9 billion.
>
> "If the economy drive does nothing else, it ought to dramatize the budget's almost incomprehensible bulk. And maybe convince some lawmakers, some time, that you can't subtract by adding. Not in this difficult world anyway."

President Eisenhower, a professional military man himself, has warned the nation several times about the danger with which our country is confronted by a strong military defense lobby maintained by the military forces and the industries that live on defense contracts. They already have established themselves as a group of superpatriots that should be given a free hand in the spending of tax dollars. A counter-revoution would be very much in order.

Footnote on Frugality

(Wall Street Journal)

In line with the claim that this is a frugal budget, the President says he has felt obliged to "limit severely" his spending proposals for programs other than defense and space.

That approach bespeaks a reasonable sense of national priorities. If defense and space spending must be boosted by billions, which in itself is open to some question, then it is mandatory to cut back on less important or pointless domestic-civilian projects. Unfortunately, the specifics reflect anything but a severe limitation in that area.

On top of everything the Government is already doing, Mr. Kennedy proposes new or expanded programs for education, health, retraining workers, depressed areas, urban redevelopment, housing help for moderate-income families—and that is a partial list.

So we find not a few spending increases outside of defense and space in the fiscal 1964 budget. Natural resources up over $100 million; housing and community development up some $350 million; commerce and transportation up over $440 million; health, labor and welfare (including trustfund payments) up $1.6 billion.

The fact is that this kind of domestic spending has been growing in recent years at a rate even more remarkable than military spending. Consider this little item from a special analysis in the budget: "In 10 years, total Federal aid to State and local government—will have almost quadrupled, rising from $2.7 billion in 1954 to an estimated $10.4 billion in 1964."

That's the way our money goes. And such is the Federal definition of frugality.

NEW OWNERSHIP

I have purchased the Horejsh Electric business in Thief River Falls and am now in the process of preparing to open under the name of Al's Electric. For 18 years I have worked in the electric field, the past seven years as the owner of my own business in Roseau. I believe that my training and experience merits your confidence in my ability as a repairman for your electric motors, starters and generators. It is my pledge to provide good workmanship and service to the Thief River Falls area.

Elvin (Al) Saxberg

In Appreciation

For the past 39 years I have operated Horejsh Electric in this city and have enjoyed and appreciated the opportunity to do business with many of the fine people in the community. I wish to encourage my past customers to continue their patronage at this same location. Al Saxberg is a competent repairman and I know he will serve you well. A sincere thank-you to those who have been my customers thruout my experience as a businessman in Thief River Falls.

36 days that proved Ford's total performance!

RIVERSIDE, CAL.
January 20
In a total performance test of brakes, suspension and steering on the twisting Riverside sports car course, Dan Gurney drove a Ford hardtop to victory over 43 other stock cars. The 500-mile grind demonstrated Ford's superior stamina and road-holding.

MONTE CARLO
January 23
The '63½ Falcon V-8 Sprints made their debut with a fantastic showing in the 2,500-mile Monte Carlo Rallye. Through Europe's worst winter weather they placed 1st and 2nd in class. Besides this . . . one Sprint defeated every entrant in the Rallye's six special stages.

PURE OIL TRIALS
January 27
In a competition designed to test all-around performance, Fords were overall winners in Class I and Class II in the Pure Oil Performance Trials at Daytona. Their total performance design added up to most total points in gas economy, acceleration and braking events.

DAYTONA, FLA.
February 24
Daytona "500" history was made when '63½ Fords blazed into the first five places! Since Daytona is the toughest track in the world, this was eyewitness proof that Ford's total performance design can endure the maximum in automotive punishment.

FORD GALAXIE 500/XL SPORTS HARDTOP
FALCON SPRINT HARDTOP

. . . and here are the 63½'s that gave total proof of Ford's durability and handling!

You may never see a competitive auto event. But at 30 mph on rain-slick blacktop, in the close-packed rush of 5 o'clock traffic, on a twisting mountain road, the results are important to you. ☐ On every slippery surface you need the kind of roadability that placed five Fords out front in the Daytona "500." On every busy cross street—you want the brakes that won on Riverside's sports car circuit. Your engine will hold up better through years of turnpike use because it's as beautifully balanced as Falcon's Monte Carlo V-8's. ☐ The winning competition car is bound to be a great road car—and Ford is the big winner!

If it's Ford-built, it's built for performance . . . total performance!

Cite Small Business in Relation to Income Tax

(This is the sixteenth and last in a series of articles on income taxes made available as a public service by the Minnesota State Bar Association, Public Relations Committee.)

Income from your small unincorporated business or partnership will be reported on your individual income tax return in the form of total receipts or income. From this amount, you will be entitled to deduct all costs properly attributable to the income such as the cost of goods sold, wages and employment taxes paid, rent and utilities and all other business expenses incurred to earn the income reported. In a partnership, the partner reports on his tax return, generally, his proportionate share of the income and expenses.

Where you own shares of stock in a corporation, you will normally report the dividends received on the stock as income. Prior to your receipt of the dividends, however, the corporation will have paid income taxes on its income. Under certain circumstances, this double taxation on corporation earnings can be avoided. Where a corporation has no more than 10 shareholders and all of these shareholders consent to have the income of the corporation taxes to them, the income of the corporation is taxed directly to the stockholders as though it had been distributed to them at the end of the corporation's taxable year. The election must be made in the first month of a corporation's taxable year, or in the last month of the previous year. Once the election is made, it continues until terminated and, once terminated, a corporation may not again elect to be taxed under this provision for five years. As in the case of a partnership tax return, the income to the stockholders retains the same character that it had for the corporation. For example, where the corporation sells capital assets at a profit, the individual shareholder would report his proportionate share of this profit as a capital gain on his tax return. The foregoing rules apply only where all stockholders are individuals or estates and where the corporation has only one class of stock.

Under some situations, you may also be entitled to deduct from your gross income 100 per cent of the loss you sustained from the sale, exchange or worthlessness of common stock which you hold in a "small business corporation". These losses are treated as attributable to a trade or business of the taxpayer up to the limit of $25,000 on a separate reurn and $50,000 on a joint return of husband and wife. This provision allows you to take the entire deduction in the year of loss without considering he maximum loss allowable on capital asset transactions and without being required to lose the tax benefit arising from the existence of net long-term capital gains.

This section provides added incentive for the investment of risk capital in small business corporations because the investor may reap a capital gain if the business is successful and receive an ordinary loss deduction if the business fails.

Only individual taxpayers who receive their stock directly from the issuing corporation in exchange for money or other property will be entitled to this special ordinary loss deduction. The stock must have been received by the individual under a plan in writing adopted by the corporation after June 30, 1958. Other technical limitations on the applicability of these laws to your situation also exist, and you should consult an experienced tax attorney to determine your right to benefit under these laws.

Salute to Wheat Slated at Climax

FU Leaders Sponsoring Program Next Tuesday

The tiny Red River Valley community of Climax, Minnesota, which held the spotlight 17 years ago during the UN mercy wheat campaign, will be—revisited on Tuesday, April 2, when farmers of the region and national leaders leaders gather there for a 1963 "Salute to Wheat".

Plans for the meeting, which will be at 100 p. m. at the Climax high school auditorium, were announced this week by Edwin Christianson, president of the Minnesota Farmers Union and Edwin W. Smith, president of North Dakota Farmers Union.

The national speakers scheduled to address the Climax meeting will stress the importance of wheat today to the regional and national economy and also commemorate the 1946 campaign when farmers were asked to sweep the bins clean to make available every possible bushel of wheat for relief feeding in starving nations.

Coming to Climax Tuesday will be:

Herbert J. Waters, assistant administrator of the Agency for International Development (AID) in the U. S. State Department.

Glen Bayne, president of the National Association of Wheat Growers and a member of the co-ordinating committee of the National Wheat Committee.

James G. Patton, chairman of the American Freedom from Hunger Foundation and President of the National Farmers Union.

Charles W. Stickney, member of the USDA national agricultural advisory committee, who will preside at the Climax meeting.

National Guard Is Seeking Recruits

Nationwide Membership Campaign Now under Way

The National Guard, both Army and Air, has launched an all-out recruiting drive, Major General Donald W. McGowan, chief of the National Guard Bureau, announced in Washington, D. C.

Calling last year's Berlin mobilization "the most successful in National Guard history", General McGowan stated that the Guard, both Army and Air, now occupies a position of greater importance in the defense posture of this nation than ever before.

Consequently, he said, it is vital that the Guard's strength be maintained at its maximum authorized level.

Dubbed "Operation Big Push", this recruiting drive has been described by Guard officials as a total effort requiring every Guardsman to do his best to help the campaign along.

The Army National Guard is aiming at four men per unit per month for each of its 4,600 units during the next four months, while the Air National Guard's goal is two men per unit per month for each of its some 700 units through June 30.

General McGowan concluded that, "as it has in the past, the National Guard will once again meet the challenge."

Beware Itinerant Seed Peddlers, Is Ed Moren's Advice

Pennington County Seed Inspector Urges Buying from Hometown Dealers

Farmers in Minnesota are again warned of ordering or purchasing seed from itinerant seed peddlers. Ed Moren, weed and seed inspector for Pennington and Red Lake counties, states that information has been received from reliable sources that seed peddlers are again preying on Minnesota farmers in spite of convictions obtained against certain seed peddlers during the late years under the Minnesota seed law, the federal seed act and the postal laws.

The seed division of the Minnesota department of agriculture, dairy and food desires any information regarding activities of these seed peddlers. Immediate action will be taken to investigate their activities and prompt action will be brought against illegitimate operators or peddlers.

Farmers are urged to buy their seed from their local dealers and seedsmen. These seeds are all checked by inspectors from the state department for compliance with the Minnesota seed laws, so the farmer is assured of quality seed. Then, too, the local dealers or seedsmen can furnish farmers the same kind and varieties of seed offered by these peddlers for more reasonable prices. They are also assured of delivery of their seed before planting season. Attention is also called to the fact that seed offered for sale at auctions must be properly tested and labeled.

Moren states that a farmer who sells seed which he has produced himself is not required to obtain a permit or use sales tags, but he must lablel seed sold as to purity, germination, etc.

A violation of the above provision under the seed law is considered a misdemeanor, which provides for a fine up to $100 or 60 days in jail for the first violation, or not less than $50 nor more than $500, or imprisonment for not more than 6 months for the second violation.

Scouts Prepare for Expositions At Four Cities

"Strengthen America — Be Prepared, Be Fit" is the theme of four Boy Scout expositions to be held early in May at Grand Forks, Crookston, Thief River Falls and Devils Lake, N. D. The Thief River Falls exposition will be under the sponsorship of the local Lions club.

Booths will be set up for various troops where crafts will be on display and live demonstrations will be held. Entire families are urged to attend and witness the expositions which give every boy in scouting the chance to publicly demonstrate the skills that scouting has made available to him.

The steering committee for the Lake Agassiz Council consists of Len Marti, Lee Gyldenvand and Col. John Tanner, Grand Forks; Neal Fox and Quentin Jones, Thief River Falls; Tom Crary, Jerry Malko and Clarence Scheede, Devils Lake; and Elmer Iverson and Cornelius Wilkens, Crookston.

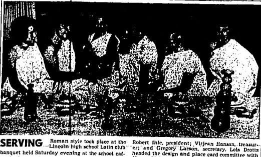
Conference for Junior VFW Girls at Camp Courage

The first annual conference for Junior Girls units sponsored by the ladies auxiliary to the Veterans of Foreign Wars will be held April 27-28 at Camp Courage near Annandale, Minnesota.

Junior Girls units were organized in Minnesota after permission to organize was granted by the national organization in 1935.

The purpose of the conference is to conduct a school of instruction for the girls to better acquaint them with their present duties and to prepare them to become part of their parent organization.

The welcome of the Department of Minnesota will be extended to them by Department Commander Alcouin Loehr, St. Cloud, and Department President Mrs. James Reid, South St. Paul.



SERVING Roman style took place at the Lincoln high school Latin club banquet held Saturday evening at the school cafeteria. Left to right above are Marlys Mossestad, Vicki Bruggeman, Steven Waale, Rolf Wangberg who served as master of ceremonies, Janice Flattum and Kaye Dorn. Officers of the club are Robert Ihle, president; Virjean Hanson, treasurer; and Gregory Larson, secretary. Lois Drotts headed the design and place card committee with Karen Myhrer directing the singing with Kathy Lafrenz at the piano. Also included in entertainment was a skit presented by Ruth Torgerson, Robert McCrum, Marc Pream and John Seaverson with Gary Bruggeman as commentator.

3,346 Hit by Safety Responsibility Law

The Minnesota highway department suspended 9,346 driver licenses under the state safety responsibility act last year, but subsequently reinstated 7,474 upon proof of financial ability to settle or actual settlement of accident claims.

At the end of 1962, 1,872 licenses remained suspended, according to the department. These drivers had failed as of that date to deposit security, releases, insurance or other proof of financial responsibility for the claims against them rising out of traffic accidents.

Under the safety responsibility act of 1945 a driver and the owner of a vehicle involved in an accident causing injury or death or property damage of more than $100 must within 60 days furnish proof to the highway department of ability to pay any damages for which he may be liable, or his license will be suspended. The owner of a vehicle, even if not the driver, is equally responsible for any accident claims involving his vehicle — Except if his vehicle had been stolen or operated without his permission, expressed or implied.

The best way to avoid license suspension under the act, and perhaps a mountain of legal problems and months of litigation, is to have an adequate insurance liability policy in effect before getting behind the steering wheel — otherwise, don't drive, the highway department advises.

When the department receives written report of an accident, it makes an evaluation of the financial responsibility of the drivers and owners involved, without regard to who was at fault. The department does not attempt to place the blame for an accident. The financial ability to pay for claims is the primary concern.

If the report fails to show adequate insurance coverage or proof of other financial ability to pay any damages that may result from the accident, the department advises the driver that proof must be shown or his license will be suspended.

The driver can do this by proving an adequate insurance liability policy was in force at the time of the accident or by depositing cash or a corporate surety bond in an amount considered sufficient by the Commissioner of Highways to pay all damages; or by proving that all claims rising from the accident have been settled or agreements for settlement have been made.

If 13 months have elapsed after an accident and no suit was begun against the driver within a year after the accident, or if the driver is declared non-liable by the courts the license is reinstated. But if the license has been revoked, or the driver convicted of driving without a license, including driving after suspension, proof of financial responsibility for the future must be filed for a five-year period with the Highway Department.

State Highway Dept. Employees Cited for Safety

Many Men from City To Receive Citations At Crookston Meeting

Annual safety award presentations will be made by the Minnesota Highway Department at a district meeting to be held Thursday, April 18, at 1 p. m. in Crookston. Similar award programs are being held April 16-18 at Duluth, Virginia, Bemidji, Brainerd and Detroit Lakes.

The employees of this area to receive awards are among more than 4,100 to be given such recognition. Department awards are given to those who have operated motorized equipment or were on the job throughout 1962 without a preventable mishap.

In addition, drivers who devoted more than half of their working time to the operation of motorized equipment and had no chargeable accidents during the year receive National Safety Council awards.

In the maintenance areas of the department, 1,455 employees won departmental awards in industrial safety and 1,454 won National Safety Council awards in the motor vehicle safety field. There were 875 industrial safety awards and 340 motor vehicle safety awards attained by employees of the construction districts.

Speakers included on the program will be Garnet E. Hall, state highway safety director; Charles Ross and Eugene Farrell, employee safety representatives from St. Paul; Joseph Remnitz of the Agriculture Insurance company; and the host district and area engineers.

Ervin C. Pearson of Thief River Falls will receive a 32-year safety award and Alan Wynnemer of this city will receive a 30-year award. Harland P. Lee of Grygla will receive a 27-year award at the event.

Those from Thief River Falls who will be given safety awards for les than 20 years include Gordon A. Markstrom, Marvin C. Markstrom, Donald W. Lokken, Albert C. Larson, Paul R. Grand, Milton J. Burstad, Richard A. Olson, Lester V. Larson, Bernard P. Schmidt, John A. Besserud, Donald M. Jorde, Leonard Haack, J. S. Dokken, J. E. Bredeson, Richard D. Bergland, Raymond Vaudrin, Julius Dahl, Clark L. Boman, Mallen D. Wiskow, Rodger E. Sackett and Delmore S. Dufault.

Except for vultures and parrots, Canada geese live longer than any other birds. Authentic records of birds in captivity give them as much as 70 years.

The bear so often mentioned in Scriptural writing is the Syrian bear, distinctive for its gentle disposition.

Short Course on Quarter Horses at 'U' M. April 6

A short course on quarter horses scheduled for Saturday, April 6, on the St. Paul Campus of the University of Minnesota indicates that horses are here to stay.

About 500 breeders, owners and others interested in quarter horses are expected to attend the one-day session, according to Dr. D. K. Sorenson of the College of Veterinary Medicine who is helping make arrangements.

The quarter horse takes its name from the fact that it is extremely fast at a distance of a quarter of mile or less. It is also gentle and easy to handle and thus is favored as a riding horse.

The short course opens at 8 a. m. April 6 in Peters Hall Auditorium.

Morning sessions will deal with disease and injury problems which confront horse owners. There also will be discussions on horse show regulations and a report on the American Quarter Horse Association convention by Director Mel Astleford of Prior Lake.

What Do I Wish?

Pam can't keep a secret. She'll probably tell us what she wished before the cake is half eaten.

Whatever her wish, it will be for a little girl type of thing.

But—what of me? What do I wish for my daughter? Success in a career . . . happy marriage . . . children . . . a beautiful home . . . a fair share of worldly goods . . . health . . . happiness?

I suppose I wish all of these things for Pam, in some measure. But if I had to limit myself to a single wish—I would ask for her a deep and abiding faith. How wonderful it is to have an unshaken belief in God's ways and His works, plus the conviction of His love for us.

Some of us may be limited in our ability to give our children material things, but we need never stint on teaching them spiritual values. Start taking your children to church and church school this Sunday.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Appearing in newspapers of the Minnesota Editorial Association through the cooperation of the U. S. Soil Conservation Service and the University of Minnesota Institute of Agriculture

A good pasture water supply has been provided on the Henry Larson farm southeast of Lakeville by construction of a 50 by 120-foot *watering pit in the pasture*. Larson, an SCD cooperator, had no water supply nearer than the farmstead on his 360 acre farm. He fenced the watering pit on three sides so cattle could not walk into the pit and damage the sides. He also fenced the sides and ends of a graveled ramp leading into the pit on the fourth side. Tile lines feed the pit, and also carry away the overflow. Says C. O. Quie, Dakota county agent, "Larson's cattle have clean water all the time now, and they don't have to walk to the farmyard to get it."

"I really was surprised at the corn yield on my contoured field last fall," said Arthur Knudson, Jr., a young farmer in the Chippewa Soil Conservation District. With some reluctance, he contoured his row crop fields, after talking to Robert Anderson, SCS work unit conservationist at Montevideo. He found that his corn matured well and the ears filled out well. His crop averaged 100 bushels to the acre. "From now on," he said, "everything is going to be planted on the contour."

Contouring and tiling solved a lot of problems on the Robert Alexander farm west of Castle Rock. Alexander had erosion on the fields on his 260 acres and they were frequently wet. Then he installed more than 10,000 feet of tile and erected a concrete waterway structure outlet for the tile system. He also put in 231 acres in contour crop rotation. His crops are now better, according to Dakota County Agent, C. O. Quie, and the farm is easier to operate.

A former cranberry bog on the Isanti-Kanabec county line recently was bought by the state division of game and fish as a wildlife management unit. Jerry Sullivan, SCS soil conservationist at Mora, reports several large concrete structures and a series of ditches have been built to control water levels. The Soil Conservation Service has furnished the division of game and fish with preliminary engineering surveys for water management. Area Game Manager Lester Koopman says the area is ideal for waterfowl and will also be good for upland game.

QUESTIONS Answered for VETERANS

Additional information or assistance on veterans' benefits may be obtained by visiting or writing the VA Contact Office at the Fargo VA Center, Fargo, North Dakota.

Q—What is the present maximum amount of a GI home loan the Veterans Administration will guarantee?

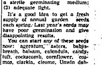
A—That part of a GI home loan guaranteed by the government may be up to 60 per cent of the amount of the loan or not more than $7,500. The limit on direct loans made when no loans from private lenders are available is $15,000.

Q—How does one get the free American flags for use at the funerals of veterans?

A—These free burial flags are used to drape the casket during funeral service of a deceased veteran with wartime service, discharged under conditions other than dishonorable, or with peacetime service for at least one enlistment unless discharged or released from duty for disability incurred in the line of duty. They are then presented to the next of kin. Flags may be obtained from VA offices and some post offices as well as from U. S. State Department offices overseas.

Q—Can any wartime or peacetime veteran get a free physical examination from the VA?

A—To be eligible, he must have been discharged or retired under conditions other than dishonorable and must need the medical or physical examination to apply for certain Federal benefits. For example, the VA gives medical examinations for determination of the presence of a condition claimed to be service-connected, for Government life insurance purposes, and when application is made for hospital or domiciliary care.



Starting Annual Flowers Indoors

Starting annual seeds indoors can be a source of quality plants and great satisfaction — if you use proper techniques. There are three basic requirements for starting seeds: (1) quality seeds; (2) a sterile germinating medium; (3) adequate light.

It's a good idea to get a fresh supply of annual garden seeds each spring. Last year's seeds may have poor germination and give disappointing results.

You can start any of these seeds now: ageratum, asters, babysbreath, balsam, calendula, candytuft, cockscomb, cornflower, cosmos, clarkia, cleome, Unwin dahlia, larkspur, marigold, nasturtium pansy, petunia, annual phlox, gaillardia, salvia, stock, sweet alyssum, verbena and zinnia.

Fill a garden flat to within an inch of the top with sterilized soil, sphagnum moss or vermiculite and firm it down. If you plant just one flower variety, broadcast the seed in the flat. The usual practice, however, is to plant the seed in shallow trenches and cover it with a fine layer of vermiculite, shredded sphagnum or sterile sand or soil.

Begin planting at the left hand side of the flat. Be sure to place a label at the end of each row or variety so you can identify the plants.

After the seedlings have germinated they need full sun or artificial light. Two 40-watt fluorescent tubes placed 6 to 8 inches above the plants will provide sufficient artificial light.

One caution: don't overwater young seedlings.

Red Lake Electric To Hold Annual Meeting Wednesday

Thief River Falls will host the annual meeting of Red Lake Electric Cooperative on Wednesday at the city auditorium. Registration will begin at noon with the official meeting to be called to order at 1 p. m., according to Charles M. Kleven, manager of the cooperative.

Three directors for three-year terms will be elected at the session over which Leonard Melin, president of the board, will preside. Nominated at district meetings held previously were Joseph Brunelle, Crookston, District 1; Lars M. Larson, Oklee, District 4; and Millard Dailey, Red Lake Falls, District 5.

In addition to routine business there will be reports of the officers, entertainment, movies and distribution of capital credit checks. A free lunch will be served at the close of the meeting. The Thief River Falls Lincoln high school band will present a concert from 12:30 to 1 p. m. under the direction of John K. Moum.

In order to allow adequate time for the distribution of capital credit checks, it is not planned to have a main speaker at the meeting of the members this year, manager Kleven said. The amount to be paid at the annual meeting is $50,556.91 which is the balance of the 1958 capital credits as allocated in that year.

Payments will be made to the members who were receiving service from the cooperative in 1958 and will include all capital credits earned up to and through the year 1958. Those members who received a capital credit check in November or December of last year will now be receiving payment which will amount to twice the amount he received last fall, Kleven said.

"The capital credits for the year 1962 are in the process of being allocated to the members on the basis of patronage," Kleven added. "This year the cooperative has margins of over $113,000 to allocate to the members. This represents better than 19 per cent of power bills for 1962. An example would be for every $100 paid in power bills to the cooperative in 1962, $19 will be refunded at a future date."

Officers and directors currently serving the cooperative are Leonard Melin, president; Helmer Lind, vice president; Joseph F. Skala, secretary-treasurer; Millard Dailey, Lars Larson, Raymond Parnow, Joseph Brunelle, Manvel Moe and Stanley Radniecki, directors. Charles E. Boughton is the cooperative's attorney with C. M. Kleven as manager.

Fallout Shelter Supplies Arrive

Civil Defense Receives Stock for Public Rooms

Supplies to sustain approximately 325 people for two weeks in public fallout shelters in Thief River Falls have been received by the Pennington County Civil Defense unit, according to Kendall Gustafson, county director.

A meeting of representatives from business places and institutions which have been designated as public shelters was held last week at the courthouse. The county Civil Defense staff asked for a representative from each place to serve as a shelter manager under the program.

Supplies have been received for shelter areas located at Gamble-Robinson, Hartz Supermarket, former underground water storage tank near the fire hall and Lincoln high school. Other areas designated as public shelters for which supplies have been ordered, include Hartz Wholesale, Oakland Park Nursing Home, Wilson Brothers, Bjorkman's Clothing and Trinity Lutheran church.

District Scout Meeting Thursday

Boy Scout leaders in the Pen-Ro-Shall district will meet Thursday at 6:30 p.m. for a dinner meeting at the Rex Cafe in Thief River Falls, according to Florian Kritz of this city, district chairman. Business of interest to scouters in the district, including the forthcoming scout exposition in May, will be discussed at the session.

TIMES ANNOUNCES CHANGE IN DATES OF PUBLICATION

Changes in publication dates for the Thief River Falls Times will go into effect this month. New dates of publication have been determined by the management upon recommendation of local advertisers and to be of greater service to subscribers.

Beginning with the Monday, April 22 edition of the Times, publication will take place on Monday noon and Wednesday about 3 p. m. The present schedule has afternoon publication on Monday and morning publication on Thursday of each week.

The change is being made to permit mailing of the Times to all subscribers on Wednesday so that they will receive their copies of the paper on Thursday. Merchants have favored the change in date since it will provide readers with a greater opportunity to shop advertising for weekend sales and promotions.

Earlier publication time on Monday is required to permit additional time in preparation of news and advertising copy for the Wednesday edition, the first of which will be published April 24. Advertisers and news sources are urged to note the change in publication date and cooperate in having news and advertising copy ready early.

Irvin Wilson Named to Head Elks Lodge

Elected Thursday to Succeed Ed Broughton

Irvin J. Wilson was named exalted ruler of the local Elks lodge in its annual election of officers Thursday evening. He will succeed Edwin Broughton as head of the lodge in April.

Others elected include Vern Erickson, esteemed leading knight; Bruce Hall, loyal knight; Glenn Peterson, lecturing knight; Ole Engelstad, secretary; R. J. Dryden, treasurer; Olaf Myhrer, tiler; Gordon Reierson, trustee for five years; and John Halvorson, trustee for one year.

Following his election, Wilson named his appointive officers, including Ralph Foster, esquire; Robert Flynn, chaplain; John McGinley, inner guard; and J. J. Womack, organist.

Aquacade Dates Set by Jaycees for August 2-3-4

James Wilson To Head Ninth Annual Program; List Committee Chairmen

Dates for the Ninth Annual Jaycees Aquacade were set for August 2, 3, and 4 at the initial meeting of the Aquacade committee held Thursday evening in the basement meeting room of Northwestern Bell Telephone company in Thief River Falls.

James Wilson, manager of the local Northwestern Bell office, is chairman of the 1963 event. It was agreed by committee members present that some changes will be present in the Ninth Annual event, but that several of the more popular events will be continued.

Events planned include an official Miss America Preliminary Pageant, Teen-age dance, parade and Sunday events at Tindolph Park. Other activities will be announced as they are planned.

Committee appointments include the following: Queen committee, Warren McIntosh and Marvin Lundin; Sunday and special events, Kenneth Taylor and Wally Grovum; parade, George Hildre; pageant ticket sales, Terry Donnan; pageant staging, William Ness and Kenneth Swenson; button sales, Richard Bjorkman; teenage dance, Silas Glere; and program book, James Carlson.

Oklee Woman Killed in Italy Auto Accident

Patricia Ann Stone, 25, Dies When Car Skids in Rainstorm

A young Oklee woman, touring Europe with two friends, was killed Thursday in an automobile accident near the southern Italian town of Ostuni outside Brindisi, Italy. Her companions were badly hurt.

Police said Patricia Ann Stone, 25, of Oklee was killed when the automobile in which she was riding skidded off a highway in a rainstorm and crashed into a tree.

Helen Constance Atcas, 25, of Hopkins, Minn., and Marcia Burrill, 27, of Fargo, N. D., were injured. Doctors at Ostuni civil hospital said both were in grave condition today.

Miss Stone was the daughter of Mr. and Mrs. Lawrence B. Stone of rural Oklee. She was born Feb. 3, 1938, at Lake Bronson, Minn. The family moved to Oklee in 1941 and it was in Oklee that Miss Stone attended elementary and high school graduating from Oklee high school in 1956.

She continued her education at the University of North Dakota and was graduated with a degree in physical education in 1960. While at the university she served as a counselor in Johnstone Hall.

Miss Stone taught at Bruna Park Junior High School at Anaheim, Calif., for two years after graduating from UND. In the summer of 1962 she took a position at the Forest Park YWCA Camp at Chicago. While working there she met her two traveling companions.

The three women began their European trip on Jan. 7, 1963. They had intended to spend six months traveling in Europe. At the time of the accident, they were traveling to Brindisi to take an auto ferry to Greece where they were to join a tour. They were traveling in a car purchased by Miss Burrill in Luxembourg.

Miss Stone is survived by her parents; one brother, Gerald of Anaheim, Calif.; and her maternal grandparents, Mr. and Mrs. James Conely of Thief River Falls.

Coloring Contest To Start Today; Entries Inside

Blanks for the Easter Coloring Contest sponsored by cooperating Thief River Falls merchants are published in this issue. The contest will close Saturday, April 13, when all entries must be presented in person at the stores listed with each cartoon. Drawings may be clipped from this paper and will thus become official entries. Prizes are being offered by each of the business places participating in the contest event.

ATTENTION of all Thief River Falls shoppers is called to the beginning of Friday night openings for the summer season which will begin Friday, April 5. Thief River Falls stores will remain open until 9 p.m. each Friday night, as indicated above by Miss Sharon Bruggeman, sales clerk at Elaine's in this city. Sharon is the daughter of Mr. and Mrs. Sid Bruggeman and was 1961 homecoming queen at Lincoln high schol. To further promote the Friday night openings, local merchants are sponsoring a "Springzapoppin" promotion which includes special bargains from 7 to 9 p.m. each Friday during April. For the fashion-conscious reader, Sharon's attire is from the new spring collection by Jantzen.

Two Plummer Area People Killed in Two-Car Crash

Larry Westerlund, Mrs. Ruth Craft, Killed on Sunday

A rural Red Lake Falls youth and his grandmother from Plummer were killed shortly before 3 p. m. Sunday when the car in which they were traveling collided with another vehicle at the intersection of two township roads about 3½ miles west of Plummer. Dead are Larry Westerlund, 15, son of Mr. and Mrs. LeRoy Westerlund of rural Red Lake Falls, and Mrs. Elizabeth Craft, 57, Plummer.

Gerald Hinze, Red Lake County sheriff, stated that the two vehicles collided at the intersection about one and one-half miles from the Westerlund home. Both victims were thrown from the car with the Westerlund youth pinned beneath the other car involved. The Craft car was traveling west at the time of the accident and the car driven by Joe Erovick Jr., of Park River, N. D. was traveling north.

Reported in satisfactory condition this morning at St. John's Hospital in Red Lake Falls were Joe Erovick Jr., 18; his wife, Marilyn; his mother, Mrs. Joe Erovick, Sr., and his sister, Frances, 13. Also hospitalized was Debra Westerlund, 5, sister of the accident victim and passenger in the Craft car. All were said to have suffered abrasions and lacerations. Both cars were said to total losses.

Sheriff Hinze said it is belived that Westerlund was driving his grandmother's car at the time of the mishap, but that this would not be known for certain until he had an opportunity to question the

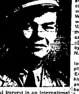
Area Man Captain Of Ship Fired On By Russian Planes



Local interest in an international incident was stimulated in this area on Friday when it was learned that a local man captained the ship fired on by Russian-built planes near Cuba on Thursday. He was Curtis Olson, son of Mrs. Jessie Olson and the late Carl M. Olson of the Goodridge community. Mrs. Olson has been employed at Oakland Park Nursing Home for the past six years.

Capt. Olson was commander of the "Floridian", a merchant marine vessel sailing from Puerto Rico to the United States and was 20 to 30 miles off the Cuban coast when the MIG fighter planes appeared. The ship was not hit by fire from the planes and there were no injuries.

According to Mrs. Olson, who spoke by telephone with her daughter-in-law Friday, the planes carried Russian insignia but were piloted by Cubans. Capt. Olson radioed an S. O. S. and American planes arrived within a few minutes to escort the ship to port in Florida.

Capt. Olson was valedictorian of the graduating class at Goodridge high school in 1937, worked in a CCC camp and for Barzen Seed company after high school and

Trudy Waale Is Winner at Dist. Speech Contest

Trudy Waale, competing in extemporaneous reading of prose, received a superior rating and advancement to the Region 8 speech festival when competing at the District 31 contest held Saturday at Warren high school.

Thief River Falls had 13 entries in the contest and placed fourth in the event under the coaching of Miss Thora Skomedal. Crookston Central won the contest with East Grand Forks second and Climax third. Local entrants gained two superior, five excellent and five very good ratings.

For Those Who Want to Beat the "Weeds"

Offer Five-Day 'Stop Smoking' Plan

INSTRUCTORS in the "Five-Day Plan to Stop Smoking" which will begin Sunday evening in Thief River Falls will be Dr. S. E. Pollman, city, left, and V. Emerson, Detroit Lakes. The two-man team will present instruction in dieting and other helps for the smoker who wants to break the habit. Advance registration by calling MU 1-1293 or MU 1-2685 will assist the instructors in determining the amount of training material which will be needed.

by Marvin Lundin
City Editor

A personal quarantine on nicotine—"The Five-Day Plan to Stop Smoking"—will be presented to interested persons in the Thief River Falls area on Sunday through Thursday, April 7-11, at Lincoln high school. Sessions will be held nightly from 7:30 to 9 p.m. with instruction and materials furnished free of charge to all participants.

Developed under sponsorship of the Seventh Day Adventist church, the five-day plan is a scientific and psychological approach to assist people who want to break the smoking habit. Locally the program will be sponsored by the Seventh Day Adventist church as a public service project to contribute to the community welfare.

Originators of the plan are Dr. J. Wayne McFarland, specialist in physical medicine and rehabilitation, and Rev. E. J. Folkenberg, a Seventh Day Adventist minister from South Lancaster, Mass. They developed the plan, based on group therapy and medical research, about two years ago. It is said to be about 85 per cent effective.

Program Outlined

Instructors for the course beginning next Sunday will be V. Emerson, Detroit Lakes, and Dr. S. E. Pollman, Thief River Falls. Sessions will consist of lectures and discussions by the team on the physiological and psychological aspects of smoking, films on smoking and its effects on body and mind, demonstrations of procedures helpful to overcoming the smoking habit and exchange of experiences by participants as the course progresses.

Local instructors note that the course is entirely voluntary and open to any and all persons interested in breaking the smoking habit. Statistics show that by the third day of the five-day plan, more than 50 per cent of the participants lose their craving for tobacco. By the fifth, 70 per cent or more have lost this craving.

Provided with the course is a loose-leaf type booklet with day-by-day instructions. It includes information on how to relax, how to avoid familiar spots or activities that might lead to a smoke, when to exercise and how to breathe, what to eat and drink and with whom and what to think and do at crucial times. Additional daily sheets are provided at each nightly group therapy sesion.

"Buddy System"

A "buddy system," similar to that used by Alcoholics Anonymous, is a vital part of the program and follow-up after the course ends. It might be a good idea to join the course with a friend for mutual encouragement and a little added incentive on will power.

Dr. Pollman and Emerson attended a pilot training program for instructors recently in Denver, Colo., and have prepared for courses to be held in this city and in Detroit Lakes. Advance registration by calling MU 1-1293 or MU 1-2685 will assist the men in knowing approximately how many people plan on taking the course so that sufficient material will be available.

The instructors also note that the course is not an anti-tobacco campaign but a practical approach for persons who would like to quit smoking but have been unable to do so. Each individual taking the course presents himself or herself with a personal challenge and the entire program is on a personal basis.

As for this reporter, who has been a cigarette enthusiast in gradually increasing amounts for about seven years, the attempt will be made to give the course an honest

Spring Festival Draws Large Crowd of Dancers

Spring arrived in Thief River Falls Saturday night, March 30, at the City Auditorium when swinging square dancers were greeted by the Falls Square at their annual Spring SWING Square Dance Festival.

Thirty-one squares crowed the hall as Lee Newton called from a stage banked with colorful spring flowers, birds on the wing, and child on a swing. A balcony filled with spectators listened to the vibrating voice of Newton while watching the spectacular display of color as the dancers whirled to the music. Not a foot was still as one square after another, followed by round dances were presented. Whistles and clapping were heard throughout the evening.

Door prizes of square dance records were won by Gene Durham, Joanne Koehler and Ed DeLap of Thief River Falls, and Arvid Williamson of Greenbush.

A novelty round dance "By the Sea" was presented during intermission by Mr. and Mrs. Mel Simon, Mr. and Mrs. Don Peterson, Mr. and Mrs. Al Bacon and Claire Johnson and Randall Nopper. The group, wearing "Bikini bathing suits of the '90's", were introduced by Morris Owen. Lighting was handled by Norman Capistran.

The evening closed with lunch being served by Mr. and Mrs. Roy Oen, Mr. and Mrs. Al Bacon, Mr. and Mrs. Denny Inman and Mr. and Mrs. Fred Svir.

Malcolm Magnuson, who arranged the after party at the Fireside Room, was kept busy with some 60 local and Canadian guests who enjoyed more dancing to Lee's calls, entertainment of a presentation of "Itch along with Snitch" by the Canadian group and a hilarious relay arranged by the Newtons, with prize specially prepared, and won by Phil Roy of Winnipeg. Members of the Falls Squares prepared and served the early morning smorgasbord.

94th Birthday Noted By Mrs. L. O. Williams

Mrs. L. O. Willims of this city observed the 94th anniversary of her birth with a number of relatives and friends who joined her at her apartment on March 28. Mrs. Williams was the recipient of flowers, house plants, and numerous other gifts from her many well-wishers; a decorated birthday cake baked by her daughter-in-law, Mrs. Clarence Williams, and phone calls of felicitation from a daughter, Mrs. Martha Nace, in California, and a grandson, Don LaSalle, from Anoka.

Among those visiting with her on this important day were her son, Andy Williams, and Mrs. Williams; her son Clarence, and her nephew and niece, Mr. and Mrs. Meyers of rural Thief River Falls and many friends in the city and in neighboring apartments. All enjoyed lunch and birthday cake with the guest of honor.

Mrs. Williams is an active member of Trinity Lutheran Church which she still attends. She is also active socially. She has three sons and two daughters. Her birthplace was Norway.

Ann Meracle New Pharmacist In City

New pharmacist at the Parkins Corner Drug Store is Miss Ann Meracle. Originally from Minneapolis, Miss Meracle studied for her career at ND state university in Fargo, N. D. and was one of the four women graduates of the class of 35 students. She was registered in 1944.

Her first position as a pharmacist was at St. John's Hospital in Fargo, N. D. Later she was employed at St. Mary's Hospital in Minneapolis, coming to this city from the latter place.

According to Miss Meracle, most women pharmacists of her acquaintance serve as hospital pharmacists. However, some practice their professions in drug stores also. One of her former classmates is with a drug store in Fargo at the present time.

Trinity Senior Choir Honors C. Holmquists

Following practice of the senior choir of Trinity Lutheran church the members honored one of their number, Charles Holmquist and his wife, at a farewell party at the Bryant Ulseth home.

They presented the guest of honor with a gift from the group.

Those present, in addition to the honored guests, were Mmes. Roy Jensen, W. P. Kaisler, Melvin Ernst, Kenneth Swenson, Rodney Max, Donald L. Olson, Albert Lafrenz, Harold R. Peterson, Walter Weigelt, Inga Geving, Everett Amundgaard; Miss Helen Horgan, Wendell Olson, Dennis Wegge, Bryant Ulseth, and Mr. and Mrs. Einar Barstad.

Lunch climaxed the social evening. Serving were the hostesses, Mrs. Bryant Ulseth, Mrs. Herman Dargus, and Mrs. Clayton Restad.

John Lee Engelstad Is Christened On Sunday

Christened at Sunday services at Trinity Lutheran church was John Lee, infant son of Mr. and Mrs. James Engelstad of rural Thief River Falls. Rev. Reuben Wangberg officiated at the ceremony. Sponsors were Mr. and Mrs. Arnold Engelstad.

Alfred Seltz Jr. Speaks Vows with Minneapolis Girl

At a March 22 afternoon wedding in Christ Lutheran church of Minneapolis, Miss Constance Mae Drevlow of that city exchanged vows with Alfred Carl Seltz Jr., also of Minneapolis. Performing the double-ring ceremony was the bridegroom's father, the Rev. A. C. Seltz of this city. Parents of the bride are Mr. and Mrs. Devlow of *Long Prairie.*

The couple repeated their vows in the presence of about 20 guests before an altar decorated with spring flowers.

The bride, given by her father in marriage, was in white wedding attire. She carried orchids and stephanotis. Attending her as maid of honor was a friend, who wore a blue ballerina-length dress and carried orchids. The groom's brother, Jack Seltz, of St. Cloud, was his best man.

Following the ceremony, the parents of the bride hosted a dinner for 20 guests at the Curtis Hotel.

The bride is employed as a registered nurse at Northwestern Hospital in Minneapolis. She is a graduate of the University of Minnesota and of the Northwestern Hospital school of nursing.

The groom, a graduate of Valparaiso University, Indiana, is area director of social work, with the Minnesota Association of Mental Health.

Following a wedding rip to New Orleans, La., the couple will be at home in Minneapolis after April 2.

Newcomers Get Lesson On Playing Bridge

A lesson in bridge was the featured attraction at the Wednesday evening, March 27 meeting of the Newcomers Club which was held at the courthouse meeting room. Mrs. C. L. Charlson gave a talk on the game, following which tables were set up and the club members were given practice in playing.

Lunch was served by the hostesses and a social hour followed.

Remainder Of Troop 87 Flies To G. Forks

Members of Girl Scout Troop 87 who took the plane trip to Grand Forks, N. D. on Saturday as guests of Operation Airlift, as did the first half of the troop the week before, were Marshelle Hoganson, Janeen Sagmoen, Charlotte Lemke, Bonnie Seaverson, Franciska Anderson, Peggy Fuller, Frances Hanson, Karen Charlson, Paula Stroble, and Karen Reich.

Adults accompanying the girls were Mrs. Byron Sagmoen and Mrs. Donald D. Olson.

As the other members of their troop had done, they had luncheon at the airport lunch room and were taken on a tour of the installation, including a trip to the control tower. They also saw a plane which had been wrecked in the high winds at the airport. Bringing them home by car were Lloyd Hoganson and Lloyd Hanson.

Rev. and Mrs. Eldor Langager and family of this city left today for Rev. Langager's new pastorate at Travers City, Mich. after having served here for the past several years as pastor of Mission Covenant Church.

Karen Diehl Engaged To Wed Harlan Rude

Mr. and Mrs. George Diehl of Soudan, formerly of rural Thief River Falls, announce the engagement of their daughter, Karen, to Harlan Rude of Billings, Mont., son of Mr. and Mrs. Herman Rude of rural Thief River Falls.

Karen is a graduate of the cosmetology department of the vocational school of this city, and is presently employed at a beauty shop in Ely. Mr. Rude is a graduate of the A&P mechanic vocational school of this city, and is with the Forhart Flying Service in Billings.

June 22 has been set for the wedding, which will take place at Soudan.

KITCHEN KARNIVAL

Features from the kitchen of

MRS. WALTER P. KAISLER

The foreign influence seems to be creeping more and more into the American cuisine, and no doubt the reverse is also true. Which suggests that the idea of "one world" is becoming a reality in the kitchen, at least. This dish is definitely Italian, yet Mrs. Kaisler a Scandinavian, loves to serve it, as well as such other exotic foods as (Russian) Beef Strogonoff and other foods of a non-Scandinavian character. Like many of these dishes, it is cosmopolitan enough to appeal to many tastes. Mrs. Kaisler serves it with garlic toast, which makes an excellent accompaniment, she says. This lasagne is also a favorite among local dinner groups and as a late-evening feature at parties and similar get-togethers.

LASAGNE

- 1 lb. ground beef
- 1 No. 2 can (3½ cups) tomatoes
- 1 8-oz. can seasoned tomato sauce
- 1 or 2 envelopes spaghetti sauce mix
- 2 cloves garlic, minced
- 8 oz. thin sliced mozzarella cheese
- 8 oz. pkg. lasagne noodles, cooked
- 1 cup creamed cottage cheese
- ½ cup parmesan cheese

Brown meat, spoon off excess fat. Add next four ingredients. Simmer 40 minutes. Salt to taste. Put half of cooked noodles in a 13 by 8 in. baking pan. Cover with one-third of the sauce mixture, half of the mozarella cheese, then ⅓ the cottage cheese. Repeat layers, with the mozarella cheese on the top. Bake about 30 minutes at 350 degrees. Remove from oven and allow to stand for about 15 minutes. While still warm, cut into squares and serve.

Mrs. Kaisler's husband is Dr. Walter P. Kaisler, local chiropractic physician. They have three children: James, a student at Luther seminary; Rollin, a student at Moorhead state college, and Jill, who at the age of 7 keeps the place active, what with her Brownie and other friends.

Mrs. Kaisler helps out at her husband's office, where she is a receptionist. With her home, her cooking, sewing, and entertaining, she calls it a "full schedule."

STEPPING off a fast-paced square dance is this group of animated dancers shown in action at the Spring Swing Festival held at the Thief River Falls city auditorium on Saturday night. Caller Lee Newton, pictured on stage in a colorful spring setting, paced the dancers, guiding them through the intricacies of the various numbers. Thirty-one squares from a number of area communities and as far away as Winnipeg participated in the event.

children was donated and served by PTA members.

Each child who attended the roundup was given an authorization slip which entitles him to a free checkup and free pre-school shots by appointment with his family doctor during the months of April, May and June.

A permit was also given to each child which will entitle him to a free eye examination by one of the local optometrists during May and June. This permit must be presented to the optometrist at the time of examination.

A pink dental card was issued to each child, and it is suggested that the child's teeth be examined by a dentist during the summer months. After examination the dentist will sign the card and this should be brought to school when the child enters next fall.

Men Plead Guilty

Frank LeRoy Donarski Jr. of Thief River Falls and Merton Ray Hutchinson of Goodridge entered pleas of guilty to third degree burglary at District Court in Crookston last week. Pre-sentence investigation was ordered by the judge on both men.

Donarski was charged with burglary at the Irishman's Shanty and Farmers Union Oil Company in Crookston and Hutchinson was implicated in the oil company break-in. Donarski is being held in lieu of bail while Hutchinson has posted bond.

Mr. and Mrs. Herman Dargus and Ronnie returned Wednesday after spending a few days at the Ben Paulson and Erick Flod homes at Stillwater, at the Elmer Antolik home at Anoka, and with Mr. and Mrs. Frank Paulson at Minneapolis. Mr. and Mrs. Orland Thoreson, Renee, Christie, and Norreen, of Rochester, also spent the weekend at Stillwater.

WATCH FOR "SPRINGZAPOPPIN" SPECIALS-7p.m. to 9p.m. EVERY FRIDAY DURING APRIL

Editorials . . .

"I don't want to be told that I must love a woman or a man because of their color, any more than I want to be told that I must hate them because of their color. I love and hate only a few, and their color may have as little or as much to do with it as their height or the color of their hair or the way they walk. It is for themselves in their totality that I am drawn to them or recoil from them for their totality and their humanity."

Solving Unemployment

The unemployment problem has been worsening a little in recent months but we are sure the administration will have it under control by election time next year. Don Brown of the Waseca Herald revealed some figures recently that are most reassuring in this respect. The federal budget provides for 3,497 new employees for the federal government's commerce department; 5,931 more for health, education and welfare; 709 more lawyers for Attorney General Robert Kennedy; 9,650 more postal workers, and $4,414 more employees for the treasury department; and so on and so on and so on.

Everybody who wants to work should be on a payroll by this time next year and we are glad for that.

$100 Billion

Our country's expenditures for foreign aid since World War II will total more than $100 billion this year. Figures furnished by the Agency for International Development, the agency that is charged with the responsibility of administering these funds, reported recently that during this period, $97.7 billion worth of military and economic help have been distributed to 111 countries from July, 1945, through the middle of 1962.

While much of this total no doubt was wasted, this spending was a stabilizing influence thruout the critical period that followed the war. Many billions were made available to Europe through the Marshall plan, and much of the credit for Europe's speedy recovery can be attributed to this aid. The record in more recent years has not been so good.

Manitoba Is Growing

It is encouraging to know that the Canadian province north of us is making good progress. Manitoba is growing, and a growing Manitoba is good for the area that lies south of the border. At Thompson, on the Nelson River in northern Manitoba, is the free world's first fully integrated nickel plant. This plant, built recenty by the international Nickel Company, is the world's 2nd largest nickel-producing operation with an annual capacity of refined nickel of 90 million pounds.

Northern Manitoba is rich in minerals and it is aslo rich in hydro power potential. Plans are in the making for a series of dams along the Nelson River that will be another source of low-cost power south of the border. It is quite possible that the Nelson River will some day be our most important source of power.

Last year was a record year for the tourist industry in Manitoba. Visitors, totalling 1,347,000, spent an estimated $39 million in the province in 1962. The tourist industry in Manitoba is still in its infancy.

As Manitoba extends its frontier northwards we move closer to the center of things.

Junior College Plans

A state operated system of junior colleges may be provided for by the present legislature, according to the St. Paul Pioneer Press. Discussing the possibility in a recent editorial the Pioneer Press states:

"It is encouraging that support for an expanded junior college system is growing in Minnesota.

"The need for more junior colleges is more generally recognized than several years ago. Major questions still to resolve are how the expansion shall be achieved and financed. Even here, however, a consensus seems to be emerging.

"A house committee has given informal approval to a measure which would create a nine-member state junior college board with authority over a system of 15 colleges, including three in the Twin Cities area and two in southwestern Minnesota. The bill also carries a 25-million-dollar appropriation for construction of new facilities and operating funds. A slightly different version of the same bill is pending in the senate.

"An alternative route for expansion is proposed in another bill which permits school districts to join to establish regional junior colleges and to operate and finance them on their own.

"One of the principal supporters of an expanded junior college system, the liaison committee on higher education, has indorsed the state board and financing measure as the most expeditious solution to the problem and one that would still "safeguard local interest in the junior college program."

"The committee, which views junior colleges as "the most urgent higher educational need facing Minnesota," has decided that if the need is to be met, junior colleges will have to become the responsibility of the state rather than the local communities.

"Since a number of legislat ors also apparently have come around to this point of view, some definite progress may be made in this field at the current session."

If such a system of junior colleges is established, one of them probably would be located in northwestern Minnesota, and Thief River Falls has been recognized in previous studies as the logical location for such a school to serve this area of the state. And this is another good retson why the local school board should delay its building program so as to be in position to integrate local planning with the state program if it does materialize.

Our failure to act prudently in this matter could result in costly errors. There is no emergency that requires fire alarm action now.

Soviet Cooperation

At a recent meeting in Rome, American and Soviet scientists agreed on a joint program for launching weather satellites. This was in line with a preliminary agreement that had been reached last December by officials of both nations at the United Nations.

We don't know how important this cooperative effort is but it is interesting as at least a short step in the direction of joint effort in outer space. The Winnipeg Tribune is hopeful, pointing out that:

"While this tentative step forward does not represent the full internationalization of outer space that must come if military adventuring is to be avoided, it is a hopeful move. At the moment the agreement does not provide for the participation of other states but it is open to such co-operation.

"Not the least in importance is the fact that the meeting in Rome agreed to further talks in Geneva in May and in Warsaw in June. It is hoped that at these meetings the details will be concluded on the second part of the agreement and joint projects for measuring the earth's magnetic field.

"There is no cost-sharing agreement attached as each power has undertaken to keep at least one satellite in orbit at all times. Other nations whose technology is not so far advanced have cause for relief at this tiny step away from posible fatal scientific conflict. It means that at last the international character of scientific development is recognized in principle and that the benefits of such research should be shared by all mankind."

Dairy Salesmen Are Vital

(Hoard's Dairyman)

A couple of months ago we commented sharply on the lack of "marketing muscle" in selling price-supported manufactured dairy products. We charged that the government's willingness to purchase butter, cheese, and powder at a given support price led to the deterioration of dairy products salesmanship.

The other day, a lifelong friend of ours, who manages one of the best dairy cooperative plants in the country, related his experience in 1953. He told his board of directors, all of whom were dairy farmers, that the cooperative had the choice of hiring another good salesman or two to sell their increased production or commit the cooperative to a policy of selling to the government. The board promptly decided to sell to Uncle Sam. It was "cheaper that way."

We suspect similar decisions were made in thousands of instances across the country. But those decisions were shortsighted.

Many people erroneously believe that a salesman merelyserves to get a larger share of the existing market. This is untrue. A salesman merely serves to get a larger share program, also EXPANDS THE ENTIRE MARKET. Without salesmanship we are lucky to maintain sales. More probably sales go into a steady decline. This, we contend, has helped to contribute to the American dairy situation which now prevails.

Wallace Peterson, Former Resident, Interred Mar. 27

Wallace Peterson of Stevens Point, Wis., a former resident of this city, died unexpectedly at his home Sunday morning, March 24, at the age of 41. He had been hospitalized recently for a short time, but his condition was not considered serious.

The son of former residents Mr. and Mrs. Harry Peterson, now of Stevens Point, he was born Nov. 3, 1921, in Proctor, Minn. When he was still a child, the family moved to Superior, Wis., and later to Thief River Falls. He graduated from the Lincoln high school here, entering the US Army in 1942, and serving with the combat engineers until his discharge in 1945. Overseas a year and nine months, he served in the Philippines and Ryukyus Islands with Headquarters and Service Co., 233rd Battalion.

His parents moved to Stevens Point in 1943, and after his discharge Mr. Peterson came back to this city and began employment with the Northern Auto. Supply Co. He was married in Stevens Point on Jan. 13, 1946, to the former Mavis Olson, daughter of C. J. Olsons of this city.

She survives him, along with three children, Bonnie Kay, 11; Vicki Lynn, 9; and Terry Allen, six months; his parents; a brother Dwaine of Stevens Point; and a sister, Mrs. Howard (Dorthy) Losse, Appleton, Wis.

He was a member of Trinity Lutheran Church, Stevens Point, from which funeral services were held on Wednesday, March 27, with burial following in Restlawn Memorial Park in Grand Rapids.

Adolph Lanska, 73, Dies Sunday; Rites Wednesday

Keeping Score with "Huck" Olson

Long-range Forecast

Art (Basketball) Johlfs, an authority on Minnesota high school basketball, has already made a prediction as to the teams to watch in next season's play.

Says Art: "Despite the fact that Marshall expects five of their six first-stringers back this fall, "I'll put my neck out a year in advance by rating the '63-'64 favorites in *this order — first ten,* Proctor, Rochester, Minneapolis Central, St. Paul Central, Edina, Marshall, Anoka, Bemidji, Wells, and Slayton; second ten, Austin, Thief River Falls, St. James, Robbinsdale, Brainerd, Crosby-Ironton, St. Paul Ramsey, Winona, Laverne, and Minneapolis North; third ten, Edgerton, Hayfield, Elmore, Alexandria, Wheaton, Hutchinson, Fairmont, Jackson, Red Wing and Delano."

In commenting on the fouls that were called in the recent state tournament, and in some instances the calling of fouls proved a vital factor in the games, Johlfs has this to say: "Although there were not as many fouls as usual, a great deal of protest was heard against the five-fouls-and-out rule. Many favor Sauk Centre coach Bill Sellsker's suggestion that the hockey 'bench-warming' rule be adapted to the hardwood court. Another idea advanced is that one penalty point and one free throw for each foul over five."

I doubt if any drastic changes will be made in the five fouls per player rule. But with the recent rule change, which will stop the *clock at every infraction, such as* double-dribbling, travelling, out-of-bounds, and such, it is believed that the playing time of a game will increase by ten or twelve minutes. And of course this means that the opportunity to foul will be increased somewhat.

The Warroad Lakers of the Minnesota-Ontario hockey league became the first United States team to win the Thunder Bay intermediate hockey playoffs when, on Saturday night in a game played at Terrace Bay, Ontario, they defeated the Marathon Mercuries, 6 to 2. The win gave the Lakers the series, four games to one.

The Marathon club won the Canadian intermediate championship last season, so the feat of Lakers in closing out the best-of-seven series in five games was quite impressive.

The Lakers will now advance into the western Canada finals, meeting the winner of the Selkirk vs. Prince Albert series. And according to manager Cal Marvin of the Lakers, it appears that the Selkirk Fishermen will win this series. The semi-finals, which will be a best-of-five series, is tentatively scheduled to open at the Winnipeg Arena on Wednesday night, and Marvin believes that the "club can go all the way."

The Warroad Lakers, with such players as Bill and Roger Christian (both of whom were stars with the United States Olympic team a couple of years ago), Murray Balagus, Ron Shalley, Bill Mathews, Ed Kryzanowski, Myron Grafstrom, and others, will surely make a strong bid, to gain the championship finals.

The Winnipeg radio stations, CKY or CKRC, should give the information on this semi-finals series, and if the Lakers are slated for action on Wednesday night it should be worth the trip up there to cheer the American club in their appearance in Canadian hockey playoffs.

Memo to the Baseball Fans

The Thieves baseball organization will hold a meeting at the Eagles on Wednesday night, 8:00 P.M. At this meeting according to Miles Jackson, who has called the meeting, plans for this season's play will be made.

Vic the Referee

Vic Lindquist of Winnipeg, who, along with Joe Vinet, is referee in the Region Eight high school hockey tournament down here every season, has just returned from Stockholm, Sweden, where he was one of the officials in the world hockey tournament.

Vic, incidentally, has four gold medals. Two of these medals, given in 1932 at Lake Placid and in 1935 at Davos, Switzerland, were earned as a member of the championship team; and the other two medals were gained as a referee.

Lindquist did not have any criticism to make of the Trail Smoke Eaters team, the Canadian club that finished in fourth place, except to say that the "boys were a trifle too old for this kind of international competition."

"Canada has to revise its thinking. To say withdraw is not the answer. But we have to send young men who have been brought together and with the prime purpose of restoring Canada's place in hockey. There is nothing shameful about losing to the Swedes and Russians. Along with the Czechs, they have worked hard at hockey. Let's give them credit."

Vic was disappointed by the play of the United States team. And this was understandable as this year's American club was young and inexperienced. A number of the country's top-flight hockey players are awaiting next year, which will be an Olympic year.

SAFETY came first for employees of *Northwestern Bell Telephone Co.* on Saturday when 26 sets of seat belts were installed in their cars. Belts were purchased by the individuals through the company and installed as cooperative venture by management and union employees. Assisting with the project in the company shop were John Holzinger, Elmer Engstrom, Ron Hammer, A. K. Bacon, Ken Greenwald and Dave Sundquist.

Sig Quam Wins Week of Study At Harvard "U"

Sig Quam of Thief River Falls has been awarded a tuition-paid scholarship for a week of study at Harvard University by the National Association of Tobacco Distributors. His name was selected as a result of registration at the national convention of the association held at Chicago in mid March.

The scholarship includes all tuition expenses, required text books and materials and room and board. The NATD-Harvard University Sales Management, Marketing and Merchandising Session will be held June 23-29, according to a letter received by Quam from NATD. Only one other man from Minnesota received the award this year.

Benefit Tourney Will Be Staged This Weekend

As a benefit for the Pennington-Red Lake Association for Retarded Children, a basketball tournament will be held Friday and Saturday in Thief River Falls. Teams participating will be the St. Hilaire Ridge-runners, Red Lake Falls Detroiter, Thief River Falls Independent and Viking Trotters.

First-round games will be played Friday night with consolation and championship games on Saturday. Use of the gymnasium has been contributed and all proceeds will go to the Pennington-Red Lake association. Tickets are on sale at 50 cents for adults and 25 cents for children.

LeRoy Bruggeman Wins Chev Award

LeRoy Bruggeman of the Northern Chevrolet Co. was one of a group of salesmen honored at a Chevrolet Legion of Leaders banquet at the Elks club in Fargo last Wednesday night. The Legion of Leaders includes Chevrolet retail salesmen who have led in sales during the past year. Bruggeman received a pin from J. F. Bills, Fargo zone manager.

Thieves Ball Club Maps Season Plans Wednesday Night

Miles Jackson of the senior baseball Thieves organization, announced that a club meeting will be held at the Eagles clubrooms on Wednesday evening, April 3, 8:00 P.M. At this meeting, and an invitation is extended to all senior baseball fans, plans and proposals for the 1963 season will be formulated and discussed.

Last season, the Thieves, after finishing the Norman-Polk league schedule in a tie for fourth place, moved through the league playoffs and the regional playoffs to win the Region 2B title and gain a berth in the state tournament.

Young Pine Lodge To Host Region Meeting Tuesday

Odd Fellows To Elect Officers at Session; Winnipeg Trip Planned

Young Pine Lodge 221 of the Odd Fellows will be host to a regional and district meeting Tuesday evening, April 2. L. J. Porter, Coleraine, a past grand master and past chief regional director, will be present to promote the regional activities of the order.

The region includes the northern part of the state, with the immediate district including lodges of Fisher, Warren and Thief River Falls.

The district business includes recommendation of a new district deputy grand master and election of the new district officers, along with the annual joint picnic arrangements. Retiring officers include Harry R. Lund, deputy grand master; Willie Rondorf, president; J. Arthur Frykholm, Alvarado, vice president, and Millard A. Nelson, secretary. The meeting will start at 8 and lunch and social time will follow the meeting.

On Saturday, April 6, a delegation from the local lodge will journey to Winnipeg to visit Historic Lodge 1 of that city. It is the oldest Canadian lodge west of the Great Lakes and a dinner will precede the evenings activities. Banner Lodge of Grand Forks are the special guests and will confer degree work on new members. Any members wishing to attend are urged to contact the local secretary, Millard A. Nelson.

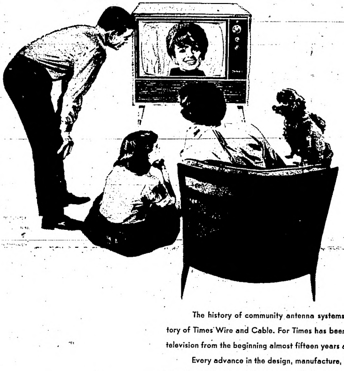
and our Very Best Wishes to Thief River Falls TV Viewers



The history of community antenna systems in this country is bound up intimately with the history of Times Wire and Cable. For Times has been a major factor in the growth of community-antenna television from the beginning almost fifteen years ago.

Every advance in the design, manufacture, and application of coaxial cable for distribution of television signals has been traceable to the research and development program constantly going on at Times Wire and Cable. The latest design, the newest product has consistently come from Times.

And now, in **Thief River Falls,** you're enjoying television off the very finest cable ever made for community antenna systems. This is the new Times strip-braid cable, designed to bring you the sharpest, clearest pictures with the greatest freedom from interference. And your **CATV** man will tell you that this is also the most long-lived coaxial cable ever designed—an assurance of trouble-free reception for you and your family.

You'll be interested in knowing that Times Wire and Cable products are being used throughout our nation's defense and missile program—in the B-52-H bomber, in the Atlas, Bomarc, Titan and Polaris missiles, and in ground-support equipment.

So you may feel certain, as you watch Cable Television, that **Sjoberg Appliance** Company has installed the very finest coaxial cable ever put into a community antenna system—cable by Times!

Give Questions & Answers On Cable Television Service

A number of questions have been asked in regard to the Community Antenna TV service in Thief River Falls, according to Gene Sjoberg, owner of Sjoberg Cable TV. Some of these questions and the answers are given below:

Question: What is a Community Antenna System?

Answer: In a nutshell, a community antenna system is a means of distributing superior television reception in a fringe area by electronic amplification and cable distribution to the system's subscribers for a monthly fee.

Question: How will the system work in Thief River Falls?

Anser: We have erected a 480-foot tower on a site northwest of the city on the Hillie Drees farm. This tower supports special antennas that pick up the signal transmitted from the stations that are carried on the system. Some of these are "receiving" antennas and others are "phasing" antennas positioned to eliminate undesired signals which interfere with the reception of desired signals.

At the base of the tower is a control building, housing special electronic equipment. The television signals, as they are received on the antennas on the tower, are immediately amplified and sent down to the control building. There the multiple signals are combined into one coaxial cable and sent to the distribution system in the city.

Question: How does the TV signal reach the home?

Anser: Our distribution system is attached overhead to poles used by the city of Thief River Falls and Northwestern Bell Telephone company. To maintain a constant signal strength, electronic amplifiers are used at spaced intervals on the system. This provides a signal at the far end of the system of the same quality as is received at the beginning of the system.

To provide service to subscribers the Sjoberg service "taps" the distribution system and runs an individual cable into the home. This cable with a transformer attached attaches to the antenna terminals on the television receiver and is all that is needed to provide superior television reception.

Question: What about color television reception?

Answer: The local equipment and system is designed to provide both black-and-white and color television reception. Provision is also made for connection to FM *radio for stereophonic listening.*

Question: What is the quality of the picture?

Answer: It is impossible to use the terms "perfect picture" or "crystal clear" reception in regard to the service. Signals are being brought from a great distance away from the receiving tower. Since the first installations, however, a considerable amount of time has been permitted to view the results of cable television. It can be stated that picture quality is consistently much superior to pictures provided by roof-top antenna reception.

Question: Who can have the service now?

Answer: Service is available within the area bounded by the corporate limits of Thief River Falls. Almost immediate installation can be received in nearly any part of the city.

Question: What does it cost?

Answer: There is no charge for installation or disconnection of cable television service in Thief River Falls. A monthly charge of $5 is charged to subscribers. There is a market for roof-top antennas if the home owner wishes to sell them or they may be retained if desired.

CATV Industry Gains National Popularity

Community Antenna TV (CATV) is a new industry which has gained in popularity across the nation since it was started in 1949 at Astoria, Ore. By employing a master antenna system mounted on a 480-foot tower northwest of Thief River Falls, signals from distant stations are received.

The signals are improved in quality over those received at the master antenna and then carried into homes and other places with television sets through an arrangement of coaxial cables. Each subscriber has his own set connected to the master antenna cable instead of using a home antenna.

While radio signals tend to follow the curvature of the earth, television signals travel in a straight line, just as a beam of light travels. The further a person is from a TV station, the more trouble-some and expensive reception problems become.

Fringe area reception is solved by multi-channel, master antenna construction. Among other communities in Minnesota having CATV are International Falls, Ely, Rochester, Mankato, Brainerd, Willmar, Winona, Fairmont, Jackson, New Ulm and Little Falls. At present more than half the homes in Thief River Falls are connected to Community Antenna service.

With the local service provided by Sjoberg Cable TV, five channels are received clearly in Thief River Falls. The system also provides for FM radio reception through a special connection with the cable.

During disasters, such as hurricanes and floods, millions of dollars in cash have been lost forever. Family assets in the form of Savings Bonds, however, are always protected since the Treasury replaces lost bonds without charge.

for Thief River Falls... How It Works!

WHAT IS A COMMUNITY ANTENNA SYSTEM?

In a nut shell; a community antenna system is a means of distributing superior television reception in a fringe area; by means of electronic amplification and cable distribution to the system's subscribers for a monthly fee. This is one way in which Sjoberg Appliance is keeping in step with Thief River Falls' progress — development of a modern city.

HOW DOES THE SYSTEM WORK IN THIEF RIVER FALLS?

We have erected a 480 foot tower on a site one-half mile N.W. of Thief River Falls, which is located on 10 acres of Drees Farm.

This tower supports 20 special antennas that pick up the signal transmitted from the stations that we will carry on the the system. Some of these antennas are "receiving" antennas, others are "phasing" antennas, positioned to eliminate undesired signals which interfere with the reception of desired signals.

At the base of the tower is a concrete block control building (built by Stan Ranum) housing some $16,000 worth of electronic equipment. The television signals as they are received on the antennas, on the tower, are immediately amplified and sent down to the control building. There the multiple signals are combined into one coaxial cable and sent to the distribution system in the City of T.R.F.

HOW DOES THE TV SIGNAL REACH YOUR HOME?

Our distribution system is attached overhead to the City Power and N. W. Bell Telephone poles for which we pay $3.50 rent per role. In order to maintain a constunt signal strength, our system will use 40 electronic amplifiers spaced at approximately every 1200 feet. This provides a signal at the far end of the system of the same quality as is received at the beginning of the system.

To provide service to our subscribers, we "tap" the distribution system and run an individual cable into your home. This cable with a transformer attached to the antenna terminals on your television receiver is all that is needed to give you superior television viewing.

WHAT ABOUT A SUBSCRIBER'S PRESENT ANTENNA?

With the use of our service, no antenna of any kind is necessary. Some subscriber's with roof-top antennas will want to take their antennas down. There is a market for used TV antennas.

WHAT CHANNELS WILL YOU BE ABLE TO RECEIVE?

	On your receiver
Channel 12 Pembina	Channel 2
Channel 7 Winnipeg	Channel 3
Channel 4 Valley City	Channel 4
Channel 10 Grand Forks	Channel 5
Channel 6 Fargo	Channel 6

Plus Station CJOB, Winnipeg for FM Stereo

At present we receive F-M Stereo from CJOB Winnipeg which is 92 on your F-M radio dial. F-M takes a separate tap installation which runs approximately $10 with no monthly charge.

WHAT ABOUT COLOR TV RECEPTION?

Our equipment and system is designed to provide you with both black & white and color television reception.

WHAT IS THE QUALITY OF THE PICTURE?

We do not want to use terms such as "perfect picture" or "crystal clear." It must be remembered that we are bringing in signals from more than 100 miles away from our receiving tower. However, after viewing the picture reception during the past four months, we can safely state that the picture quality is consistently much superior to pictures provided by roof-top antenna reception.

You be the judge! Try for a month. All it costs is $5.00. No hook-up charge.

HOW MUCH DOES "TV SIGNAL" SERVICE COST?

Most community antenna systems charge an installation fee that ranges anywhere from $25.00 to as high as $150.00. Here in TRF, we have a free Installation Fee. Our service rates are as follows:

Single Tap .... $5.00 per month
Additional tap .... $1.00 per month

Special installation rate (based on actual time and materials) will be worked out for large installations such as apartment buildings, motels, schools, etc. The $1.00 rate for additional sets applies only to "second sets" within the same home or same apartment. Each indidual (home owner or apartment dweller) pays an individual minimum service charge of $5.00 per month.

WHO CAN HAVE THE SERVICE NOW?

Our service is now available within the area bounded by the corporate limits of T.R.F. In other words, if you reside anywhere within the area bounded by the corporate limits, we will take your order now, and we will provide TV Signal Service for you immediately.

ONE HALF OF THE HOMES IN THIEF RIVER FALLS ARE NOW VIEWING TV ON CABLE.

HOW CAN YOU SUBSCRIBE TO THE SERVICE?

1. Dial MU 1-3044 and place your order by phone.
2. Stop at Sjoberg's Appl. and place your order.

CAN MORE THAN ONE SET BE OPERATED OFF THIS SYSTEM?

Yes, it can be done. Through the installation of special equipment, we can supply our signal into any number of sets. If, for example, you have two television sets in your home, (one in the living room, another in the recreation room) both can be operated at the same time, and each can receive any channel desired independent of what is showing on the other set.

WHAT ABOUT INTERFERENCE?

There is ABSOLUTELY NOTHING in our system that can cause any interference to someone who is not hooked on to the system. All construction has been carried out under the applicable city and state electrical codes. All electronic equipment is guaranteed to fall well within all FCC (Federal Communications Commission) rules and regulations.

Furthermore, the system itself is almost interference free—that is, the common causes of TV interference such as electric razors, spark plugs, mixers, diathermy machines, ham radio operators, etc. will not affect this system.

WHAT ABOUT F-M MULTIPLEX OR F-M STEREO?

What do we mean by "FM MULTIPLEX" or "FM STEREO"?

This is a new method of transmitting FM signals that has a double advantage. Persons with a regular FM radio receive a perfectly balanced monaural sound— while those with stereo receivers will hear the full stereo effect the same as if they were listening to a stereo record.

Sjoberg Service Is Subscriber To Code of Ethics

Sjoberg Cable TV is a member of the National Community Television association, Inc., a trade group whose members are engaged in the business of providing television reception service through master antenna-coaxial cable distribution system to people who live in areas where reception on ordinary roof-top antennas is poor or not available at all.

As a member of the national association, Sjoberg's Cable TV is a subscriber to the code of ethics adopted by the association. This code of ethics is as follows:

To furnish service impartially at fair, equitable and nondiscriminatory charges.

To furnish adequate equipment and qualified personnel to achieve and maintain the highest standard of technical performance.

To provide courteous and prompt handling of all service requests.

To deliver those television signals received by the system without any additions, alterations or deletions of the broadcast intelligence.

To recognize and respect the rights of non-subscribers to television reception without electromagnetic interference from the system.

To keep the community adequately and accurately informed of the functions and services of the system.

To operate the system in accordance with the best business practices and to comply with all legally applicable governmental regulations.

To recognize and fulfill our obligation to further the civic development of the community.

The organization was incorporated in Pottsville, Pa., in 1952, when it originally had 19 members. It has grown to over 450, and represents somewhat less than 50 per cent of the community systems although its membership has 80 per cent of CATV viewers.

In addition, NCTA has 24 directors and officers who are elected by the membership each year at its annual convention. The main office is at 535 Transportation Building, Washington 6, D. C. The permanent staff includes the full-time president and eight staff members.

Pork, Beef & Eggs Plentiful in April

U.M. Market Specialists Report on Current Supply

April will bring a shower of nutritious foods to local grocery stores—along with its showers for May flowers. Pork leads the list of plentiful protein foods for the month, University of Minnesota market specialists report. A wide array of pork cuts and pork products will be abundant, including ham for your Easter dinner. U. S. Department of Agriculture economists predict that pork supplies will probably reach record levels during the second quarter of 1963.

There will also be plenty of beef to satisfy appetites. Eggs, another important protein food, will be abundant enough to supply all the family will need for Lenten meals, for everyday eating and cooking and for the Easter eggs the youngsters enjoy coloring.

Most plentiful vegetables this month will be carrots and potatoes. Carrots from Texas continue to be low priced. Early spring potatoes will begin coming to market, adding to the plentiful supplies left from the fall crop.

Canned freestone peaches will be featured on grocers' shelves. This fruit will offer a spring touch to salads, desserts or breakfast cereals.

Canned ripe olives and peanuts and peanut products offer further opportunities for taste treats for the family.

Milk is also on the U. S. Department of Agriculture's list of plentiful foods for April.

TO THIEF RIVER FALLS TV VIEWERS

Now, at last, you're able to enjoy clear, snow-free television reception. Now, with the cable in, you're out of the "fringe area" for good!

We think you'll be interested in the part played by Jerrold in bringing clear-vision TV to Thief River Falls.

There are over 1,000 community antenna systems in the United States and Canada. Many millions of people who were deprived of good reception in the past are now enjoying the finest in television through these systems.

The great majority of these community antenna systems are Jerrold-equipped. In fact, your system in Thief River Falls is Jerrold-designed and Jerrold-equipped. This has been meticulously engineered to bring clear TV to you and to be expandable both in area and in technology as Thief River Falls expands and the town's needs develop in this fast-changing electronic age.

Jerrold pioneered the first community antenna systems over 12 years ago. Since that time Jerrold has remained the acknowledged leader in this industry, continuously developing the art to make systems like your new Thief River Falls system possible. Today Jerrold is a diversified electronics company serving the consumer, industrial, education and military markets. Jerrold systems are found everywhere—in schools, hospitals, military bases, apartment houses, hotels, and private homes across the land.

We welcome you to the growing family of communities enjoying crystal-clear TV pictures in areas once considered "out of bounds."

Happy televiewing, Thief River Falls.

State Medics Give Seasonal Advice

Doctors Offer Tips on Gardening and Hiking

Nobody enjoys spring more than Minnesotans. With the first sign of spring weather they immediately plunge whole-heartedly into the many activities that have been *denied them throughout the long,* confining winter months.

The Minnesota State Medical Association has offered the following suggestions about some popular springtime activites:

Home gardening - Home gardening is good exercise and is highly recommended for almost everyone. However, gardening has some built-in accident hazards. Take it easy for the first few weekends. Give your muscles a chance to regain strength gradually. First aid usually is simple for the cuts and scratches of gardening. Wash the cuts with soap and water and cover with an adhesive bandage. Deeper wounds should have medical attention. Additionally, remember that the power lawn mower is a fine tool that saves many aching backs, but it is a dangerous instrument if handled carelessly. Study carefully the safety instructions that come with your power mower. Another set of instructions that deserve careful reading are those on the insect sprays and poisons that you use in your garden.

Hiking - Anyone who is able to exercise can walk, because the strenuousness of the activity depends on the pace and the distance traveled. Like any form of exercise, walking requires a period of gradual conditioning before any all-out effort — especially of the 50-mile hike variety. Those who are out of training should start with short hikes. The hiker should pay particular attention to his feet and shoes.

TRF Girl Soloist in UND Concert

Soloists were featured in the University of North Dakota Chorus's annual home concert March 31. The program closed out the 1963 UND Fine Arts Festival. Piano soloists were Elizabeth Bischof, Bismarck, and Janice Christianson and Elizabeth Skarperud, both of Grand Forks. Vocal soloists were Douglas Carey, Crookston; Gail Gillis, Mark Puschinsky, Sharon Roman, Ralph Sollom, and Pamela Wilson, all of Grand Forks; James Kent, Hatton; Ada Davis, Larimore; Delmoure Hultgren, Karlstad; Lana Elliot, Minot; and JoNett Hankerson, Thief River Falls.

Employers Given Additional Time to File Wage Reports

Due Date Extended to May 15, Pending Action by State Legislature

Frank T. Starkey, commissioner, Minnesota department of employment security, announced today that the due date for filing regular contribution and wage reports for the first quarter of 1963 has been extended to May 15, 1963. Such reports would ordinarily have been due in the department by the end of April.

However, because of the possibility of legislative action to revise the tax structure, the department has withheld mailing notices of employer contribution (tax) rates for 1963. As a result, the department has also had to delay mailing contribution and wage report forms covering the first quarter of 1963.

"The Department is planning to mail notices of 1963 contribution rates and first quarter of 1963 contribution and wage report forms to employers about April 19, 1963," said Starkey.

Voluntary contributions, which are usually made by employers to obtain an adjusted or lower contribution rate, must be made by April 30, Starkey emphasized. He pointed out that voluntary contributions postmarked after midnight April 30 cannot be accepted nor can any adjustment of rates be made because of provisions in both Federal and State laws.

This procedure will give employers 11 days in which to make voluntary contributions and wage reports.

Sales of small-denomination Series E Savings Bonds — bought mainly by payroll savers — were at a near-record level in 1962. $50 Bonds set a peacetime record and $25 Bonds a five-year record.

EVERY ONCE IN A WHILE a person finds an item or article in a newspaper or magazine which seems to fairly cry to be repeated. The following item is gleaned from a neighboring newspaper which took it from someone else who had taken it from another newspaper. It's origin is lost in antiquity but the meaning lingers on. Here is the

GIVESBURG ADDRESS

"One score and 20 years ago our fathers brought forth upon this nation a new tax, conceived in desperation and dedicated to the proposition that all men are fair game.

'Now we are engaged in a great mass of calculations, testing whether that taxpayer or any taxpayer so confused or impoverished can long endure. We are met in Form 1040. We have come to dedicate a large portion of our income to a final resting place with those who will spend our money forever.

"It is altogether anguish and torture that we should do this. But in a legal sense we cannot evade, we cannot cheat, we cannot understand this tax. The collectors clever and sly, who computed here, have gone far beyond our power to add or subtract.

"Our creditors will little note nor long remember what we pay here, but the Bureau of Internal Revenue will never forget what we report here. It is for taxpayers rather to be devoted here to the tax return which our government has thus far so nobly spent. From these vanished dollars we take increasing devotion to the few remaining. We highly resolve that the next year will not find us in a higher tax bracket.

'That all taxpayers, underpaid, shall figure out more deductions; and that taxation of the people, by the people in Congress, for the People in Government bureaus shall not cause our solvency to perish on the earth."

Being interviewed in the doctor's office, the patient confessed he had previously consulted only the village druggist. "And what foolish advice did that idiot try to give you?" asked the doctor in heavy tones of professional contempt. "He told me to come and see you," the patient replied.

Mother was going down in the basement and advised Junior that she expected the butcher to call and wanted to talk to him. Engrossed in a TV program, Junior forgot who was expected. When the minister called at the home, Junior advised his mother "that man is here." "I can't come up yet," Mother called. "Give him a quarter out of my purse, tell him we didn't like his tongue last week and we're going to change."

A TIMELY DISSERTATION ON ONE OF SPRING'S PERPETUAL AND PERHAPS MOST ANNOYING PROBLEMS

One thing to be found in the spring,
Mud,
Beneath the children's swing,
Mud,
Clinging to children's shoes,
Mud,
Adding to mothers' blues,
Mud,
Scattered through all outdoors,
Mud,
Spattered on just-washed floors,
Mud;
There's nothing to do about
Mud,
But we surely could do without
Mud.

Goodhue Man Tops in Spring Butter Event

A perfect score of 100 earned a veteran Goodhue, Minn., craftsman the championship in the first of Minnesota's four annual statewide buttermaking contests.

Manager Milo Senke of the Goodhue Co-op Creamery Association topped a field of 222 who entered the 1963 Spring buttermaking contest sponsored jointly by Minnesota Creamery Operators' & Managers' association and the Minnesota Dairy Industry Committee.

Swenke has worked 20 years as a buttermaker in plants in Princeton, Faribault, Eagle Bend, Webster, and Villard, Minn., as well as Goodhue where he has been manager since 1958.

A state champion buttermaker is named each year after the scores of the four statewide contests are averaged. Rules and standards of the contests are recognized as the most exacting in the nation.

Remaining 1963 contests and their closing dates are the June educational contest, June 5; the State Fair contest, July 3; and the state buttermakers convention, July 31. The next two contests are sponsored by the Minnesota department of agriculture and the Minnesota State Fair, respectively.

Out-of-state winner in the spring contest was Vernon Linder, East Ellsworth, Wis., who scored 99.50. Apprentice winner was Clayton W. Helinske, Howard Lake, who scored 99.67.

Five area champions named in the Spring contest were Osmond C. Heyer, Litchfield, 99.83; Eugene F. Kruckeberg, Blooming Prairie, 99.67; Wilton E. Carlson, Winthrop, 99.50; Henry E. Swanson, Hinckley, 99.99; and Clifford Skime, Roseau, 99.67.

The Spring Contest "Honor Roll" of contestants whose entries scored 99.00 or better included Orville Gillespie and Eldon Larson of Thief River Falls.

Persons over 65 Advised to Check Social Security

"Men and women who are age 65 or older and still working, should visit their social security office, regardless of the amount of their present earnings." Mr. Walter D. Kistler of the Social Security district office at Grand Forks, announced today.

Mr. Kistler pointed out that benefits can be paid in many cases even though a person is continuing to work.

One group Mr. Kistler mentioned as an example is the nation's older school teachers. The great majority of teachers are paid on a twelve-month basis, although they do not work during the summer months. The fact that they are not actually teaching will allow many who are 65 or older to receive salary for these months. Of course, they might not be eligible for benefits if they worked at other jobs during these months. In other cases, many older workers, particularly those with dependent wives and minor children, may receive social security benefits when the working person is in a low income group.

To be certain that they receive the social security benefits they have earned, working men and women 65 and older should call in person at the local social security office at Grand Forks, North Dakota. When a personal visit is not possible, Mr. Kistler suggested that the person write or telephone the social security office.

Senate Group OK's Sunday Closing

Bill Makes Exception of Stores Closing Saturday

The Sunday closing bill got an overwhelming recommendation for passage from the Senate general legislation committee at a hearing at the state capitol Thursday morning, March 28. The vote was 18 to 3 in favor.

Several amendments were proposed before the final vote but the only significant change from the original bill was the striking of a clause which would have required those stores remaining open Sunday but closing Saturday to file a statement of their intent.

The bill designed to halt wide-open Sunday retail selling, contains a Saturday option clause which allows merchants to open Sundays if they close Saturdays.

In response to questions from the committee, Thomas Hodgson of the Minnesota Retail Federation said the Sunday closing bill was designed to "restore the customs and traditions which our state has known since it was founded" and to "protect the more than 125 thousand retail employes in the state from having to work on Sunday."

"Widespread Sunday selling destroys peace and tranquility and most stores would be forced to stay open Sundays to stay in business if the Sunday closing bill is not passed," Hodgson said.

The Rev. Robert M. Whitsett, representing the Seventh Day Adventists, who in the past have offered opposition to Sunday closing legislation, told the committee that today's changes make the bill "far less objectional than it was." Rev. Whitsett voiced no further opposition.

James Schumacher, attorney for Gem Stores and other discount stores in the area, said he is still opposed to the bill even with the changes.

LIGHTNING struck the Oliver McEnelly house on the east edge of Goodridge about 2:30 p.m. Monday and started a fire which destroyed the second story and damaged most of the first floor. Mrs. McEnelly was standing in the living room when the lightning struck. There was a big crash, "like an explosion," Mrs. McEnelly said, and the impact threw her down on the couch. Fire started almost immediately and she ran to a neighbor's home to call for help since the phone went dead when lightning struck. Fire departments from Goodridge and Grygla responded to the call. No estimate was made of damage but the loss was partially covered by insurance.

TRF Chamber of Commerce Wins National Merit Award

Program of Work for 1962 Among Best in Nation

Thief River Falls Chamber of Commerce was placed among the nation's best this week with announcement of an award of merit to the local organization for the 1962 program of work. Announcement was made by Ladd Plumley, president of the Chamber of Commerce of the United States.

Competing in Group A for Chambers of Commerce in communities under 10,000 population, Thief River Falls was one of two to receive an award of merit. Only 15 Chamber of Commerce organizations in the nation received such awards in all groups of the contest. Greater Myrtle Beach, S. C., was named first place winner in Group A while DeRidder, La., shared award of merit honors with Thief River Falls.

In a letter to Gene Belto, 1963 Chamber of Commerce president, Arch Booth, executive vice president of the U. S. Chamber of Commerce stated: "You and your leaders can well be proud of this recognition. It typifies your Chamber as being among the best in the nation."

The awards are presented to local Chambers of Commerce for outstanding achievement in conducting a well-balanced and productive program of work. Invitations to participate in the program are sent to the 2,800 Chambers of Commerce affiliated with the national organization. Thief River Falls' entry consisted of a 56-page booklet outlining the program of work as carried out by the local organization in 1963.

Award Presentation

National winners and award of merit winners will receive their awards at a special ceremony in conjunction with the 51st annual meeting of the Chamber of Commerce of the United States. Ladd Plumley will present the awards to the top winners at the leadership

Memorial Day Fund Voted by Co. Board

The Pennington county board at an uneventful April session Tuesday voted its annual appropriation of $100 to help finance a Memorial Day observance in Thief River Falls and $25 for a program at Goodridge. The city program will be directed this year by the American Legion post, while the Goodridge Lions club will arrange the observance in that village.

A River Falls delegation and a letter from the St. Hilaire Community club reported a rumor was circulating to the effect that the county board planned to dismantle the old bridge across Red Lake River at the south part of the village, and they registered their objections. The board informed them that it had no intention of removing the structure as long as it is used, but that heavy loads will be barred.

Rental Housing Sought in Homes By Church Group

R. H. Wetenkamp Heads Arrangements Committee for Jehovah's Witnesses

Residents in Thief River Falls and the surrounding area are being visited by Jehovah's Witnesses this week as part of an intensive search being made for rooming accommodations.

The house-to-house canvass has been undertaken by members of the Thief River Falls congregation to arrange for some 600 delegates coming to the circuit assembly of Jehovah's Witnesses at Lincoln high school, April 19-21.

According to R. H. Wetenkamp, presiding minister of the Thief River Falls congregation, who has been designated to organize the rooming arrangements, residents in the area will be visited and asked if they have a guest room they would like to rent out over the weekend of the assembly to the incoming delegates.

Local hotel and motel accommodations will be fully utilized, Wetenkamp said. "Of course our delegates choose which type of housing they prefer," he stated.

Thief River Falls was chosen one of two northern Minnesota cities in which Jehovah's Witnesses are holding circuit assemblies this spring. The selection was made by the Watchtower Bible and Tract Society of New York which directs the activities of Jehovah's Witnesses in the United States. It is expected to be the largest gathering of its type ever held in Thief River Falls.

UCT Council Sets Election April 6

Officers to serve the Thief River Falls council of the United Commercial Travelers will be elected at a meeting in the Odd Fellows Hall Saturday evening, April 6, at 8 o'clock, Renie Werner, secretary, stated today.

Sjoberg Cable TV Open House Set In City Friday

Sjoberg Appliance is celebrating the completion of its cable TV service with an open house tomorrow, Friday, and will serve coffee and cookies free to all visitors all day, from 10 a.m. to 9 p.m. The system has come up to expectations in every way, reports Gene Sjoberg, owner, and has given to the community the best possible television reception.

Many Minnesota communities are now receiving this type of service, Brainerd being the first in the state to get such a hook-up. Before deciding to bring Cable TV to Thief River Falls, Sjoberg visited several cities where the installation had been made and checked on the various types of equipment in use. There have been many improvements since the first installations and Sjoberg is convinced that he has the latest electronic equipment available in the Thief River Falls installation.

The response by the public has been very satisfactory. There now are about 1,000 subscribers in the area served, which includes the city and several suburbs, Sjoberg states. He is watching developments in Education Television and hopes his service will make it possible to bring study courses to our schools if and when such courses are officially approved and adopted. Five channels are now available to the public with Cable TV.

Faith Lutheran to Install Pastor

The Faith Lutheran Bretheran Church of Thief River Falls will install its new pastor, the Rev. John O. Solberg, Sunday at the 11:00 o'clock service. Rev. D. A. Erickson of Fergus Falls, synodical president, will be the speaker.

Pastor Solberg and family moved to Thief River Falls two weeks ago, and live at 705 Dewey Ave. For the past five and one half years he has served the Ebenezer Lutheran church in Rolette, N. D. and previously was in home mission work in California.

The Solbergs have two children, Marvin and Carolyn. Marvin is a sophomore at Hillcrest Academy in Fergus Falls, Carolyn is a fifth grader and attends Northrop school here.

The church plans a welcoming service for the family Sunday April 7, at 3 o'clock.

TRF Schools To Close For Easter Vacation

Thief River Falls schools will close Friday at 4 p. m. and remain closed until 8 a. m. Monday, April 15, for the annual Easter vacation, according to M. R. Hankerson, superintendent of schools.

4H Announces Conservation Camp Entries

Clubs May Nominate eMmber To Attend the Camp at Itasca Park

Pennington County 4-H council met Monday in the courthouse meeting room.

It was announced that each club can submit a nomination for a member to attend conservation camp which will be held June 5-9 and health camp to be held June 9-13 at Itasca state park. Nominations are due May 1 at the county extension office.

Candidates must be 14 years of age before January 1, 1963. The conservation nominees must be enrolled in a conservation project and the health candidate in health and/or safety.

The council voted to send $5 to assist in improving the Minnesota room in the National 4-H Center. This Minnesota room is the recreation facility at the center in Washington, D. C.

4-H Sunday will be observed May 19. Clubs are asked to report to the extension office before 4-H Sunday and tell what they will do to observe this event. April 30 is the deadline for any project changes and all 4-H'ers who want changes by dropping or adding projects must do so by that day.

Sharon Wold, Lucky Four 4-H club, read a letter from a pen pal in Great Britain telling about Young Farmers Club which is equal to our 4-H clubs in America.

It was announced that Dairy Day entry blanks will be in the mail this month. All 4-H'ers are reminded to clip their animals as soon as possible and start training them.

Awards were presented to Robert McCrum, Smiley on taking part in the state radio speaking contest and Karen Svendsgaard, Mavie, for being selected reserve champion on the county lev-

Electric Co-op Meet Postponed

Annual meeting of Red Lake Electric Cooperative, originally scheduled for Wednesday at the Thief River Falls city auditorium, has been postponed until Friday, according to Charles M. Kleven, manager of the cooperative. Heavy snow and blizzard conditions made it impossible to hold the session as scheduled.

On Friday the session will open at 1 p. m. with the same program and business as was scheduled for Wednesday. Election of directors for three-year terms and distribution of capital credit checks will take place at the meeting.

McLeod Again Named County GOP Chairman

County Convention Monday Hears Talk by Fertile Attorney

All officers of the Pennington county Republican organization, headed by Stuart McLeod, chairman, and Mrs. Robert Bredeson, chairwoman, were reelected at a well-attended county convention Monday evening in the Rex Cafe.

Others elected include Morris Goddard, vice chairman; Mrs. James Solsten, vice chairwoman; Jarvis Prichard, secretary; A. F. Berge, treasurer; and Stanley Mortenson, Robert Bredeson and Glenn Peterson, directors.

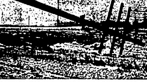
Guest speaker was Robert Remark, Fertile attorney and one of the 100 persons who assisted in the governorship vote recount. Explaining why he is a Republican, he said, "Fringe benefits come to all Republicans because there is respect for the individual, and he is encouraged to express himself and choose the course of action he will follow."

Commenting on the vote recount, Remark pointed out the need of upgrading election judges and working for a better-informed electorate.

A series of resolutions were adopted, among them being one commending Congressman Odin Langen for his efforts in behalf of Red River Valley agriculture, and another complimenting former Governor Elmer L. Andersen for his conduct during the difficult period of the vote recount.

Spring Court Term Opens April 30

Jurors for the 1963 spring term of District Court in Thief River Falls will report at 9:30 a. m. on April 30, according to Henry Storhaug, clerk of court. First case to be tried will be that of the State of Minnesota vs. John A. Taylor, an appeal from Thief River Falls municipal court on a conviction of driving while under the influence of liquor.



SNAPPED like matchsticks by wind whipping ice-coated wires, telephone poles took a severe beating in Wednesday's blizzard. The above photo was taken this morning about three miles east of Thief River Falls where most of the damage was concentrated. A. K. Bacon, service supervisor for Northwestern Bell Telephone company, termed the damage the greatest he had seen in 7½ years of working in this area.

Freezing Rain, Snow Cause Much Damage In Storm Wednesday

Driven by winds gusting up to 45 miles per hour, four inches of snow fell in the Thief River Falls area early Wednesday morning and created blizzard conditions which resulted in closing of several area schools and postponements and cancellations of a number of scheduled meetings. Today the skies are clear with brilliant sunshine and the snow accumulation is beginning to melt.

Creating more damage than the snow itself, however, was a freezing rain which totaled about one-half inch and preceded the snow. A. K. Bacon, service supervisor for Northwestern Bell Telephone company in Thief River Falls, stated that the damage was the most extensive in his seven and one-half years in this area.

Bacon estimated about 200 telephones out of order as a result of ice-coated lines which whipped in the wind and either snapped poles or wrapped wires. He said Goodridge and Grygla were isolated from telephone service yesterday but expected all phones to be back in order sometime tomorrow. Two crews from Brainerd and Bemidji are assisting local crews in restoring service. The ice coating was said to be about one-half inch in diameter.

CHEMICAL weed control methods in various grain crops will be discussed Monday at 8 p. m. in the Goodridge high school agriculture room by Allyn Merifjeren, research administrator for a chemical company at Crookston. New chemicals and their application and restrictions for use will be discussed, according to C. M. Alsip, adult agriculture instructor. All interested persons are invited to attend and coffee will be served following the meeting.

Results of record analysis prepared by the farm management program of the Thief River Falls area vocational-technical school were presented at a meeting of participating farmers and their wives Monday evening at the Lincoln high school auditorium. Fred Sorensen, agricultural coordinator for the school presented the statistical summary with Ed Sisler, local adult agriculture instructor.

Presented by Sorensen Monday evening, the summary reveals growth in the program during the past year. The 1962 farm record analysis summary just completed includes the statistics compiled from 85 farmers' records — an increase of 63 per cent over 1961. Outlook for next year is for a similar or even greater increase.

"Farmers throughout northwestern Minnesota are joining the program through their local vocational agriculture departments in an effort to improve their farming operations," Sorenson said. He quoted Encyclopedia Britannica Research Service in stating "The systematic use of records seems to raise the managerial level of farmers. Once a farmer starts using records to check up on his performance, it is likely that he will continue for some years to improve his position above that of his less systematic neighbor."

1962 Earnings Show Gain

Average labor earnings for 85 farmers whose records were analyzed were $2,446 as compared to $1,796 in 1961. The top 20 per cent in earnings showed labor earnings of $6,053 compared with $5,446 for the group in 1961 and the average labor earnings for the bottom one-fifth was —$2,895 as compared to —$2,310 in 1961.

Farmers also earned a return on their capital investment of five per cent in addition to their labor earnings. This averaged $2,149 less the amount of interest they paid on borrowed capital. Fifty-eight of the 85 farmers kept a complete record of assets and liabilities and showed an average increase in net worth of $519.

Larger Than Average Farms

Farms included in the summary averaged 610 acres in size and required 5,110 hours of productive labor. The average cash sales for these farms was $20,154, the report indicates, and the capital investment per farm averaged about $43,000. Capital investment varied from a low of $5,827 to a high of $296,869.

Crop Yields Vary

Excessive moisture in the spring of 1962 was responsible for a wide variation in crop yields among cooperators in the program. Many tillable acres were not planted and as a result had to be summer fallowed, Sorenson noted. This kept machinery and fuel costs high and

"Five-Day Plan" Starts Sunday

Smokers Show Enthusiasm For Course To Break Habit

by Marvin Lundin
City Editor

For residents of the Thief River Falls area who are giving serious consideration to abolishing personal use of tobacco, this is TDTS-Day. That means "Three Days 'Til Sunday"—the first night of the Five-Day Plan to Stop Smoking which will begin at 7:30 p. m. in the Lincoln high school cafeteria.

Addicted smokers dedicated to breaking the habit are cherishing the last few hours before they embark on the formidable Five-Day Plan. From all indications, advance registration and interest from the man-and-woman-on-the-street, this reporter will not be alone at Lincoln high school Sunday night.

With nightly sessions from 7:30 to 9 p. m., the course will continue through Thursday, April 11. The unique Five-Day Plan is free of charge to all persons interested and, although sponsored by the Seventh Day Adventist Church, is entirely non-denominational. Both men and women are encouraged to attend and advance registration is not necessary although it will help determine the amount of supplies needed.

NERVOUS? Smoking more now but enjoying it less? Remember how good cigarettes used to taste? This self-portrait was taken by Marvin Lundin, Times city editor, who will be among a number of area residents enrolled in the "Five-Day Plan to Stop Smoking." The course starts Sunday at 7:30 p.m. in Lincoln high school cafeteria and will be held nightly from 7:30 to 9 p.m. through Thursday.

Expect 100 For Youth Rally Here At Our Savior's

About 100 teenagers from throughout the area will attend a regional youth rally to be held Friday, Saturday and Sunday at Our Savior's Lutheran church in Thief River Falls.

Roger Peterson will conduct the Friday program at 8 p. m. with Rev. Erling Huglin of Roseau as the speaker. Music will be furnished by Darrel Moe of Grafton with Glenn Espe of Wannaska as song leader.

Saturday sessions will open at 9:30 a. m. with devotions by Gary Scramstad of Valley City, N. D., and talks at 10 and 11 a. m. by Rev. Richard Snipstad of Greenbush. The banquet will be held at 5:30 p. m. and a group from Augsburg College in Minneapolis is in charge of the 7:30 p. m. program.

Rev. M. Haakenstad will lead the communion service at 9 a. m. Sunday with William Sanoe of Minneapolis as speaker at 10:30 a. m. Music will be furnished by the convention choir.

At 2:30 p. m. Clark Dyrud will lead the session at which Ted Curtis of Valley City will speak and the Curtis Sisters of Valley City will provide music. David Dyrud of Newfolden will lead the 7:30 p. m. session which will have Rev. John Abel of Hitterdahl as speaker and music by the Espe Brothers of Wannaska and LuAnn Johnson and Karen Moe of Thief River Falls.

School Board To Hold 3 Meetings April 8, 15, 24

Regular Session Monday To Be Followed With Two Special Meetings

At least three meetings for the Thief River Falls board of education during April are expected at this time, according to M. R. Hankerson, superintendent of schools. Two of the sessions will be in regard to the new school construction authorized in the March 5 bond election.

Regular meeting of the board will be held at 8 p.m. on April 8 with a number of business items on the agenda. A special meeting with Richard Hammel, architect, to discuss plans and specifications for the new buildings, has been scheduled for April 15.

Pending official action by the board at its regular meeting Monday, the special meeting for opening bids on bonds could be held at 11 a.m. on April 24. Previously the board had called for bids on bonds to be opened on April 17, but the uncertainty created by the contest of the election caused the bonding attorneys to schedule a bond letting at Glenwood on that date. If the board agrees with recommendation of the bonding consultant, bids will be opened April 24, a week later than scheduled previously.

Karen Kruse Is Bride of Gerald Johnston of Mpls.

Karen Adele Kruse of Minneapolis and Gerald Johnston, also of that city, exchanged vows recently at St. Albert the Great Church in Minneapolis in a double-ring ceremony.

Parents of the couple are Mr. and Mrs. William Kruse of rural Thief River Falls and the Londell Johnstons of Minneapolis.

Given away by her father, the bride wore a nylon floor-length gown of lace and net, and an elbow-length veil. Her flowers were orchids.

She was attended by Mrs. Mark Haeg of Coon Rapids, as matron of honor, and Miss Roxanne Dorese of Minneapolis as bridesmaid. They wore red velvet street-length dresses with red roses of the same material fashioned as headbands. They carried red and white carnations.

Attending the groom were Wynn Johnston as best man, and Donald Duffy as groomsman.

The bride's mother wore navy, and the mother of the groom wore green, both with corsages of orchids.

Parents of the bride were hosts to 150 guests at a reception at the Hiawatha Room of Parkway Motor Court. Guests attended from San Francisco, Calif., Washington, D. C.; Madison, Wis., Fargo, N. D., Moorhead, Red Lake Falls, Zumbrota, and Thief River Falls.

Mrs. Johnston is a graduate of Lincoln high school of this city and also attended Minnesota School of Business and is presently employed in the office of Butler Bros. Wholesale, Minneapolis. Her husband is a graduate of South high school, Minneapolis, and is employed at Pitney-Bowes of that city.

After a wedding trip to the southwestern states, the couple will be at home at 3056 22nd ave. New Brighton.—Photo by Lee Bros., Mpls.

Local BPW Club Hosts District I Dinner Meeting

Business and Professional Women's club of this city hosted the District I dinner-meeting at the Rex Cafe on Sunday, March 31.

Club members were in attendance from Crookston, Bemidji, Leech Lake, and Thief River Falls. Clarice Collins, local president, welcomed the group and introduced guests at the head table. The business meeting which followed was presided over by Marie Olson of Crookston, District I chairman. Betty Ohman, Crookston, main speaker at the meet, briefed the group on parliamentary procedures.

The Bemidji and Leech Lake members presented a skit, written and narrated by Margaret McCarthy of Bemidji. Another guest introduced was Kay Sollum, state corresponding secretary.

Coffee and cookies were served at 3:30, and later gifts brought by the local members were drawn for and awarded to winners from visiting clubs.

Election of district officers was held, after which Edna Schwartz, St. Paul, state president, installed them. They are as follows: Marie Bishop, Bemidji, chairman; Muriel Oliver, Leech Lake, vice chairman; and Hazel Schimmin Bemidji, secretary-treasurer.

Support was rallied for two of the district members, Marie Olson, Crookston, and Dorothy Chadwick, Bemidji, who are running for state office. Officers will be voted upon at the state convention which will be held at Mankato on May 2-3-4 and 5.

Each club president reported on her club's progress during the past year.

Next district meeting will be in Bemidji in the fall.

Women of Zion Meet Tuesday, April 9

The program for the general meeting of the Zion Lutheran Church Women has been decided upon. When they meet on Tuesday, April 9 at 8 p. m. at the church, they will be shown slides of "Hidden Village", a family retreat donated to the Lutheran church for youth work. Showing the slides will be Rev. Merton Christenson of Alvarado. The program is in charge of Grace Circle, Mrs. Vance Newbury, chairman. Hostesses for the evening will be Martha Circle, Mrs. Dicken, chairman; hospitality will be the function of the Mary-Rachel Circle, with Mrs. Clifford Vigness as chairman.

Zion ladies extend a cordial invitation to the women of Trinity to be their guests at the program.

Newfolden Band Wins 'A' Rating At Dist. Contest

Three Solo Numbers and Two Ensembles Also Receive Top Ratings

Newfolden high school senior band won an "A" rating at the District 32 instrumental music festival held at Greenbush on Saturday, March 29. They competed in Class IV competition along with Warroad, Greenbush, Baudette and Hallock.

The music festival was a two-day affair with soloists on Friday, ensembles on Saturday morning and bands on Saturday afternoon. In the solo competition on Friday, three of five NHS soloists entered received "A" ratings. They were: Bonnie Hodik and Shirley Lokstad, cornet solos, and Barbara Stokke, B flat clarinet solo. Two students receiving "B" ratings were Warren Sagstuen on the cornet and Sheila Elseth on the bass clarinet.

Two ensembles received an "A" rating. They were a woodwind trio consisting of Kristi Carlson, oboe; Sheila Elseth, bass clarinet; and Barbara Stokke, B flat clarinet and cornet quartet consisting of Leon Elseth, Bonnie Hodik, Shirley Lokstad and Warren Sagstuen.

Three ensembles received "B" ratings. They were a clarinet quartet consisting of Carol Hall, Joy Hodik, Geraldine Roppe and Gwenn Johnson; a woodwind quintet consisting of Kristi Carlson, oboe; Sheila Elseth; bass clarinet; Mandy Halvorson, flute; Gail Sather, French horn; and Barbara Stokke, clarinet; and a brass sextet consisting of Bonnie Hodik and Leon Elseth, cornets; John Rokke, baritone; Gail Sather, French horn; Terry Strandquist, trombone; and Jerry Strandquist, sousaphone.

The solists, ensembles and the band which received "A" ratings will next perform at the state area music festival to be held at Thief River Falls on May 3 and 4.

Dennes L. Borman, a graduate of Augsburg, is the director of instrumental music at Newfolden high school.

Participating schools in the area include Fertile, Frazee, Goodridge, Greenbush, Karlstad, Lancaster, Middle River, Plummer, Roseau, Thief River Falls and Warren. In addition eight farmers not served by vocational agriculture departments participated in the program.

Mr. and Mrs. George Hayes and James have been visitors at the home of their son-in-law and daughter, Capt. and Mrs. John Busbee in Chandler, Ariz. They also visited in McAllen, Tex. for several weeks.

PRACTICE for the District 31 music festival to be held Friday at Crookston Central high school is taking place at high schools throughout the district. In the above photo, Anita Swanson, junior student at Goodridge and one of three soloists from that school entered in the event, receives some coaching from Mike Lehrer, music instructor at the school. Onita is the daughter of Mr. and Mrs. Ernest L. Swanson and plays the bass clarinet. Other soloists will be Lois Byklum, soprano, and Faye Stucy, alto saxophone.

Smokers Show Enthusiasm for Five-Day Plan

(Continued from page 1)

Most smokers have, at one time or another in one way or another, made an attempt to break the habit. When facing such a trial alone, most have found it to be difficult at best. The Five-Day Plan, based on medical research as well as psychological motivation, provides a formula to be followed in making the break from nicotine more possible.

Each person attending will be provided with a booklet containing information on how to conduct himself during the first day. At the second session, sheets containing information for the second day will be distributed. This procedure will be followed throughout the course which will include films, lectures and group therapy discussions.

Instructors for the course will be Dr. S. E. Pollman of Thief River Falls and V. Emerson of Detroit Lakes. Both attended a pilot training program for instructors in Denver, Colo., recently and will be conducting a Five-Day Plan course in Detroit Lakes following the sessions here. Other courses are being offered throughout the nation.

Course is Voluntary

"We are offering this course on an entirely voluntary basis," Dr. Pollman said Wednesday. "It has been proved effective in other communities and has been endorsed by Dr. Paul Dudley White who has made several contributions to the plan as a result of his cardiac research. It is not a crack-pot scheme, nor is it guaranteed to succeed in all cases, but it has proved extremely effective in all areas where it has been used."

Cynthia McKee, news editor for the Claremont Daily Eagle in New Hampshire, said this about the program: "Developed by a doctor and a minister, with the help of many others in many fields who have made a study of the subject, the plan is said to be 85 per cent effective. It doesn't promise to be painless; the idea is simply that expert help on the physical and psychological aspects of the miserable habit will make giving it up a little less uncomfortable."

Rid Body of Nicotine

Dr. J. Wayne McFarland, one of the originators of the plan, states that the purpose of the plan is to rid the body system of nicotine as quickly as possible. It is the nicotine that produces the addiction, he says, and lists four rules to be followed during the first 24 hours of the program.

These rules are: (1) Drink 8 to 10 glasses of water (not coffee, tea or any alcoholic beverage); (2) eat only fruit and fruit juices; (3) do not sit down after meals; and (4) practice deep breathing at least three times a day. Deletion of coffee, alcoholic beverages and soft drinks from the diet is designed to keep the nervous system running as smoothly as possible by eliminating stimulants.

I have already gone on record as promising to give the course a sincere effort. Since I don't particularly want to quit smoking, the test should be quite severe and the outlook should be objective. Next Monday a report on the initial session and personal reaction.

Patricia A. Stone Rites Saturday in Church near Oklee

Funeral services for Miss Patricia Ann Stone, 25, of Oklee will be held Saturday at 2 p. m. at the Salem Lutheran Church, rural Oklee with the Rev. R. A. Saethre officiating.

Miss Stone was killed Thursday in an automobile accident near Ostuni, Italy when the car in which she was riding skidded off a highway and hit a tree.

Companions in the car were Helen Constance Atcas, 25, of Hopkins and Marcia Burrill, 27, of Fargo. They are reported in satisfactory condition.

Suspended Term

Frank LeRoy Donarski, 22, Thief River Falls, was given a five-year suspended sentence at the St. Cloud reformatory in district court in Crookston on Friday. Donarski pleaded guilty to third degree burglary charges stemming from break-ins at the Irishman's Shanty and Farmers Union Oil company in Crookston and was given five-year concurrent sentences on each count, with both sentences suspended.

Minnesota-Dakota Beet Group Will Remain Organized

Group Votes To Continue At Grand Forks Meeting Called To Discuss Future

Members of the Minnesota-Dakota Sugar Beet Development association expressed a desire for continuing the association at a meeting held at Grand Forks, N. D. At a board meeting held in Thief River Falls Friday evening, the Tri-County Beet Growers association favored retaining the organization.

Arnet Wellander of Drayton, N. D., was elected president of the association, and Ronald Brandvold of Grafton, N. D., was named secretary-treasurer. Everett Amundgaard, Thief River Falls, president of the Tri-County group, and David Nelson, Clearbrook, director, attended the Minnesota-Dakota meeting.

Minnesota-Dakota Sugar Beet Development association is affiliated with Western Beet Growers association and will have one director on the Western board for every 250 members of the Minnesota-Dakota association. The association expects to maintain about 1,500 members. Dues for individual beet growers are $1.50.

Services For Elmo Swenson To Be Held Today

Elmo Swenson, a lifetime resident of River Falls, township, died on Sunday, March 31, at the Northwestern Hospital at the age of 70.

Funeral services will be held this (Thursday) afternoon at 2 p. m. in the American Lutheran Church of St. Hilaire. Rev. Marvin Carlson and Rev. Otto Baker will officiate, and interment will be made in the Community cemetery. The body may be viewed at the church for one hour prior to the services. In charge of arrangements is the Green Funeral Home of this city.

Elmo Swenson was born on June 27, 1892, in River Falls township, rural St. Hilaire. He attended school and grew to manhood in that area, and was engaged in farming on the old homestead until the time of his death. He was a single man, and was a member of the Tarna Lutheran Church.

He is survived by three sisters, Mrs. Mabel Sand of St. Hilaire; Mrs. Bennie (Martha) Johnson also of St. Hilaire; Mrs. Ole S. (Mildred) Bergland of this city; and one brother, Alvin Swenson of St. Hilaire.

Two brothers preceded him in death.

Samuel A. Hoff Rites In Middle River March 30

Funeral services were held on Saturday, March 30, at the First Lutheran church of Middle River for Samuel Alfred Hoff. Rev. James Hansen officiated, and interment was in the Huntly cemetery. Military rites were conducted by Hans Lian Post 444 of the American Legion. Arrangements were in charge of the Collins Funeral Home of Middle River.

In failing health for several months, Mr. Hoff passed away at Sunnyrest Sanitarium in Crookston on Tuesday, March 26. He was 76 years of age.

Mr. Hoff was born on Feb. 27, 1887, in Norman county. In 1902 he moved to Marshall county, settling in Huntly township. He served with the U. S. Army in World War I. Following his discharge from the service, he returned to Huntly township, where he farmed with his brothers until 1959 when he moved to the village of Middle River.

Surviving are four sisters: Miss Inga Hoff of Middle River; Celia (Mrs. Andrew Holmgren) of Middle River; Mrs. Lena Smodell of Barrett, and Mrs. Carl Rud of East Grand Forks.

He was preceded in death by two brothers and two sisters.

George Hook, 94, Grygla Pioneer, Succumbs April 1

George Hook, pioneer resident of the Grygla community since 1912, passed away at the Roseau hospital on Monday, April 1, at the age of 94.

Funeral services will be held on Friday afternoon, April 5, at 2 p. m. in the St. Petri Lutheran church near Grygla. Reverend Norman Madson Jr., will officiate, and interment will be made in the St. Petri cemetery. The body will lie in state at the Green Funeral Home until 10 a. m. on Friday, and at the church for one hour prior to the services.

Born in Kent, England, on March 24, 1869, he came to America with his parents at the age of two, making the Atlantic crossing in a sail boat. They settled in Wabasha county, near Mazappa, where he attended school and grew to manhood.

In 1890 he married Ruth Sibley at Mazzeppa, and in 1912, the family moved to Marshall county, settling on a farm in the Grygla area. He has made his home there since that time. Mrs. Hook died in 1938.

Surviving Mr. Hook are three sons, Clarence and Leslie Hook, both of Grygla, and Lester of Crookston; two daughters, Mrs. Flossy Newton of this city, and Miss Beatrice Hook of Grygla; five grandchildren, 19 great-grandchildren, and four great-great-grandchildren.

He was preceded in death by his wife, two sisters, two brothers, and one great-great-grandchild.

Mrs. H. Woolson, Pioneer Resident, Interred Today

Funeral services for Mrs. Harry C. Woolson, age 78, longtime resident of Silverton Twp. who passed away at 2 p. m. at her home on Sunday, March 31, will be held today, Thursday, April 4, at 2 p. m. at the Community Methodist church. Rev. Dean Headley will officiate and burial will be in Greenwood cemetery with Sinding's Funeral Chapel in charge of arrangements.

Mrs. Woolson was born April 2, 1884, at St. Hilaire, moving with her parents to Thief River Falls at a very early age. Here she attended school, was employed at the Ogahmah hotel and was united in marriage to Harry Woolson on June 30, 1909.

The Woolsons moved to a claim on the north branch of the Rapid River near Baudette; later they moved back to the Thief River Falls area, homesteading on a claim in Silverton Twp. where she made her home until the time of her death. She was a member of the Community Methodist Church.

Survivors include four daughters: Natalie, (Mrs. Frank Johnson) Hillsboro, Ore.; Bernice, (Mrs. Vernon Sorenson) Thief River Falls, Raca, (Mrs. James Howard) McLean, Ill.; Dorothy, (Mrs. Lester Chapman) Thief River Falls; one sister, Mrs. Carrie Rowley, Thief River Falls; eight grandchildren and four great-grandchildren.

She was preceded in death by her husband, two brothers and three sisters.

REGISTRATION
1963 AGENCY FOOD SHOW

ATTENDING the 1963 Red Owl food show in Minneapolis recently were Mr. and Mrs. Stan Sandvig, left, and Mr. and Mrs. Otto Stenberg, operators of the Red Owl agency store in Thief River Falls. Miss Downtown, Karen Johnson of Minneapolis, is shown assisting them with registration. About 600 independent food dealers, their wives and key employees heard reports from Red Owl executives, attended merchandising clinics and heard talks by Fran Tarkenton of the Minnesota Vikings and George Grim, Minneapolis newspaper columnist.

Edward Holten Dies In R.L.F.; To Be Interred Here

Final rites for Edward Holten, 81, who died early Monday morning, April 1 at St. John's hospital in Red Lake Falls, will be conducted Friday evening April 5, at 8 p. m. from the Petterson *Funeral Home in that city.* Interment will take place in Greenwood cemetery in Thief River Falls later this spring.

Mr. Holton died after being in poor health for a period of four years, during which time he was a resident of Hillcrest Nursing Home in Red Lake Falls.

Born February 18, 1882, in Norway, he emigrated to America with his parents while he was still a child. They settled on a farm north of Plummer. He was married to Mrs. Lenore Larson at Mavie, rural Goodridge, and for many years served as blacksmith in Plummer, where most of his life was spent.

Survivors include a sister, Mrs. Nora Steen of this city; three brothers, Olaf, of Wildrose, N. D., John, Detroit, Mich., and Alfred, of Tacoma, Wash.; two stepdaughters and several nieces and nephews, one of whom, Mrs. Lawrence Aase, lives in this city.

Preceding him in death were his wife, who died in 1933; and a son, David, in 1947.

Friends and relatives may call at the Petterson Funeral Home in Red Lake Falls Friday afternoon and evening.

ADVERTISEMENT FOR PROPOSALS

The City Council of the City of Thief River Falls, Minnesota, will receive sealed proposals for furnishing the 1963 season's supply of BITUMINOUS MATERIALS for use of the City Street Department, at the office of the City Clerk, until 7:30 P.M., April 16, 1963, at which time all bids will be publicly opened and read aloud.

The proposals shall be based on furnishing Cut-Back Asphalts, to be delivered in full carload lots with freight allowed to the Great Northern Railway Company's Power Plant spur track in Thief River Falls, Minnesota. Shipments to be made upon order of the City's Purchasing Agent. Bids shall state a firm price per gallon, measured by volume in gallons @ 60 degrees Fahrenheit for materials conforming to the requirements of Minnesota Department of Highways Specification 3151, for the following:

40,000 gallons (more or less) MC-3

The proposals shall be unconditional and shall be accompanied by a certified check or cashier's check in the amount of at least 5% of the amount of the proposal, payable without condition to the City Treasurer of the City of Thief River Falls, which check shall be forfeited as liquidated damages, in the event that said proposal is accepted and the bidder shall fail to enter into a contract and give a performance bond as required by law.

The City Council reserves the right to hold all bids for a period of 30 days after the date of opening bids, and to reject any or all bids, to waive any irregularities, and to award the contract as it deems to be for the best interests of the City.

Dated this 27th day of March, 1963.

RECIPIENTS of grants from the National Science Foundation and National Defense and Education Act are the three Goodridge high school teachers pictured above. Left to right they include: Mrs. Larry Zenner, 6-week institute for secondary school teachers of mathematics at Western University in Kalamazoo; Billie Blankenfeld, 10-week institute for high school science teachers at Alabama College, Montevallo, Ala., with stipend of $1,280; and John Muldoon, counseling and guidance institute at North Dakota State University in Fargo, July 8 to August 23. Previous recipients of similar grants at the Goodridge school have been John Jess, Dale Moore and Larry Foley.

WINNER of a four-year $1,000 scholarship awarded by the Farmers Union Central Exchange of South St. Paul was Harold Myers, 17, son of Mr. and Mrs. Bernard L. Myers of Thief River Falls. In the picture above, taken at the recent FU convention, Harold is with Mrs. Laura Reimnitz, educational director of the Minnesota Farmers Union. Four additional scholarships were awarded to young people from other states, each to receive $250 a year during his college career.

recognition dinner in Washington, D.C., April 29. The president and chief executive of the winning organizations will receive plaques denoting the accomplishment of the organization.

Selection of winning entries is made by an awards jury, composed of past winners in the competition, based on performances in five general categories. Each report is reviewed by the judges with points being given each of the five categories. Primary consideration is given to a balance of organization action in the total program.

The five categories for judging include business development, community betterment, public affairs, legislative action and organization improvement.

National first place winners in various population groups were Chambers of Commerce in the following communities: Greater Myrtle Beach, S. C.; Walla Walla, Wash.; Grand Island, Neb.; Lancaster, Pa.; Greater Columbia, S. C.; Canton, Ohio; Gary, Ind.; Charlotte, N.C.; St. Paul, Minn.; and Houston, Tex. An award of merit went to the Minneapolis Chamber of Commerce as the only other winner in Minnesota.

el in the contest. Silverton was presented with a check and certificate for being one of the top safety clubs in the state for 1962.

Congratulations went to Harold Myers, Silverton, who won a $1,000 scholarship to attend the University of Minnesota; Nancy Newton, Smiley, who won a $250 scholarship from PTA and another $500 from Concordia college; and Gloria Philipp, Smiley, who received a $250 scholarship from Concordia college.

Robert McCrum, Smiley, discussed poster making. Mrs. Charles Svendsgaard, Mavie, and Mrs. Clarence Arneson, Rocksbury, showed slides of their trip to the Interstate Leaders Forum that they attended March 14-27 in Washington, D. C.

Offer Program On Landscaping To Homemakers

Pertinent information regarding yard improvement and landscaping with native materials will be presented at a special meeting Friday at 1:30 p. m. in the meeting room of the Pennington county courthouse in Thief River Falls.

Sponsored by the Pennington County Home Council, the session will have Gustav Hard, horticulture specialist at the University of Minnesota, as the guest speaker. All homemakers and their husbands, as well as other interested persons, are encouraged to attend, according to Miss Laura Duerst, county home agent.

Welfare center of the Seventh-Day Adventist church will be open Monday from 9 a. m. to 12 noon to distribute clothing to needy persons. The center is located above the Thief River Clinic at 109 South LaBree in Thief River Falls and is open the second and fourth Mondays of each month.

Freezing Rain Causes Damage Here Wednesday

(Continued from page 1)

yesterday as the four inches of snow was estimated to contain about half an inch of moisture, making the snow wet and heavy. A heavy coating of ice from the early morning rain made streets and roads slippery and they became increasingly treacherous today as the surface of the ice began to melt.

Wednesday's blizzard came on the heels of a record-breaking heat wave on Sunday which pushed temperatures to 76 degrees at the Thief River Falls municipal airport. High and low readings during the past several days include 69 and 30 on Monday, 44 and 36 on Tuesday and 42 and 18 on Wednesday with a low reading last night of 9 degrees. Precipitation included 1.01 inches on Monday, .83 inch on Tuesday and .91 inch on Wednesday.

The forecast calls for fair and warmer temperatures today, tonight and tomorrow. High today will be 38 to 45 degrees with lows of 25 to 32 tonight.

LEGAL NOTICE

April 4-11-18

NOTICE OF HEARING

State of Minnesota
County of Pennington
In District Court
Ninth Judicial District

In the matter of the Petition of Joseph Seidel, County Engineer, Pennington County, to make Minnesota alterations or changes in Judicial Ditch No. 18, in Pennington County Minnesota

TO ALL PERSONS INTERESTED IN JUDICIAL DITCH NO. 18, IN PENNINGTON COUNTY, MINNESOTA:

YOU, AND EACH OF YOU, WILL PLEASE TAKE NOTICE that the County of Pennington, by its County Attorney, Curtis L. Charlson, upon the request of Joseph Seidel, Engineer of Pennington County, has filed a Petition with the Clerk of Court above named pursuant to Section 106.17 of Minnesota Statutes 1959 praying that he be allowed to make minor alterations or changes in Judicial Ditch No. 18, in Pennington County, which is to be changed or altered is described as follows:

Present Location of Portion of Judicial Ditch No. 18:

Beginning at a point at TH 219 immediately south and adjacent to said County State Aid Highway No. 9 to the Northwest corner of the NE¼ of Section 22, T154N, R40W, a distance of 1.5 miles.

Proposed Location of Portion of Judicial Ditch No. 18

Beginning at a point at TH 219 and extending 30 feet south of the South edge of the present location of Judicial Ditch No. 18 to the Northwest corner of the NE¼, Section 22, T154N, R40W, a distance of 1.5 miles.

Said Petition further alleges that it is advantageous and desirable in the construction and maintenance of CSAH No. 9 that said alteration or change be made and that said minor alterations or changes petitioned for will not affect the functioning nor impair the efficiency of said Judicial Ditch No. 18, in Pennington County.

YOU WILL FURTHER TAKE NOTICE, that said Petition will be presented to the Court above named in the Court House in Thief River Falls, Minnesota, on the 6th day of May, 1963 at 10:00 o'clock A.M., or as soon thereafter as counsel can be heard, at which time all persons interested in said ditch may appear and be heard and present arguments for or against the granting of said Petition.

Dated this 1st day of April, 1963.

s/ HENRY STORHAUG
Clerk of the District Court
Pennington County

58 Prowlers Try for Track Team

Fifty-eight Prowler track and field candidates have been reporting to coach Rad Max and his assistant Quent Jones and participating in early-season conditioning drills in preparation for the 1963 track season.

Included in this group are fourteen lettermen — Bob Benson, Roy Delorme, Murray Dow, Peter Isaacson, Steve Honebrink, Neil Jensen, Orrin Joppru, Paul Klungness, Art Koglin, Eli Lee, Brian Lofberg, Steve Mittelstadt, Ron Olson, and Rolf Wangberg.

Last season the Prowler track squad recorded a successful year, winning the District 31, Northwest conference, and Region Eight titles. And one the the Prowler trackmen, Paul Klungness, won a Minnesota state high school title, wining the broad jump event. With such sure point-winners as Klungness, Wangberg, Mittelstadt, Lofberg, Joppru, Koglin, Olson, and others on the squad, this season's Prowler track team should again post a winning record.

The Prowler track schedule will open on Saturday, April 6, with a group of blue-and-gold trackmen competing in the Moorhead Indoor meet at Moorhead.

The 1963 Prowler track schedule:

Saturday, April 6, Moorhead Indoor at Moorhead, 9:30 A.M.

Saturday, April 20, Sioux Indoor at Grand Forks, 9:00 A.M.

Saturday, April 27, Sioux Outdoor at Grand Forks, 9:30 A.M.

Saturday, April 27, Quadrangular Meet at Thief River Falls, 1:30 P.M. Hallock, Mahnomen, Thief River Falls, Fosston).

Tuesday, April 30, Quadrangular Meet at Thief River Falls, 4:00 P.M. (Middle River, Oklee, Thief River Falls, Plummer).

Saturday, May 4, Dragon Relays at Moorhead, 1:00 P.M.

Tuesday, May 7, Northwest Conference Meet at Thief River Falls, 10:00 A.M. (Roseau, East Grand Forks, Crookston, Bemidji, Thief River Falls).

Saturday, May 11, Beaver Relays at Bemidji, 9:30 A.M.

Teusady, May 14, Invitational Night Meet at Thief River Falls, 7:00 P.M. (Hallock, Warren, Roseau, Thief River Falls).

Tuesday, May 21, Invitational Night Meet at Thief River Falls, 4:00 P.M. (Red Lake Falls, Karlstad, Newfolden, Plummer, Thief River Falls).

Saturday, May 25, District 31 Meet at Grand Forks, 10:00 A.M.

Saturday, June 1, Region Eight Meet at Bemidji, 10:00 A.M.

Stan Wilson Again Heads Trap Club

Annual Awards Dinner Is Tentatively Set Apr. 25

Stan Wilson was re-elected president of the Thief River Trap club at an organization meeting held on Monday evening. Orvis Olen was named vice president; Tony Dorn was chosen secretary; and Bob Mattson was elected treasurer. Directors elected at the meeting were Ole Ekeren, Bill Dahlquist, and Stan Ranum.

The date for the annual awards dinner has been tentatively scheduled for Thursday evening, April 25. Trap club members will be notified when the dinner date has been verified.

The Thief River Trap Shoot league, and it is expected that eight teams will again participate in the competition, will begin the 1963 schedule early in May. Last season's league championship was won by the Thief River Falls Times squad.

705 VERY GOOD KIDS

Our staff at Rexall wish to take this opportunity to compliment the Sponsors, Management, and the 705 young people attending the Luther League Covention in this city last Saturday and Sunday.

We found them the most polite well behaved and thoughtful group of people we have ever had the pleasure of doing business with. The families can be very proud to send such a fine group of delegates.

Keeping Score with "Huck" Olson

What a Finish!

Prior to Monday night's session of bowling in the Service league the team standings, of the league leaders, were as follows: T & S Implement, 73 and 35; Daleford Farms, 70 and 38; Farmers Union Oil, 68 and 40; and Grain Belt Beer, 66 and 42.

Following the matches on Monday night, with T & S and Dalefords dropping four points each, and with the Farmers Union Oil and Grain Belts picking up four points apiece, the standings were like this: T & S Implement, 73 and 39; Farmers Union Oil, 72 and 40; and Dalefords and Grain Belt Beer tied with marks of 70 and 42.

Next Monday night, on the early shift, the Service league will conclude its 1962-63 schedule, and it is hazardous to pick a winner. The T & S Implement and the Daleford Farms teams meet in a head-on man-to-man collision, and the T & S need a sweep of the four-point series to clinch the league championship. The Farmers Union Oil team will bowl against the Eagles; and the Grain Belt Beer team will meet the KTRF squad.

A Bow To Amundgaards

And, while on the topic of bowling, I must congratulate the Amundgaard's team of the Tuesday night American league for winning the league championship. The boys, Herb Peterson, Doug Peterson, Bruce Erickson, Bill Peterson, and Jim Engelstad, have a ten-point bulge over the runner-up Kiewel's Products squad. Dennis Hallstrom bowled with the team until mid-season when he left town to accept a job in the Twin Cities.

An oddity about the Amundgaard's squad is that Herb and Bill and Bruce and Doug are cousins. Jim Engelstad is the lone "outsider" on the team.

A team of local junior bowlers —Dale Seefeldt, Mark Anderson, Evan Anderson, Dennis Anderson, and Rick Thompson—rolled an aggregate of 2486 pins to handily defeat a team of Crookston junior bowlers in a total-pins match bowled at the Family Bowl lanes on Sunday. The Crookston team totaled 2180 pins, to lose by a margin of 306 pins. For the winners, Seefeldt had a 502; Mark Anderson a 518; Evan Anderson a 498; Dennis Anderson a 426; and Thompson a 512.

Norman-Polk League Meeting

A note received from Norman-Polk league secretary, Jeff Balzum of Ada, announces that a league meeting will be held on Friday night, April 5, at 8:00 p. m. at the Fertile city hall.

Jeffs adds that this meeting is of utmost importance, and that all of last season's league member teams should be represented at this meeting. It's Friday night at Fertile.

The Maroons

42-year old Bill Juzda, player-coach of the senior hockey Winnipeg Maroons, will lead his club into the western Canada semi-finals series against the Saskatoon Quakers at Saskatoon tonight, Thursday, in the first of a best-of-seven series. The first two games will be played at Saskatoon, with the third, fourth, and fifth games slated for the Winnipeg Arena.

And the Warroad Lakers vs. Selkirk Fishermen western Canada intermediate semi-finals opened last night at Fort Frances. The second game of the best-of-five series is also slated for Fort Frances, on April 5. The remaining games are billed for the Winnipeg Arena. Several of the Warroad Lakers players, notably Murray Balagus and Ron Shalley, are Winnipeg natives.

The Fort Williams Canadians defeated the Fort Frances Royals, four games to two, in the Thunder Bay junior hockey playoffs. The Fort William team, showing great power, scored a 10 to 1 win over the Royals on Sunday to close out the best-of-seven series. Several former International Falls high school players are playing with the Fort Frances club.

Benefit Tourney To Start Friday

Four-Game Event Will Aid Retarded Children

Four basketball games will be played at Thief River Falls Lincoln high school gymnasium Friday and Saturday in a benefit tournament to aid the Pennington-Red Lake Assosiation for Retarded Children. It is hoped that sufficient funds can be raised to purchase playground equipment for children in the local classes for the retarded.

Friday night's games will include contests between the St. Hilaire Ridgerunners and the Thief River Falls Independents and the Detroiter Independent team of Red Lake Falls and the Viking Trotters.

Saturday night will have a consolation game between losers of first round games and a championship tilt between the Friday night winners. Tickets will be on sale at the door for 50 cents for adults and 25 cents for students under 18 years of age.

Donations will be accepted by the association from persons who would like to contribute but do not plan to attend the tournament games.

Mary Kay Looker Winner in Women's Singles Tourney

48 Bowlers Shared in Prize Pool in Week-end Tourney at Family Bowl

The women's bowling association conducted their annual singles bowling tournament at the Family Bowl lanes on Saturday and Sunday, and forty-eight bowlers shared in the prize pool.

Mary Kay Looker, with games of 190-212-197, and carrying a handicap of 50 pins, posted an aggregate of 649 pins to win first prize. Darlene Muzzy, with a net of 522 pins, and a handicap of 68 pins, totaled an aggregate of 590 pins to gain runner-up honors. Pat Ball, with a net of 511 pins, plus a handicap of 54 pins, had an aggregate of 565 pins for third place; and Caroline Bedard, with a 441-pin net and with a handicap of 112 pins, an aggregate of 553 pins, earned fourth place.

Other bowlers finishing in the top thirty were Eileen Anderson, 551; Doris Seefeldt, 550; Ella Anderson, 549; Marvel Carlson, 548; Ardy Mattson, 545; Ella Paetznick, 544; Carol Neuhalfen, 544; Marty Johnson, 543; Bea McLeod, 543; Kathy Jordet, 541; Barbara Hanson, 540; Doris Stromberg, 538; Lu Ekeren, 534; Helen Lench, 530; Elody Olson, 525; Emma Homme, 524; Ferne Williams, 522; Ferne Bruggeman, 522; Marj Kiland, 522; Elaine Hinden, 521; Doris Stoltman, 520; Stella Botten, 520; Betty Belch, 519; Mona Storhaug, 517; Fran Donarski, 517; Marilyn Mead, 517; and Joan Peterson, 517.

A high single-game award, a bowling Flag donated by the Family Bowl, was won by Miss Looker. Her single game of 212, plus a handicap of 28 pins, gave her the high game score with a 228.

Property Tax Levies Reach Record Peak in 1963, Says State Assn.

Property taxes in Pennington county have increased $588,609 and the average tax rate has jumped 112.95 mills, in the last 10 years, Charles P. Stone, general counsel of the Minnesota Taxpayers Association, said today, citing figures obtained from the office of State Auditor Stafford King.

"Pennington county's total tax levy for state, county, city and village, township and school district purposes payable in 1953 was $775,900 Stone said. "This year the total levy payable is $1,364,509.

"While the total of taxable property values has increased from $4,827,189 to $5,148,450 during these 10 years, the costs of government have climbed more sharply, resulting in an increase in the average total tax rate in the county from 152.08 mills to 265.03 mills.

"All indicators point to further jumps in property taxes payable in 1964 and future years. School populations and costs continue to rise, forecasting higher rather than low-spending by local government. The personal property tax on production machinery and inventories discourages the industrial and commercial growth that could add new tax-paying properties to help relieve the tax burden.

"From the President on down, the whole country realizes now that we must create more jobs for more people, but here in Minnesota we continue to restrict industrial growth and jobs by taxing heavily the tools of production.

"The only avenue of relief in sight for hard-pressed property owners is the Farm Bureau's replacement sales tax program. This program proposes a direct real estate tax reduction of about 12 percent—a saving of $12 on every $100 billed—in addition to the long-range relief that would come by encouraging the location of new businesses and industries through elimination of the personal property tax penalties.

"Regrettably, introduction and consideration of the Farm Bureau tax reform bill in the present legislature has been blocked up to now. It is not too late for constructive action by the legislature, however, if citizens will act promptly and forcefully to make their wants known to the state representatives and senators form their districts.

375 Attend Lions Laughter Night At Newfolden HS

Lions Club Members Present Skits, Plays And Music Selections

Approximately 375 people attended the fourth annual Lions Love Laughter night held Saturday evening at the Newfolden community school gymnasium. Skits and plays were presented by Newfolden Lions club members.

Opening the event was the play, "Ghost at Punkin Holler" with the cast including Curt Tonneson, Wayne Ulferts, Stu Sethre, Edsel Bernstrom, Sheldon Elseth, Ed Mounger, Dennes Borman and Frank Kohoutek. A piano interlude was presented by Alvin Nelson.

"Professor Cuckoo, Crystal Gazer," was presented by Lester Elseth with assistance from Harvey Stokke, Ray Tunheim, Art Rud and Alton Carlson. Frank Kohoutek presented a musical pantomime prior to the main attraction of the evening, a play entitled "Romance at the O-Bar-O."

Featured in the cast were John Halvorson, Edsel Bernstrom, Frank Kohoutek, Sheldon Elseth, Ed Mounger and Curt Tonneson with Alvin Nelson as accompanist. Comprising the stage crew were Ben Nelson, Milford Rokke and Louis Sagstuen with Waldemar Eckhardt as ticket manager.

Kohnutek was selected as the outstanding actor for the evening on the strength of his part in the "Ghost of Punkin Holler" skit. For his diligence in learning his lines he was presented with a chunk of bologna. Musical selections preceding and following the skits were presented by Alvin Nelson at the electric organ and Lester Elseth on the guitar.

Open Bids April 19 on $4 Million Jobs

Several Road Separation Projects Are Included

Opening of bids on state highway projects estimated to total $4.2 millions will be held April 19 in the central offices of the Minnesota highway department, St. Paul, it was announced today.

The work on the 12 contracts to be let will affect highways in 11 counties: Carver, Sibley, Fillmore, Hennepin, Kandiyohi, Olmsted, St. Louis, Pope, Ramsey and Rice.

Of particular interest in the Twin Cities is the project fin grading, surfacing and bridges on TH 52 in Robbinsdale which will replace the Lowry avenue traffic circle and provide separations in its place.

Another sizeable project will be grading, surfacing and bridge on TH 71 in the Willmar area which will also bring a highway separation, TH 23 over TH 71.

A third bridge project will be involved in work to be done on TH 35 in Faribault, providing a separation and underpass for CSAH 15 over TH 35 and the Milwaukee railroad track.

A fourth bridge will be built on TH 35E, a highway separation, to carry TH 35E over future Shepard Road in St. Paul.

Various other projects call for shoulder grading, plant-mixed bituminous surfacing, road-mixed bituminous surfacing, drainage revisions, traffic signs and devices, channelization and building removal.

Storhaug Is Head of Credit Union

Municipal Employees Group Election Held

Henry Storhaug, Pennington county clerk of court, was elected president of the Pennington Municipal and County Employees Credit Union at a meeting of the board of directors held last week. Storhaug succeeds John Kruse as head of the organization.

Charles Richards was elected vice president to succeed Storhaug with Harry Hendrickson reelected secretary and Ardith Johnson elected treasurer-manager. Telof B. Johnson was named chairman of the credit committee with C. W. Rodekuhr as chairman of the supervisory committee.

At the annual meeting of the organization held previously, Richards and Miss Johnson were elected directors for three-year terms. At the end of the year the union had assets of $43,240, loans of $38,402 and savings of $41,486. The union paid four per cent interest and a 10 per cent refund on interest paid on loans during 1962 operations.

One Holstein Produces Solids-Not-Fat Mark Totaling 1,289 Pounds

Thirty-one head of registered Holstein cattle at the Northwest School of Agriculture at Crookston recently completed production records with an average of 14,573 lbs. of milk and 514 pounds of butterfat, according to the Holstein-Friesian Association of America.

Lactation averages are calculated on the commonly-employed two milkings a day, 305-day mature equivalent basis. This provides a uniform basis for comparison and selection in registered Holstein breeding programs.

The association also reports that DBI Masautgo Query, a five-year-old cow at the school, produced 15,350 pounds of milk, 567 pounds of butterfat and 1,289 pounds of solids-not-fat in 305 days.

Solids-not-fat (SNF), the nutrients in milk below the creamline, are now being recorded for the first time in addition to milk and butterfat as a part of the Total Nutrient Testing (TNT) Program — launched last year by the Holstein-Friesian Association of America.

In announcing the new record, a spokesman for the national Holstein organization said that it compared to the average cow's annual output of 7,211 lbs. milk containing 270 lbs. of butterfat. The "TNT" program is too new for a national SNF average to be established.

Flashing Lights by Highways Criticized

Flashing lights at commercial establishments along state highways are a hindrance to traffic regulation and should be eliminated in the best interests of the motoring public, according to the Minnesota highway department.

The department urges commercial establishments using or intending to use flashing lights to attract attention to first consider whether they create a disruptive influence to traffic and then act in the best interests of highway safety and traffic regulation.

Flashing lights, especially red and green ones, are confusing to motorists. Drivers have mistaken them for traffic signals, emergency vehicles and warnings of detours or hazardous highway conditions. Under these circumstances, the flashing lights impede the flow of traffic and create hazardous situations.

Red and green flashing lights which can be considered as imitating traffic signals are expressly forbidden by state law, but other colored-flashing lights are not, although they can sometimes be equally distracting and confusing to a motorist.

The highway department reports that in the past it has received excellent cooperation from commercial establishments for the removal or alteration of red and green lights and has never found it necessary to resort to the courts to demand compliance with the law.

In the case of blue, yellow and amber flashing lights, the department has a difficult and mainly unsuccessful time convincing owners of establishments using them that they should be removed or altered because of their distracting influence.

Even in the case of red and green lights, the highway department has found it hard to make real progress. For every flashing light the department eliminates with the cooperation of commercial establishments, a new business comes along and installs another to attract customers. But department officials believe such lights are installed in ignorance of their hazardous nature and not through a disregard for highway safety.

In all cases of flashing lights the highway department hopes for a high degree of voluntary cooperation for their removal or alteration.

The St. Paul city traffic committee is considering an ordinance to curb the use of flashing lights for advertising purposes on the grounds that at times lights could interfere with drivers.

Canal Obsolete

In another forty years the Panama Canal will be obsolete, the engineers tell us. By the turn of the century the canal's capacity of sixty ships a day will have been reached according to present projections. The daily average now is a little more than thirty a day. We will add this information to the list of things we will not worry about.

The proposed solution for this future problem is a new sea-level canal, blasted out by nuclear explosions, the cost of which is *currenty estimated at between two and* three billion dollars. By that time the present canal will have given a hundred years of service, greaty reducing shipping costs and netting a nice return on the investment.

The buiding of the present canal was quite an achievement that required not only good engineering but considerable shrewd political maneuvering. The shrewd political maneuvering probably was justified. Certainy it was in the best long range interests of the Panamanian people.

Prospect Not Bright

Preparations are getting under way in Geneva for a meeting of trade ministers, representing many nations, to negotiate trade treaties. The objective will be a lowering of trade barriers. Our country will be represented by Christian A. Herter, President Kennedy's special assistant on trade matters. Congress has given broad powers to the President, authorizing tariff cuts up to 50 per cent.

The coming negotiations will be largely exploratory and are not expected to result in immediate changes. The prospects for agreement of any kind are much less bright than they were a year ago. International relationships have deteriorated a great deal and the world is full of dear enemies and bitter friends.

Even under favorable circumstances negotiating new trade relationships would be difficult. Trade barriers that may be harmful to the nation as a whole are there because they benefit segments of the population that have special interests. Abrupt changes can be detrimental to large numbers. While we wish the negotiators well, the present prospect for good results is far from bright.

Best Idea Yet

The report of the President's study committee on our foreign aid program, headed by Gen. Lucius Clay, recommended that our country assume the major responsibility for assistance to Latin American countries, and that the European nations accept Africa as their primary responsibility. That is the most sensible suggestion we have heard in many a moon.

The concentration of our foreign aid contributions and activities to the western hemisphere would be on our own best interests from every standpoint, and would be consistent with the Monroe Doctrine in terms of hemisphere defense. And the European nations that have controlled Africa through the European colonial system, are in the best position to deal with the problems of the African continent.

Our activities in Africa have been well-intentioned but stupid. In several instances we offended our European friends by our meddling in matters we should have left to them to handle. The European record in Africa has not been all bad. Much of it has been excellent, and most of the independent African nations probably will want to retain and strengthen their ties with Europe.

Progress in both Africa and Latin America will be slow. In both Africa and Latin America the most urgent need is the kind of help that will help them to help themselves, and the transformation in the thinking of the people, that is so essential to their advancement to a self-supporting position in our industrialized civilization, is not going to be accomplished in one generation.

If we do a good job in Latin America our southern neighbors might develop into a truly great people in a couple of centuries.

The Right Way

One thing we like about the National Farm Organization's plan for boosting the prices of farm products is the self-help approach. While we see a lot of things wrong with the kind of self-help they advocate, it is encouraging to know that they are not sitting back and asking the government to guarantee them a fair return. Their program is wrong mainly because it is a program of violence and revolution.

There are some segments of agriculture that have been fairly successful in managing their own production and marketing problems, by self-help programs that have been both realistic and reasonable. We have been hopeful, at times, that the national leaders in the dairy industry would show a little more self-reliance, and lead their industry out of political serfdom and into honorable independence.

But that national leadership seems to be satisfied with the easy way. Why worry about production and marketing problems as long as Uncle Moneybags makes available a guaranteed market.

We are satisfied that it would be in the best interests of the industry if it were forced to stand on its own feet again. That time will come, because Uncle Moneybags isn't going to be able to pour out the billions for such programs each year, indefinitely. The free ride, made available by printing press dollars, isn't going to last forever. The day of reckoning is ahead of us.

The dairy industry is tremendously important to us here in Minnesota. That is why we are hopeful that the leaders of the industry will recognize their responsibilities and move in the direction of control of the industry by the industry, for the industry.

That, we still think, is the American way and the right way.

Student Stockholders

The teacher of a class in "Business Principles" in a Norridge, Illinois, high school, decided that a good way to teach how the business world operates would be to include a little practical experience along with the instruction. Under his direction the members of the class each chipped in a few dollars and invested them in shares of stock in various companies, and the experiment has attracted considerable attention.

The Tulsa Tribune was favorably impresed by the idea and came up with the following interesting observation:

"One of America's problems is the vast amount of ignorance among young Americans as to how free enterprise works. Impressions range all the way from belief that stockholders are big profiteers down to the assumption that the stock market is a slot machine, only crookeder.

"Wouldn't it be healthy if a lot of high schools followed Norridge's example? Say you have a class of 40 students. Set up an investment trust with $1 shares and let each student buy from five to 10 shares preferably with money he has earned. If the average purchase is $7.50 you'd have $300 to play with. Select an investment committee under the chairmanship of the teacher. Visit a brokerage house. Buy shares in three companies. Keep a weekly record of the fluctuations. Balance dividends against brokerage fees. At the end of the year, sell out and let the kids pocket their profits or take their loss.

"It is important to learn that money isn't easily made by those who share the opportunities and headaches of private business. But it is also important to learn that even if your $10 share drops to $8 you are still $8 ahead of the kid who blew his 10 bucks on a couple of twist records."

Spoon-Fed Generation

Who is responsible for the steadily increasing juvenile delinquency? There are many answers and probably most of them are partially right, and partially wrong.

We like the observations of the Telegraph-Bulletin of North Platte, Nebraska, which states:

"You can find a hatful of theories about the causes of juvenile crime. The trouble with most of them is that they seem only partial explanations.

"For example, such usually cited factors as poverty, bad housing, broken homes, racial discrimination and poor schooling obviously don't play any role in the substantial amount of crime committed by well cared for youngsters in U. S. suburbs.

"The playwright Arthur Miller, writing not long ago in Harpers, searched hard for a real common thread, one which would bind together juvenile crime not just in this country but all over the world. It runs high in Europe—even in the Soviet Union.

"Miller believes he has found the bond. He thinks it is an all-pervading boredom, a strange kind of emptiness of the mind and spirit—

"The emptiness he speaks of comes from an absence of challenges, a lack of genuine, meaningful conflicts, a failure to test the individual's will and capacity.

"The poor man's son sees the government, with some erratic exceptions, providing welfare checks. The rich man's son sees his father providing cars, television sets, cameras, at the asking.

"When does either young man learn he must earn the rewards of life?

"In this situation, it is suggested, he manufactures excitement by venturing into daring and often brutal crime. The "senseless" assault perhaps makes sense only as a momentary release from boredom.

"Parents, indeed the whole adult world, cannot be relieved of heavy responsibility for creating the vacuum in which today's youngsters thresh about—often so wildly. But neither can the young be absolved of blame."

Interesting Opinions

"I shall pass through this world but once. If, therefore, there be any kindness I can show, or any good thing I can do, let me do it now; let me not defer it or neglect it, for I shall not pass this way again."

As worthy as the objective may be, attempts by educators to draw a line between "disclosing information" and tattling aren't likely to convince many youngsters.—Raleigh News & Observer

RESEARCH PAYS OFF: each pig heavier, stronger for less than 1/2¢ a day on Land O' Lakes Sow Formula "ONE-FIVE"

Fed thru sow Feeding Land O'Lakes Sow Formula "ONE-FIVE" to your sows during gestation is the easy, low-cost way to make sure all your pigs get the strength to live and weigh more at farrowing time. We've proved it, litter after litter, in research.

This sow feeding program begins before breeding . . . keeps your sows in top condition during gestation . . . and produces a good pig crop for less than 4¢ per sow daily. That's less than 1/2¢ a pig in a litter of eight.

More profit Sow Formula "ONE-FIVE" balances grain in your sow ration, by supplying essential nutrients lacking in home grains. The sow gets proper nutrition for normal body functions as well as developing her unborn litter. This eliminates chance of farrowing dead or weak pigs caused by poor nutrition.

Talk to us! Now, before breeding—give your next pig crop the right start. Put your sows and gilts on the Land O'Lakes sow feeding program. Get heavier, stronger pigs. And bigger litters.

National Guard Was Reorganized April 1st

Reorganization of Minnesota's 47th "Viking" Infantry Division as a ROAD Division was accomplished Monday, April 1. Orders have been issued by Brigadier General Chester J. Moeglein, state adjutant general, to effect the reorganization action which has been the subject of negotiations and some controversy between National Guard and Defense Department officials extending over many months.

Under the reorganization the number of Army National Guard units in Minnesota was reduced from 101 to 90. Unit strengths were increased, however, so that the total manning of Minnesota units was expanded from its present level of approximately 9500 officers and men to approximately 9750, *and all of the state's 67 armories will continue to be occupied.*

The Thief River Falls, Guard unit, Company D, 2nd Battle Group 136th Infantry was reorganized and redesignated Company B, 2nd Battalion, 136th Infantry.

Change to the ROAD organization is being accomplished concurrently with reorganization of Regular Army units, General Moeglein said. (ROAD stands for Reorganization Objective Army Division.) The plan is designed to provide flexibility of organization so that a "building-block" principle can be employed to add or subtract various types of battalions to a standard division base. This permits "tailoring" the organization to meet combat requirements.

Prior to this time the 47th Division has been maintained as a Priority III division with an objective strength of 60 per cent of war strength. After reorganization, the division will be in Priority II and its objective strength will be 70 per cent of war strength. The higher priority will result in the division's receiving more military equipment and will permit the units to attain a higher state of combat readiness. It is expected that a higher number of officers and men will attend Army service schools also.

The Minnesota division, in addition to the division base, will have six infantry battalions, two tank battalions and one armored cavalry battalion. Tactical employment and training supervision of the battalions will be under three brigade headquarters being newly organized.

The 1st Brigade will be stationed at Owatonna and will be commanded by Colonel Paul V. Meyer, Mankato. The 2nd Brigade, commanded by Lieutenant Colonel George McKenzie, will be located in St. Cloud. Duluth will be the headquarters of the 3rd Brigade, commanded by Colonel Carl J. Aufderheide of St. Paul. Major General Robert P. Miller, Appleton, is Division Commander.

Immediately after reorganization Guard units will begin recruiting to reach new strength objectives, General Moeglein said. Usually strength falls off slightly during spring months so intensive efforts will be required to meet the new goals prior to the division's summer camp in June.

Road Travel up in January, February

But Traffic Was Down on U.S. Highways 59 and 75

Travel on Minnesota's rural trunk highways in the first two months this year increased 6.5 percent over the same period of 1962, the Minnesota highway department reports.

Traffic in January-February 1962 however, was abnormally low due to heavy snowfall. States adjacent to Minnesota have reported increases similar to Minnesota's for January and February.

The highway department makes traffic counts the year around, using 31 automatic traffic recorders placed at locations on rural highways. These recorders are supplemented with other portable recorders at other locations and moved periodically, thus providing a comprehensive picture of travel on rural highways throughout the state. The traffic counts are used, with other information, to ascertain present and future highway needs.

The largest traffic increases in January and February took place on US 52 north of Rochester, with a 43.2 percent higher count this year; US 14 west of Rochester, with a 28.7 percent increase; US 169 south of Onamia, with a 28.2 percent increase; TH 60 southwest of St. James, with a 19.5 percent; and US 52 west of Sauk Centre, with a 21.6 percent increase.

The lowest traffic counts listed among the 31 recorder locations this year were: an average of 308 vehicles traveling northeast of Blackduck on US 71; 560 vehicles daily on US 75 south of Warren; and 661 vehicles daily on US 59 south of Winger.

Three Small Fires over the Weekend

Little Damage in Blazes on Saturday and Sunday

The local fire department responded to three alarms over the weekend, only a small amount of damage resulting from the blazes. At noon Saturday firemen were called to the Basil Westacott farm home four miles northwest of this city, where straw banking around the house caught fire. Little damage resulted.

At 1:30 p. m. Saturday an alarm was turned in from the Arctic Enterprises plant, where a blaze developed in wooden crates stored outside. Damage was small.

A 1957 Ford car parked near the court house and belonging to Charles Erickson, city, caught fire Sunday evening, and the wiring was damaged before the blaze was extinguished.

AT THE CHURCHES

Community Methodist
A. Dean Headley, Pastor

"Christ Enters our City" on Palm Sunday, as He did Jerusalem many years ago. Choices are given as he enters, these will be the basis for the Sermon this Sunday at 9:30. At 11:00 the Senior Choir will present a Cantata as preparation for the Holy Week period. Members will be received at the close of the service. At 12:15 there will be a pot luck at which new members will be introduced by their sponsors. All are cordially invited, bring a covered dish, salad or sandwiches, drink to be furnished by the church. Sunday School will be at the regular hour. Not the changes in class meeting places as listed in the Lenten Letter of the past week. The Junior Choir will sing at the 9:30 worship service and then go to their classes in Epworth Hall for pictures on Pine Bend Indian Mission work.

Friday evening at 8 p. m. in Epworth Hall, 14 Captains will select their teams for the Every Member Visitation. All are urged to be present. The Resource Chairman also asks members of his committee to work, Lloyd Bennes, Chm. You will be notified of the place and time-save the evening, April 5. The first in a series of 5 letters will be mailed to every member and friend on Wed. April 10, as a result of these special efforts.

Communion will be served from 7-9 on Thursday evening, April 11th. A table will be served every 15 minutes, plan to attend as a family, invite another. Let this be a preparation for the Good Friday services from 1-2, and for Easter. Identical services at 9:30 and 11:00. Bring your Sacrificial Offering on Easter.

THE FIVE DAYS

The Palms and the Cross were but five days apart!

On Sunday, down a road strewn with palms, Christ rode triumphantly into Jerusalem . . . and men hailed Him as their King.

On Friday He climbed the rugged slope of Calvary . . . and they nailed Him to a Cross.

How suddenly good turns to evil! How quickly we sometimes lose our vision of God!

The paradox of those five days is history's striking lesson in the importance of a *constant* faith. The faltering, hot and cold sort of religion made possible the Crucifixion!

Palm Sunday you'll be going to Church. In a quiet moment in the sanctuary remember those five days . . . resolve to worship EVERY Sunday, and to live your faith EVERY day.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Marshall Co. Board Fails To Endorse Requested Bill

Compromise On East Marshall Land Rejected

by Marvin Lundin
City Editor

By failing to take action favorable to legislation proposed for controversial conservation area in eastern Marshall county, the Marshall county board of commissioners left the matter hanging in mid-air on Tuesday. Controversy on the classification and use of lands has flared at various times since George Selke, former conservation commissioner for Minnesota, transferred 33,000 acres of land to the division of game and fish shortly before leaving his post several years ago.

A number of meetings and resolutions from various opposing groups, not least of these the board of county commissioners, have been held or presented in attempts to resolve the situation. At very few points has there been a hint of agreement and each succeeding meeting or resolution has served only to muddy the water.

At the request of the county commissioners about six weeks ago, the department of conservation instructed its attorneys to draft a bill for presentation to the state legislature. Marshall county commissioners then attached a "rider" to the proposed bill, regarding Eckvoll and Elm Lake areas, and that "rider" was unacceptable to the conservation department.

Marshall county legislators, Sen. Donald Sinclair of Stephen and Rep. Richard Fitzsimons of Argyle, have refused to urge passage of the bill until the county board authorizes such support by a unanimous decision. It was apparent at the Tuesday meeting that such unanimous action would not take place. In effect, the refusal to take action was an act against the bill.

The proposed bill was brought up for discussion at Tuesday's meet-

Charles Vorachek Rites Thursday

Long-time Resident Dies Sunday In St. Paul Hospital

Charles W. Vorachek, a resident of Thief River Falls for many years, passed away Sunday afternoon, April 7th, at the Miller Hospital at St. Paul at the age of 78 years.

Funeral services have been set for Thursday afternoon, April 11, at 2:00 p. m. at the Community Methodist Church, Reverend A. Dean Headley will officiate.

The Green Funeral Home is in charge of arrangements.

A complete obituary will be in the next edition of the Times.

Mr. Vorachek served for many years as assistant cashier of the former Citizens State bank in this city, and later was in the insurance and tax accounting business.

Jaycees Approve Sponsorship of August Air Show

Approval to the sponsorship of an air show in connection with the Ninth Annual Aquacade was given by members of the Thief River Falls Junior Chamber of Commerce Thursday evening. Sponsorship is contingent upon a number of factors, including permission from a number of individuals and agencies, and further plans will be made at an Aquacade committee meeting to be held Tuesday evening.

If all contingent factors prove favorable, it is likely that the Aquacade dates will be set back one week from the traditional first weekend in August. James Wilson is general chairman for the Aquacade and Roland Larson has accepted chairmanship of the air show portion of the program.

Ralph Foster, member of the nominating committee which also includes John Elsbrener, Bruce Hall and Glenn Peterson, presented the report of the committee. Nominations may also be made from the floor at the election meeting to be held April 18.

Officer candidates nominated by the committee include the following:

Marvin Lundin, president; George Hildre and Philip Bergland, first vice president; Kenneth Swenson and William Ness, second vice president; James Wilson and Fred Ballou, secretary; Kenneth Taylor and James Fisher, treasurer; Warren McIntosh, state director; Richard Bjorkman, Silas Giere, Allan Torkelson, James Winjum and Lee Gustafson, directors.

Ralph Foster also presented plans for attendance at the state meeting to be held in St. Cloud during the first weekend in May. As many members as possible are urged to make the trip to the meeting which is designed to be inspirational for all Jaycees attending. Fund-raising projects are being undertaken to assist in defraying cost of a chartered bus for the convention.

Si Giere reported on the charity dance which was held as a benefit for the local Salvation Army unit in lieu of a Christmas solicitation by the chapter. The club also made its annual appropriation of $50 to support the high school athletic banquet.

March Has Record High Temperature

75 Degrees Noted March 31; Highs Average 40.74

With a record high temperature for March 31 of 75 degrees and no precipitation for the last 21 days of the month, March of 1963 has gone into the record as a unusually nice month. High temperatures averaged 40.74 degrees and lows averaged 15.97 degrees with the average temperature being 28.35 degrees.

Twenty-one days during the month had high temperatures of 32 degrees or warmer while only four low temperatures were below zero. Coldest day totaled eight inches of snow, all of which fell prior to March 10 and five inches of which came from March 7 to 9.

During the past five years only 1961 had a higher average temperature with 30.98 degrees although average highs that year were only 39.65 degrees—1.05 degrees below March of this year. Precipitation this March was the greatest amount in the five-year past period, with seven inches of snow falling in March of 1962 and eight inches last month.

A comparison with previous years is as follows:

More Than 2,000 Cups Free Coffee Enjoyed on Friday

People who contend that "there is no such thing as a free lunch" should have been in Thief River Falls Friday. Peterson-Biddick company served about 1,000 people at their annual open house, Sjoberg Appliance served about 800 cups of coffee at the observance of their cable television service, Western Auto handled a large number of coffee drinkers at their basement store opening, and Red Lake Electric Cooperative provided lunches for 952 persons at its annual meeting.

Odd Fellows Hold Conclave April 2

Emmett Mousley Endorsed for Deputy Grand Master

The local Odd Fellows of Young Pine Lodge were hosts Tuesday, April 2, to a combined regional and district meeting. L. J. Porter of Bovey, regional director and a past grand master of the state grand lodge, spoke of the regional activities of the order. Alfred Longren, noble grand of the local lodge, conducted the meeting.

On the district level, District president Willie Rondorf conducted the meeting and election of district officers and recommendation of new district deputy grand master was held. Emmett Mousley received the endorsement, with final appointment to be made by Gordon F. Ekberg, grand master of Minnesota.

The new district president is Albert Sjolsvold. Vice president J. Arthur Frykholm of Alvarado and Millard A. Nelson of Thief River Falls, secretary, were both reelected. A lunch and social time followed the meeting.

Inaugural Ball Is Set Apr. 16 by DFL

Mrs. Alfred M. Johnson Is County Hostess for Event

Mrs. Alfred M. Johnson, Pennington county DFL chairwoman, today was named by State Chairman George Farr to serve as county hostess for the Inaugural Ball honoring Governor and Mrs. Karl F. Rolvaag and other elected state officials.

The Inaugural Ball is scheduled for Tuesday, April 16, beginning at 8:30 p. m. in the Prom Ballroom in St. Paul, Minnesota.

"County hostesses will be responsible for extending invitations to the friends of Governor Rolvaag and the other state officials, and to assist generally in making the Ball a success," Farr said.

"This will be the first time in the history of Minnesota that the Inaugural Ball has been held in in the spring of the year. Normally this event takes place in January, shortly after the governor takes office. However, the lengthy recount postponed the inauguration of Karl Rolvaag to late in March," Farr said.

1,100 Attend Red Lake Electric Meeting Here

GIFTS to all patrons attending the annual meeting of Red Lake Electric Cooperative Friday in the Thief River Falls city auditorium were given at the registration desk by employees of the rural electric company. The main floor of the auditorium was filled and most of the balcony seats had been taken when this Times photo was made, accounting for the bewildered expression of one patron who had just registered.

Silver anniversary annual meeting of Red Lake Electric Cooperative, postponed Wednesday by an April blizzard, was greeted by sunny skies and an estimated 1,100 patrons Friday at the Thief River Falls city auditorium. Capital credit checks, totaling $50,563, were made available to 3,500 shareholders by the cooperative this year, based on eligibility for 1958 and years previous.

Unanimously reelected to three-year terms on the board of directors were Millard Dailey of Red Lake Falls, Lars Larson of Oklee and Joseph Brunelle of Crookston. Reelected officers at the reorganization of the board were Leonard Melin, Red Lake Falls, president; Helmer Lind, Newfolden, vice president; and Joseph F. Skala, Red Lake Falls, secretary - treasurer. Other directors include Raymond Parnow, Thief River Falls, and Stanley Radniecki, Oklee.

During 1962 the cooperative showed an increase in income of approximately $24,000 in a total of $680,046. Net margins increased from $85,297 in 1961 to $108,990 last year. Sales of electric power increased nearly $30,000 while cost of power purchased increased about $2,000. Total expenses were held to $571,055—an increase of only $315.

At the end of 1962 the cooperative had total assets of $2,974,682, current and accrued liabilities of $2,490,660 and total membership equities of $484,001. A total of 3,294 members were served by 2,211 miles of line with the average user purchasing 5,553 KWH and the average annual bill totaling $172.

Included in the annual report of the cooperative was a summary of the cooperative's history since its organization and incorporation in 1938. Incorporators were Fred Berberich, Erskine; Selmer A. Walhaug, Oklee; Octave Varin, Brooks; Victor Medchill, Plummer; and C. W. Beyer, M. F. Dailey, George Remick and Joseph W. Ste. Marie, Red Lake Falls.

The incorporators also comprised the first board of directors. Capital stock authorized was fixed at $5,000 and the ownership was vested in individual stockholders at $100 par value. The duration of the cooperative was 35 years but it was later changed to perpetual.

First Annual Meeting

First meeting was held July 8, 1938, at the county courthouse in Red Lake Falls. Ste. Marie was elected president with Beyer as vice president and Berberich as secretary - treasurer. George Remick of Red Lake Falls purchased the first membership in the cooperative.

Pennington county farmers had been attempting to secure electric power for several years at the time that Red Lake Electric Coop-

100 Enroll in Five-Day Stop Smoking Plan

Opening Session Is Held Sunday Evening At LHS Cafeteria

One hundred determined men and women attended the opening session of the "Five-Day Plan to Stop Smoking" held Sunday evening at the Lincoln high school cafeteria. The program is sponsored by the Seventh Day Adventist church as a community service project and all interested persons may attend. The sessions will continue each evening through Thursday from 7:30 to 9 p. m.

For the benefit of persons not taking the course but interested in a personal report, Marvin Lundin, Times city editor, will publish his comments in the Thursday edition of the Times. Due to a death in the family and his being called out of town Sunday and today, he will miss the first two sessions but has arranged for material so as to follow the course outline.

Last night's session included the showing of a color film discussing the relation between smoking and lung cancer and depicting an actual operation to remove a lung. Since the lung being removed is that of a cigarette-smoking newspaperman, it makes quite an impression on members of the news media.

What may have had somewhat of a demoralizing effect on Sunday night's crowd was the idea that not only did they have to quit smoking, they had to be real clean-living citizens while doing it. At least for five days and nights they do.

The plan calls for no liquor, no coffee, lots of exercise, early to bed, deep breathing, good old nourishing water, fruit and fruit juices and similar items. Will power is said to be the key to the entire performance of the quit-smoking task, but the diet imposed is designed to make it easier to

27 LHS Musicians Gain 'A' Ratings at District Festival

Lincoln high school musicians captured 27 "A" ratings at the District 31 music festival held Friday and Saturday at Crookston Central high school. Recipients of "A" ratings will compete in the State Area festival to be held May 3 and 4 at Lincoln high school in Thief River Falls.

Major groups in the three divisions representing the local school, concert band, concert choir and orchestra, all received top ratings as did the girls' glee club. Other ensembles winning "A" ratings were the following:

Gretchen Larson and Nona Pukari, violin duet; Dave Swenson and Kathy Lafrenz, violin duet; Gretchen Larson, Nona Pukari, Judy Knushagen and Larry Larson, string quartet;

Also Nadine Craig and Janet Thorstenson, vocal duet; Karen Moe, Gloria Philipp and Carol Carlson, vocal trio; Kathy Ose, JoAnn Kraemer, Nadine Craig, Carol Carlson, Janet Thorstenson and Karen Moe, girl's sextette; Ron Lindberg, Brian Lofberg, Lester Dretts, Keith Hanson, Mark Steen, Rick Kelley, Jeff Hoel and Clark Dyrud, boy's octette; and Gloria Philipp, Janet Stone, Carol Ann Peterson, LuAnn Johnson, Carolyn Torkelson, Janice Mattson, Nancy Newton, Kathy Oski and Linda Cameron, triple trio;

Also Trudy Waale, Bonnie Finstad, Mary Aakhus and Rose Votava, clarinet quartet; Judy Iverson, Wayne Zitzow, Warren Buck and Rae Carlson, saxophone quartet; Jerry Erickson, Mark Anderson, Bryce Ernst and Dave Ballingrud, trumpet quartet; and Mary Bennes, Jim Jaranson, Linda Olson and Evonne Lindberg, flute quartet.

Soloists receiving "A" ratings were Ron Kvikstad and Kathy Roese, snare drums; Jerry Erickson, trumpet; Gretchen Larson, violin; Karen Moe, Nadine Craig, Janet Thorstenson, Lois Collver and Judy Iverson, soprano; Ron Lindberg, bass; and Jeff Hoel, tenor.

Temperatures for the last four days were, Thursday, high 38 and low 10; Friday, high 52 and low 35; Saturday, high 61 and low 28; and Sunday, high 55 and low 42.

After 1¼ Million Miles . . .

Newfolden Rural Carriers Complete 92 Years Service

U.S. MAIL
LETTERS

NEWFOLDEN rural carriers who have compiled 92 years of service to the patrons on routes 1 and 2 will be retiring this year. At left is John Dyrud, carrier on route 1 for 42 years, and at right is Hjalmer Haugen, carrier on route 2 since it started in 1913. Haugen will retire April 30 after 50 years of service and Dyrud will retire in October with more than 42 years of service. They are pictured outside the Newfolden post office.

Mail carriers on Newfolden rural routes will retire this year with a combined service of 92 years to the postal department. Hjalmer Haugen, carrier on route 2, will retire April 30 after 50 years of service and John Dyrud, carrier on route 1 for 42 years, will retire on October 31 this year.

Both men have cited a number of changes in the occupations during the period of service, with the change from horses to automobiles and improvement of roads being the major consideration. Together the two men have totaled about 1¼ million miles of travel in performing their duties over the years not counting back-and-forth jockeying when stuck in mud or snow or detouring to cover as much of the route as possible.

Retirement for Dyrud will be spent traveling and visiting with his children, a considerable amount of fishing, and possibly trying to convert Haugen into a fishing partner.

Haugen History, Route 2

Route 2 was established in 1913 and has been served by Haugen continuously since that time. With the establishment of the route, the country post offices of Fodvang, Ellerth and West Valley were discontinued. C. P. Haugen, Hjalmer's father, had served as postmaster at Fodvang for 22 years prior to that time, making part of the present route served by father and son for 72 years. Other postmasters when the rural offices were discontinued were M. Sellstad at Ellerth and E. O. Hjelle at West Valley.

About 90 boxholders were on the route in 1913 and the number presently totals about 135. Haugen estimates he has traveled three-quarter million miles on his route in a wide variety of vehicles. Some of his cars were Saxon, Durant, Star, Studebaker, Essex, Hudson and Pontiac in addition to the current popular makes. About 40 vehicles, including those used with horses, have been used by Haugen in his work.

Early Transportation

"In 1913 the transportation was horses and buggy in summer and sleigh in winter," Haugen said. "During winters of heavy snow it was not unusual to tip over, especially when meeting traffic. The first automobile used was a 1914 Ford Model T. It was not possible to use autos for several months during the winter and horses continued to be used in winter time.

"About 1923 a new mode of transportation was put into use.

Carol Anderson Bride of Dwight Westman Mar. 23

Miss Carol Jean Anderson, daughter of Mr. and Mrs. Melvin [illegible] Anderson of this city, became the bride of Dwight R. Westman, son of Mr. and Mrs. Russell Westman of Stephen in a double-ring ceremony at Trinity Lutheran church of this city on March 23. Rev. Marvin O. Carlson officiated. Altar decorations were pink and white flowers.

Mark Anderson of Thief River Falls, the bride's cousin, played Lohengrin's "Wedding March" on the organ as the bride entered the church on her father's arm and was given by him in marriage in the presence of 275 guests. He accompanied Miss Carmen Pederson of this city in her rendition of "The Lord's Prayer," and "Song of Ruth."

For her marriage, the bride chose a full-length gown of peau taffeta veiled with sheer silk organza. Applique of re-embroidered alencon lace in floral motif dewed with seed pearls and iridescents highlighted the princess-line bodice which was fashioned with oval neckline and long, tapered sleeves. Repeated appliques accented the full bouffant skirt which fell from a corded hipline and swept into a chapel-length train. Her short bouffant veil was caught to a queen's crown of crystal-tipped pearl spires. She carried an arm bouquet of pink long-stemmed roses. Her pearl earrings were a gift of the groom.

Attending the bride as maid of honor was Julie Bedford, Wadena, and as bridesmaid, Sharon Westman, Stephen, sister of the groom. They chose identical ballerina-length gowns in soft copen blue nylon organza over taffeta. The fitted bodices were styled with scoop necklines and elbow-length sleeves. The slightly bouffant belled skirts fell from a bound wedding ring waistline. A fabric primrose accented the waistline and added recessional beauty. Circular veils attached to a braid coronet, lightly touched with pearls, formed their headpieces.

They carried arm bouquets of white roses, and wore pearls, a gift of the bride.

Best man was the groom's brother, David Westman, Stephen, and serving as groomsman was Paul Vogt of Morris. The men of the party wore black tuxedos.

The bride's mother was in an off-white, 3-piece suit, and the groom's mother in a 3-piece suit of beige. Their corsages were of pink and white roses.

Ladies of the Redeemer Lutheran church served a complete smorgasbord of favorite Swedish foods at a reception given in the couple's honor in the church parlors after the ceremony, with 275 guests in attendance. The 4-tiered, white-iced bridal cake, with accents of pink roses, featured a Christogram top.

Attending the reception from out of town were friends and relatives from Manitoba, Saskatchewan; Minneapolis, Duluth, Fergus Falls, Moorhead, Princeton, Canby, Fairfax, Center City, and East Grand Forks, Minn., and Drayton, and Devil's Lake, N. D.

The bride, a Lincoln high school graduate, also attended the University of Minnesota in Duluth, and is employed as a cosmetician at a Duluth department store. Her husband graduated from Stephen high school and will graduate this coming year from the University in Duluth.

For their honeymoon trip to southern Minnesota, the bride selected a fitted suit of beige wool and mohair, accessorized with black patent. The couple is at home at 1728 E. 3rd Street, Duluth.

Rebekahs To Be Host To Assembly Prexy

Rebekahs will be hosts at the appearance here of Millie Mae Hendricks, assembly president, of Hovey, Minnesota, at the Odd Fellows hall on Thursday, April 11, at 8 p. m. The Bethany lodge of Warren and the Magnolia lodge of Fisher have been invited to attend the meeting.

A district deputy president will be recommended. Lunch will be served, and refreshments will be followed by a short program. All members are urged to attend.

Mrs. Justus Larson In Fashion Feature

One of seven women pictured in a regular feature of the Tuesday edition of the Minneapolis Morning Tribune was Mrs. Justus Larson of this city. Pictured on the street in the fashion feature, she wore a hopsacking wool coat in robin's egg blue, with a brimmed cloche in white straw, appliqued in blue, and accessorized with black patent leather.

Coment of the fashion authority, which accompanied the picutres, was: "I'd like the individual approach to fashion. Each woman should know herself and choose from new fashions only those clothes that are flattering to her and show her unerring good taste. These she will, of course, accessorize to fit the occasion and personality."

Carol Kjensrud Given Pre-nuptial Shower

Honored at a miscellaneous bridal shower at the Marvin Gustafson home on Sunday evening, March 31, was Miss Carol Kjensrud.

Each of the invited guests brought a favorite recipe, which was read to the group and then presented to the bride-to-be in addition to her other numerous gifts. Games were also a part of the entertainment, with a delightful lunch being served by the hostess at the conclusion of the evening. The specially - decorated shower cake was cut and served by Mrs. Curtis Bottem.

In addition to the guest of honor, those present were: Mrs. George Gunderson, Newfolden; Mmes. A. Thomas Flom and Mary Lou; Oscar Baker, Bennie Svanjord, Curtis Bottem, Emma Halvorson, Reuben Wangberg, Art Joppru, Arlene and Shirley; Engvald Dahl and Sandy; Chris Saustad, Marvin Gustafson and Marlene, Frank Heinze, Clarence Kjensrud and Christine; Miss Phoebe Anderson, Mrs. Clifford Jorde, Diane Wilson, and Mrs. Ellert Kjensrud.

Pink-Blue Shower For Mrs. Everett Mugaas

Mrs. Everett (Buddy) Mugaas was honored guest at a pink-and-blue shower at the Albert Peterson home on Wednesday evening. Mrs. Edwin Lund and Mrs. George Severts were assisting hostesses for the occasion.

Entertainment consisted of contests, and the award of a door prize to Mrs. Elena Skoglund. After viewing the gifts, the guests were served a pot-luck lunch.

In addition to the guest of honor, those enjoying the evening were Mmes. Elena Skoglund, Ervin Engevik, Walter Lunsetter, Bernard Engevik, Gertie Abrahamson, Florence Laurence, Reuben Engevik, Albert Bollie, Rose Mugaas, Willie Taie, Elaine Koskela, Aksel Gormsen, Edwin Lund, Constance Ruud, Arnold Engelstad, Chestie Ruud, Juell Aase, and the Mugaas children. Other coffee guests were Bernard Engevik, Aksel Gormsen, Everett Mugaas, Albert Peterson and Willie Taie.

Legion Auxiliary Has April Meeting Monday

The American Legion auxiliary met in the Legion club rooms for its monthly meeting Monday, April 1, with Mrs. Chester Swanson presiding.

Among business matters taken up were a child welfare report, an announcement of a clothing drive which will be sponsored this month for needy Indian children, and voting to endorse Mrs. M. R. Levorson as an executive board member of the ninth district.

Mrs. Swanson announced that the spring luncheon would be held in Halstad on April 27, and that those planning to attend should contact her.

The Past Presidents' parley furnished the program, whose theme centered around the Dominican Republic. Also included on the program were several numbers sung by the American Legion chorus. Winner of a prize was Mrs. George Baken. Mrs. Morris Olson forfeited the attendance prize.

Lola Nelson Weds Grand Forks AFB Man At Warren

An April 6 wedding at Our Saviour's Lutheran Church at Warren united in marriage Miss Lola Noreen Nelson of Grand Forks, N. D. and Richard Arley Eldridge of Kokomo, Ind. The double-ring ceremony was performed by the Rev. H. F. Hofstad, at 8 o'clock in the evening, with a background of lighted tapers and bouquets of yellow jonquils. About 100 guests attended.

The bride is the daughter of Mr. and Mrs. Wilfred Nelson of rural Thief River Falls. The groom is the son of Paul Eldridge and the late Mrs. Eldridge of Kokomo.

Mrs. Myron Carlson of Angus presided at the organ, accompanying Rodney Carlson in several vocal selections, "The Wedding Prayers," and "The Lord's Prayer."

The bride's father gave her in marriage. She chose for her wedding ensemble a beige suit with matching hat. Her corsage was of yellow and white mums.

Miss Inez Nelson, Minneapolis, was maid of honor for her sister's wedding. She wore a navy blue suit and her corsage was likewise of yellow and white mums.

Best man was Pete Clarkson of Cleveland, Ohio. Ushers were Wesley Neslon and David Flaten.

The bride's mother was in a green two-piece dress, with a similar corsage.

A reception was held in the church parlors following the ceremony. Approximately 100 guests attended.

The three-tiered bridal cake was baked by Mrs. Arnold Lamberson and cut by Mrs. George Baumeister of this city and Mrs. John Lamberson of Baudette, both aunts of the bride. Mrs. Andy Morkassel of Warren and Mrs. Art Thompson of Viking, poured. Both are great-aunts of the bride.

Maralee Geize registered the guests and Carol Kuzel and Barbara Hess were at the gift table. Waitresses were Ramona Lamberson, Barbara Baumeister and Mrs. Warren Hamrick.

The bride graduated from Warren high school with the class of '62, and is at present attending Aaker's business school in Grand Forks. Her husband, a 1961 graduate of Kokomo high school, Kokomo, Ind., is stationed with the Air Force near Grand Forks, N. D.

They will reside at 408 N. 7th St., Grand Forks, N. D.

Newcomers To Have Meeting Wednesday

Newcomers' Club regular meeting will be held on Wednesday, April 10, at 8 p. m. in the courthouse meeting room. Lunch will be served and will be followed by a social hour. Hostesses for the evening are Mrs. Keith Spindler and Mrs. Paul Keyser.

Falls Squares Keep Up Their Busy Pace

Falls Squares members met Saturday, April 6, in the city Auditorium, where Ed DeLap called many favorites, including squares "Stealing Kisses" and "Tiperary"; taught the round "Pazzo Pazzo", and—mixers "Sugar Blues" and "Jiffy Mixer." Special birthday honors were conferred on Bob Bonke, Mr. and Mrs. Al Bacon, Mr. and Mrs. Denny Inman, Chris Saustad and Claire Johnson.

President Randall Noper conducted the business meeting. Evaluation of the spring swing festival was held and a nominating committee was appointed. The committee consists of chairman Ken Kohler, Al Bacon and Morris Owen.

There will be no square dance in Thief River Falls on April 20. The next Falls Squares dance will be Amateur Night on May 4th with Sam Porter in charge. Amateur callers and club members are invited to brush up a call or two for this occasion. Announced was the Belle's & Beaux dance on Tuesday, April 9, in Grand Forks, with Ed DeLap calling the squares.

Lunch was served by Messrs. and Mmes. Herb Hartje and Quentin Jones.

Eagles' Auxiliary To Nominate Apr. 15

Eagles' Auxiliary's April 15th meeting will be taken up with the nomination of officers and delegates to the state convention, and a full representation of members is strongly urged.

At the last meeting, presided over by Ella Larson, president, a gift of $25 was voted for Camp Courage, and a like amount for Home on The Range for Boys.

Prizes were won by Gladys Odegaard and Helen Dahl. Helene Leach forfeited a prize as of March 25 since she was not present. Taking charge of the entertainment were Edna Pederson and Ella Paetznick. Hostesses were Shirley Russell, Dorothy Poolman and Esther Ovesbye.

The local auxiliary received invitations from their counterparts in Minneapolis for that unit's anniversary observance of April 9; the Hallock celebration of their 5th anniversary, and the 2nd anniversary celebration of the Detroit Lakes auxiliary, both on April 27. Both units were instituted by the Thief River Falls unit. Detroit Lakes auxiliary is having a full day of activity, including a noon luncheon, afternoon program, a supper, business meetings, and dancing.

Zehlians Study the Art of Water Color

Donald Lerud, art instructor at Lincoln high school, was again instructor and demonstrator of a facet of art at the April 4 meeting of the Zehlian Art Group. He instructed the members in the techniques of water color, and accompanied his instructions with a demonstration.

Mrs. James Disse was hostess to the group and served lunch following the lesson. A social hour was also enjoyed. Mrs. Art Forsberg Jr. will serve as hostess for the next meeting, which is scheduled for April 25 at her home.

BIRTHS

Mr. and Mrs. Duane Kulseth, rt. 4, girl, April 6, 8 lb. 14 oz.

FLOODS today beset a number of residents on the east side of Red Lake River on Michael st. between Markley and Kendall ave., two houses and two garages being completely surrounded by water. The flooding occurred because the area is not served by a storm sewer, and the water does not drain off readily. Anyway, the youngsters shown in the picture seem to be enjoying the privilege of wading.

KITCHEN KARNIVAL

Features from the kitchen of

MRS. ROBERT LEE (BLOSSOM) STEWART

Especially festive for Easter breakfast are these orange rolls, the recipe contributed by a former resident, Mrs. Robert Lee Stewart, now of Missoula, Mont.

ORANGE ROLLS

1 pkg. active dry yeast or 1 cake compressed yeast	1 teaspoon salt
¼ cup water	5-5½ cups flour
1 cup milk, scalded	2 beaten eggs
½ cup shortening	2 tablespoons grated orange rind
one-third cup sugar	¼ cup orange juice

Soften dry yeast in warm water or compressed yeast in lukewarm water. Combine hot milk, shortening, sugar and salt. Cool till lukewarm. Stir in about 2 cups of the flour. Beat briskly. Stir in softened yeast. Add orange peel, juice, and remaining flour, to make a soft dough. Cover. Let stand 10 minutes. Knead dough 8-10 minutes on lightly-floured board until smooth and elastic. Place in greased bowl, turning dough to coat with grease. Cover. Let rise until doubled in bulk (about 2 hrs.) Punch down, cover. Let stand 10 minutes. Roll dough in 18 x 10 in. rectangle, ½ inch thick. Cut strips 10 in. long and three-fourths inch wide. Roll each strip lightly under your fingers. Tie loosely into knot. Arrange on greased baking sheet. Cover. Let rise until almost doubled in bulk — about 45 minutes. Bake in 400 degree oven 12 minutes, or until done. Brush with the following icing, using a pastry brush for a smooth, even glaze; Blend 1 teaspoon grated orange rind, 2 tablespoons orange juice, and 1 cup sifted confectioners' sugar.

Mrs. Stewart is the daughter of the late R. J. Goodno and Mrs. Harry Storeby of this city, and a graduate of Lincoln high school. Mr. Stewart, formerly with the FBI in Washington, is now with Glacier General Ins. Agency at Missoula; he is chairman of the Red Cross for the state of Montana, and Blossom, his wife, is chairman of the Gray Ladies of Missoula, in charge of the blood donors' program there. She has organized school libraries, and in addition has hobbies, such as gardening, flowers, cooking and sewing.

Her husband is the son of John and Eleanor Stewart, formerly of Goodridge and Thief River Falls. They live in Rattlesnake Valley, with a trout stream and 100-foot Ponderosa pines in the back yard. Ricky, their son, is a violinist and pianist, but loves to hunt and fish with his dad.

Julie, their daughter, is a horse fan, has her own riding pony, and is also musical, playing piano. She cuts and rolls out the strips when her mother makes these rolls. And she makes them often, as they are a family favorite and one which all the relatives and friends enjoy.

Carol Bagley Engaged To Roger Humphrey

Rev. and Mrs. E. G. Bagley of Zimmerman, formerly of the Gatzke community, announce the engagement of their daughter, Carol Jean, to Roger Humphrey of Lemon Grove, Calif.

MEMBERS of Red Lake Electric Cooperative filled the Thief River Falls city auditorium to near capacity Friday for the annual meeting of the organization. Originally scheduled for Wednesday, the meeting was postponed to Friday because of the early April blizzard which made travel nearly impossible. The weatherman obliged the patrons on Friday and provided a bright, sunny day for the annual meeting. Attenadnce at the meeting was estimated at near 1,000 by Charles M. Kleven, manager of the cooperative. Capital credits checks numbering 3,500 and totaling $50,563 were available at the meeting for distribution to members.

DELEGATES from Thief River Falls Lincoln high school and Goodridge high school toured the Pennington county courthouse Thursday as the Ecklund-Holmstrom Post of the American Legion in this city sponsored Boys' and Girls' County. Delegates were provided with a free dinner at noon at the American Legion club rooms. In the above photo, Curtis Charlson, county attorney, addresses the students at the dinner. Seated next to the speaker is John Elsbrener, commander of the local American Legion post.

Attempt Forming of 4H Club in Goodridge Area

Any boy or girl between nine and 21 years of age may join the 4-H program by agreeing to follow 4-H ideals and standards. The main requirement is a willingness to "learn by doing," which is the club slogan, and "to make the best better", which is the club motto. Character development and good citizenship are long-range goals.

The term "4-H" refers to head, heart, hands and health, which are emphasized in the club program and which imply these educational objectives of members.

Because of the concern of the local young people in the Goodridge area to "learn by doing," there will be an organizational meeting to form a 4-H club in Goodridge on Monday at 8 p. m. in the Goodridge school.

CHAMBER L.I.F.E.

Living-Industry-Farming-Education

By Rolly Larson
Manager Chamber of Commerce

Community development is something that everybody is for. Just like motherhood, the American flag or like being against sin. It is strange to observe, however, just how many different philosophies there are about how it should be done.

For years Americans have been a bunch of "do-it-yourselfer's" and have been doing surprisingly well at building up their communities. In fact, there was a day when communities took a great deal of pride in the very fact that they could carry out development projects on their own volition.

In recent years, however, there has been a noticeable trend toward letting somebody else do it, such as our good friend, Uncle Sam. This line of thought has undoubtedly come from those politicians who have told us that we can no longer believe that American people are smart enough or capable of solving their problems on a local level.

Consequently, we have let the state and most noticeably, the federal government assume more and more power and we have drifted into some sort of a mood that can only be described as apathetic and dangerous in a free country such as ours. As a result, the United Statesno longer has the most rapid rate of economic growth that it once enjoyed, it has a growing rate of unempoyment; and it has a rising national debt because it doesn't have enough money making taxpayers to cover the costs of operating our rhinoceros of a federal government.

So now the politicians, many of them, the same ones who told us to jump on the federal bandwagon, are telling us to shape up, to get our tax climate for business in shape, to do things on a local level to provide jobs, don't ask the federal government for any more accelerated public works money because the pot of gold has run dry, and that we'd better hurry because the problem is growing worse.

It was interesting to hear the United States Chamber community development specialist, Howard Evans, discuss this subject in Grand Forks last Friday. He pointed out the pitfalls in city planning commissions, RAD committees and other such programs, allowing of course, that they definitely have their place.

His main point was, however, that real productive action still lies with the people in the community, not in bureaucrats, and that because of that fact, the people must be allowed to decide for themselves how to develope their community. Otherwise, when it comes time for bond issues and other action programs when you need a majority of people behind a cause, your people won't be behind you and your planning work will have been in vain.

In any event, we have no argument with voluntary action in this field and we hope that there will be a lot more of it. We hope too, that you enjoy "Springzapoppin" as you Shop and Trade Where Bargains Are Made-Here in the Heart of Northwestern Minnesota, Thief River Falls.

Scilley Promoted To SCS Office In Saint Paul

Francis Maynard Scilley, soil scientist with the Soil Conservation Service and stationed at the area office in Thief River Falls for the past 10 years, has been promoted to the position of assistant state soil scientist and transferred to St. Paul, according to H. G. Halverson, area conservationist. Scilley assumed his new duties on April 1.

The Scilley's, whose daughter Nancy will graduate from Lincoln high school this year, do not plan to move to St. Paul until after the close of the current school term. Their son Roger is attending St. John's University at Collegeville and their youngest son Ricky is in elementary school.

Maynard and his wife Norma have been active in civic and church affairs in this city.

BY MARY [illegible]

In a trade publication which we recently received at the Times office, a definition of a farmer is given. Since we are dependent upon agriculture in our area and farming is our biggest industry, the item is reprinted below:

"He must be engineer enough to run upwards of $10,000 worth of machinery, and blacksmith enough to fix it. He must be economist enough to know when to buy and when to sell, and bookkeeper enough to spot the week points in his operation. He's a gambler on the weather and the prices.

"He must be able to guard the health of his livestock by being able to recognize disease, know what procedure to follow, and even to perform minor surgery on occasion.

"He doesn't have to be a chemist, but he needs to know what's in his fertilizer formulas. He doesn't have to be an agronomist, but he must know which crop variety is best and when to plant it. He doesn't have to be a diplomat, but diplomacy will help convince his wife that a one-man hay baler will increase profits enough to buy her a dishwasher.

"As a farmer today he is a good-sized capitalist, but also a day laborer. He must have brains enough to make many decisions each day, and brawn enough to toss around bales of hay and bags of fertilizer.

"And, with it all, he must be able to walk into the bank and ask for a $20,000 loan without batting an eye."

In about three months, on July 9, corporations in the United States will start working for their owners. During the first six months of this year they have been working for the government, since profits tax on any corporation of any size is 52 per cent. This does not include state income taxes, property taxes, excise and sales taxes, license taxes, transaction taxes, etc.

Columnist Henry J. Taylor noted, "Mussolini's corporate state took 40 per cent of any profits. Hitler took 44 per cent. Both these exploiters were pikers compared to Washington's 52 per cent bite. Thus taxpayers are people who don't need a Civil Service examination to work for the government." And no matter how you look at it, profits make America gorow.

During the Northern Minnesota District Luther League convention held last weekend, I was one of a number of drivers transporting delegates from Trinity church to private homes where they were to spend the night. Two of these delegates had a not-to-be-soon-forgotten experience — which has to be humorous unless you are in a strange town 150 miles from home and tired from a long day.

Melanie Likness and Marsha Comstock of Moorhead were assigned to stay at 516 Maple av. S., presented me with their assignment slips and we proceeded to the destination. We were at least moderately surprised, however, when the address turned out to be a vacant lot.

After several return trips to the church for more wrong information and transportation of a number of other delegates, we finally determined that the girls were to stay at the Maynard Wedul home at 512 Maple av. S. A check of the phone book gave the explanation. Maynard Wedul's address is listed at 516 Maple av. S.

Sagstuen was named valedictorian with a scholastic average of 94 while Carlson was salutatorian with an average of 92.3. Both plan to attend college and have been active in numerous extra-curricular activities. Other honor students include Lester Bakke, Wesley Grandstrand, Karen Sannes, Wayne Smith, Linda Sather, Doreen Moen, Eileen Carlson, Richard Gutterud and Neil Martin.

Two from City at State TB Meeting

Judge H. A. Kjos, Kenneth Taylor Attend Session

Physicians and non-medical people working together can bring valuable know-how and skills to a tuberculosis and health association, said Dr. Julius Wilson, medical education director, American Thoracic society, New York City, at the third annual joint meeting of the Minnesota TB and Health association and the Minnesota Thoracic society, March 29. "This combination is what has brought success to the association in its fight against tuberculosis," he said.

Professional and voluntary health workers from throughout the state attended the one-day sessions at the Capp-Towers motor hotel, Minneapolis. Dr. Herman Kleinman, Minneapolis, state TB and Health association president, presided at the morning sessions, and Dr. Arthur M. Olsen, Mayo Clinic, Rochester, first vice-president, at the luncheon meeting.

Attending from Pennington county were Judge Herman A. Kjos and Kenneth Taylor of Thief River Falls. Judge Kjos is vice chairman of the Northwest Regional council of the TB and Health association and Mr. Taylor is regional director.

Tobacco, air pollution and respiratory tract infection were listed as prime factors in the increase in respiratory diseases by Dr. Everett Karon, St. Paul, "Respiratory diseases are the cause of 50 to 60 per cent of absenteeism in industry," he said.

8,198 Marshall County Residents Get Polio Vaccine

Marshall county residents numbering 8,198 received Type III Sabin oral polio vaccine Sunday at nine clinics held throughout the county. The total was an increase of 775 doses over Type I and 293 doses over Type II, according to Mrs. Carlyne M. Raymond, county health nurse.

Make-up clinics are being held this week at Warren Clinic and Stephen Medical Center. The list of recipients included Alvarado, 483; Argyle, 1,114; Grygla, 1,142; Newfolden, 915; Middle River, 716; Oslo, 740; Stephen, 1,359; Strandquist, 344; and Warren, 1,385.

Shirley Peterson Tours with Choir

Shirley Peterson, 417 Kendall Avenue S., is a member of the a cappella choir of the Lutheran Bible Institute of Minneapolis, which will go on a twelve-day tour shortly after Easter. Miss Peterson is a first-year student at the Lutheran Bible Institute. This year's tour will take the choir into several central and southern states. The choir, composed of 65 members, is under the direction of Mr. John C. Seagard, head of the music department of the Lutheran Bible Institute.

To Hold Achievement Day at Gatzke Apr. 15

Plans have been completed for the final events of the year for the Marshall county extension program, Home Agent Sandra Saranen stated this week.

The annual achievement program for East Marshall county will take place on Monday night, April 15, 8 p. m. at the Gatzke School. The purpose is to inform the community of the contributions of extension home economics and research.

In Minnesota more than 48,000 women are members of the organized groups in the extension home program. In the past year 475 homemakers were enrolled in 35 groups to take part in Marshall county.

Committees working on details for the Monday night's program promise an interesting evening, and an invitation is extended to all to attend.

A Norwegian theme is being followed with Rena Griffin of Middle River as main speaker. Rena will tell of her past summer's visit to Norway as part of a student exchange program.

Another feature of the program will be the presenting of a home economics scholarship to a deserving graduating senior girl or a presently enrolled college freshman planning a career in the field of home economics.

Projects of the homemakers and exhibits of the past year's lessons will be on display. A coffee hour will follow the program.

Committee chairmen in charge of arrangements are: Mrs. Clarence Lian, Mrs. Arne Tuura, Mrs. Sam Pearson, all of Middle River; Mrs. Vernon Wikstrom, Grygla; Mrs. George Severts, Gatzke; Mrs. Donald Rupprecht, Thief River Falls; Mrs. Victor Westlund, Strathcona; and Mrs. Virgil Erickson of Holt.

Big Attendance at Red Lake Electric Meeting Friday

(Continued from page 1)

erative was incorporated. First board of directors of the Pennington county group included Ed Korstad, Lloyd A. Nelson, Mons Engelstad, R. H. McDonald, J. Newland, Palmer Woll, Frank Hardlisty and Carl Swanson. Nelson was elected president with Ed Korstad as vice president and R. H. McDonald as secretary - treasurer.

Eventually the two groups merged to form the present cooperative. When the first annual meeting was held March 8, 1939, in Red Lake Falls, the cooperative had 253 members. The first 10 names appearing on the registration list were S. E. Hunt, V. C. Noper, Christ Engen, John Funnesdahl and V. E. Copp, Thief River Falls; George Remick, Joseph Ste. Marie, J. B. Dufault, Omer Houle and John Kuiper, Red Lake Falls.

Approved for REA Loan

On Feb. 20, 1939, word was received from the Rural Electrification Administration that the cooperative had been approved for a loan. On June 11, 1940, bids were opened for the construction of a distribution line in Pennington, Red Lake, Polk and Marshall counties. The line was to cover 238 miles.

Red Lake Electric joined Minnkota Power Cooperative at Grand Forks and S. E. Hunt of Thief River Falls represented Red Lake Electric on the Minnkota board.

By November of 1940 only 20 miles of line remained to be strung to complete the first section of the project. Only 63 farms out of 400 were reported to be wired two months later, however, but the lines were energized on March 14, 1941. First home to be electrified was that of Dona Rivard in the Terrebonne community. The first outage came when a cow scratched herself on the guy wire.

Orville Overmoen served as manager from 1942 to 1957 when Charles M. Kleven became manager. In October of 1941 the cooperative made an advance payment of $3,000 on its first loan. In 1946 the directors raised the capital stock of the cooperative to $25,000, dividing this amount into 5,000 shares at a par value of $5 each. Improved service on the lines came with the construction of the Smiley sub-station in August of 1947.

The Terrebonne sub-station built in 1941 was replaced in 1950 with a new one boasting an increase in load capacity of 35,000 volts. A third sub-station was built at Holt in 1949.

Mons Engelstad Cited

Mons Engelstad of Thief River Falls was given credit with Stephen Singer for playing prominent roles in organization of the cooperative. The anniversary booklet quotes an early historian as saying:

"Mr. Engelstad will be remembered as having contributed tirelessly to the organization of the Pennington county group. He was one of the incorporators and served on its first board of directors in addition to being its president.

"His early energy, as well as that of his father, were devoted to the task of trying to secure power from the city of Thief River Falls and the Interstate Power Company for the farm. Failing in this attempt, they coordinated their efforts with those of Steve Singer and others to form the Pennington County Cooperative Power Association which later merged with the Red Lake Electric Cooperative."

Past directors include Fred M. Berberich, C. W. Beyers, S. A. Walhaug, George Remick, Joseph W. Ste. Marie, Octave Varin, Victor Medchill, E. E. Hill, Carl Swanson, Stephen Singer, J. G. Newland, Mons Engelstad, S. E. Hunt, Wilfred Brunelle, Leonard Erickson, Oscar Lovaas, Emil Anderson, Henry Paul, Gunnuf Gunstenson, Matt Gerardy, Albert Gagner, John L. Radniecki, V. E. Coop, H. I. Finstad, John Isaacson, Arthur C. Rud, Einard Edwards and Emil Dyrud.

Marshall Board Fails to Endorse Requested Bill

(Continued from page 1)

ing by Herbert H. Dill, manager of Agassiz National Wildlife refuge, who attended the meeting on another matter. Support of the bill was also given by Warren Saetre, Marshall county attorney, who advised the board Tuesday that he believed the legislation would be beneficial to the county.

Federal Interest

Dill noted to the commissioners Tuesday that the state conservation area lands are of interest to the U. S. Fish and Wildlife Service. He stated that there is an interchange of big game between Agassiz refuge and the state lands, that much of the water flowing through the refuge comes from the state lands, that permanent improvements are made on state lands with federal funds in cooperation with the state conservation department and that the two agencies cooperate in control of crop depradation by wildlife.

Bill Proposed

The bill proposed has been introduced to the legislature but no initiative has been taken in urging its passage. The bill is as follows:

"Section 1. The commissioner of conservation shall classify all lands located in the conservation area of Marshall county which have become the absolute property of the state under Minnesota Statutes 1961, Section 84A.36 and all lands within the conservation area privately owned at this time.

"Private lands classified at this time shall retain the same classification in the event they become the absolute property of the state through forfeiture in the future. State owned lands classified as II and III may be changed to any other classification at any time by concurrent agreement of the commissioner and the county board. The commissioner shall file with the auditor of the county a list of all lands classified and their classification.

The classification shall be as follows: Class I: Lands permanently withdrawn from sale to be managed as provided by Minnesota Statutes 1961, Section 84A.32. Class II: Lands to be managed by the commissioner under Minnesota Statutes 1961, Section 84A.32 which may be sold as provided by law upon approval by the commissioner. Class III: Notwithstanding the provisions of Minnesota Statutes 1961, Section 282.14, or other laws to the contrary, lands classified as agricultural by the commissioner of conservation may be sold without further approval by him and upon compliance with the other applicable provisions of law. Such classification shall not be construed as approval of the appraisal of merchantable timber on such lands.

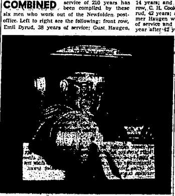
"Section 2. This act becomes effective upon approval by a majority of the members of the county board of Marshall county and upon compliance with the provisions of Minnesota Statutes, Section 645.021."

If effect, the state of Minnesota is returning to county control a total of approximately 228,000 acres or 61 per cent of the conservation area in Marshall county, exclusive of Agassiz refuge. This would be Class III land in the bill and subject to sale by the county board. Class I land would include 89,000 acres or 24 per cent while Class I land would total 57,000 acres or 15 per cent and would include the 33,000 acres currently in the state's Thief Lake Wildlife Management area.

Conservation department officials believe the bill in its present form offers considerable compromise but followed the request of the county board in drafting it in an attempt to resolve the differences between the two groups. As the situation now exists, the county is in relatively the same position it was when the original transfer of 33,000 acres was made.

Classification of the land has been completed and mapped as of January 29, with the three classes mentioned in the bill indicated on the map. At the last sale of agricultural lands in the conservation area held in Warren on December 31, a total of 153 parcels of land were offered for sale and only 38 parcels were purchased. Appraised value of land per acre ranged from $4 to $7.

COMBINED service of 210 years has been compiled by these six men who work out of the Newfolden post-office. Left to right are the following: front row, Emil Dyrud, 38 years of service; Gust Haugen, 14 years; and Hjalmer Haugen, 50 years; back row, C. H. Cook, postmaster, 29 years; John Dyrud, 42 years; and Carl Haugen, 35 years. Hjalmer Haugen will retire April 30 after 50 years of service and John Dyrud will retire later this year after 42 years of service.



50 YEARS of service as a carrier on Newfolden mail routes will be completed this month when Hjalmar Haugen retires from the postal service. Haugen estimates that he has traveled about 750,000 miles, worn out about 40 vehicles of various types and descriptions since his appointment on May 1, 1913. Tuesday, April 30, will be his last day on Newfolden route 2.

Newfolden Rural Carriers Finish 95 Years Service

(Continued from page 1)

It was called a 'snow bird' or snowmobile. It had runners in front and four wheels and caterpillar tracks for traction. They were in use several winters. Later airplane tires were used on trucks or cars.

"Parcel post, which was used quite extensively by the patrons, has diminished over the years. The low rates which prevailed for many years were an incentive to use this convenient service. Parcel post started in 1913 and air mail followed in 1918," Haugen said.

Haugen added that it was in 1913, his first year on the route, that the first federal aid for roads was passed. This provided $500,000 to be expended by the secretary of agriculture in cooperation with the postmaster general to improve roads over which rural delivery was established.

A retirement plan was adopted in 1920, under which no one could receive more than $720 per year in annuity with 30 years of service. Changes were made in 1926 and 1943 which made it possible to receive 50 per cent of salary at age 60.

Haugen served for a year during World War I with the 77th Division, including nine months in France.

Dyrud Diary, Route 1

As the first Newfolden rural route, route 1 was started in 1908 and was 28 miles long with 82 families served. John J. Lokken was the first carrier and served the route for about 12 years. Gust Haugen, now of Thief River Falls, was appointed temporary carrier for about two months before John Dyrud was appointed. He has continued serving the route since that time.

Gust Haugen served as substitute carrier for about three years and Emil Dyrud has served as substitute on route 1 since that time. The route now has 120 families and is 52.35 miles in length. Pay scale in 1920 when Dyrud began his duties as regular carrier was $1,920 per year.

Commenting on the winters when horses were used during the first eight years, Dyrud said, "I used to stop and feed and rest the horses at the Gust Nakken farm for about an hour or so. Mrs. Nakken always had a big meal ready, and could she cook! The coffee pot was always hot, even if no one was home, and I could just go inside and help myself.

Rural Hospitality

"People along the whole route have all been just wonderful and cooperative. In the early days the roads were poor, and you used to get stuck in the mud quite often. At times the cars would break down, and wherever it happened the farmers were always willing to help you out."

Dyrud estimates he has travelled over 400,000 miles during his mail carrying days, and has worn out some 20 cars in addition to snowmobiles and horses.

"People used to feel sorry for the mail carrier," Dyrud laments. "In the days gone by most women used to knit socks and mittens, and at times I was given more of these items than I could use. Dressed turkeys, chickens, beef and pork of all descriptions have been given to me by the old-timers who really had hearts of gold."

Only three of the original boxholders on his route are still living and all of these have moved from the route. Dyrud recalls a bachelor who could be seen daily at his window, waiting for the mail and his cherished daily newspaper.

"One day the shades were drawn and no one in the window," Dyrud recalls. "I drove about a quarter of a mile down the road and decided to turn around and go back. I rapped at the door and no answer so I walked in and found him lying dead in bed. Sure missed that man for a long time as he was such a friendly guy."

Dyrud is married to the former Grace Stenson of McVille, N. D., and has four children by two marriages. They include Mrs. Clayton (Beulah) Berg Jr., Minneapolis; Mrs. Robert (Betty) Oudal of Rochester, Mrs. Wallace M. (Patricia) Johnson of Minneapolis and John Jr. of Minneapolis.

Only three regular substitutes have served on the two routes during the past 50 years. They include Gust Haugen, 14 years on route 2; Carl Haugen, 35 years; and Emil Dyrud, 42 years.

March of 1963 had the most pleasant final three-quarters of any March on record. Warm temperatures and absence of precipitation resulted in an orderly run-off of the fairly light snow cover. The only unfavorable part of the month was the occurrence of several windy days when a good deal of wind erosion to fields in the area took place.

High and low temperatures and precipitation for the month are included in the following tabulation:

Father of Local Woman Succumbs in Everett, Wash.

C. A. Peterson, 85, of Everett, Wash., died there Thursday, April 4. He was the father of Mrs. Stan Larson of this city. She left immediately for Everett upon hearing of his illness on Thursday, but he died before she reached his bedside.

Born in Iron Mountain, Mich., Mr. Peterson later moved to Lakota, N. D., where he served for many years as bulk agent for Standard Oil Company until his retirement 20 years ago. Following retirement, he made his home in Washington, living there until the time of his death.

He is survived by seven other daughters and sons in addition to Mrs. Larson.

Adolph Lanska Services Held Here Wednesday

Funeral services for Adolph Lanska, age 73, a city resident over a long period of years, were held Wednesday afternoon, April 3, from Sinding's Funeral Chapel. Rev. Ronald Dalzell officiated, with Rev. Cecil Evans assisting. Burial was made in Greenwood cemetery.

Mr. Lanska died at Northwestern hospital on Sunday, March 31. He was born March 12, 1890, in Germany, where he received his elementary education. At the age of 12 he came to this county, making his home with his older sister, Louise, in North Dakota, where he furthered his education and leaned the carpentry trade.

He was united in marriage to Miss Hattie Koglin on December 9, 1915, in this city. They have made their home here since then, Mr. Lanska actively following his trade much of that time.

His wife survives him, as do three sons, Freeman of this city; Bernard, of Virginia, Minn.; Orville of Milwaukee, Wisc.; Two sisters, Mrs. Gus (Mollie) Lemke of Wisconsin; Mrs. Albert (Minnie) Schmidt of North Dakota; twelve grandchildren and three great-grandchildren. Preceding him in death were a daughter, two sisters, and four brothers.

Rites Wed. For Claus Johnson, 88, Viking Pioneer

Funeral services for Claus A. Johnson, age 88, of Viking township, Marshall county, who passed away at Northwestern Hospital April 2, were held Saturday, April 6, at the Mission Covenant church at Viking. Reverend Walter Blackwood officiated, interment was in the Viking cemetery. Sinding's Funeral Chapel of Thief River Falls was in charge of the arrangements.

Mr. Johnson was born December 15, 1874 in Sweden. There he received his schooling and military training, coming to the United States in 1899 where he joined his parents who had homesteaded at Viking. He was married December 13, 1902 at Warren to Hilma Svand; the Johnsons established their home on a homestad north of Viking, living there until 1948. Lately Mr. Johnson has been a resident of Oakland Park Nursing Home. He held the position of township assessor for Viking township.

Survivors include 3 sons and two daughters: Alice, Mrs. Kenneth Nelson, Thief River Falls; Ina, Mrs. Olaf Roisum, East Grand Forks; Clifford, Seattle, Washington; Richard, Argyle; Arthur, Fergus Falls; two brothers and one sister: Bernard, Thief River Falls; Anton W. of Minneapolis; Ida, Mrs. Hans Hanson, California; 11 grandchildren; six great-grandchildren.

He was preceded in death by his wife, three sons, one daughter and three brothers.

Aurel Parenteau New Chairman of Red Lake Co. GOP

Aurel Parenteau of Brooks was named chairman of the Red Lake county Republican committee at the annual convention held in Red Lake Falls last Tuesday evening. He succeeds David Ostby of Plummer, who had served as chairman the past 12 years.

Others elected include Roger Eckstein, vice chairman; Mrs. Martin Healy, chairwoman and Mrs. Nels Vigstol of Plummer, vice chairwoman.

Re-elected secretary was Neil Prenevost and Bernard Remick of Oklee was elected treasurer to succeed Ed Heupel of Plummer.

Guest speaker for the convention was Fertile attorney Robert Remark who spoke on "Why I Am a Republican." GOP district field man Dave Stenseth also spoke briefly.

Carrico Accepts Position With Canadian Firm

Martin Carrico, who is selling his distributorship for American Breeders Service to Dale Grondahl of Red Lake Falls, has accepted a position as sales manager for Canadian Breeders and will assume that position April 29.

Canadian Breeders Service was started by Dr. Keith H. Robson, DVM, in 1952 and associated with American Breeders Service in 1958. A total of 5,700 cows were serviced in 1958 and that number grew to 35,000 in 1962. Carrico will headquarter in Winnipeg in managing sales for Manitoba, Saskatchewan and Alberta. His family will remain here until the close of the school term.

Big Haul Made by Burglars in EGF

Merchandise, valued from $1200 to $1500, was taken in an early-morning break-in at Giese Hardware in East Grand Forks Tuesday. Taken from the store were shotguns, rifles, pistols, revolvers, shells, rifle scopes and radios, according to Harold Giese, who said the exact worth of the goods has not yet been determined.

Marshall Co. Lets Two Blacktop Jobs

Moorhead Firm Submits Low Bid of $146,373

Marshall county's second and third highway bituminous surfacing jobs for 1963 were awarded to Landseidel and Son, Inc., Moorhead contractors who also were awarded the first paving job, at a meeting by the board of county commissioners in session in Warren last Tuesday.

The Moorhead firm bid $146,373.61 for the two surfacing projects which included a bid of $61,870.66 for 7 miles of paving on CSAH No. 6 west of Middle River and $84,502.95 for 4½ miles of paving north of Grygla on CSAH No. 54.

Bids for the 2 projects were considered very good by Highway Engineer H. I. Knutson, who stated that the bid on CSAH No. 6 was about $9,000 below the estimate while the bid on CSAH No. 54 was about $6,500 below the estimate. There were seven bidders on the No. 6 job and five bidders seeking the No. 54 job.

Commissioners also approved the payment of the $8,400 installment due on the county's share of the 1962 street paving program in Warren.

Rotarians Hear Classification Talks Monday

Classification talks were given by four members of the Thief River Falls Rotary club on Monday at the regular noon meeting held at the Elks club rooms. Speakers were Rev. Dean Headley, Ralph Foster, James Winjum and Richard Bjorkman.

Rev. Headley noted that his father and brothers were in the building business, his father having constructed winter quarters for the Ringling Bros. Circus. Since entering the ministry, Rev. Headley said, he has passed the half-million dollar mark in church building programs.

Foster told of his experiences on the West Coast and in Washington, D. C., stating that he returned to Thief River Falls to escape the hurried pace of big city living. He worked for the Soo Line railroad prior to purchasing the Junior Shop and still is employed at a railroad worker.

Winjum graduated from the University of North Dakota and is now owner of the Hartz Supermarket in this city. He entered the business with his father in 1951 and has channeled his studies toward the food business.

Bjorkman attended the University of North Dakota before transferring to Hamline University in St. Paul. Upon graduation he was employed by Sears Roebuck & Company and worked for that firm until last year when he returned to Thief River Falls to become associated with his father in Bjorkman's Clothing.

Rep. Odin Langen on Speaking Tour in Easter Recess

Representative Odin Langen of Minnesota's Seventh Congressional District, recently received a lantern, symbolic of Paul Revere's famous ride, from Congressman Bob Wilson of California, chairman of the national Republican congressional committee. Langen is one of 32 leading Republican congressmen selected to participate in a whirlwind national speaking tour starting April 16th during the Congressional Easter Recess, under the auspices of the GOP congressional committee. Ten congressional "Paul Revere" panels, each with three members, will move through 28 states in six days speaking out on current issues facing the nation.

SAILOR ALVIN LARSON ON AIRCRAFT CARRIER

Alvin L. Larson, fireman apprentice, USN, son of Mr. and Mrs. Leonard A. Larson of Route 3, Goodridge, is serving aboard the guided missile attack aircraft carrier USS Kitty Hawk, which visited Beppu and Iwakuni, Japan, in late February. The Kitty Hawk is completing a six-month tour of the Far East, where she operated as a member of the Seventh Fleet. She is expected to return to her homeport, San Diego, Calif., this spring.

Two TRF Men to Go to MEA Assembly

1963 Delegate Assembly in St. Paul April 19-20

More than 180 delegates will attend the Minnesota Education association's 40th annual Delegate Assembly April 19-20 in the St. Paul hotel. Included are Francis Hamerlinck and Ted Heille of Thief River Falls.

"The makeup of the Delegate Assembly is interesting in that it indicates the democratic basis of the MEA's legislative body", Dr. Irvamae Applegate, MEA president and dean of education at St. Cloud State college, explained. "Those delegates elected to represent directly the more than 31,000 members in our eight divisions include 101 high school teachers, 20 elementary teachers and 32 administrators.

The remainder of the 183 delegates consists principally of the MEA board of directors, legislative committee and resolutions committee chairmen and the state NEA director.

The two-day session will establish over-all MEA policy for the coming year.

Moorhead Track Men Win Tourney

Coach Shocky Strand's Moorhead Spuds, with a total of 24½ points, won the team title in the third annual Fargo - Moorhead track clinic tournament held in the Alex Nemzek fieldhouse on the Moorhead State College campus on Saturday afternoon. In runner-up position with 22 points was the Grand Forks Central squad.

Coach Rod Max's Prowler squad, with Paul Klungness winning the 60-yard dash in record time, Rolf Wangberg gaining a fourth place in the mile, and with the mile relay team of Ron Olson, Art Koglin, Joel Hendley, and Ron Shaff earning a third place, picked up ten points for sixth place.

Fifty-six schools were represented in the meet, with 490 athletes participating in the various events.

Eight fieldhouse records were established, and one record was tied. The Prowlers Klungness, with a time of 6.5 seconds bettered the old 60-yard dash mark of 6.6 seconds set by Ray Severson of Barnesville.

Tom Stuart of Breckenridge set a new high jump mark with a leap of 6 feet 4 inches, to surpass his old mark of 6 feet one inch.

The next competition for the Prowler track squad will be on Saturday, April 20, in the Sioux Indoor meet in Grand Forks.

HIGH SERIES in the Plummer bowling leagues this season was the 644 mark posted by Wally DuChamp. A member of the American League champion DuChamp Store team, Wally rolled games of 201-215-228 for the top series. He carried a 183 average in the league this season.

HIGH GAME rolled at the Plummer recreation lanes this season was the 243 posted by Emil Larson in the last month of the season while bowling with the Ted's Lockers team. Carrying a 160 average, Larson edged Lorence Granum who had previously posted a 242. In the Plummer tournament last Thursday, after the league season was completed, Alvin Johnson rolled a 244 while bowling with the Firemen's team.

AMERICAN league champions at Plummer for the past season were members of the DuChamp Store team pictured above. Left to right they include the following: front row, Wally DuChamp, James Gilbertson, Russell Peterson and Ed Heupel; back row, John Hagen, Lorence Granum, Jesse DuChamp and Al Meyer. Trophies were presented at the annual bowling banquet held in the Plummer hall Saturday evening and served by Immanuel Lutheran Ladies Aid of Plummer.

NATIONAL leauge champs at Plummer received their trophies at the annual bowling banquet Saturday evening at the Plummer hall. Members of the champion East Side Service team include, left to right: front row, Larry Johnson, Lowell Toulouse and Vern Hanson; back row, Duane Nelson, Ted Lemieux, Roy Nurmi and Bob Niemi. Each player on the championship team received a trophy.

Nine Cases Tried In City Court

Highway Patrol, Police Bring Charges Monday

Nine cases were tried in Thief River Falls municipal court this week with state highway patrol and city police bringing charges against the defendants. Judge Stanley N. Mortenson presided at the court session with all cases involving traffic violations.

Patrol cases included Edgar Lallum, Minneapolis, speed, $17.50 bond forfeited; Bruce Bugge, rt. 1, TRF, illegal brakes, $15 fine with $5 suspended; Charles Svendsgaard, Goodridge, through stop sign, fined $15 with $5 suspended; and Keith Kruse, St. Hilaire, open bottle of liquor in a motor vehicle, fined $25.

Police cases included Keith Kruse, St. Hilaire, improper turn, fined $15; LeRoy Limesand, Goodridge, through red light, fined $15; Robert Dobins, St. Hilaire, no driver's license, fined $30 with $10 suspended; and Gerald Ladwig, city, driving while under the influence of liquor and driving after suspension of his driver's license, sentenced to 30 days in jail on each charge with the sentence suspended and Ladwig placed on probation. License plates and title card for his car were ordered impounded.

Keeping Score with "Huck" Olson

He's Number One

This week's issue of "Sports Illustrated", featuring major league baseball, has the Twins' Harmon Killebrew adorning the front cover. And as you thumb into the magazine you will come upon an interesting, and informative, article on Killebrew's home run prowess.

In the four years that he has been a regular on the team, Killebrew has poled out 167 home runs. Of the players now active, Killebrew is rated as the chief threat to better Babe Ruth's lifetime home run average. This average home runs hit as against the number of times at bat. Ruth's lifetime average is one home run in every 11.8 times at bat. Killebrew has clubbed out home runs at the rate of one for every 13.1 times at bat.

Oh yes, and to be perfectly fair and to give comfort to the anti-Killebrew faction along Main avenue, I must report that Killebrew led the league in strikeouts last season. But he is still the league's number one home run hitter!

It's Uphill for the Maroons

Jim Walker and his son Pat, Marty Fisher, and I were in the crowd of 6,500 fans in the Winnipeg Arena on Sunday afternoon and witnessed Bill Juzda's Maroons, on Chuch Lumsden's goal in the third period, edge out the Saskatoon Quakers, 3 to 2. It was the first win in three starts for the Maroons who trail the Quakers, two games to one, in the best-of-seven western Canada Allan Cup senior hockey playdowns. The next game in the series is scheduled for the Winnipeg Arena on Tuesday night.

It was like old times to see the Maroons in action, for on that Winnipeg squad are such former Northwest Hockey league and States-Dominion hockey league players as Juzda, Lumsden, Fred Dunsmore, Gordy Simpson, Sheldon Bloomer, Jim McKenzie, Ron Castelane, Lou Joyal, and Tom Marshall.

Playing in the goal for the Saskatoon club was Don Campbell, a nephew of the Walter Lietzows, and a cousin of Eddie Lietzow. I brought back greetings from Don to his relatives down here.

While the Maroons are in for an uphill struggle to gain the Allan Cup finals, the Warroad Lakers, playing a best-of-five western Canada intermediate hockey series with the Selkirk Fishermen, are holding a two games to none margin. In the first two games of the series, and which were played at Fort Frances, the Lakers, with Roger Christian scoring three goals in each game, racked up a pair of wins. The third game of the series is slated for the Winnipeg Arena ice on Friday night, April 12, at 8:00 p. m. I'm sure the Lakers would appreciate having a number of fans from northwestern Minnesota in attendance at Friday night's game.

There Will be League Play

Seven of the eight teams that comprised the Norman-Polk baseball league last season — Thief River Falls, Ada, Twin Valley, Fertile, Fosston, Erskine, and Crookston — had representatives at the league meeting held in Fertile on Friday night. The Halstad Red Sox, a league member last season and for many seasons past, notified the league that they were withdrawing from league play this season.

It was agreed by the league representatives that an invitation to join the Norman-Polk circuit should be tendered to the Bagley Merchants. If Bagley does not accept the bid, the league will proceed as a seven-team league.

The next meeting of the league representatives will be held at Fertile on Monday evening, April 22. At this meeting the league schedule will be brought up for discussion and adoption, and plans for the 1963 season will be completed.

As far as the senior baseball Thieves are concerned, plans for the 1963 season are in a state of flux. Last Wednesday night's meeting was a casualty of the blizzard that swept the area. Miles Jackson stated that he will issue a call for a meeting, perhaps sometime next week.

Bill Introduced To Legalize Trawlers on Lake of the Woods

Sports fishermen, especially those who fish for walleyes in Lake of the Woods, feel that the answer to an old problem may be solved if a bill recently introduced in the Minnesota Legislature is passed.

The bill is one to legalize use of a trawler type of fish removal gear on Lake of the Woods. The trawl is a seine-like net pulled behind a boat, and is used in this case to remove rough fish for mink feed.

The old problems, which has long bothered area sportsmen, is that use of gill nets in Lake of the Woods produced too many walleyes. The trawl net is a more selective type of fishing net which produces less than 1 percent walleyes. This compares to over 20 percent walleye catch by gill nets. (Figures from official Conservation Dept. bulletin published Jan. 28, 1963).

Under the proposed new law, a gill net license would be taken from Lake of the Woods for each trawler. The law would license two trawlers for two years, at which time a new bill would have to be passed.

Another thing which sport fishermen like about the proposed bill is that the Commissioner of Conservation would have direct control over trawler production of game fish, and could stop that production if necessary. The Department has no control over walleye production by other types of commercial fishing gear in Lake of the Woods.

The Conservation Department has conducted an experiment the past two summers on Lake of the Woods with two trawlers. Results were so gratifying to them that the Department has given full support to passage of the bill.

Sponsors of the bill are also asking support from sportsmen, resorters, and organizations interested in conservation of our natural resources. Hearings on the bill are being held early this week.

Letters in support of the bill should be mailed immediately to Chairmen of both the House, and the Senate Committees on Game and Fish, St. Paul, Minn.

Roseau Station To Go On The Air

KRWB Plans To Begin Broadcasting This Week

Radio station KRWB in Roseau is tentatively scheduled to start broadcasting this week, according to James Johnson, promotion director. The station will broadcast on a frequency of 1410 kilocycles with a power of 1,000 watts, and is owned by Marlin T. Obie and Henry G. Tweten of East Grand Forks.

Art Nelson, former manager of KRAD in East Grand Forks, will be general manager of the station. Les Sabo, a native of Thief River Falls will be assistant manager. Hal Bakke will be program director with James Johnson as promotion director and announcer and Bruce Tolzmann of Minneapolis as chief engineer and announcer.

KRWB will feature United Press news on the hour and half hour throughout the broadcast day with weathercasts every 15 minutes. Daily fishing reports from Warroad and Baudette will also be featured together with Minnesota Twins baseball. Bernie Burggraf of Roseau will handle daily sportscasts.

Surgery Advances Aid Cancer Cure's

EDITOR'S NOTE: This series of four articles, "The Four Keys to Cancer Control," tells where we now stand in curing cancer and prospects for the future. The first article discusses advances in surgery. Subsequent articles deal with radiation, drugs and immunology.

by Pat McGrady
Science Editor
American Cancer Society

An estimated 815,000 Americans today are living with or dying of cancer. An even greater number today are alive and cured of cancer. During the last decade or so, substantially more than one million have been cured of cancer. Cancers are being cured now at the rate of 177,000 a year. One in three cancer patients now is being saved.

More than one-half of the fortunate ones were cured solely by surgery. They had the good luck to have their cancers still localized when the surgeon removed them. The rest were cured by x-rays or a combination of surgery and x-rays. Their cancers were of the kind that shrink up and go away under the still-mysterious effects of radiation.

Scientists and doctors by no means are complacent with the progress made against cancer. With two of every three patients still dying of the disease — and, indeed, with the cancer toll still increasing despite rising cure rates — one can not be satisfied with the course of the war against cancer, a disease which is second only to heart and circulatory ailments as a killer.

The curable cancers are mostly in accessible sites. For the hidden tumors—in such organs as the lung, stomach, pancreas and liver—the salvage rates still are deplorable.

Operative Mortality Down

Only a generation ago a substantial risk attached to even the removal of an appendix. Today, fine surgeons can remove a cancerous lung, stomach, liver lobes, spleen or other major organs with negligible mortality. Major operations, like total removal of the stomach, which 30 years ago commanded a 30 or 40 per cent mortality, now have a two or four per cent mortality.

In some cases, where cancer is widespread throughout the pelvis, a few surgeons do a subtotal evisceration — removing virtually every abdominal organ to which the cancer might have spread; the patient is on his or her feet the next day and out of the hospital within a week or so.

Moreover, convalescence is smooth. Modern medicine has learned to anticipate the profound changes in electrolytes and other body chemicals which often accompany major surgery and to compensate for them.

Many things have contributed to the success and safety of surgery —among them, more and better anesthetics and methods of overcoming surgical shock.

Older patients, if they are in fairly good shape, can withstand operations almost as well as younger ones.

Preventing Cancer's Spread

One of the unresolved problems of surgery is the dissemination of cancers during the operation. Surgeons have learned not to handle tumors or to cut through them, lest they release cancer cells into the blood stream; these cells might then set up cancer colonies elsewhere in the body.

The surgeons also tie off all the veins and arteries which might offer the cells a means of escape to seed the system; and now they are learning that certain anti-cancer drugs — sometimes used to douse the operative field and injected after surgery — can be insurance against stray cells which cause recurrence of the disease.

A spectacular technique of removing entire organs for variable periods and restoring them to the host has been developed in experiments on animals ranging from rats to baboons. Kidneys, lungs and livers have been taken out of the body and refrigerated — or blood saturated with drugs has been pumped through them with the aid of a heart-lung machine.

These procedures, it is hoped, are a forerunner to the day when human organs, shot through with cancer, can be taken out, the cancers removed or killed and the repaired organs restored to the patient.

At this point, the best insurance against the development of a serious cancer is an intelligent awareness of cancer's seven danger signals. These symptoms may not mean cancer; but it is wise to call them to the doctor's attention without delay:

1. Unusual bleeding or discharge.
2. A lump or thickening in the breast or elsewhere.
3. A sore that does not heal.
4. Change in bowel or bladder habits.
5. Hoarseness or cough.
6. Indigestion of difficulty in swallowing.
7. Change in a wart or mole.

Greenbush Sheep Day to Be Staged Thursday, June 6

Shepherds' Clinic, Sheep Shearing Contests and Banquet Are Scheduled

Minnesota Sheep Producers this week announced preliminary plans for Sheep Day to be held in Greenbush on Thursday, June 6. The program this year will include a shepherds' clinic at which latest materials and methods for treatment of external parasites will be demonstrated. Other demonstrations will include various types of equipment and methods for castrating and docking.

Participating in the program will be extension specialists who will conduct demonstrations and discuss sheep production record programs, Ward Brothers of St. Vincent, Minnesota will explain their programs of feeding lambs, which they have followed for the past five years. Charles Campbell and Winton Fuglie of Hallock will present the blueprint of a new sheep improvement program.

Dr. H. M. Briggs, president of South Dakota State college, will speak at the annual banquet which will be held in the Greenbush school the evening of June 6.

The Minnesota state shearing contests will be held during the day with preliminary heats scheduled during the morning and the final heats of both junior and senior contests following the educational program.

4-H and F. F. A. judging contest, fat lamb show and wool shows are scheduled to be held during the morning.

A sheep shearing school will be conducted by Ed Warner on the two days preceding the program.

Canadian Election

Canadians go to the polls again today for the second national election within a year. There are four political parties in Canada and since that last election Prime Minister Diefenbaker, Tory leader, has headed a weak coalition government, incapable of effective leadership.

Leader of the Tory opposition in the election is L. B. Pearson, head of the Liberal party, and he seems destined to finish in first place when the votes are counted. During the past week there has been a shift of conservative support away from Diefenbaker to Pearson. Several traditionally Conservative newspapers of large circulation have called editorially for the election of a Liberal government as the only way to secure for Canada a strong and stable government. If the Liberals win, but do not gain a majority a Tory-Liberal coalition is considered likely.

A Pearson victory would improve Canadian-American relations and would strengthen the North Atlantic Treaty Organization. The election returns will be received with a great deal of interest on both sides of the international border. A Diefenbaker victory would prove conclusively that Americans are not liked north of that border.

De Gaulle The Great?

President de Gaulle seems to be restoring order in France again, bringing to an end what threatened to become a nation-wide strike. He undoubtedly has been a man of great personal courage and under his leadership the economy of France has been stabilized. The country is prosperous and the French franc has firm value again.

But there are indications that success is going to his head, and that he is now guided more by personal ambition than by a desire to serve his people. In some respects he has become a dangerous leader among the European nations. As pointed out by The Printed Word:

> "With few exceptions great men have been dangerous to mankind. Their ideals at first may be praiseworthy, being usually directed towards bringing some kind of order out of human chaos. But humanity prefers a degree of chaos to perfect order, and the downfall of the great man comes when he is so convinced of his own rightness that he treats those who disagree with him as enemies to be extinguished. It is a temptation to which de Gaulle is not immune."

Easier Credit, Etc.

Senator Russell Long, a Louisiana Democrat, thinks lower interest rates and easier credit would be better than tax cuts as stimuplants to our economy. The Senator may have a point there. The idea of cutting taxes and at the same time increasing spending certainly doesn't make sense.

But there is a limit as to what the government can, or should do, in making easy credit available at lower interest rates. Uncle now is loaning money at lower interest rates than he himself must pay. And the crazier his operations become the more he will have to pay as those who have the dollars to lend lose confidence in his ability to manage.

Commenting on this, the National Observer points out:

> "Senator Long's proposal would require the Government to decide the "right" level of interest rates and then, by manipulation of monetary policies, to hold it at the desirable level. But interest rates, as history has proved, have a way of finding their own level despite artificial controls. This level, basically, is determined by the supply of investment capital available and the demand for it at a particular time and place.

> "Before they go tinkering with monetary mechanisms, the lawmakers would do well to abandon the idea that there is a gimmick that magically controls the nation's economy."

But if it must be one or the other we'll string along with Senator Long.

Debt and Taxes

Don Brown in Waseca Herald)

At a recent meeting of editors, Senator Eugene J. McCarthy said some things we appuroved having him say. Then he went on and said some things we didn't like so well. Said McCarthy:

"All of us looked forward this year to cutting taxes. We thought almost everyone would be in favor of that until we began the effort and found this didn't seem to be the popular disposition."

What the good Senator found was that people are concerned about the national debt. They want to do something about it. They are opposed to tax cuts without a reduction in spending. In other words they do not want the debt increased.

Senator McCarthy disappointed us by continuing:

"We have some obligation I hope will be shared in some measure by the press in explaining why it is good to have larger deficits sometimes, that a balanced budget is not the greatest good for the political economy or the economy."

We prefer to say that a balanced budget is not so good for the politician as is an unbalanced budget the government steals from the minors and the unborn and distributes it to the general public. Higher prices result which benefit many but harm the relatively few retired on fixed incomes. It is a great vote-getting gimmick. To us it smacks of dishonesty. It saddles a debt burden on those young people and the unborn although they have no voice in contracting the debt.

Trend Must Be Reversed

A letter from a former citizen of Thief River Falls, who still owns property here, included a copy of a recent report by the Minnesota Taxpayers Association, containing comparative statistics on real estate taxes in the state, by counties. The report revealed the tax trends in each county during the past ten years, comparing the figures for 1963 with those of 1953. These figures were based on the total tax levies for all purposes.

Commenting on the trend in Pennington County during this period, the former citizen stated:

"From 1953 to 1963 there were only five counties in the state that had a higher mill rate increase than Pennington.

"In 1953 there were 31 counties in the state that had higher mill rates than Pennington, while by 1963 this number had been reduced to 12.

"Comparing Pennington with adjoining counties, during this period Marshall County had a 47.2 percent mill rate increase, Red Lake County had a 50 percent increase, and Pennington had a 74.3 percent increase."

He said some other things in his letter too that we will not repeat. We are glad to pass along the statistics, not because we like them but because they no doubt are true, and about which we should be more concerned.

We should stress the fact that these figures were based on the total tax levies for all purposes. We have not checked with the County Auditor as yet to determine which taxing units were mainly responsible for these increases, but we suspect that the worst offenders in creating this unfavorable condition would be the city of Thief River Falls and the Thief River Falls school district. If a check of the records proves this to be true, then we, the citizens of Thief River Falls, are mainly responsible and should take steps at once to start reversing the trend.

Maybe what we need most of all is an active taxpayers association. A little more interest in these matters by local civic leaders would be helpful.

Another Boondoggle

The Senate has approved the administration's transit aid bill, making available federal funds to solve the transportation problems of our large cities. The request for $500 million was reduced to $375 million, probably a prearranged concession. The amount of the appropriation was not the important consideration.

The important question was whether or not the federal government should become involved in this strictly local problem. The appropriation, large or small, was an entering wedge. It opened the door to a federal boondoggle that will be ever-expanding.

It was a great victory for the big-city political machines. Approval by the House may be taken for granted. The big cities have more control in the House than they have in the Senate. Farm-state Senators might be expected to oppose the measure. Our Senators Hubert Humphrey and Eugene McCarthy voted for it.

That Milk Surplus

Hoard's Dairyman states that at least 20 billion pounds of manufacturing milk are being produced in federal order markets that are set up to maintain a fixed price for Grade A milk. Government surplus purchases last year accounted for about 10.8 billion pounds.

Hoard's recognizes the need for a reasonable amount of surplus production in order to meet all of the needs of the Grade A markets but believes the production for those markets should be reduced to a reasonable level. That surplus now goes on the market as manufacturing milk and competes unfairly with the producers who depend solely on this market that is protected by the government at a greatly reduced price.

Such control would benefit all producers, according to Hoard's, which concludes:

> "A change in direction in federal order markets, we conclude, would rebound to the advantage of both federal order producers and manufacturing milk producers. Higher utilization of Class I in the order markets would mean a higher average price to those dairymen. Less manufacturing milk being dumped on the market would be a direct benefit to all other dairy farmers."

Legislative Letter

from ANDREW SKAAR
STATE REPRESENTATIVE

Senator Rosenmeier and others introduced a bill to reorganize the Conservation Department. In the minds of some people, this is long overdue. This bill would abolish all positions of Civil Service status of step 25 and over. It will remove the Fish and Game section from the Conservation Department and rebuild it from the commissioner down to Civil Service classification number 25.

The reason for this — too many chiefs and very few Indians. In one section alone, there are 54 supervisors and managers and only seven people to carry out the orders of all these bosses. Too much of our license fee money goes for paying salaries and very little to carry out conservation practices.

This bill is not pointing at the warden service. The law enforcement branch, plus the engineering branch, has been efficient, hard working and, I believe, deserving of our praise. The outstate branches of the department come under very little criticism. What this bill would get at is the over-staffed offices and positions within the Centennial Building here in St. Paul.

One of the most publicized bills in the House has been the so-called Billboard Bill. Because of some newspaper stories, there is much misconception about the bill. Much is said about the 2-million dollar bonus. It is the opinion of many who have studied the question that if this $2-million is paid, it is not velvet. The state has to acquire their right to leave sign sites. That could cost well over 2 million dollars.

The proposed bill passed the House last session but died in the Senate. It is certain that the problem is not as simple as some newspaper articles would lead you to believe.

There is another bill regulating billboards that would subject the state to federal regulations. This bill might be the answer. We already have enough federal regulations.

Last week a resolution memorializing Congress to adopt legislation to permit equal pay to women for equal work appeared in the House. It passed with a good margin. I wonder whether the wives and daughters at home had some influence on the legislators' votes, or whether the time has come when the majority realize that men and women must be given equal recognition and remuneration in comparable job situations?

Appearing in newspapers of the Minnesota Editorial Association through the cooperation of the U. S. Soil Conservation Service and the University of Minnesota Institute of Agriculture

Five Waseca SCD cooperators are cooperating with the agricultural engineers at the University of Minnesota in making measurements of water flow from tile drainage systems. Special measuring devices have been installed and tests will be made for five years. Systems vary in size from 10,000 feet to 18,000 feet and have different patterns, soil types and drainage areas. The systems were laid out by SCS technicians. Tests are to check current designs and develop needed improvements.

Many people ask, "What is a watershed project?" Erling Weiberg, watershed conservationist with the Minnesota Soil Conservation Committee, says that a watershed is an area of land which supplies runoff water for a stream, lake or ocean. A watershed improvement is a plan agreed upon by farmers and others in the area which seeks to limit the damages caused by rapid runoff of rain and snow moisture, and which at the same time tries to obtain maximum benefit from the water.

Planning for the future, Eugene Pearson, cooperator with the Scott County SCD, insisted that not only should his level terraces, sod waterways, shelterbelts and contour strips be carefully planned and laid out, but also his tree planting area. He provides fire break lanes for fire protection and also plans for future camping and picnicking areas. "These practices may look strange when seedlings are small," he told Dewey Hahn, SCS technician at Jordan. "But trees won't stay that way long."

The future isn't bright for weeds, a survey conducted by Goodhue County Extension Agents indicates. Arnold Wiebusch, Goodhue county soil conservation agent, reports that folks who answered the questionnaire put weed control at the top of the list of things they were going to do to get greater efficiency in crop production.

Buying Shrubs

In the market for shrubs or other landscape materials? Some gardeners have been victimized by door-to-door salesmen who have sold them ornamentals that either were never delivered or were not adapted to this climate. So take a tip and buy from local nurseries. They are familiar with growing requirements of this area and will sell you hardy, adapted varieties of shrubs and trees. A state nurseryman usually understands your growing conditions much better than an out-of-state salesman and is able to recommend materials that will do best for your particular situation.

Be cautious, too, about committing yourself to telephone solicitors who want to sell you pruning or other services.

If you're buying shrubs, here are some questions to ask:

Is the shrub in my area?

Is it adapted to the location where I want to grow it?

Is the mature size appropriate for its location in the landscape?

Is there a guarantee on the plant materials?

What are the terms of the contract?

When buying shrubbery, keep in mind also such characteristics as foliage, branching habit, the changing seasonal color. If you want to attract birds, select shrubs that have fruit through the growing season and the winter.

Report to the People By Gov. Karl Rolvaag

In this first report, I should like to extend my personal thanks to all of those who worked so diligently in my behalf and to pledge to all Minnesotans my determination to discharge the responsibilities of the office of governor of this great state to the best of my ability with a full awareness that the best interests of all of the people must be the first concern of the governor of Minnesota.

A Century Ago

Governor Henry Sibley, Minnesota's first governor expressed this as well in his inaugural message 105 years ago when he said, "Having been elected to the position of Chief Magistrate of the state of Minnesota, I enter upon the discharge of the duties devolving upon me, with much diffidence of my own abilities, but with a full consciousness that they will be honestly performed."

A Gracious Exit

Before discussing my experiences of those first few days in office, I would like to pay a particular tribute to the former governor, Elmer Andersen, for his conduct during these last few weeks. Certainly, these weeks must have contained an agony which only he can measure and describe. Mr. Andersen withstood the test well. Once again, I want to express my personal wish for him and his family for health and happiness in the future.

Period of Adjustment

Taking office in the midst of a legislative session has created a host of most unusual situations. Although the legislature is driving toward an early adjournment, I am faced with the task of assembling an office staff and developing a normal office routine. There will be a necessary period of adjustment, but the business of state government goes on. In addition to the mountains of very welcome letters from well wishers, there continues the steady flow of official government correspondence which must be examined, answered and acted upon.

The budget for state government which is perhaps the most serious responsibility for the governor during the legislative session was prepared by a previous administration based on estimates which were available at that time and tailored to programs which the previous governor had advocated. Many of these programs have been very carefully studied and are close to enactment. There will be some changes that I would like to make and yet the time element dictates that sweeping changes just will not be possible.

Cooperation For Progress

In my inaugural address to the Minnesota legislature, I tried to indicate to our legislative representatives my willingness to work with them and to cooperate with them in every way possible. I expressed, also, a determination to see that vital progress for the state of Minnesota moves forward as the people of this state would have them move.

Having served as the presiding officer of the Minnesota state senate as Lieutenant Governor, I know, personally, many of the leaders of both houses of the legislature and I know that we can work together to accomplish what must be accomplished to provide the necessary services for our great state.

Duck and Wildlife Hazard

During the last several days I have been vitally concerned about the disastrous situation which had developed affecting our water fowl, fish and other wildlife on the Mississippi and Minnesota rivers. You probably read about the oil slick which has destroyed large numbers of ducks and fish.

I, personally, surveyed the situation and found it to be much worse than I could possibly have anticipated. The executive council met with me and agreed to provide emergency funds to take necessary corrective action. The Department of Conservation is assisting in every way possible. I have ordered the National Guard to work with other agencies on this problem.

I have also communicated with appropriate federal authorities to see whether we can mobilize the assistance of the Corps of Engineers to remove, as effectively as possible, a large amount of the oily substances from our rivers and prevent further hazard to our fish and wildlife.

All in all, the first several days as governor have been full, demanding and exciting.

You and Your Eyes

Don't Compromise on Eye Care

Your eyes deserve the best. They're the only pair you'll ever have. They deserve *professional* care.

Professional care means the utmost in skill and quality of materials. It means a complete, thorough examination with precision equipment to determine *all* your visual needs.

Professional eye care means a careful prescription for the finest of precision lenses. Corrective lenses ground especially for *your* eyes cannot be dispensed like bargain basement shoes; or like bargain basement shoes, they won't fit properly every time.

Professional eye care means discovering the truth about your eyes. That takes a good deal of time, care, and . . . most of all . . . skill.

You may be sure that those highly skilled men who examine your eyes are more than aware of the many demands that are made on your pocketbook. They make every effort to provide the world's finest eye care at lowest possible cost. But they *will not* cut quality to save you money. They *will not* take chances with your eyes to save you a few dollars . . . and you wouldn't want them to.

So never compromise on eye care. Demand the best for your eyes. Trust them only to an ethical eye examiner who has earned the confidence of your community . . . the man who provides *professional* eye care.

Medical Association Urges Doctor Career

Minnesota, as well as the rest of the United States, needs more doctors. The U. S. population, says the Minnesota State Medical association, is growing at a rate of 3 million persons each year. By 1975, the number of Americans is expected to reach at least 220 million, and additional doctors will be desperately needed if the high standards of medical care which we now enjoy are to be maintained.

Should you encourage your son or daughter to consider medicine as a career? Yes, says the association, if the following questions can be answered affirmatively:

Does his intellectual curiosity *compel him to pursue his studies* beyond the minimum of class assignments?

(Medicine is ever changing, and provides a wealth of opportunities for the inquiring mind. If a physician is to meet the challenges of research and keep pace with medical progress, he must constantly be stimulated to learn through daily, systematic study, throughout his entire life.)

Does he like people?

(The successful doctor must have compassion, consideration, and an awareness of the needs and fears of the people he cares for. No other profession, except the clergy, works so intimately with fellow human beings.)

Is he physically strong?

(The actual practice of medicine as well as the preparation for it, is long, hard, and demanding. Long working hours, often including night calls and constant and exacting attendance in emergencies create great physical and emotional strains.)

Is he conscientious and dedicated?

(The scholastic attainments of a student are a good indication of his industry, and he must be prepared to devote approximately ten years or more, with minimal income, to his formal college, medical school, and post-graduate education. Unless he is a tenacious student, he may never complete the long road to becoming a practicing physician, and his early years of study might be better directed toward a career requiring shorter preparation.)

9th Reserve Dist. Economy Improves

Federal Reserve Bank Reveals Upward Trend

The Ninth district economy continues to show a modest upward movement, the Federal Reserve bank of Minneapolis noted in the current issue of the Monthly Review.

Personal incomes are up. February nonfarm employment was about 2.2 per cent above a year ago with the number of insured unemployed down 3 per cent. Employment in construction in January and February stood at new highs for these months despite the severe cold. Manufacturing employment has been on the strong side too, compared to last year, with hours worked per week put at 40.7 in January compared with 40.2 hours for the nation as a whole.
